- vii. Summary Statement of Arrears of Revenue.

The audit was conducted by the RAA as required under the Audit Act of Bhutan 2018, the Public Finance Act of Bhutan 2007 & Public Finance (Amendment) Act 2012, and the Financial Rules and Regulations 2016.

In RAA's opinion, the aforementioned Financial Statements together with Schedules attached thereto, including the Notes to Accounts have been prepared, in all material respects, in accordance with the Financial Rules and Regulations 2016.

Basis of Opinion

The RAA conducted its audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Ministry of Finance, and we have fulfilled our responsibilities in accordance with the requirements outlined in RAA's Oath of Good Conduct, Ethics and Secrecy of Auditors. We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our opinion.

"Every individual must strive to be principled. And individuals in positions of responsibility must even strive harder."

Emphasis of Matter

We draw attention to the following:

- **Difference between the Opening Cash and Closing Cash Balances of the Consolidated Receipts and Payments statement for the financial year**

The opening cash balance reported for 1st July 2020 was Nu. 216,458 million whereas the closing cash balance for 30th June 2020 was Nu. 217,956.

This has resulted in less carry forward of opening balance by Nu. 1.5 million. The difference in cash balance pertained to Royal Bhutanese Embassy, Delhi which still remained unrectified. As such, the RAA is of the opinion that reconciliation of accounts were not carried out properly by the concerned agency and the MoF.

- **Debt situation**

Comparative analysis of outstanding debt with the GDP for the past three years (FY 2018-19 to FY 2020-21) revealed constant increase in the debt to GDP ratio. The total public debt had increased by Nu.31,195.32 million (16.94%) at the end of FY 2019-20 and by Nu. 23,029.07 million (10.69%) at the end of FY 2020-21 compared to previous year. As a result, the debt to GDP ratio has increased from 100.57% in FY 2018-19 to 129.06% in FY 2020-21.

The details of change in debt to GDP ratio is exhibited below:

Financial Year	2018-19	2019-20	2020-21
Total outstanding debt (in million Nu.)	184,174.52	215,369.84	238,398.91
Non-hydro debt (in million Nu.)	42,136.39	56,010.34	76,039.86
Hydro debt (in million Nu.)	142,038.14	159,359.50	162,359.05
Hydro Debt to Total Debt (%)	77.12%	73.99%	68.10%
GDP (in million Nu.)	183,125.82	189,446.24	184,715.40
Debt to GDP (%)	100.57%	122.60%	129.06%
Change in Outstanding Debt Amount (in million Nu.)	-	31,195.32	23,029.07
Change in Outstanding Debt (%)	-	16.94%	10.69%

- **Government's fiscal deficit**

The fiscal deficit of the government has constantly increased over the past years from Nu. 545 million in the FY 2017-18 to Nu. 11,139 million in the FY 2020-21, which could be attributed to limited revenue growth and increased public spending.

- **Proportion of recurrent expenditure to internal revenue**

The proportion of recurrent expenditure to internal revenue for FY 2020-21 was 88.94% , which is on increasing trend as compared to previous years.

Other Matter

As per the information made available by the MoF, there are 648 Letter of Credit (LC) Accounts and Project Letter of Credit (PLC) Accounts during the period under review. Of the total, the RAA had audited 73.61% of the total accounts (420 LC Accounts and 57 PLC Accounts) for the Financial Year ended 30th June 2021. For the remaining Accounts, the RAA had verified the year-end accounts generated from the ePEMS and relied on the controls instituted by the MoF.

Responsibility of the Ministry of Finance for the Financial Statements

The Ministry of Finance (MoF) is responsible for preparation of these financial statements in accordance with the Financial Rules & Regulations 2016 and for such internal control as MoF determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Government's financial reporting process.

RAA's Responsibility for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the Annual Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standard on Supreme Audit Institutions (ISSAIs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individual or in aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of these consolidated financial statements.

As part of audit in accordance with ISSAIs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MoF's internal control.

We communicate with the management, among others, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

5.1.1. REVENUE GROWTH

The total domestic revenue decreased by Nu. 363.431 million (1.00%) during FY 2020-21 from the previous fiscal year. The fall in revenue growth was mainly due to decrease in dividend receipts (1,566.656 million), Personal Income Tax (Nu. 923.353 million), and Sales Tax (Nu. 835.278 million).

The revenue was adequate to finance 50.44% of the total expenditure for FY 2020-21 as against 62.91% in the previous FY. The lower coverage of outlay by internal revenue in FY 2020-21 was due to increase in percentage change in outlay in the fiscal year compared to decrease in percentage change of revenue. While the revenue fell by 1.00% in FY 2020-21 from the prior year, the total outlay increased by 23.48%.

5.2. EXTERNAL GRANTS

During the FY 2020-21, the Government received external grants of Nu. 14,882.289 million, a decrease of 9.40% compared to the preceding FY. The

GoI providing 69.37% of grant continues to be the major source of external grant. During the FY, the external grant was able to finance 20.93% of the total expenditure.
