

GOVERNMENT OF KIRIBATI

2022 DEVELOPMENT BUDGET

ADAPTING TO THE NEW NORMAL

TE WAAKI INANON TE TANEIAI AE E BOOU

AS APPROVED BY THE MANEABA NI MAUNGATABU

November 2022

National Economic Planning Office
Ministry of Finance and Economic Development
Bairiki, Tarawa

FOREWORD

It gives me great honour and pleasure to present this 2022 Development Budget Book for public information and use.

The annual development budget presents a consolidation of the development projects that are to be pursued for the year. It brings together the Government of Kiribati funded Local Contribution to the Development Fund and pledges from development partners.

This year, we have changed how we present the development budget and expanded the discussion on key issues to make the information more accessible. We have also included new graphical presentations of the information included in the tables. I trust this will assist in communicating the Government's vision for a healthy, wealthy and safe future with people at the centre of it all.

The theme for this year's budget is '*Adapting to the New Normal*'. This builds on the 2021 theme to embrace the new normal, by recognising that the COVID-19 pandemic is here for the foreseeable future, and we must adapt to live with it.

To build resilience and ensure our future prosperity, we must invest in human, social, natural and physical capital today. The Development Budget outlines how we will do this for 2022.

The 2022 Development Budget could not be delivered without the contributions of our development partners.

I wish to reaffirm the Government's deepest appreciation to all our development partners for their continued and unwavering support to our development agenda. We look forward to continuing this cordial partnership into 2022.

I would also like to thank the National Economic Planning Office and Senior Ministry of Finance and Economic Development management for their tireless efforts in preparing this document.

May we pray that God will bless the 2022 Development Budget and our beloved country, Kiribati, as we adapt to the new normal.

Te Mauri, Te Raoi ao Te Tabomoa!

Hon. Dr Teuea Toatu
Vice President & Minister of Finance and Economic Development
Bairiki, Tarawa

2022 DEVELOPMENT BUDGET AT A GLANCE

The annual Development Budget summarises the expected funding for development projects in the year. These projects link to the Government's development priorities as expressed in the Kiribati 20-Year Vision (KV20) and the Kiribati Development Plan (KDP).

For 2022, the Development Budget includes new funding pledges for projects with a total value of \$262.7 million, or 81 per cent of GDP.

The Government of Kiribati Local Contribution to the Development Fund (LCDF) is \$93.6 million, 29 per cent of GDP, and 36 per cent of the total Development Budget.

Pledges from development partners total \$169.1 million, 52 per cent of GDP and 64 per cent of the total Development Budget.

In 2022, the main LCDF funded expenditure is on social protection payments for the Copra Subsidy and Support for the Unemployed. These items total \$72.4 million, 28 per cent of the total Development Budget.

After the social protection allocation, total funding for development projects is estimated at \$190.3 million. Of this, the top three investment areas by Ministry are:

- Energy, sanitation, water and transport projects, through the Ministry for Infrastructure and Sustainable Energy (MISE), totalling \$78.8 million (30 per cent of the total Development Budget).
- Education projects, through the Ministry of Education (MOE), totalling \$21.2 million (8 per cent of the total), including \$6.5 million for overseas scholarships.
- Health projects through the Ministry for Health and Medical Services (MHMS), totalling \$15.8 million (6 per cent of the total).

The geographic allocation of the Development Budget reflects National projects to the value of \$162.2 million (62 per cent of the total), Gilbert Group projects of \$89.3 million (34 per cent of the total) and Line and Phoenix Islands, \$11.3 million (4 per cent of the total).

The KV20 distribution is skewed to the Wealth category, as this reflects the social protection payments. In 2022, the allocation to the Wealth pillar is \$148.7 million, or 57 per cent of the total, Infrastructure accounts for \$99.4 million (38 per cent), Peace and Security \$9.6 million (4 per cent) and Governance \$5.0 million (2 per cent).

The KDP pillars show Infrastructure with the most allocated funding. \$99.4 million (38 per cent of the total) is allocated for Developing Infrastructure, \$87.4 million (33 per cent of the total) for Economic Wealth (this includes social protection payments), \$35.8 million (14 per cent of the total) for Harnessing Human Wealth (that is education), \$15.9 million (6 per cent of the total) for Health, \$19.2 million for environmental resilience (7 per cent of the total), and \$4.9 million (2 per cent of the total) on governance projects.

Some development projects will carry over from 2021. The total outstanding balance of expected carry-overs in 2021 is estimated at \$114.9 million, bringing the total value of potential expenditure through the Development Fund in 2022 to \$377.7 million (117 per cent of GDP) on a total of 898 projects.

INTRODUCTION

The annual Development Budget summarises the expected funding for development projects in the year. These projects link to the Government's development priorities as expressed in the Kiribati 20-Year Vision (KV20) and the Kiribati Development Plan (KDP).

The Development Budget reflects the best available information at the time it is prepared, and is subject to change as more information becomes available. It provides a useful snapshot of Government development priorities, and the composition of Government and development partner support to achieve them.

The Development Budget was prepared consistent with the assumptions and economic outlook included in the 2022 Recurrent Budget. In particular, the assumption that borders will re-open in 2022, removing barriers to travel and trade, and enabling project delivery to accelerate.

Development Budget Methodology

The execution of the Development Budget 2022 is governed by the Development Fund Rules as per Section 11 of CAP 79 – Public Finance (Control and Audit). All information is in Australian Dollars.

The 2022 Development Budget outlines expected expenditure from the Development Fund in 2022. It brings together pledges from development partners and the Local Contribution to the Development Fund (LCDF) appropriated by Parliament through the 2022 Recurrent Budget. It captures projects that are underway, shown in the 2021 balance, and estimates of funding pledged to be expended in 2022.

Projects can be executed either through Government of Kiribati systems or through Donor systems.

LCDF contributions are approved by Parliament and appropriated annually to the Development Fund. Balances that are not fully expended in the budget year carry-over to the next year. This allows Development Fund balances to grow over time, and enables project delivery to be spread over the current year and forward estimates. This attribute has been critical in managing project timing and execution risks, especially in times of uncertainty, such as the current COVID-19 pandemic.

Project planning is still maturing, and efforts continue to enhance the accuracy and reliability of forward estimates and project costs.

Where possible, forward estimates of LCDF and development partner programs have been incorporated into the budget out-years. For development partner projects, the estimates have been developed in consultation with development partners, and generally cover only the forward program relevant to that partner.

In almost all cases, confirmed development partner projects do not extend across the full forward estimates. This should not be interpreted as a removal or reduction of that partner's support in any given year. Forward estimates only represent the information available to the Government at the time the report was prepared.

Changes in 2022

A key change in 2022 is that social protection transfer payments for Support for the Unemployed are included in the LCDF, and form part of the 2022 Development Budget.

This reflects the view that these payments are a contribution to economic development as the extra income available to the beneficiaries enables them to carry out commercial activities. The Development Fund has operational advantages for such demand driven payments, in that the funding is not constrained by the annual appropriation process, and if not used in one year, the funds are available for future years.

The presentation of the 2022 Development Budget maintains the new structure that was updated and used for the 2021 Development Budget. This change was in response to requests from Parliamentarians for a more readable and user-friendly document.

The introductory text has been expanded to include more analysis of the contents of the budget, and to highlight key initiatives.

New figures illustrating project investments by donors have also been included.

Understanding the Figures

The figures seek to illustrate key features of the Development Budget.

Figure 1 shows the Development Budget allocations by KDP sector, KV20 pillars, by region and ministry by number of projects.

Figure 2 shows the distribution of funding by Ministry and donor.

Figure 3 shows Development Budget financing sources by KDP sector. It shows pledged funding and the number of projects. It also shows the top 10 projects that account for two thirds of Development Budget expenditure.

Figure 4 illustrates the difference between Development Partner pledges at the time the budget is prepared and actual funds received into the No 4 account for 2021.

Figure 5 shows the distribution of donor funds by KDP sector.

Figure 6 shows the distribution donor investments by KV20 pillar.

Understanding the Tables

The Development Budget comprises a large number of tables that slice and dice the information in a variety ways, including by geographic dispersion, KV20 and KDP priorities, Government Ministry and development partner, as well as financial system utilised to manage expenditure.

Consistent with the Recurrent Budget, all tables showing multiple years cover the full period of 2020 through to 2025 projections, where the information is available.

Table 1 provides an overview of the Development Budget.

Table 2 shows the split of funding by Ministry and Region, KDP and KV20 categories. The region split separates the outer islands into the Gilbert Group, Line and Phoenix Group and National projects.

Projects that cover the 'Outer Islands' (including projects on Banaba) are classified under 'Gilbert'. Those projects with a national focus across all islands are classified as 'National'.

The breakdown by Ministry across KDP sectors is shown in Table 2b and the breakdown across KV20 Pillars is shown in Table 2c.

Table 3 shows contributions to the Development Budget by donor.

Table 4 shows the Development Budget by Ministry.

Table 5 shows total investments by 2021 remaining balance and 2022 pledges.

Table 6 shows the Development Fund summary by financial system used – either Government of Kiribati or Donor systems.

Tables 7 a and b summarise the list of funded development projects with their actual and estimated costs. The table summarizes how funds are channelled through and managed separately, either using the (i) Government of Kiribati System or the (ii) Donor System.

Table 8 lists completed projects.

The projects included in the Development Budget link to the Government's development priorities as expressed in the Kiribati 20-Year Vision and the Kiribati Development Plan (KDP).

They will also assist in achieving the goals of the Istanbul Plan of Action, the Sustainable Development Goals (the 2030 Agenda), the SIDS Accelerated Modalities of Action (SAMOA) Pathway; and the Framework for Pacific Regionalism.

The Government of Kiribati would like to thank the Development Partners for their assistance in the preparation of this document. The support of Partners in achieving the development needs of Kiribati is gratefully acknowledged.

2022 DEVELOPMENT BUDGET OVERVIEW

The theme for this year's budget is '*Adapting to the New Normal*'. This builds on the 2021 theme to embrace the new normal, by recognising that the COVID-19 pandemic is here for the foreseeable future, and we must adapt to live with it.

To build resilience and ensure our future prosperity, we must invest in human, social, natural and physical capital today. The Development Budget outlines how we will do this for 2022.

For 2022, the Development Budget includes new funding pledges for projects with a total value of \$262.7 million, or 81 per cent of GDP. This includes a contribution of:

- \$93.6 million from the LCDF, 29 per cent of GDP, and 36 per cent of the total Development Budget; and
- \$169.1 million from development partners, 52 per cent of GDP and 64 per cent of the total Development Budget.

Development priorities

The main development priorities, by Ministry are as follows.

- Energy, sanitation, water and transport projects, through the Ministry for Infrastructure and Sustainable Energy (MISE), totalling \$78.8 million (30 per cent of the total Development Budget). The top three projects are:
 - Kiribati Outer Islands Transport Infrastructure Project, Asian Development Bank (ADB), \$33.7 million;
 - South Tarawa Renewable Energy Project, ADB, \$16.0 million; and
 - Promoting Outer Island Development Through the Integrated Energy Roadmap, Global Environment Facility (GEF), \$14.0 million.
- Social protection payments through the Ministry of Finance and Economic Development (\$40 million Copra Subsidy) and Ministry for Women, Youth, Sport and Social Affairs (MWYSSA) (\$32.4 million Support for the Unemployed), totalling \$72.4 million, 28 per cent of the total Development Budget.
- Education projects, through the Ministry of Education (MOE), totalling \$21.2 million (8 per cent of the total Development Budget). The top three projects are:
 - Kiribati Education Improvement Program (KEIP) Phase 3 to 5, \$10.0 million from the Australian Department of Foreign Affairs and Trade (DFAT);
 - Overseas scholarships, \$6.5 million from the Government of Kiribati;
 - Student transport, \$1.4 million from the Peoples Republic of China (PRC).
- Health projects through the Ministry for Health and Medical Services (MHMS), totalling \$15.8 million (6 per cent of the total). The top three projects are:
 - Health Sector System Strengthening, \$4.0 million from the World Bank;
 - Overseas medical referrals, \$2.0 million, from the Government of Kiribati; and

- Kiribati Hospital Infrastructure (Betio Hospital and contribution to TCH maintenance), \$1.8 million from New Zealand Ministry of Foreign Affairs and Trade (MFAT).

The top 10 projects account for two thirds (66 per cent) of 2022 Development Budget expenditure.

REVENUE

Revenue for the Development Budget comes from two sources: the LCDF and development partners.

Local Contribution to the Development Fund

In 2022, the LCDF contribution is \$93.6 million, 36 per cent of the total Development Budget. Social protection payments account for the majority of LCDF projects, with a total of \$72.4 million, 77 per cent of the LCDF, allocated for the Copra Subsidy (\$40 million) and Support for the Unemployed (\$32.4 million).

New funding for LCDF projects excluding social protection is \$21.2 million, with the top three being: overseas scholarships, \$6.5 million; infrastructure maintenance, \$3.0 million; and overseas medical referrals, \$2.0 million.

It is important to note that the 2022 Development Budget provides additional funding for projects. Some existing projects may have unspent funds that will carry-over from 2021 and be available for use.

Development Partners

Development partners are expected to contribute \$169.1 million (52 per cent of GDP and 64 per cent of the total) in 2022. The top six donors are:

- ADB with \$49.7 million (19 per cent of the total), with two infrastructure focussed projects:
 - Kiribati Outer Islands Transport Infrastructure Project, \$33.7 million; and
 - South Tarawa Renewable Energy Project, \$16.0 million;
- DFAT with \$28.3 million (11 per cent of the total), on 15 projects, with most resources directed at education and infrastructure projects. The top three projects are:
 - Kiribati Education Improvement Program (KEIP) Phase 3 to 5, \$10.0 million;
 - Submarine Cable, \$6.0 million; and
 - Skills for Employment (Kiribati Facility), \$5.4 million.
- MFAT with \$24.2 million (9 per cent of the total), with 45 projects mainly supporting utilities reform and health projects. The top three are:
 - Utilities reform projects, \$5.6 million;
 - Scholarships, \$2.3 million; and
 - Kiribati Hospital Infrastructure (Betio Hospital and contribution to TCH maintenance), \$1.8 million.

- the World Bank with \$20.2 million (8 per cent of the total), on five projects, related to broad resilience and adaptation outcomes, with the top three projects being:
 - Outer Island Resilience and Adaptation Project, \$7.2 million;
 - South Tarawa Sanitation Project, \$7.2 million; and
 - Health Sector System Strengthening, \$4.0 million.
- GEF with \$14 million (5 per cent of the total) on one project, Promoting Outer Island Development Through the Integrated Energy Roadmap.
- PRC with \$14 million (5 per cent of the total) on 11 projects, mainly supporting transport, agriculture, disaster resilience and community projects. The top three projects are:
 - Agriculture projects, \$2.8 million;
 - Fit for purpose landing craft for the Line and Phoenix Group, \$2.4 million; and
 - Small grants of \$2.1 million, and the Disaster Resilience Fund contribution of \$2.1 million.

In addition, development partners also provide direct budget support in the Recurrent Budget. In 2022, this is estimated to be \$17.4 million with contributions expected from the World Bank, ADB, DFAT, MFAT and the European Union.

EXPENDITURE

The 2022 Development Budget planned expenditure can be considered by geographical allocation, alignment with KV20 pillars and KDP sectors, as well as by financial system used.

Geographic Allocation

The geographic allocation of the Development Budget reflects National projects to the value of \$162.2 million (62 per cent of the total), Gilbert Group projects of \$89.3 million (34 per cent of the total) and Line and Phoenix Islands, \$11.3 million (4 per cent of the total).

There are seven projects scheduled for the Line and Phoenix Islands. They include LCDF funded support for Kiritimati of \$1 million related to power supply (fuel), and \$1 million for secondary schools. The European Union (EU) is supporting improved sanitation (\$2.5 million) and drinking water in Kiritimati (\$1.6 million), and UNICEF is outlaying \$1.9 million for its partnership for the sustainable and inclusive socio-economic development of Kiritimati. PRC will provide \$2.4 million for the Fit for Purpose Landing Craft for the Line & Phoenix Group project and \$0.7 million the Kiritimati Copra Mill.

There are 29 projects scheduled for the Gilbert Group. The top three projects in the Group are:

- \$33.7 million for the Kiribati Outer Island Transport Infrastructure Project (KOITIP) funded by the ADB;
- \$16.0 million for the South Tarawa Renewable Energy Project (STREP) funded by the ADB; and
- \$10.0 million for the Kiribati Education Improvement Program (KEIP) Phase 3 to 5, provided by DFAT.

There are 91 National projects proposed for 2022. The top three projects after the Copra Subsidy and the Support for the Unemployed payments (\$40 million and \$32.4 million from the LCDF respectively) include:

- \$14.0 million from the GEF for the Promoting Outer Island Development through the Integrated Energy Roadmap;
- \$7.2 million for the Outer Island Resilience and Adaptation Program funded by the World Bank; and
- \$6.5 million for overseas scholarships from LCDF.

Kiribati 20-Year Vision (KV20) and KDP

The KV20 distribution is skewed to the Wealth category, as this reflects the social protection payments. In 2022 the allocation to the Wealth pillar is \$148.7 million, or 57 per cent of the total, Infrastructure accounts for \$99.4 million (38 per cent), Peace and Security \$9.7 million (4 per cent) and Governance \$5.0 million (2 per cent).

The KDP pillars show Infrastructure with the most allocated funding. \$99.4 million (38 per cent of the total) is allocated for Developing Infrastructure, \$87.4 million (33 per cent of the total) for Economic Wealth (this includes social protection payments), \$35.8 million (14 per cent of the total) for Harnessing Human Wealth (that is education), \$15.9 million (6 per cent of the total) for Health, \$19.2 million for environmental resilience (7 per cent of the total), and \$4.9 million (2 per cent of the total) on governance projects.

Financial System

Projects are funded through Donor or Government systems. The decision on which system to use reflects the confidence donors have in the integrity and financial governance of the Government's financial system.

In 2022, \$116.8 million or 44 per cent of projects are expected to be channelled through Government systems. If social protection payments are excluded, this amount is \$44.4 million, or 17 per cent of total Development Fund expenditure.

CARRY-OVER PROJECTS

There are ongoing projects where funding may not be reflected in 2022, but are likely to continue with funding carrying over from 2021. For example, unspent 2021 funds for Ministry of Information, Communication and Transport projects total \$34.2 million (mainly related to the Embraer and Tug and Barge projects), and \$12.5 million for MISE (mainly the Outer-Island Infrastructure Project).

The total outstanding balance of projects in 2021 is estimated at \$114.9 million, bringing the total value of expenditure through the Development Fund in 2022 to \$377.7 million, on a total of 898 projects.

RISKS AND SENSITIVITIES

Project implementation has been slowed by the COVID-19 pandemic, especially travel restrictions and supply constraints. Costs have increased, reflecting global supply issues. Projects have moved to use virtual communication and management tools as much as possible. However, project delivery will continue to be constrained unless travel restrictions are eased and equipment and material supply constraints are addressed.

The 2022 Development Budget reflects assumptions regarding the economic outlook that may not eventuate, especially around the path of the COVID-19 pandemic, increased vaccination rates, opening up of borders, and resolution of global supply issues. The main risks relates to students being able to travel, and to projects being able to access the necessary technical skills and supplies to support project progress. This is especially critical for large infrastructure projects. Cost assumptions are also likely to be underestimates.

The estimates in the 2022 Development Budget reflect the best available information at the time they are prepared. Actual receipt and disbursement of funds may not, in the event, match the estimates. Priorities may also change through the year, in mutual agreement with development partners, especially bilateral partners.

Improvements continue to be made to the administration of the Development Fund, including reconciliation and data cleansing. This will be ongoing through 2022.
