## **Foreword**

I present, on behalf of the Government of Ghana, the consolidated Annual Budget Performance Report (ABPR) for the 2019 financial year, in accordance with Section 27(1-4) of the Public Financial Management Act, 2016 (Act 921). This report, which is the third in the series under the administration of H.E. President Nana Addo Dankwa Akufo-Addo, assesses the implementation of the 2019 Budget under the theme “A Stronger Economy for Jobs and Prosperity”.

This consolidated report is part of Government’s efforts to improve transparency and accountability in the management of public resources, and serves as a valuable source of information for Parliament, Civil Society Organizations, Development Partners, and the General Public.

The Ministries, Departments and Agencies (MDAs) have submitted their respective Budget Performance Reports (BPRs) to Parliament, with an analysis of their spending and the progress made to achieve their mandates through the implementation of key policies and programmes outlined in the 2019 Budget Statement and Economic Policy.

Government believes that, having made remarkable strides over the period, the enabling environment has been created to build a Stronger Economy for Jobs and Prosperity by modernising agriculture, industrialising our economy and protecting the vulnerable and marginalised people among us. It is my hope that we continue to use the feedback from this report to improve on our engagement with citizens and other relevant stakeholders on the economic governance of our dear nation.

On behalf of Government, I take this opportunity to thank all those who contributed to the preparation of this Budget Performance Report, especially the MDAs.

God Bless us all.

KEN OFORI-ATTA  
MINISTER FOR FINANCE

## **Executive Summary**

As required by Section 27 of the Public Financial Management Act, 2016 (Act 921), this report is a consolidation of the performance reports submitted by the individual MDAs to Parliament for the period January 1st to December 31st, 2019. In line with the provisions above, each Principal Account Holder is required to submit the MDA's Performance Report on Budget Implementation to Parliament within the first quarter of the ensuing year.

The referenced report presents, among others, the status of implementation of key policies, programmes, and projects undertaken by MDAs.

## **Macroeconomic Developments in 2019**

In 2019, the economy continued to demonstrate strong resilience, as evidenced by the performance of the key macroeconomic indicators. This enabled Government to sustain the gains made on macroeconomic stabilisation and also maintain the growth momentum.

Provisional GDP data released by the Ghana Statistical Service (GSS) indicate that the economy expanded by 6.5 percent in 2019 against a target of 7.0 percent. This performance compares favourably with the 6.3 percent growth achieved in 2018, and more than twice the Sub-Saharan Africa average of 3.1 percent, and above the ECOWAS average of 3.6 percent. The growth of 6.5 percent resulted from 4.6 percent, 6.4 percent, and 7.6 growth rates in Agriculture, Industry and Services Sectors, respectively.

Headline inflation has remained in single digits since June 2018 and, more recently, steadied around the medium-term target of 8.0 percent. The end-period inflation rate declined from 9.8 percent in 2018 to 7.9 percent at the end of 2019 supported by lower food prices.

In January 2019, the Bank of Ghana's Monetary Policy Committee (MPC) lowered the Monetary Policy Rate (MPR) to 16 percent from 17 percent at the end of December 2018. The MPR remained unchanged at 16 percent for the rest of the year due to rising global uncertainties and domestic factors. Credit to the private sector recorded an annual growth of 18.3 percent in December 2019 compared to a 10.6 percent growth in December 2018.

The trade balance recorded a larger surplus of US\$2.3 billion (3.4 percent of GDP) in 2019, compared with US\$1.8 billion (2.8 percent of GDP) in the same period of 2018. This resulted in further narrowing of the current account deficit to US\$1.7 billion (2.5 percent of GDP) in 2019, from a deficit of US\$2.0 billion (3.1 percent of GDP) in 2018.

The foreign exchange market experienced some level of volatility during the year under review, mainly due to internal and external factors. During the period January to December 2019, the Ghana Cedi cumulatively depreciated by 12.9 percent against the US dollar, compared with 8.4 percent depreciation in 2018. Against the British Pound and Euro, the Ghana Cedi cumulatively depreciated by 15.7 percent and 11.2 percent, respectively, compared with depreciations of 3.3 percent and 3.9 percent over the same period in 2018.

On the Fiscal front, provisional data show that Total Revenue and Grants for the period amounted to GH¢53,380 million (15.3 percent of GDP), constituting 90.6 percent of the annual target of GH¢58,897 million (17 percent of GDP). The shortfall recorded in Total Revenue and Grants was mainly due to the shortfall in Domestic Revenue. The 2019 performance, however, saw a 12.0 percent

year-on-year growth over that of 2018. Total Expenditure, including arrears clearance, for the period amounted to GH¢70,271 million (20.1 percent of GDP) against a target of GH¢74,611.7 million (21.6 percent of GDP). The outturn was 5.8 percent lower than the budget appropriation for the year.

Public debt management in 2019 was successfully executed despite the tight global financing challenges. The total gross public debt outstanding stood at GH¢217,990.7 million (63% of GDP) at the end of December 2019, up from GH¢173,102.2 (57.6% of GDP) at end–December 2018. This ratio reflects the impact of the financial and energy sector bailouts.

## **Update on Government Flagship Programmes in 2019**

**Human Capital Development** – In 2019, Government’s intervention in Human Capital Development was achieved through the implementation of the Free SHS Programme, the Nation Builders Corps (NABCO), and the restoration of allowances for student teachers and nurses in public educational training institutions. The major achievements were as follows:

In 2019, the implementation of the Free SHS Programme saw an increase in placement of students in secondary schools around the country, bringing the total beneficiaries for the first two-cohorts to 794,899 students for the 2018/19 academic year. Additionally, 1,890,920 note books and 4,254,570 exercise books were procured and supplied to the schools in line with Government’s efforts to build and equip the future workforce with the relevant knowledge traits and skills needed for the country’s socio-economic transformation.

The Nation Builders Corps has provided income earning and capacity building opportunities for young graduates. The programme employed 97,373 graduate trainees in health, education, agriculture, sanitation, and revenue mobilisation and collection. Additionally, the NABCO Talent Academy provided training in entrepreneurship and forex master trading to provide learning opportunities for trainees to acquire the needed exposure to enable them seek permanent employment or venture into entrepreneurship.

The restoration of teacher and nursing trainee allowances also brought relief to many and at the same time motivated them to give off their best during and after the training. At the end of 2019, total disbursement for teacher trainee allowances was GH¢165,152,996.50 covering the 2nd semester of 2018/19 and first semester 2019/20 academic years. Additionally, an amount of GH¢198,200, 000 was paid to 48,166 nursing trainees for the 2018/19 academic year. Cumulatively, a total amount of GH¢466,840,800 was paid to nursing trainees from the period September 2017 –September 2019.

**Agriculture Modernisation** – The policy for agriculture modernization, since 2017, has been to improve production efficiency, achieve food security, improve profitability margins of farmers, job creation and export, and using agriculture as a springboard for Ghana’s industrialization programme. In 2019, under the Planting for Food and Jobs (PFJ) Programme, Government, amongst other things, supplied 330,390 Mt of fertilisers (organic and inorganic) and 18,333 Mt of improved seeds to farmers, and completed 8 warehouses with 22 others at various stages of completion. Two greenhouse villages were constructed at Dawhenya in the Greater Accra Region and Akumadan in the Ashanti Region. These were to enhance the production of high-value vegetables, train the teaming youth, and create jobs for young graduates.

**Industrialisation** – Ghana’s industrialisation programme prioritises Government’s support to the development and evolution of indigenous Ghanaian businesses, the creation of an environment that enables them to thrive to become captains in their field, and job creation for the teeming youth of Ghana. In this regard, a total of 181 One District One Factory (1D1F) Projects were at various stages of completion in 2019, comprising: 58 in operation; 26 under construction; 26 being financed by local participating financial institutions; 58 small-scale processing facilities under enabled youth initiative; 8 medium-scale common user facilities; and 5 large scale processing plants. In all, a total of 54,883 jobs, comprising 10,983 direct and 43,900 indirect jobs, were created in 2019 under the Government’s various initiatives in industry.

**Infrastructure Development** – In 2019, Government devoted significant resources to help develop critical infrastructure in the country. Railway infrastructure saw considerable upgrade with the adoption of a dual strategy where selected old gauge lines were rehabilitated alongside the building of entirely new modern standard gauge. Innovative financing mechanisms such as the Sinohydro arrangement became a creative addition in 2019 and a means to provide critical infrastructure to close gaps in infrastructure distribution across the country.

Under the Infrastructure for Poverty Eradication Programme (IPEP), Government, in 2019, deepened the programme by extending the intervention to many catchment areas. Additionally, 307 fully-equipped ambulances were distributed to all constituencies and other medical facilities.

**Private Sector and Entrepreneurship Development** – In order for Ghana to be become a Nation of Entrepreneurs, conscious and deliberate efforts must be made towards entrepreneurial development. In 2019 about 12,000 start-ups and small businesses received training under the National Entrepreneurship Innovation Programme (NEIP) to build their capacity to enable them to compete locally and globally, under the Presidential Business Support Programme. Three thousand (3,000) entrepreneurs were provided funding to expand their businesses.

The Micro Finance and Small Loans Centre (MASLOC) provided loans to businesses and start-ups in the informal sector. The Centre’s concentration of support to women is particularly commendable, as it sought to reduce wealth disparity between men and women. A total of 25,931 micro loans and 35 small loans were disbursed, 104 Open Bucket Tricycles were allocated, and 268 salon vehicles and buses were allocated.

**Social Intervention Policies**- Mindful of income inequalities in gender, region and occupation, Government deepened its social intervention initiatives in 2019 to mitigate the suffering of the underprivileged in our society. The School Feeding Programme was boosted and at the end of the 2018/2019 academic term, about 2,663,134 pupils in selected public primary schools and KGs were provided with at least one hot meal a day.

The Livelihood Empowerment Against Poverty (LEAP) was another social intervention tool implemented by the Government during the reporting period. The programme was expanded in 2019 to cover more beneficiaries. As a result, 63 regular bi-monthly cycles cash grants were paid to 332,200 extremely poor households during the period.

**Other Initiatives** – Other priority programmes implemented during the reporting period are the digitalisation programme aimed at formalising the economy to improve administrative systems and increase transparency. Key on this initiative is the rollout of the National ID Card System, digitalisation

of the office of Registrar General’s Department, Digital Property Addressing System, Mobile Money Payment interoperability system, deployment of medical drones, and digital driver’s licence and amongst others.

## MDAs performance in 2019

### MDAs Staff Strength

The Ministries, Departments and Agencies (MDAs) in the 2019 financial year had a total Staff strength of 623,366, against the establishment ceiling of 739,197. The resulting shortfall of 115,831 was due to the inability of some MDAs to recruit new staff and replace retired staff within the year. The total staff strength for non-established posts at the end of 2019 was 78,703, down by 872 from what existed at the beginning of the year of 79,575.

### Government Projects/Contracts

In 2019, in addition to the flagship programmes and other policy initiatives, Government executed a number of projects across the country. In all, about 1,008 projects were implemented by MDAs in the five sectors with a revised total contract sum of GH¢32,122,765,443.37. The initial total contract sum was GH¢31,773,013,784.87 representing 98.8 per cent of the revised contract sum. The total amount of GH¢349,751,658.50 was for the approved variations on the various contracts. Total reported payment as at end-December 2019 amounted to GH¢7,166,355,005.05 (representing 22.3 per cent of the total).

The number of contracts by the various sectors were: Infrastructure sector, **624** projects (61.9%); Social Sector, **117** projects (11.6%); Public Safety Sector, **101** projects (10.0%); Administration Sector, **91** projects (9.0%); and Economic Sector, **75** projects (7.4%).

Government ended 2019 with a stronger economy, having already created a foundation and enabling environment for creation of jobs. These achievements are very robust and would provide the needed bedrock on which to launch the Ghana Beyond Aid transformation agenda.

## **Section One: Introduction**

1. The Annual Budget Performance Report (ABPR) for 2019 is a consolidation of individual ABPRs from all MDAs. It offers the opportunity to evaluate performance of Government based on the status of implementation of key policies. It also provides information on the utilisation of funds allocated as specified in the 2019 Budget Statement and Economic Policy of Government. Through the publication of this report, the Ministry of Finance seeks to deepen transparency on the performance of the Budget in accordance with Sections 27, 30 and 34 of the PFM Act, 2016 (Act 921).
2. At the end of 31<sup>st</sup> March, 2020, five (5) MDAs out of a total of Forty-Eight (48) MDAs had not submitted their 2019 Budget Performance Report to Parliament in line with Section 27 (1) of the PFM Act, 2016 (Act 921). These MDAs are: Parliament of Ghana; Ministry of Tourism, Arts and Culture; Ministry of Railway Development; Ministry of Education; and National Labour Commission.
3. The 2019 Budget Statement and Economic Policy of Government, with the theme “A Stronger Economy for Jobs and Prosperity,” focused on modernising agriculture, industrialising our society, protecting the vulnerable, and creating jobs and prosperity for the Ghanaian people.
4. To achieve the outlined objectives, Government continued and expanded, among others, the following key policy initiatives and flagship projects:
  - Planting for Food and Jobs;
  - Infrastructure for Poverty Eradication Project (IPEP);
  - One District, One Factory (1D1F);
  - National Entrepreneurship Programme;
  - Free Senior High School;
  - National Identification Scheme;
  - National School Feeding Programme; and
  - Nation Builders’ Corps (NABCO)
5. Government, therefore, prioritised and channelled its investments into these areas as a means of revitalising the economy and placing it on the path of strong and resilient growth.
6. The rest of the report is structured as follows:
  - **Section Two:** Macro-Economic Developments in 2019;
  - **Section Three:** Update on key policy initiatives implemented in 2019;
  - **Section Four:** Key financial and non-financial reports of Ministries, Departments and Agencies (MDAs);
  - **Section Five:** Details of Government ongoing projects;
  - **Section Six:** Information on MDAs Staff Strength;
  - **Section Seven:** Actions taken by MDAs on Parliament’s recommendation on the Auditor-General’s Report; and
  - **Section Eight:** Conclusion.

## **Section Two: Macroeconomic Developments in 2019**

### **Introduction**

7. Global economic growth in 2019 was affected by the US-China trade tensions, unresolved Brexit negotiations, and geopolitical tensions. These affected commodity prices, heightened policy uncertainties, and tightened financing conditions for emerging market and developing economies like Ghana. As a result, growth in emerging market and developing economies weakened, declining slightly by 0.8 percentage point to 3.7 percent. Despite these developments, Ghana continued on its onward march with steady macroeconomic stability, and posted respectable growth rate of 6.5 per cent in 2019, failing only marginally below the target of 7.0 per cent.
8. The continuous implementation of prudent fiscal, monetary, and financial reforms resulted in a significant improvement in key macroeconomic indicators. The period also marked Ghana's successful completion of the IMF-supported Extended Credit Facility (ECF) programme, after a remarkable progress of achievements in fiscal consolidation and signalled the much-anticipated return to macroeconomic stability.
9. The provisional GDP data released by the Ghana Statistical Services indicate that the economy expanded by 6.5 percent in 2019 against a target of 7.0 percent. This performance compares very favourably with the 6.3 percent growth achieved in 2018, was more than twice the Sub-Saharan Africa average of 3.1 percent, and far exceeded the ECOWAS average of 3.6 percent. The disinflation process also continued unabated in 2019, with inflation remaining broadly in the single digit zone since June 2018 for 18 months consecutively, largely reflecting Bank of Ghana's prudent and well-calibrated monetary policy stance supported by Government's complementary fiscal regime and relative stability of the exchange rate.
10. In the course of the year, the Ghana Statistical Service (GSS) rebased the Consumer Price Index (CPI) series in August 2019, and shifted the base year from 2012 to 2018, increased the number of items in the basket from 267 to 307, and increased the points of data collection from 42 markets to 44 markets. The exercise has since confirmed Ghana's single digit inflation status. Fiscal consolidation was a bit slow in 2019, albeit consistent with the Fiscal Responsibility Law.
11. As part of measures to manage fiscal risks and ensure the irreversibility of the macroeconomic gains, Government intensified the strict implementation of the Fiscal Responsibility Law and PFM Act, as well as enforcing commitment controls.

**Table 1: Summary of Economic Performance: 2016 - 2019**

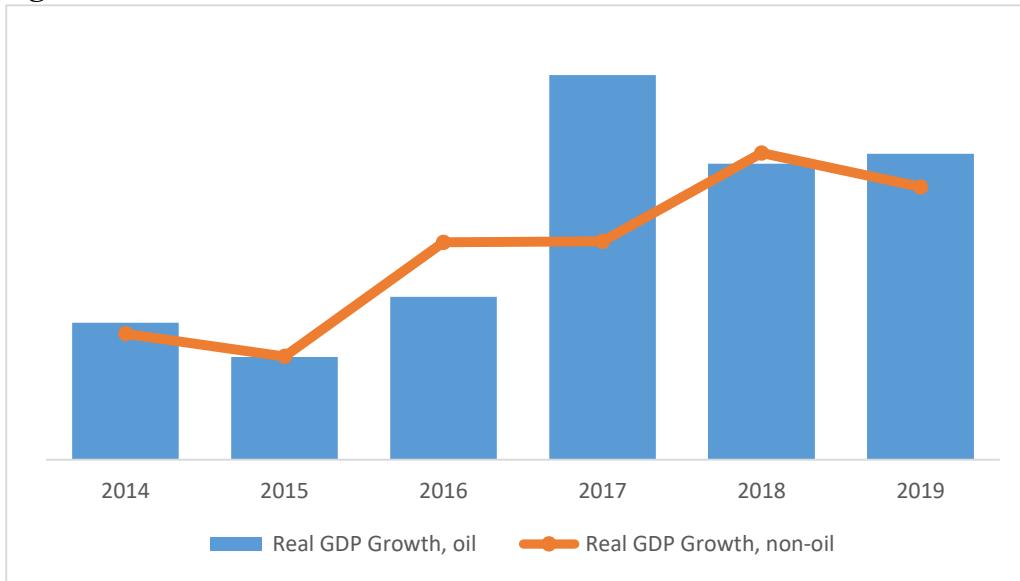

Indicator	2016	2017	2018	2019			
	Actual	Actual	Actual	Budget	Revised	Prov.	% Dev
Overall real GDP (including oil)	3.4	8.1	6.3	7.6%	7.0%	6.5%	0.5%
Non-oil real GDP	2.2	4.6	6.5	6.2%	6.0%	5.8%	0.2%
End-year inflation	15.4	11.8	9.4	8.0	8.0%	7.9%	0.1%
Overall budget deficit (% of GDP)	(9.3)	(4.8)	(3.9)	(4.5)	(4.7)	(4.8)	(0.1)
Gross international reserves (not less than)	3.0 months of import	4.3 months of import	3.6 months of import	3.5 months of import	≥3.5 months of import	4.0 months of import	0.5 months of import

Source: MOF, GSS and BoG

## Growth

12. Provisional numbers released by the GSS show a real GDP growth of 6.5 percent in 2019 compared with a revised target of 7.0 percent and 6.3 percent recorded in 2018. This suggests that the economy continued with its robust performance since 2017, when real GDP grew sharply to 8.1 percent up from 3.4 percent in the preceding year. Non-oil GDP growth in 2019 was 5.8 percent, 0.2 percentage point down from a revised target of 6.0 percent and 0.7 percentage point down from 6.5 percent recorded in 2018. The recent trend in overall real GDP growth is shown in Figure 1.

**Figure 1: GDP Growth Rates: 2014-2019**

Source: GSS

13. The robust growth of 6.5 percent in 2019 was underpinned by growth performances of 4.6 percent, 6.4 percent and 7.6 percent in the Agriculture, Industry and Services Sectors, respectively. For the first time since 2015, Services outstripped Industry as the leading growth performer. However, the base effect associated with the relatively low growth rate recorded by Services in 2018 could partly explain

this recent development. ICT recorded the highest subsector growth rate of 46.5 percent followed by Real Estate with growth rate of 19.9 percent.

## **Inflation**

14. Headline inflation has remained in single digits since June 2018 and more recently steadied around the medium-term target of 8.0 percent. In August 2019, the Ghana Statistical Service rebased the Consumer Price Index to reflect weights from the Ghana Living Standards Survey of 2017 and a revised base year of 2018. Following this, a new measure of headline inflation was estimated at 7.8 percent for August 2019, moving it within the mid-point of the medium-term inflation target band of  $8\pm 2$  percent. Although the two bases are not comparable, the exercise reinforced the single digit inflation recorded in the old series.
15. Food inflation was reported at 8.2 percent and non-food inflation was at 7.4 percent in August 2019. Inflation subsequently increased to 8.2 percent in November 2019 from 7.7 percent in October due to upward adjustment in some administrative prices. But, declined to 7.9 percent at end-December 2019 supported by lower food prices.

## **Monetary Aggregates and Banks' Outstanding Credit**

16. Bank of Ghana's Monetary Policy Committee (MPC) maintained a relatively tight policy stance throughout 2019, given risks to the inflation and growth outlook. In January 2019, the Monetary Policy Rate (MPR) was lowered to 16 percent from 17 percent at the end of December 2018. The decision to lower the MPR was underscored by muted risks to the inflation outlook reflected by declining headline and core inflation, alongside well-anchored inflation expectations and relatively supportive external financing conditions at the time.
17. The MPR remained unchanged at 16 percent for the rest of the year on the back of rising global uncertainties and domestic factors such as the pass through of the seasonal first quarter currency depreciation and increasing concerns about the fiscal stance, as revenues underperformed.
18. Credit to the private sector recorded an annual growth of 18.3 percent in December 2019 compared to a 10.6 percent growth in December 2018. The total stock of outstanding credit to the private sector at the end of December 2019 was GH¢44,485.3 million, compared to GH¢37,593.2 million for the same period of 2018. In real terms, credit to the private sector increased year-on-year by 9.7 percent in December 2019.

## **Interest Rate Developments**

19. Interest rates increased marginally across the various maturities of the yield curve in 2019. In the money market, the 91-day Treasury bill rate inched up to 14.7 percent in December 2019 compared with 14.6 percent a year ago. Interest rates on the 182-day instrument also moved up to 15.2 percent from 15.0 percent over the same period a year ago. The weighted average interbank lending rate declined to 15.2 percent in December 2019, from 16.1 percent in the same period a year earlier. In a similar trend, average lending rates of banks compiled from the banking sector marginally declined to 23.6 percent in December 2019, from 23.9 percent in December 2018.

## **Balance of Payments**

20. The external sector performed strongly in 2019. The trade balance recorded a larger surplus of US\$2.3 billion (3.4 percent of GDP) in 2019, compared with US\$1.8 billion (2.8 percent of GDP) in 2018. This resulted in further narrowing of the current account deficit to US\$1.7 billion (2.5 percent of GDP) in 2019, compared to a deficit of US\$2.0 billion (3.1 percent of GDP) in 2018. The current account deficit was financed by significant inflows into the financial and capital accounts, driven in large part by foreign direct investments and portfolio investments. Consequently, the overall balance of payments recorded a surplus of US\$1.3 billion (2.0 percent of GDP) over the review period, a significant turnaround from a deficit of US\$671.5 million recorded in 2018.

## **International Reserves**

21. The country's gross international reserves improved to US\$8.4 billion at the end of December 2019 from a stock position of US\$7.0 billion at the end of December 2018. This was equivalent to 4.0 months of import cover recorded at the end of December 2019 compared to 3.6 months of imports cover as at December 2018.

## **Exchange Rate**

22. The foreign exchange market experienced some level of volatility during the year under review, due to both internal and external factors. In the year to December 2019, the Ghana cedi cumulatively depreciated by 12.9 percent against the US dollar, compared with 8.4 percent depreciation in 2018. Against the British pound and Euro, the Ghana cedi cumulatively depreciated by 15.7 percent and 11.2 percent, respectively, compared with 3.3 percent and 3.9 percent over the same period in 2018.

## **Fiscal performance**

23. Government's overarching fiscal policy objective in 2019 was to further pursue prudent macroeconomic policies to maintain and sustain macroeconomic stability to provide a stable environment to facilitate the expansion of economic opportunities and promote inclusive and job-creating growth and development. Consequently, the fiscal balance and primary balance were set as primary anchors, with targets of 4.2 per cent of GDP deficit for the fiscal balance, and 1.1 per cent of GDP surplus for the primary balance.
24. To achieve these targets, Government rolled out a strategy to enhance domestic revenue mobilization, and reduce budget rigidities to create critical fiscal space to accommodate growth enhancing expenditures, pursue expenditure efficiency measures to get more mileage from our hard-earned resources to ensure value-for-money spending, and promote social protection and inclusion.
25. These measures broadly yielded the expected results. In particular, the fiscal deficit outturn for 2019 was 4.8 per cent of GDP, compared to the fiscal target of 4.2 percent of GDP, and was 0.9 percentage point above the recorded deficit of 3.9 percent of GDP in 2018. The primary balance recorded a surplus of 0.8 percent of GDP in 2019 against a target of 1.1 percent of GDP and an outturn of 1.4 percent of GDP recorded in 2018.

## Revenue

26. Provisional data show that Total Revenue and Grants for the period amounted to GH¢53,380 million (15.3 percent of GDP), constituting 90.6 percent of the annual target of GH¢58,897 million (17 percent of GDP) as shown in Table 3. The 2019 performance saw a 12.0 percent year-on-year growth of the 2018 outturn. Of this amount, Domestic Revenue—which comprises all revenues except Grants received from Donor Partners—constituted about 98.2 percent, and amounted to GH¢ 52,393.5 million, compared to a target of GH¢ 57,786.7million

**Table 2: Summary of Central Government Operations and Financing:2018-2019**

No .	Item	2018		2019						y/y growth

### Source: MoF

27. The shortfall recorded in Total Revenue and Grants was mainly due to the shortfall in Domestic Revenue. Specifically, revenue shortfalls emanated from both Non-oil Tax and Non-Tax revenues due to the following reasons:

- a. non-implementation of the Electronic Point of Sales devices (EPOS) policy;
- b. delay in the implementation of Tax Stamp policy;
- c. lower recorded CIF Values of imports, and admittance of large volumes of imports into exempt or low tariff-rated categories;
- d. General under-performance of IGFs by MDAs and non-materialisation of programmed fees from Mineral Exports;
- e. Non-realisation of all expected inflows from upstream petroleum activities;
- f. Weak project grants disbursement, largely attributed to the poor disbursement for key grant-funded projects; and
- g. Disbursement of Grants below the target of about 11.1 per cent, GH¢986.1 million compared to the target of GH¢1,109.9 million.

## **Expenditure**

28. Total Expenditure including arrears clearance for the period were broadly contained within the budget provision, amounting to GH¢68,271 million (19.6 percent of GDP) against a target of GH¢74,611.7 million (21.6 percent of GDP) as shown in Table 2.2. The outturn was 8.2 percent lower than the budgetary appropriation for the year.
29. Expenditure on Compensation of Employees for the period amounted to GH¢22,219.0 million, about 2.7 percent lower than the budget provision of GH¢22,838.0 million. Some savings were realised on the back of lower actual computed transfers due Pensions, Gratuity and Social Security, as well as from Wages and Salaries.
30. Expenditure on Goods and Services for the period amounted to GH¢6,169.6 million against the budget allocation of GH¢6,938.4 million, representing a saving of 11.1 percent. On a year-on-year basis, the 2019 outturn was below the payments made in 2018 by 34.1 percent.
31. Interest Payments amounted to GH¢19,769.3 million, 0.9 percent higher than the budgeted amount of GH¢19,598.4 million. Domestic interest payment was the dominant component, accounted for 76.9 per cent of the total, and witnessed a year-on-year growth of 24.9 percent over the 2018 outturn.
32. Grants to Other Government Units, which include transfers to the District Assemblies Common Fund (DACF), Ghana Education Trust Fund (GETFund), the Road Fund and the National Health Fund, among others, were less than the programmed amount by 18.6 percent, recording an outturn of GH¢11,423.6 million against the estimate of GH¢14,034.2 mainly on account of the shortfall in tax revenue.
33. Total Capital Expenditure for the period amounted to GH¢6,151.8 million, falling short of the target by 20.2 percent.

## **Overall Budget Balance and Financing**

34. The Overall Budget Balance, registered a deficit of GH¢16,892 million, or 4.8 percent of GDP, which was financed from both domestic and external sources. Total Domestic Financing amounted to GH¢13,087 million, equivalent to 3.7 percent of GDP, and constituted 77.5 percent of the total financing. Foreign financing amounted to GH¢5,041.1 million, some 1.4 percent of GDP, against a target of GH¢8,237.9 million or 2.4 percent of GDP. The primary balance recorded a surplus of GH¢2,877.4 million, equivalent to 0.8 percent of GDP, higher than the targeted surplus of GH¢3,883.2 million (1.1 percent of GDP).

### Analysis of Petroleum Revenue

35. Total petroleum receipts (i.e. proceeds from lifting and other petroleum receipts) for 2019 were US\$937.58 million compared with US\$977.12 million for 2018 representing a 4.1 percentage decrease, and US\$540.41 million for 2017. This was particularly due to a 10.2 percent decline in the achieved price of US\$63.19 per barrel in 2019 compared to US\$70.34 per barrel in 2018.
36. The petroleum receipts **exclude** US\$25 million paid by Anadarko as Corporate Income Tax and was inadvertently credited to the Ghana Revenue Authority account instead of the PHF in December 2019. This payment is yet to be transferred into the PHF. The increase in the number of crude oil cargoes in 2019 to thirteen (13) from ten (10) in 2018, with an increase in lifting volumes from 9,783,239 barrels to 12,743,158 barrels, as a result of increases in production from the oil Fields, however, failed to result in higher revenues outflows from the Petroleum Holding Fund for distribution in 2019.
37. The share of Carried and Participating Interest (CAPI) of total crude oil receipts decreased from 56.12 percent in 2018 to 53.97 per cent as at December 2019. However, Corporate Income Tax share of total receipts increased from 16.44 percent in 2018 to 20.39 per cent in 2019. Royalties constituted 25.26 percent of the total petroleum revenue in 2019, compared with 27.19 percent in 2018. There

were no receipts from gas royalties in 2019. Surface Rentals and PHF Interest made up the remaining 0.39 per cent, an increase from 0.26 per cent in the comparative period. This contrasts sharply with share of CAPI in total crude oil receipts decreasing from 67.6 percent in 2017 to 56.12 percent in 2018. Corporate Income Tax share of total receipts increased from 6.8 percent in 2017 to 16.44 percent in 2018. Royalties constituted 27.19 percent of the total petroleum revenue in 2018, compared with 25.14 percent in 2017. There were no receipts from Gas Royalties in 2019 just as was the situation in 2018 and 2017. Surface Rental and PHF Interest made up the remaining 0.25 percent, a decline from the 0.40 percent recorded in the comparative period.

38. The 2019 petroleum receipts were allocated based on the provisions of the PRMA, as amended. Total revenue distributed was US\$925.04 million. At the end of 2019, an amount of **US\$37.55 million** received from Corporate Income Tax (CIT) **was not** distributed. This included an amount of US\$25 million paid by Anadarko as Corporate Income Tax, which was inadvertently credited to the Ghana Revenue Authority account instead of the PHF in December 2019. the Ghana National Petroleum Company (GNPC) was allocated a total of US\$260.56 million, made up of Equity Financing Cost (US\$155.37 million) and its share of the net Carried and Participating Interest (US\$105.18 million) compared with a total amount of US\$305.27 million in 2018 while a total amount of US\$182.04 million (GH¢792.55 million) was received in 2017.
39. A total of US\$269.005 million (GH¢2,019.87 million) was transferred into the GPFs in 2019, compared with US\$436.75 million (GH¢2,019.87 million) in 2018, and US\$203.83 million (GH¢166.65 million) in 2017. Out of the amount transferred, the GHF received US\$80.70 million (GH¢605.31 million), against US\$131.02 million (GH¢50.00 million) in 2018, while the GSF received US\$188.303 million (GH¢ 1,412.43 million), against US\$305.72million (GH¢116.66 million) in 2018. Comparatively, in 2017, the GHF received US\$61.15 million (GH¢50.00 million), while the GSF received US\$142.68 million (GH¢116.66 million).

### **Annual Budget Funding Amount (ABFA)**

40. The total amount transferred in 2019 from petroleum liftings and related proceeds to the ABFA was US\$395.47 million (GH¢2,076.22 million), against US\$235.10 million (GH¢1,086.16 million) in 2018. A total amount of GH¢2,750.21 million (US\$531.37 million) was allocated for ABFA spending at the end of December 2019. The amount includes the unutilised balance brought forward from 2017 and 2018 in the amount of GH¢652.29 million (US\$135.89 million). Out of this, spending on the approved priority areas were as follows: **Agriculture** received GH¢71.57 million; **Physical Infrastructure and Service Delivery in Education** amounted to GH¢570.87 million; **Physical Infrastructure and Services Delivery in Health** received GH¢46.34 million; **Roads, Rail, and Other Infrastructure** received to GH¢579.27 million; and the **Public Interest and Accountability Committee** (PIAC) received GH¢2.90 million for the implementation of its programmed activities for the year.

### **Public Debt**

41. Public debt management in 2019 was successfully executed despite the tight global financing challenges. On the domestic front, exchange rate volatility, the financial sector bailout, and unanticipated mid-year energy sector bailout payments adversely impacted the public debt portfolio. However, increased capital inflows, including proceeds from the 2019 Eurobond issuance, helped dampen these pressures. Additionally, strong macroeconomic fundamentals supported an upgrade in Ghana's sovereign ratings by the three (3) sovereign credit rating agencies –S&P, Moody's, and Fitch.

42. The total gross public debt outstanding stood at GH¢217,990.7 million (62.4% of GDP) at the end of December 2019, up from GH¢173,102.2 (57.6% of GDP) at end-December 2018, as shown in Table 4. This outturn reflects the impact of the financial and energy sector bailouts. Excluding these bailouts, the provisional public debt-to-GDP ratio at end-December 2019 was 59.4 percent compared to 54.3 percent in 2018. External debt stock, which constitutes 51.7 percent of total public debt stock increased from 28.9 percent of GDP in 2018 to 32.5 percent of GDP in 2019. The domestic debt to GDP ratio also increased marginally from 28.7 percent of GDP in 2018 to 30.5 percent of GDP in 2019 as shown in Figure 4. The 2019 Annual Public Debt Report contains details of public debt management.

**Table 4: Public Debt Developments: 2015 – 2019**

Debt Type	2015	2016	2017	2018	2019 Prov.
<i>(in millions of GH¢)</i>					
External Debt	59,836.7	68,762.1	75,777.6	86,202.5	112,509.4
Domestic Debt	40,322.1	53,403.4	66,769.1	86,899.7	105,481.2
Total Public Debt	100,158.8	122,165.5	142,546.6	173,102.2	217,990.7
<i>(as % of GDP)</i>					
External Debt	33.2	32.0	29.5	28.7	32.5
Domestic Debt	22.4	24.8	26.0	28.9	30.5
Total Public Debt	55.5	56.8	55.5	57.6	62.4
Total Public Debt (Excl. Bailout)	55.5	56.8	55.5	54.3	59.4
<i>(as % of Total)</i>					
External Debt	59.7	56.3	53.2	49.8	51.7

Total Public Debt	100.0	100.0	100.0	100.0	100.0

**Source: TDM**

## Banking Sector

43. The assets portfolio of the banking sector was GH¢129 billion at end-December 2019, registering an annual growth of 22.8 percent, compared with 12.3 percent growth at end-December 2018. The slightly higher growth was reflected in both domestic and foreign assets. Domestic assets grew by 23.1 percent at end-December 2019 against 12.5 percent at end-December 2018, while growth in foreign assets picked up to 19.6 percent from 9.6 percent during the same comparative period. Domestic assets constituted the largest component of total banking sector assets with 92 percent share, as at end-December 2019.

## Mobile Money

44. Total mobile money transactions were valued at GH¢311 billion (89.0% of GDP) at the end of 2019, an increase of 39.5% over that of 2018 figure of GH¢223 billion (74.2% of GDP).
45. The total mobile telephone subscription as of December 2019 was 40.7 million, representing 133% telephone density. With over 22.5 million subscribers at the end of December 2019, MTN was the largest cellular phone service provider, followed by Vodafone, which had over 9.1 million cellular subscriptions as of December 2019. AirtelTigo and Glo followed with 8.4 million and 0.7 million, respectively.

## **Pension and Insurance Sector**

46. As at the end of 2019, the value of total pension funds provisionally stood at GH¢26.2 billion (7.5% of GDP). This was made up of basic public pension assets of GH¢8.9 billion (2.5% of GDP) and privately managed assets of GH¢17.3 billion (5.0% of GDP). The Pension services providers at the end of 2019 stood at fourteen (14) Pension Fund Custodians, forty-nine (49) Pension Fund Managers, and twenty-two (22) Corporate Trustees. In all, there were over two hundred and forty-one (241) private sector schemes at the end of 2019. There were about 1.8 million active contributors, including those in the informal sector to the schemes and 211,934 pensioners at the end of 2019.
47. Total asset of the insurance companies at the end of 2019 provisionally stood at GH¢6.5 billion (1.9% of GDP) as against GH¢6.2 billion (2.1% of GDP) in 2018. Gross Premium increased from GH¢2.9 billion in 2018 to GH¢3.2 billion in 2019.

## **Capital Market Development**

48. The GSE Composite Index (GSE-CI) decreased to close 2019 at 2,257.15 points, a negative return of 12.25 percent. The GSE Financial Stocks Index (GSE-FSI) closed the year at 2,019.65 points, representing a loss of 6.23 percent, compared with a 6.79 percent loss for the corresponding period in 2018.
49. Market capitalization decreased by 7.1 percent to GH¢56,791.28 million (16.3% of GDP) in 2019 compared to GH¢61,138.53 million (20.3% of GDP) in 2018, on account of the financial sector clean-up in 2019.

### **Section Three: Update on Government Flagships and other Priority Programmes Implemented in 2019**

50. Following the robust growth recorded in 2018, Government continued with its growth-oriented flagship programmes in 2019 as a response to the expectations of the majority of Ghanaians. These flagships have become particularly important, owing to their relevance and potentiality to create a sustained and robust foundation for accelerated economic transformation. In line with the President's vision of transforming Ghana into a prosperous and self-confident country that will be in charge of her economic destiny, the flagships represent deliberate interventions designed to achieve this objective.
51. As a way of validating the impact of the flagship programmes on the economy, this section highlights key initiatives under the various programmes and their respective levels of implementation during the 2019 Fiscal Year.
52. Undeniably, these flagships are already having a marked impact on resource redistribution, job creation, provision of social infrastructure, in addition to addressing income inequality and bridging the development gap between rural and urban population of Ghana. The strategic approach of targeting vulnerable, but growth-compelling sectors such as the agriculture sector and education, has contributed to poverty reduction at a much faster pace.
53. The flagships for 2019 cover the following broad areas:
54. **Human Capital Development** – the relevance of human capital development to economic transformation cannot be overemphasised. Human capital which encapsulates attainment of relevant knowledge, acquisition of social, and personality attributes which facilitate efficient work delivery is critical for creating economic value. These labour force traits must be honed through deliberate interventions in healthcare, education, and skills developments, as well as modernising agriculture and industry.
55. Government implementation of the free SHS programme represents the cornerstone to building and equipping the future workforce with the relevant knowledge traits needed for our economic transformation. The programme has also afforded an opportunity to those, who hitherto, would not have been able to afford education at the second cycle level due to the resource bottlenecks and constraints.
56. The Nation Builders Corps (NABCO) programme is also a major human capital intervention with double-pronged benefits: provision of employment for many of the teeming youth; and also affording them on-the-job training needed for the job market.
57. The restoration of Teacher and Nursing trainee allowances has also brought relief to many and, at the same time, motivated these professional trainees to give off their best during and after the training.
58. **Agriculture Modernisation** – The need for a modernised agricultural sector is critical to Ghana becoming self-reliant in food security, reduce poverty incidence, and increase the creation of jobs. The policy for agriculture modernisation, since 2017, has been to improve production efficiency, achieve food security, improve profitability margins of farmers, create jobs and increase exports, and use agriculture as a springboard for Ghana's industrialisation. The implementation of flagships such as

Planting for Food and Jobs (PFJ) with the following modules: Food Crop Production (FCP); Planting for Export and Rural Development (PERD); Rearing for Food and Jobs (RFJ); Greenhouse Technology Development (GTD); as well as Mechanization for Food and Jobs, have resulted in significant progress in agriculture modernization in Ghana.

59. **Industrialisation** – the desire to have Ghana industrialised cannot be ephemeral and must be sustained. Indeed, the Government’s Transformation Agenda echoes the need to have a sustainable approach to industrialisation by placing the private sector at the forefront. Ghana’s industrialisation programme prioritises Government support to the development and evolution of indigenous Ghanaian businesses, creating an environment that enables them to thrive to become captains of their field, and create jobs for the teeming youth of Ghana. It also emphasises the need for private sector businesses to leverage the competitive environment of Ghana to become active players in the sub-region with the establishment of African Continental Free Trade Area (AfCFTA) which has its Secretariat in Ghana.
60. **Infrastructure Development** – an efficient movement of passengers and cargo in the country and beyond is critical for effective economic integration. At the same time, solid infrastructure development is the foundation for economic growth and wealth creation. In this regard, Government devoted significant resources to help develop critical infrastructure in the country. Railway infrastructure saw considerable upgrade within the FY2019 with the adoption of a dual strategy where selected old gauge lines were rehabilitated alongside the building of entirely new modern standard gauge ones. Innovative financing mechanisms, such as the Sinohydro arrangement, have become creative addition and means to provide critical infrastructure to close gaps in infrastructure development and distribution across the country.
61. Regarding the Infrastructure for Poverty Eradication Programme (IPEP), Government, in 2019, deepened the scope of the programme by extending the intervention to many catchment areas. New rural infrastructure projects were undertaken by the various Zonal Development Authorities. Infrastructure projects carried out within the period include: prefabricated grain warehouses; “One Village One Dam” projects; Rural Markets; WC toilets; and mechanised boreholes. Other infrastructure projects, included fish landing sites, water and sanitation, and inner cities upgrade infrastructure.
62. **Private Sector and Entrepreneurship Development** – For Ghana to be become a Nation of Entrepreneurs, conscious and deliberate effort must be made to build them. This is particularly important, and initiatives such as the National Entrepreneurship Innovation Programme (NEIP) represents Ghana’s single but bold attempt at promoting innovation and growth. The NEIP, in collaboration with Private Sector Businesses and Universities, provided opportunity to beneficiaries to hone their entrepreneurial culture and supported them with initiatives to enhance their capacity to create jobs. The Micro Finance and Small Loans Centre (MASLOC) provided loans to established businesses and start-ups in the informal sector. The scheme’s concentration of support to women is particularly commendable as it seeks to reduce wealth disparity between men and women.
63. **Social Intervention Policies** - Mindful of income inequality across gender, regions, and occupations, Government deepened its social intervention initiatives in FY2019 to mitigate the suffering of the underprivileged in our society. The School Feeding Programme was further boosted with the inclusion of about 2, 848,580 additional pupils in FY2018/2019. The initiative aims to improve the capacity of

pupils in deprived schools to concentrate in class by providing them with at least one hot meal a day. The initiative has resulted in increased enrolment and retention in public schools over the years.

64. The Livelihood Empowerment Against Poverty (LEAP) was another social intervention tool implemented by the Government during the reporting period. Not only has the programme been expanded to cover more beneficiaries, but also additional productive and financial inclusive programmes are being explored to graduate beneficiaries and eventually wean them off the scheme.
65. **Other Initiatives** – Other priority programmes implemented during the reporting period are the digitalisation programme aimed at formalising the economy to improve administrative systems and increase transparency. Key on this initiative is the rollout of the National ID Card System, digitalisation of the office of Registrar General's Department, Digital Property Addressing System, Mobile Money Payment Interoperability system, deployment of medical drones, and the issuance of digital driver's licence. Other initiatives include the continued work by the National Identification Authority, regional reorganisation activities towards the creation and strengthening of the six (6) new regions, deepening social partnerships, forging closer collaboration between Government and Faith-Based Organisations, and the construction of the National Cathedral of Ghana.

**Table 5: Details of Government Flagships and Other Priority Programmes Implemented in 2019**

Sn.	Initiative	Economic Rationale	Expected Output	Status	Color Code *
<b>Human Capital Development</b>					
1	<b>Free SHS:</b>				
a	Placement of qualified students in the public Senior High Schools (SHS)		All qualified students to be placed and enrolled in the public SHS	Qualified students were placed and enrolled in the various public SHS.	
b	Training of heads of schools and ICT teachers on the Student Information System.		Head teachers and ICT teachers to be trained on the student information system.	All ICT teachers in public SHS were trained on the Student Information System software with emphasis on how to use the software for effective placement and enrolment of students.	
c	Procurement and supply of : <ul style="list-style-type: none"> <li>• Core textbooks</li> <li>• Note books</li> <li>• Exercise books</li> <li>• literature books</li> <li>• P.E Kits</li> <li>• Technical Drawing Instrument</li> </ul>		Textbooks, exercise books and literature books as well as P.E Kits procured and supplied to all public SHS's.  472,730 P.E Kits procured and supplied to the schools.  39,496 Technical Drawing Instruments procured and supplied to the schools.	1,890,920 Note books and 4,254,570 Exercise books were procured and supplied to the schools.	
2	Nation Builders Corps	To provide income earning and capacity building opportunities for young graduate	Monthly stipends to be paid to trainees.  Skills enhancing support programmes to be provided to trainees	A total amount of GHS 779,148,150 was paid as stipends to 97,373 trainees.	

Sn.	Initiative	Economic Rationale	Expected Output	Status	Color Code *
				Also, each trainee got exposed to the world of work in line with the assigned modules	
3.	Teacher Trainee Allowances	To make colleges of education accessible to all eligible students and train teachers while ensuring improved quality education	An amount of GHS 169,912,081.00 to be disbursed to support teacher training	GHS 165,152,996.50 disbursed for the 2 <sup>nd</sup> semester of 2018/19 and first semester 2019/20 academic years.	
4.	Nursing Trainee Allowances	To make colleges of nursing accessible to all eligible students and train nurses while ensuring improved quality health education	All trainee nurses to be paid a minimum of 400 per month for ten months for each academic year	An amount of GHS 198,200,000 was paid to 48,166 nursing trainees for the 2028/19 academic year. Cumulatively, a total amount of 466,840,800 was paid to the trainees from over the period September 2017 – September 2019.	
<b>Agriculture Modernisation</b>					
5	<b>Planting for Food and Jobs:</b> Improve agriculture production and productivity in order to create jobs and improve food security				
a	Seeds supplied to farmers		13,545Mt of improved seeds to be supplied to farmers	18,333Mt of improved seeds supplied to farmers	
b	Fertilizers supplied to farmers		331,347.80 Mt of fertilisers (organic and inorganic) to be supplied to farmers	330,390Mt of fertilisers (organic and inorganic) supplied to farmers	
c	Ware house constructed	To increase productivity and reduction in post-harvest losses	30 warehouses to be constructed	8 warehouses completed and 22 ongoing	
d	One Village One Dam	To increase productivity and reduction in post-harvest losses	16 sites to be identified, surveyed and designed	14 out of the 16 small dams were identified, surveyed and contracts awarded for construction	
e	Increased area under irrigation through construction and rehabilitation of irrigation schemes (Tamne, Mprumem, Piyiri & Guo Irrigation Projects	Increased productivity and production by promoting dry season farming activities	416Ha irrigable area at Tamne, Mprumen, Guo & Piyiri to be developed	116Ha of Irrigable area available and 300Ha at 70% complete	
f	Livestock Development Module - Rearing for Food and Jobs (RFJ)	To boost livestock production	60,000 Livestock to be supplied to farmers (Pigs, small ruminants and cockerels)	37,500 Livestock ( 7,500 small ruminants and 30,000 cockerels) supplied to farmers	
g	Greenhouse Technology Development Module - Greenhouse Villages	To improve the production of high value vegetables	Three Greenhouses to be constructed at Dawhenya, Akumadan and Kasoa	Two Greenhouse Villages constructed at Dawhenya in the Greater Accra and Akumadan in the Ashanti region to enhance production	

Sn.	Initiative	Economic Rationale	Expected Output	Status	Color Code *
				of high value vegetables, train teaming youth and create job for young graduates. The third Greenhouse is almost completed at Bawjiase near Kasoa.	
h	Mechanisation for Food and Jobs Module - Promotion of Mechanisation Services	To enhance farmers access to mechanised services	200 Tractors and implements, 300 Power tillers, 30 planters, 40 Motorized Sprayers etc., 50 multi crop threshers, 10 Tractor mounted cereal harvesters, 80 Irrigation kits and 10 seed cleaners to be distributed to farmers	1. Machinery worth about USD32.0 Million cleared from Tema port and made accessible to farmers/service providers etc. (Machinery include; 230 tractors with implements, 1,000 power tillers, 70 planters, 70 boom & orchard sprayers, 30 cereal combine harvesters, 400 shellers, 100 threshers, 300 irrigation kits, 20 seed cleaners, 20 silo dryers, 100 greenhouses etc.) 2. Small/medium scale machinery worth €10,000,000 were imported and cleared for distribution to small scale farmer	
i	Tree Crops Module - Planting for Export and Rural Development (PERD)	To diversify exports and income sources		29 million seedlings of cashew, coffee, coconut and oil palm were distributed to 91,292 farmers from 4,777 communities in 199 districts across 12 regions (as at sept 2019)	
<b>Industrialisation</b>					
6	One District –One Factory	An innovative way to ensure private sector-led industrialisation and sustainable job creation	221 consisting of Large-scale and Medium-sized factories, Small-scale processing facilities, Common User Facilities to be in operation	181 1D1F Projects were at various stages of implementation (comprising 58 in operation, 26 under construction, 26 others being financed by local participating financial institutions, 58 small scale processing facilities under enabled youth initiative, 8 medium scale common user facilities, and 5 large scale processing plants). A total of 54,883 jobs comprising 10,983 direct and 43,900 indirect jobs were created	
<b>Infrastructure Development</b>					
7	Railway Development	To provide an efficient and effective means of transport for the movement of both	<b>Western Railway Line:</b> a) Rehabilitation of a section of the existing narrow-gauge		100% completed. Haulage of manganese from the Nsuta mines have been enhanced

Sn.	Initiative	Economic Rationale	Expected Output	Status	Color Code *
		passenger and cargo and also to facilitate vibrant commercial activities in order to improve the standard of living of the people of Ghana.	line from Kojokrom to Tarkwa (56km)	and passenger services have resumed on the Takoradi-Tarkwa route.	Green
			b) Construction of new standard gauge line from Kojokrom to Eshiem (5km)	Approximately 70% complete. Formation works nearing completion and includes a 360m viaduct (rail bridge) at Eshiem.	Yellow
			c) Construction of new standard gauge line from Eshiem to Manso (17km)	Approximately 5% complete. Site preparation and formation works are ongoing.	Light Blue
			<b>Eastern Railway Line:</b>		
			a) Rehabilitation of a section of the existing narrow gauge from Accra to Tema (30km)	100% completed and passenger services between Accra and Tema was relaunched in January, 2019.	Green
			b) Rehabilitation of a section of the existing narrow gauge from Accra to Achimota (40km)	100% completed and passenger services between Accra and Nsawam was relaunched in March, 2020.	Green
			c) Construction of new standard gauge line from Accra/Tema to Kumasi and a branch line from Busoso to Kyebi/Atiwa (340km)	Procurement process is at the RFP stage for the engagement of a private sector investor(s) who will partner Government to develop the project on BOT basis.	Light Blue
			<b>Tema – Mpakadan Railway Line:</b>		
			a) Construction of new standard gauge line from Tema Port to Mpakadan (97.7km)	Approximately 55% complete and includes the construction of a major viaduct (rail bridge) measuring 300m across the Volta River.	Yellow
			<b>Ghana – Burkina Faso Railway Interconnectivity Project:</b>		
			a) Transaction Advisory services for the development of the Ghana-Burkina Faso railway line on BOT basis	Feasibility Studies have been completed and the Final Report has been submitted in June, 2020 as part of the first phase of the project development. The second phase involving the procurement of the private sector investor(s) is at the RfP stage.	Light Blue
			<b>Kumasi – Paga Railway Line</b>		
			a) Feasibility studies for the development of a railway line from Kumasi to Paga (Central Spine)	Inception, Data Analysis/Route Options, Survey Reports have been submitted and approved. Draft Final Feasibility Report has also been submitted and	Light Blue

## **Section Four: Performance of Ministries, Departments and Agencies Performance**

66. The tables below provide a summary on the performance of all Ministries, Departments and Agencies (MDAs) in respect of their adopted national policy objectives and measurable outcome indicators for the medium-term. These tables establish a clear performance measurement and linkage of the output and outcome indicators, and how resources allocated to MDAs were utilised for the attainment of specific outcomes. This section focuses on the performance of the main programmes of MDAs; their outputs and the resulting outcomes.
67. For the 2019 fiscal year, out of GH¢ 19,172,381,963 approved for MDAs under all funding sources, a total amount of GH¢ 15,892,920,801, which is equivalent to 82.9 percent, was accessed by the MDAs for their programmes and projects. The release of Funds to MDAs was below their revised Approved Budget for the 2019 fiscal year. Total expenditure (including paid and unpaid expenditure) incurred by all MDAs for the same period amounted to GH¢ 15,850,652,530 translating into 82.7 percent of the approved budget. Total payments made were GH¢ 15,485,357,654, working up to 80.8 percent of the revised approved budget for MDAs.

**Table 6: Non-Financial Performance of MDAs (M & E Matrix for Programme-Based Budget)**

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks					
					Budget Year Target	Annual Actual	Variance						
<b>Administration Sector</b>													
<b>Office of Government Machinery</b>													
<b>Programme 2: Institutional Development</b>													
<b>National Objective:</b> Professionalize and modernize Public institutions to be responsive and efficient													
<b>Programme Objectives:</b>													
To promote timely and reliable demographic data for policy-making, planning, monitoring and evaluation.													
Increase inclusive and equitable access to and participation in education at all levels													
To rationalize and define structures, roles and procedures for state institutions													
<b>Sub Programme Objective:</b>													
Increase inclusive and equitable access to and participation in education at all levels													
	Outcome 1: Award Government of Ghana's Scholarships to qualified Ghanaian Students at all levels of Education annually												
	Output 1	Bursaries	Number of Awards to Medical & other Students	2018	10,450	9,500	950						
	Output 2	Scholarships	Number of Bi-Lateral awards and free SHS	2018	1,155	867	288						
<b>Sub programme Objective</b>													
Promote and improve efficiency and effectiveness of performance in the public service													
Reinforce family planning as a priority in national development													
	Outcome 2: Provide effective and efficient response to public service delivery within the public sector												
	Output 2.1	Responsiveness of the public service in service delivery improved and deepened	Number of Institutions deepened in public delivery	2018	18	12	6						
	Output 2.2	Service delivery improvement programmes deepened in MDAs/MMDAs	Number of institutions undertaken service delivery improvement programme	2018	100	50	50						
	Output 2.3	Comprehensive register of portfolios of the Assets and Properties of MDAs, RCCs, MMDAs and Independent Constitutional Bodies	NO. of MDAs, RCCs & MMDAs captured	2018	40	32	8						
<b>Budget Programme 5: Investment Promotion and Management</b>													
<b>National Objective:</b> Increase access to affordable credit and capital by businesses of all size													

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks					
					Budget Year Target	Annual Actual	Variance						
<b>Programme Objective:</b>													
To implement and execute government policies in respect of divestiture programmes													
To promote efficient, effective and profitable operations of the SOEs													
To enhance the competitiveness of high-value cash crops and increase production of food crops in local and international markets													
To become an apex institution in the microfinance sector and bridge existing credit gap between the needy, small and micro enterprise operators													
To encourage and promote investment in the Ghanaian economy by monitoring all investments activities under ACT 478													
To promote the identification, development and implementation of self-sustaining biofuels and renewable energy projects in Africa													
State-Owned Enterprise Rationalization	<b>Outcome 1: Undertake annual Performance Evaluation of State-Owned Enterprises and other specified entities</b>												
	Output 1.1	Number of SOEs quarterly report reviewed and reported on.	Number of reports produced	2018	141	78	63						
	Output 1.2	Performance contracts negotiation and signing with SOEs and some Subvented Agencies (SAs)	Number of contracts negotiated and signed	2017	56	41	15						
<b>Sub programme Objective</b>													
To provide adequate reliable and affordable energy to meet the national needs and for export.													
To become an apex institution in the microfinance sector.													
Pro-Poor Interventions	<b>Outcome 2: Increased energy savings annually</b>												
	Output 2.1	Kilometers of distribution lines upgraded or built	Kilometers	2018	2001	0	-	Actual figures for Project Output will be recorded in 2020-2021					
	Output 2.1	Distribution substation capacity added	Megavolts Ampere	2018	1785	0	-	Actual figures for Project Output will be recorded in 2020-2021					
	Output 2.2	Number of Bulk supply points (BSPs)	Number	2018	2	0	-	Actual figures for Project Output will be recorded in 2020-2021					
	Output 2.3	Kilometers of Interconnecting sub-transmission links	Kilometers	2018	87	0	-	Actual figures for Project Output will be recorded in 2020-2021					
	Output 2.4	Number of institutions participating in race to retrofits and renewables	Number	2018	7	0	-	Actual figures for Project Output will be recorded in 2020-2021

	Output 1	Meeting with the Independent Governance Institution organized	Number of meetings with organized	2	2	2	0	

### Economic Sector

#### Ministry of Food and Agriculture

Budget Programme Title: Food Security and Emergency Preparedness-National

Objective: Improve production efficiency and yield

Programme Objective: To reduce food and nutrition insecurity through modernized agriculture

Sub Programme Objective:

(i) To increase the productivity of priority commodities through the use of improved agricultural inputs and Good Agricultural Practices (GAP)

(ii) To improve seed/planting material/breeding stock for multiplication in the Agricultural Stations and other locations in all regions

2.1. Productivity Improvement	<b>Outcome1: Improved Agricultural Productivity:</b>						
	Output per hectare	Maize	Mt/Ha	3	3.5	3.8	0.30
		Rice (Paddy)		2.92	4	4.3	0.30
		Soybean		1.65	3	2	-1
		Sorghum		0.8	1.8	1.57	-0.23
		Onion		17.43	25	35	10
		Pepper		8.60	15	18	3
		Tomato		7.68	10	12	2
	<b>Outcome1.1: Increased production of poultry, small ruminants, and pigs.</b>						
	Number of poultry, small ruminants and pigs produced	Poultry (Including guinea fowl)	Number (000)	73,885	103,889	98,750	-5,139
		Sheep		4,744	6,164	5,604	-560
		Pigs		777	1,001	967	-34

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks	
					Budget Year Target	Annual Actual	Variance		
		Goat		6,744	8,842	8,038	-804		
<b>Sub-programme Objective: To provide access to efficient mechanized services along the value chain</b>									
<b>2.2. Mechanization, Irrigation and Water Management</b>	Outcome 1.0: Increased access to mechanization services								
	Private sector mechanization centers established	Individual/enterprises access to machinery/mechanization services facilitated	Number of centers established	300	200	300	100		
	Operators, mechanics and AMSEC managers trained on proper/efficient use of farm machinery	Train operators, mechanics and AMSEC managers on proper/efficient use of farm machinery	Number	300	500	400	-100		
<b>Outcome 2.0: Irrigation Schemes Developed</b>									
	Irrigation schemes Developed	Development of irrigable area for Irrigation Project supervised.	Area developed (ha)	221,000.00	225,083.85	223,008.85			
	Output per hectare	Maize	Mt/Ha	18.25	17.65	17.95	0.30		
		Rice (Paddy)		5.54	4.84	5.19	0.35		
		Cassava		25.46	24.26	25.06	0.86		
		Yam		21.96	21.46	21.56	0.10		
		Sorghum		7.48	7.08	7.28	0.20		
<b>Budget Programme Title: Increased Growth in Incomes</b>									
National Objective: Promote demand driven approach to agricultural development									
Programme Objective: To diversify into cash crops and livestock as a business									
Sub Programme Objective: To increase crop and livestock productivity along the value chain									
<b>Promotion of Crop and Livestock Production</b>	<b>Outcome 1: Increased production of livestock</b>								
	Increased number of agricultural technologies developed	Number of new sustainable technologies disseminated	Number	6	6	6	0		
	Increased access to relevant technologies along the value chain	Number of AEA's receiving ToT training on new technologies	Number of AEA's trained	550	1200	2,555	1,355		

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
		Number of FBO's and CBO's trained on new technologies	Number of FBO's and CBO's trained	300	400	4,760	4360	
	Improved breeding stock distributed	Number of improved breeds (sheep, goat, cattle, rabbit, and pigs)	Number of improved breeds	5,558				

**Budget Programme Title: Marketing of Agricultural Produce**

National Objective: Promote demand driven approach to agricultural development

Programme Objective: To increase the competitiveness of agricultural produce and enhance their integration into domestic and international markets.

Agricultural Produce Marketing	Outcome: Increased export of non-traditional agricultural commodities						
	Oil Seed & Nuts	Quantity of non-traditional agricultural commodities exported	Metric tonnes	348,372.44	385,815.91	325,872.63	
	Horticultural products			219,282.62	323,383.32	291,109.12	
	Game & Wildlife			10.55	25.52	21.43	
	Cereals			2,257.15	9,930.63	1,818.90	
Percentage in value of non-traditional agricultural export commodities							
	Oil seeds & Nuts	Percentage in value of non-traditional agricultural export commodities	%	-6.93	18.39	5.53	
	Horticultural Products			11.16	11.09	12.42	
	Game & Wildlife			-74.05	19.11	-37.60	
	Cereals			221.30	445.97	-77.79	

**Budget Programme Title: Management of Land and Environment.**

National Objective: Promote demand-driven approach to agricultural development.

Programme Objective: To promote land management for sustainable agriculture

Sub Programme Objective: To facilitate the implementation of sustainable land and environmental management practices in agriculture

	Outcome: Institutional Capacity for SLM at all levels						
	Training and Awareness programmes on SLEM	Number of private extension service providers trained	Number of trained personnel	40	30	72	42
	Participatory land use management plans developed at all levels	Number of land use management plans developed	Number of land use management plans	5	0	36	

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
	Areas under conservation (protected area)	Number of hectares conserved	Hectares	37,463	5000	4257.4	-742.6	

**Budget Programme Title:** Application of Science and Technology in Food and Agricultural Development

**National Objective:** Enhance the application of science technology and innovation

**Programme Objective:** To enhance the adoption of agricultural technologies along the value chain

**Sub Programme Objective:** To facilitate the adoption of improved technologies by building capacity for technology research and application

<b>Science and Technology in Agricultural Production</b>	<b>Outcome (i) To enhance technology transfer and adoption along the value chain</b>						
	Adoption of improved technologies along the value chain	Number of improved technologies along the value chain	Rate of adoption	5%	5%	5%	0
	Factsheets and posters on technology generated by RELCs developed.	Number of posters and factsheets on improved technologies generated by RELCs developed, produced and distributed	Number of factsheets	4	4	18	14

### **Ministry of Fisheries and Aquaculture Development**

**Budget Programme Title:** Fisheries Resource Management

**Sub Programme 2.1 Objective:** To enhance sustainable management and conservation of marine resources for national benefits

<b>Marine Fisheries Resource Management</b>	<b>Outcome</b>							
	Fishing efforts control	Number of industrial vessels registered and licensed	No.	142	120	129	-9	
		Number of canoes registered and embossed	No.	9103	12,728	12,728	-	
		Number of fishing holidays for canoes (days)	No.	104	104	104	-	
		Months of closed season established for industrial trawlers	No.	2	2	2	-	
	Value Chain Development	Number of small-scale fish landing sites developed	No.	0	2	2	-	

**Sub Programme 2.2 Objective:** To promote sustainable inland fisheries resource exploitation for national development

	Fishing efforts control	Number of frame survey conducted	No.	0	1	0	-1	
--	-------------------------	----------------------------------	-----	---	---	---	----	--

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
		Percentage of canoes registered and embossed	%	0	70	70	-	
		Number of fishing holidays for canoes (days)	No.	52	104	104	-	
	Community-Based Fisheries Management Committees Formed	Number of functional CBMCs	No.	2	6	2	-4	Awaiting approval of Co-management Policy
	Establish fish landings from inland water	Total Landings	Mt	76,753.66	73,627.80	81,204.51	-7,576.71	

**Sub Programme 2.3 Objective:** To conduct scientific research for the sustainable management of the fisheries and aquaculture resources

Fisheries and Aquaculture Research &	Upwelling Indices established	Upwelling Index	Index	13.4	22	10.1	11.9	
	Productivity of marine environment established	Monthly Mean Plankton Displacement Volume	Mean (Number of Zooplankton organisms per 1000 m <sup>3</sup> of seawater)	150	150	140	10	
	Fish Production level established for various marine fleet	Production figures	Mt	306,601	392,307	316,146	76,161	
	Biomass of marine fish stocks established	Small Pelagics	Mt	177,000	200,000	172,000	28,000	
		Demersals	Mt	45,000	60,000	50,232	9,768	
	Mean fish length of selected species established	Sardinella	Length (cm)	19	19	19	0	
		Anchovies	Length (cm)	7	7	7	0	
		Chub mackerel	Length (cm)	15	15	15	0	
		Pagellus Bellottii	Length (cm)	34	34	34	0	
		Pseudotolithus Senegalensis	Length (cm)	53	53	53	0	
	Marine Artisanal Fishing Gear Survey conducted	Number of gears	No.	N/a	12300	12300	0	

**Budget Programme Title: Aquaculture Development**

**National Objective:**

**Programme 3 Objective:** 1. Increase domestic fish production to offset the importation of fish and fishery products,  
2. Create additional job opportunities for economically active unemployed men and women along the aquaculture value chain,

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks					
					Budget Year Target	Annual Actual	Variance						
3. Support Government efforts to achieve national food and nutrition security, and 4. Contribute to economic development.													
<b>Sub Programme 3.1 Objective: To produce quality, fast growing and hardy seed of aquatic organisms for sale to potential grow-out aquaculture operations</b>													
Fishery Hatchery Operations	<b>Outcome 1</b>												
	Aquaculture value chain developed	Number of existing public hatcheries rehabilitated	No.	2	1	2							
		Number of new hatcheries established	No.	1	1	1							
		Number of fingerlings produced from hatcheries (in million)	No.	178.9	320.1	201.69	118.41	Target not achieved because of the outbreak of fish diseases on the aquaculture enclave of the Volta Lake where most of the fingerlings are produced.					
		Number of existing fingerling producers trained	No.	40	50	23	-27						
		Restocking of dams and dugouts (numbers)	No.	11	30	0	-30	Programme on HOLD due to lack of funds due to non-sign-up and start-up of Phase 2 of the World Bank Project (WARFP).					
		Additional fish produced from dams & dugouts stocked	Mt.	0	7,162.20	4,297.32	2,864.68	Data collated from 20 dams with 12 more on-going					
<b>Sub programme 3.2 Objective: To equip existing and prospective fish farmers with the relevant husbandry management tools and practices to enable them run aquaculture enterprises as viable businesses</b>													
Aquaculture Training and Extension	<b>Outcome 2</b>												
	Extension services provided for fish farmers	Total # of Aquaculture establishments covered	No.	1,400	2,050	2,546	+496	Extension service delivery increase above the target although movement of live fish from Lake					

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
								side to hinterland was banned due to the incidence of the ISKNV disease and restricted movement of limited staff to conduct extension service.
		Number of extension service delivery personnel recruited and trained annually	No.	20	40	15	-25	15 NABCO personnel recruited and trained
Aquaculture production	Total aquaculture production		Mt.	52,470.49	129,302	52,350	-76,952	Target not achieved due to huge fish kill caused by the Infectious Spleen and Kidney Necrosis Virus (ISKNV) Disease in March-April 2019. A single farm lost 18,000mt valued at GHS261,000,000.00 and about 30 small and medium scale fish farms closed down.
Aquaculture for Food & Jobs	Number of beneficiaries (youth) engaged and trained with technical skills	No.	n.a	2,000	321	-2,512	321 youth trained in modern aquaculture production methods. Programme to be fully rolled out in 2020	
	Number of beneficiaries (nucleus farmers and out-growers) engaged	No.	n.a	833	0		Shift in priority focus to Youth in Aquaculture to	

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
		Additional quantity of fish produced	Mt.	n.a	22,284	0.53		support the interested and productive youth
								0.53mt out of 12,150mt target from Youth in Aquaculture, which was piloted under the AFJ Programme in James Camp Prison (Accra).
								321 beneficiaries from James Camp Prison and the Adansi Youth Association

**Budget Programme Title: Fisheries Law Enforcement**

**National Objective:**

**Programme Objective 4:** To protect and conserve the fisheries resources of Ghana through enforcement of fisheries laws and regulations and sensitisation and education of all stakeholders.

Monitoring, Control and Surveillance	Improved fisheries judicial arrangement	Proportion of cases adjudicated	%	10	10	52	+42	High incidence of infractions in Ghanaian waters.
		Average no. of days taken to dispose of cases	No.	30	15	15	-	
	Patrols on water bodies undertaken	No. of Sea Patrols	No.	27	35	12	-23	12 sea patrols totaling 160hours conducted
		Vessels boarded during patrols	No.	6	8	8	-	
		Number of Observers Missions	No.	200	760	593	-157	Target not achieved due to implementation of 2019 2-Month Closed Season for Industrial Vessels
		Observer Coverage (%)	%	40	100	100	-	All Industrial vessels that moved had observers on board

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks

#### Research and Development Programme

National Objective: Enhance the application of science, technology and innovation

Programme Objective: To promote and develop Science, Technology and Innovation in all sectors of the economy for socio-economic development

Sub-Programme Objective: Promote the application of Science, Technology and Innovation in all Sectors of the economy

Outcome 7: Application of Science, Technology and Innovation promoted in all Sectors of the economy

Scientific and Industrial Research	Output 1	Biotechnology: - Germplasm collected, characterized, conserved and distributed nationwide.	No. of Plant Accessions collected and conserved	5267	6,500	7,957	+1457	Target exceeded
			No. of Plant Accessions distributed nation Wide	7500	9,600	9017	583	Target not met
	Output 2	Improved varieties of crops, livestock, fisheries and Poultry Developed and transferred	No. of improved varieties of crops and animal developed and disseminated	8	10	12	+2	Target exceeded
	Output 3	Landscape management systems or technologies resilient to climate	No. of technologies for Sustainable management,	4	6	2	4	Target not met

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
Scientific and Industrial Research		change vulnerabilities in time and space	conservation and utilization of forest resources developed					
	Output 4	Water, air and soil borne diseases Controlled and eliminated	Percentage reduction in rate of Morbidity, Morality and Poverty associated with NTDs.	4-6%	6-8%	4-6%	2-2%	Target not met
	Output 5	Local raw materials used to develop essential materials and industrial products.	Number of artisans/stakeholders trained on products developed from local raw materials	90	100	50	50	Target not met due funds
	Output 6	Renewable Energy systems for both domestic and commercial buildings Promoted.	No. of solar or renewable energy systems promoted and installed	1,723	1,380	50	1,330	Trained training of Trainers Five (5) from each of the then 10 old regions
	Output 7	ICT Centre for the provision of electronics and computer engineering services Established.	No. of training sessions organized.	4	6	2	4	Target not met due funds
	Output 7 b	ICT Centre for the provision of electronics and computer engineering services Established.	No. of Software Solutions Developed and/or Deployed	2	6	6	-	Target Achieved
	Output 8	Baseline surveys and adoption studies of released crop varieties conducted.	Number of baseline surveys and adoption studies carried out on a crop variety	3	4	4	-	Target Achieved
	Output 9	Improved planting materials produced and sold	Number and type of planting materials produced	135 000 oil palm germinated seeds  125 000 oil palm seedlings	150 000 oil palm germinated seeds  135 000 oil palm seedlings	170,000 Oil Palm Germinated Seeds  104,450 Oil Palm Seedlings	+20,000 Oil Palm Germinated Seeds  30,550 Oil Palm Seedlings	Target exceeded  Target not met  Target exceeded

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
					2,700 coconut seedlings	4,647 coconut seedlings	+1947 coconut seedlings	
<b>National Objective:</b> Enhance the application of science, technology and innovation								
<b>Programme Objective:</b> To promote and develop Science, Technology and Innovation in all sectors of the economy for socio-economic development								
<b>Sub-Programme Objective:</b> To develop and promote the utilization of nuclear, biotechnology, space science and other related technologies for socio-economic development through research, training and commercialization								
<b>Outcome 8: Science, technology and innovation through research and development in nuclear science and space science technologies promoted</b>								
Nuclear and Space Science Technology	Output 1	Safety assessment of telecommunication base stations/cell sites (Conditional Compliance assessment) conducted	Number of Base Stations Assessed.	260	400	373 Conditional compliance certificates issued	27	Target not met
	Output 2	Telecommunication masts/base stations Monitored	No. of masts/base stations monitored	412	1000	1301 base stations assessed	+301	Target exceeded
	Output 3	Occupational exposures for mine, industrial, medical, educational and educational research institution workers monitored.	Number of occupationally exposed workers involved in ionizing radiation monitored	250	700	632 occupational exposed workers monitored	68	-
	Output 4	Consumable water by Gross alpha-beta and Gamma activity contamination measurement assessed	Number of samples analyzed	500	700	400 Sample analysed	300	-
	Output 5	Siting and feasibility studies towards introduction of nuclear energy in Ghana conducted.	Level of siting and feasibility studies completed	25%	40%	100% completed the selection of candidate sites 4 sites selected	+60%	Target Achieved
	Output 6	Stakeholder and public sensitization meetings on adoption of nuclear power organized	No. of public awareness, knowledge and acceptance of nuclear power programme organized	10	25	4	21	-

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
	Output 7	MPhil students Trained	Number of students trained	34	34	24	10	-
	Output 8	PhD students Trained	Number of students trained	6	6	2	4	-
Nuclear and Space Science Technology	Output 9	Post graduate Education Course (PGEC) in Radiation Protection organized.	Number of radiation workers trained.	25	25	22	3	-
	Output 10	Field established for release of four varieties of cherry tomatoes by 2019	Number varieties released to farmers	3	4	5 (multi-locational trial underway) Tomato lines developed at BNARI have been characterized for their desirable traits	+1	Target Achieved
	Output 11	Production plant for protein bait to control fruit fly menace completed.	Level (%) of completion of Protein Bait Plant	75 % complete	100%	75% Business Plan for the protein bait production unit is almost complete to enable us source loan internally or elsewhere for the completion of the facility and start production	25%	Target not met
	Output 12	GIF for management of postharvest losses	Tonnage of products irradiated	95	100	25	75	-
	Output 13	Satellite converted into radio telescope for astronomical studies	Level of conversion	95%	100%	100% Satellite already converted	-	Target achieved
	Output 14	Ghana Space Policy developed	Ghana Space Policy developed by	-	31 <sup>st</sup> Oct	100% draft policy completed	-	Done

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
Nuclear and Space Science Technology	Output 15	Outreach programmes to establish Astronomy Clubs in educational institutions organized	Number of established clubs in senior high schools.	15	30	1000 Students from JHS, SHS and Universities visited Ghana Radio Astronomy Observatory (GRAO).	+970	Target Achieved
	Output 16	Scientific assessment of the environment and human health impact of e-waste conducted.	Number of research reports on the health impact of e-waste management in Ghana	5	7	4	3	-
	Output 17	Welding and NDT professionals trained.	Number of welders/NDT personnel certified.	30	45	15	30	-
	Output 18	Research conducted to improve radiotherapy and cancer treatment.	Number of researches conducted towards improving cancer treatment.	5	6	14	+8	Target exceeded

#### Environmental Protection and Management Programme

National Objective: Reduce Environmental Pollution

Programme Objective: • To enhance the application of Act 490 and its regulations, to reduce environmental impacts, control environmental degradation and enhance restoration of degraded resources.

Sub-Programme Objective: To undertake environmental assessment and ensure compliance with Act 490 and its regulations in order to avoid pollution and environmental degradation as well as stimulate sustainable development

#### Outcome 9: Environmental Assessments and Audits undertaken to ensure compliance with environmental regulations

Environmental Compliance and Enforcement	Output 1	Improved compliance with sector specific EA guidelines and standards.	Percentage of sectors covered by EA: - oil and gas exploration, - agriculture	100%	100%	100%	-	Target Achieved
	Output 2	National Oil Spill Contingency Plan operationalized.	Number of simulation exercises undertaken	1	1	2	+1	Target Achieved

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
Environmental Compliance and Enforcement	Output 3	Approval given (EA and EMP permits) to companies for them to comply with Environmental Assessment (EA) regulations	Number of permits issued	9,277	5,612	7,621	+2,009	Target exceeded
	Output 4	Level of pollution of effluent quality from industries sampled and analyzed	Number of industries monitored for effluent quality	52	75	165	+90	Target exceeded
	Output 5	Annual compliance monitoring undertaken.	Number of Annual compliance monitoring events: Accra Other Regions	4 13	4 11	5 11	+1 -	Target achieved Target achieved
	Output 6	Environmental indicators - air quality monitored.	Number of monitoring locations (Accra + regions)	14 sites	16 sites	14 sites	2 sites	-
	Output 7	Register on pesticides and industrial and consumer chemicals for proper handling and labelling developed.	Copy of a completed Register	1	1	1	-	Target Achieved
	Output 8	Pesticides/industrial chemicals post registration and licensing/compliance monitoring and surveillance carried out.	Number of monitoring undertaken	1	1	9	+8	Target exceed
	Output 9	Industries monitored to ensure the use of bio-Oxo degradable additives in the manufacture of flexible Plastics	Number of industries monitored	28	29	32	+3	Target achieved
	Output 10	System that effectively and rapidly responds and deal with chemical related emergencies nationwide developed	Percentage completion of the system	30%	60%	45%	15%	It was merged with Ministry of Health Plan

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
	Output 11	climate change issues incorporated into sector medium term plans	Number of sectors with climate change mitigation and adaptation strategies	8	9	9	-	Target Achieved
<b>National Objective: Reduce Environmental Pollution</b>								
<b>Programme Objective:</b> • To enhance the application of Act 490 and its regulations, to reduce environmental impacts, control environmental degradation and enhance restoration of degraded resources.								
<b>Sub-Programme Objective:</b> To enhance understanding on environmental issues through awareness creation in the media, and also through environmental education and community-based initiatives								
<b>Outcome 10: Awareness created on environmental challenges facing the nation</b>								
<b>Environmental Education, Information and Communication</b>	Output 1	E-waste recyclers trained on sustainable management of e-waste	Number of trainings undertaken	3	3	6	+3	Target exceeded
	Output 2	Stakeholders trained on pesticide regulation and safe/judicious use of pesticides.	Number of training exercise undertaken on safe handling of pesticides	2	5	3	2	-
<b>National Objective: Reduce Environmental Pollution</b>								
<b>Programme Objective:</b> To enhance the implementation of ACT 895, to provide for the regulation and management of activities and practices for the peaceful use of nuclear material or energy, radioactive material or radiation; to provide for the protection of persons and the environment against the harmful effects of radiation hazards; to ensure the effective implementation of the country's international obligations and for related matters.								
<b>Sub-Programme Objective:</b> To ensure the protection of humans and the environment from the harmful effects of radiation.								
<b>Outcome 11: Persons and the environment protected against the harmful effects of radiation hazards</b>								
<b>Enforcement and Compliance of Ionizing and Non-Ionizing Radiation</b>	Output 1	Users of radiation complying with provisions of the regulations and guidance documents	Number of users of radiation applying the regulations and guidance documents	150	200	361	+161	Target exceeded
	Output 2	Reduction in the number of authorized facilities with noncompliance issues resulting in the protection of people and the environment from harmful effects of radiation	% of facilities with Noncompliance issues	15%	15%	3.47%	11.53%	Target not met due funds
	Output 3	General public and users of radiation sources educated	Number of education events held	265	300	361	+61	Target exceeded

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
<b>Enforcement and Compliance of Ionizing and Non-Ionizing Radiation</b>	Output 4	Up-to-date National register of radiation sources and of persons authorized to carry out any activity or practice related to a source of radiation.	Number of new equipment added to the register	1	1	80	+79	Target exceeded
	Output 5	Regulations for the control of ionizing and non-ionizing radiation;	Number of regulations drafted and reviewed	6	6	3	3	Target not met due funds
	Output 6	Guidance documents for the control of ionizing and non-ionizing radiation; and radiation devices available.	Number of Guidance documents drafted and reviewed	8	10	15	+5	Target exceeded
	Output 7	Compliance by users of radiation sources and devices to Regulatory Requirements.	Number of facilities inspected and authorized	250	250	223	27	Target not met
	Output 8	Non-compliance issues Resolved	Number of enforcements carried out	10	25	13	12	Target not met due funds

#### **Spatial Planning and Human Settlement Programme**

**National Objective:** Promote sustainable, spatially integrated, balanced and orderly development of human settlements

**Programme Objective:** To promote efficient and effective planning and management of human settlements and ensure compliance with guidelines, standards and regulations to support socio-economic development

**Sub-Programme Objective:** To undertake research and formulate appropriate policies aimed at enhancing the planning and management of land use and human settlements in Ghana.

#### **Outcome 12: Land use planning, urbanization management and general human settlement development enhanced**

<b>Human Settlements and Land Use Research and Policy</b>	Output 1	National zoning regulations and planning standards published and Distributed (Revised editions from 2019 onwards)	Number of published guidelines on zoning regulations and planning standards distributed	100	300	0 No activity undertaken	300	Inadequate funds to undertake the activity
	Output 2	Reviewed Manuals for spatial plan completed (Revised editions from 2019 onwards)	Number of spatial planning manuals distributed	100	300	0 No review done	300	Inadequate funds to undertake the activity

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks		
					Budget Year Target	Annual Actual	Variance			
<b>Enforcement and Compliance of Ionizing and Non-Ionizing Radiation</b>	Output 3	Development permitting procedures and business manual	Number of permitting guides and business manual distributed	150	300	0 Activity not undertaken development	300	Inadequate funds to undertake the activity		
	Output 5	The Legal Instruments for Act 925 completed and operational Scheme of Service completed	Date of Passage acceptance of LIs by parliament	Final Draft with Attorney General as at December 2018	August 2019	July 2019	-	Target Achieved		
			Availability of scheme of service report	-	30 <sup>th</sup> September	Final draft of Scheme of Services available as at June	-	Target Achieved		
	Output 6	Staff recruited for LUSPA	Number of Physical Planners recruited	100 spatial planners	100	132	+32	Target exceeded		
	Output 7	Functional Regional Spatial Planning Committees established. Head office complex of LUSPA completed	Number of RSPCs inaugurated	8	10	10	-	Target achieved		
			% completion level of office building	0	40	0	40	Inadequate funds to commence office building construction		
<b>National Objective:</b> Promote sustainable, spatially integrated, balanced and orderly development of human settlements										
<b>Programme Objective:</b> To promote efficient and effective planning and management of human settlements and ensure compliance with guidelines, standards and regulations to support socio-economic development										
<b>Sub-Programme Objective:</b> To enhance efficiency in land use planning and human settlement management										
<b>Outcome 13:</b> Land Use Planning and Management Information System (LUPMIS) integrated into the National Spatial Data Infrastructure (NSDI) of Ghana										
<b>Geographic Information Systems Development</b>	Output 2	LUPMIS (GIS) training organized for all MMDAs (stakeholders)	Number of MMDAs (stakeholders) with GIS Training Received (Reports available)	52 MMDAs trained	254 MMDAs	260 MMDAs trained on QGIS	+6	Target exceeded due to the increased number of MMDAs		
<b>National Objective:</b> Promote sustainable, spatially integrated, balanced and orderly development of human settlements										
<b>Programme Objective:</b> To promote efficient and effective planning and management of human settlements and ensure compliance with guidelines, standards and regulations to support socio-economic development										
<b>Sub-Programme Objective:</b> To implement the new spatial planning model involving preparation of spatial development frameworks, structure and local plans										
<b>Outcome 14:</b> Spatial planning integrated into the national and local development planning process										

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
<b>Spatial Plan Preparation</b>	Output 1	Regional Spatial Development Frameworks	Number of RSDF's prepared	-	1 Central Region	0	1 Central Region	Inadequate funds released for this purpose
	Output 2	District Spatial Development Frameworks	Number of District Spatial Development Frameworks	2	50	0	50	No funds allocated for the preparation of SDFs by MMDAs
	Output 3	Structure Plans for major settlements prepared of MMDAs	Number of Structure Plans prepared (for MMDAs)	2	50	0	50	No funds allocated for the preparation of SPs by MMDAs
	Output 5	Monitoring and Evaluation visits on RSPAs and MMDAs	Number of M & E visits undertaken on RSPAs	0	10	16	+6	The six newly created regions were added
	Output 5		Number of M & E visits undertaken on MMDAs	0	254	110	144	Inadequate funds to cover the then 254 MMDAs

**Biotechnology Development Programme**

National Objective: Mainstream Science, Technology and Innovation in all socio-economic activities

Programme Objective: To promote public awareness, participation and education concerning the activities of the Authority and to liaise with any other agency or international organizations concerned with biotechnology and biosafety

Sub-Programme Objective: • To effectively regulate the production and transfer of genetically modified organisms

Outcome 15: Adequate level of protection ensured in the field of safe development transfer, handling and use of genetically modified organisms

<b>Biosafety Regulation</b>	Output	Approval for the NBA scheme of service	Scheme of service approved and embossed by Public Service Commission (PSC)	0	1	1	-	Target met
	Output	Passage of Biosafety Regulations	Regulations submitted to parliament for passage	0	1	2	+1	Target exceeded
	Output	Research institutions compliant with terms and conditions attached to permits granted in accordance to the Biosafety law	No. of Institutions compliant with conditions of permits granted	2	4	2	2	Target not met
	Output	Biotechnology and biosafety staff trained on biosafety guidelines	No. of trainings conducted on	3	4	4	0	Target Achieved

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
		Biotechnology and Biosafety guidelines.						
<b>Ministry of Energy</b>								
Budget Programme Title: Power Sector Development and Management								
National Objectives: •Ensure availability of, clean, affordable and accessible energy •Ensure efficient transmission and distribution system								
Programme Objectives: To restore financial health in the Power sector								
Sub Programme Objective: To ensure adequate and reliable power supply								
Generation & Transmission	Outcome: 1. Increased installed generation capacity 2. Increased revenue for energy transmission							
	Output	Expansion of generation capacity	Additional power generation capacity installed in MW	0	724	340	384	Capacity increased with the completion of the 340 Cenpower and 190 Amandi Power Project. Early Power project is ongoing.
		Revenue from energy transmission will increase	% change: Transmission losses	4.0	4.70	4.52	0.18	
Sub programme Objective : To increase access to electricity								
Distribution	Outcome: Increased electricity access rate							
	Output	Electricity extended to deprived communities	Number of communities connected to the national grid	278	950	448	502	Inadequate budgetary allocation for the Ministry's operations budget to procure some key materials for the project High target set
		Access to Electricity increased	Percentage communities connected	84.32	87	84.98	2.02	Lack of funds for procurement and payments for goods and services.
Budget Programme Title: Petroleum Sector Development								
National Objectives: • Promote petroleum exploration • Promote development and use of indigenous capabilities for exploitation of petroleum resources								

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks					
					Budget Year Target	Annual Actual	Variance						
<ul style="list-style-type: none"> <li>• Leverage oil and gas industry as a catalyst for national economic development</li> </ul>													
<b>Programme Objectives:</b> To formulate, monitor and evaluate the implementation of policies relating to the petroleum sub-sector.													
<b>Sub Programme Objective:</b> To formulate, monitor and evaluate policies relating to Upstream development													
Upstream Development	<b>Outcome: Increased Oil and Gas Production</b>												
	Output	Production figures from the Jubilee field	Annual volume of oil produced	Oil 24.46 mmbbls	Oil 34.68 mmbbls	Oil 31.92 mmbbls	2.76	Shortfall due to the limitation on gas export.					
			Annual volume of gas produced for export	19.33 Bscf	34.68 Bscf	20.69 Bscf	3.99						
	Production figures from the TEN field	Annual volume of oil produced	23.56 mmbbl	25.95 mmbbl	22.32 mmbbl	3.63	Shortfall due to limitation on gas export.						
			Annual volume of gas produced for export	8.39 Bscf	5.48 Bscf	0.69 Bscf	4.79 Bscf						
	Production figures from the Sankofa-GyeNyame field	Annual volume of oil produced	10.1 mmbbl	10.95 mmbbl	17.2 mmbbl	6.25 mmbbl	Exceeded the target because more gas was exported.						
<b>Sub programme Objective : To formulate, monitor and evaluate policies relating to Downstream development</b>													
Downstream Development	<b>Outcome: Low reliance on wood fuels</b>												
			Number of cylinders distributed	29,980		2040							
<b>Sub programme Objective: To develop, monitor and evaluate policies to ensure health, safety and security of the Petroleum sector</b>													
Health, Safety , Environment and Security	<b>Outcome: Improved safety measures put in place</b>												
		HSE Policy drafted and implemented	% of policy drafted	Policy drafted	Policy passed by Parliament	Policy finalized.		The policy will be incorporated in the National Energy Policy and submitted to Cabinet in 2020.					
<b>Budget Programme Title: Renewable Energy Development</b>													
<b>National Objectives:</b> Ensure availability of, clean, affordable and accessible energy													
<b>Programme Objectives:</b> To formulate, monitor and evaluate the implementation of policies relating to the renewable energy sub-sector.													

Sub-programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks				
					Budget Year Target	Annual Actual	Variance					
<b>Sub Programme Objective:</b> To formulate, monitor and evaluate the implementation of policies relating to the renewable energy sub-sector.												
<b>Renewable Energy</b>	<b>Outcome:</b> Increased penetration of renewable energy in the energy supply mix											
	Output	Renewable Energy Penetration	RE capacity addition to the grid (MW)	42.6	8.65	12.9	4.25	Target exceeded by 49.13% due to favorable market conditions (high utility tariffs favoring RE investment and cheaper cost/kW installed solar PV) for embedded renewable energy generation.				
<b>Sub programme Objective:</b> To formulate, evaluate and monitor the implementation of policies related to the nuclear and alternative energy subsector.	<b>Outcome:</b> Increased penetration of nuclear energy in the energy supply mix											
	Output	Owner/Operator Company Established and Operational	Percentage of tasks completed for the Legislative Instrument Establishing Owner/Operator Assented	Cabinet memo on Owner-Operator submitted to the office of Government Affairs	Approval of Ghana First Nuclear Plant	Owner operator for First Nuclear Power Plant established and registered as Nuclear Power Ghana Limited (NPG)						
<b>Alternative Energy</b>	Phase II activities of Nuclear Electricity	Percentage of tasks completed	15	15	10	5	Programme Comprehensive Report could not

### Infrastructure Sector

#### Ministry of Sanitation and Water Resources

##### Programme 2 - Water Management

Programme 2 Objective: Improve access to safe and reliable water supply services for all as well as ensure efficient management of water resources

Sub Programme Objective: The water sector management sub-programme seeks to coordinate and manage the operations and activities of the water sub-sector.

2.1 Water Sector Management (Water Directorate)	Improved coordination of programmes and activities of sub sectors							
	Output	Organisation of the Annual Ghana WASH Forum	Annual Ghana WASH Forum organized	N/A	Programme to be held by December 2019	Programme not held		
	Output	Review of the National Water Policy	National Water Policy reviewed	N/A	Develop Concept Note for the revision by December 2019	Draft concept note developed, and stakeholder consultations carried out		
	Output	Celebration of the Annual World Water Day	Annual World Water Day celebrated	Held	Celebration of the day by March 22, 2019	Celebration held		
	Output	Attend International and Regional Seminars, workshops, meeting and conferences	Number of International and Regional Seminars, workshops, meeting and conferences attended	5	5	8		

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks				
					Budget Year Target	Annual Actual	Variance					
<b>Sub-Programme objective:</b> To regulate and manage the sustainable utilization of the country's water resources, including shared resources with her riparian neighbours												
2.2 Water Resources Management (Water Resources Commission)	<b>effective management and utilisation of the Country's fresh water resources</b>											
	Output	Water Registration Permitting and Licensing	Number of new permits and licenses	90	95	75	20					
	Output	Water use and drilling license monitoring	Number of permit and license holders monitored	70	85	52	33					
	Output	Water quality Assessment	Number of stations assessed with good water quality	45	60	56	4					
	Output	Ground Water Assessment	Number of monitoring boreholes assessed	34	34	0	34					
	Output	Public Awareness and Education	Number of workshops/media programmes	35	40	18	22					
	Output	Ecological Monitoring and Hotspots	Number of monitoring visits	25	30	22	8					
	Output	Buffer zone enrichment	River banks protected-hectares	15	20	1.2	18.8					
	Output	Basin offices established and made functional	Number of new offices	0	1	0	1					
<b>Sub-Programme objective:</b> Improve access to safe and reliable water supply services for all												
2.3 Urban Water Management (Ghana Water Company Limited)	<b>Accelerate the provision of affordable and safe water to urban dwellers</b>											
	Output	Water production	Million gallons /year	64,910.00	67,480.00	66,140	1,340.00					
	Output	Water sales	Million gallons / year	34,880.00	40,490.00	35,060	5,430.00					
	Output	Billing and collection ratio	Percentage collection	100%	100%	80%	20%					
<b>Sub-Programme objective:</b> Improve access to safe and reliable water supply services for all												
2.4 Rural Water Management (Community Water and Sanitation Agency)	<b>Provide basic WASH services to rural communities, small towns and institutions that are willing to contribute towards the normal operation, maintenance and repair cost of the facilities</b>											
	Output	Construction of boreholes	Number of boreholes successfully drilled with hand pumps installed	6	189	110	79					
	Output	Construction of small community's pipe systems	Number of systems practically completed	3	0	0	0					

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
	Output	Construction of Small Towns Pipe systems	Number of small towns pipe practically completed	3	14	0	14	
	Output	Construction of institutional latrines	Number of Institutional latrines practically completed	81	0	89		
	Output	Construction of Household latrines	Number of household latrines practically completed	24	14,000	7,401	6,599	

### Programme 3 - Sanitation Management

Programme 3 Objective: Enhance access to improve and reliable Environmental Sanitation Services

Sub –Programme Objective: To ensure sustainable sanitation services and facilities, evidence-based advocacy, public sensitization and campaigns

3.1 Environmental Health and Sanitation Management	Improved coordination of programmes and activities of sub sectors							
	Output	Review Environmental Sanitation Policy and National Environmental Sanitation Strategy and Action Plan (NESSAP)	Environmental Sanitation Policy and National Environmental Sanitation Strategy and Action Plan reviewed.		Review of the document done as at December	Review of the document begun in September 2019 and is ongoing		
	Output	Review District Environmental Sanitation Strategy and Action Plans (DESSAPs)	District Environmental Sanitation Strategy and Action Plans (DESSAPs) Review clinics organised	-	Review of the document done as at December	Review of the document begun in September 2019 and is ongoing		
	Output	Consolidate existing National Sanitation laws	Environmental Sanitation laws consolidated	-	Consolidate laws by December	Terms of Reference prepared		
	Output	Sanitation Campaign	Number of sanitation ambassadors appointed	-	10	8	2	
	Output	Sanitation Campaign	Number of sensitization materials developed	-	12	9	3	

Sub –Programme 3.2 Objective: To provide basic sanitation and infrastructure for liquid waste management

3.2 Liquid Waste Management	Improved Liquid Waste Management							
	Output	Population with access to improved Household Toilets	Share of Population with access to improved Household Toilets	15%	18%	21%		

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
	Output	Number of communities achieving open defecation-free (ODF) status	Proportion of communities achieving open defecation-free status expressed as a percentage of all communities	16%	23	21%	2%	
	Output	Proportion of liquid waste (faecal matter) safely disposed on site or properly collected, transported and treated off site	Percentage of population whose liquid waste (faecal matter) safely disposed on site or properly collected, transported and treated off site, expressed as a percentage of all the population	7%	9%	19%		

**Sub-Programme 3.3 Objective:** To improve on solid waste collection rate in all major cities in Ghana

Solid Waste Management	Improved Solid Waste Management							
	Output	Proportion of solid waste properly disposed of (major towns/cities)	Percentage of solid waste collected and disposed of in sanitary landfills in the five largest cities – Accra, Tema, Kumasi, Takoradi, and Tamale.	80%	75%	80%		
	Output	Construct Integrated Material Recover/landfill facilities	Number of functioning waste management sites (landfill)	4	-	0	0	
	Output	Construct Transfer stations across the country	Number of functioning Transfer stations	3	-	0	0	

**Sub-Programme Objective:** To identify Environmental Health needs and develop skills for the protection, prevention and promotion of health

Environmental Health and Hygiene Education	Outcome: To produce competent Environmental Health Officers, Occupational Health and Safety Officers and Occupational Therapy Professionals.						
	Output	Admission of students at the Korle Bu School of Hygiene	Number of students admitted	178	220	193	7
	Output	Organise students' field practical at the	Number of student's field practical organized	3	3	2	1

Sub-Programme	Type of Indicator	Description of Indicator	Unit of Measure of Indicator	Baseline	2019			Remarks
					Budget Year Target	Annual Actual	Variance	
		Korle Bu School of Hygiene						
Output	Admission of students at the Tamale School of Hygiene	Number of students admitted		170	170	170	0	
Output	Organise students' field practical at the Tamale School of Hygiene	Number of student's field practical organized		2	2	2	0	
Output	Admission of students at the Ho School of Hygiene	Number of students admitted		294	313	313	0	
Output	Organise students' field practical at the Ho School of Hygiene	Number of student's field practical organized		2	3	2	1	

### Ministry of Works and Housing

Budget Programme Title: Human Settlement and Development

National Objective: Provide adequate, safe, secure and affordable housing

Programme Objective: Increase access to adequate, safe and affordable shelter; Improve and accelerate housing delivery in rural areas; and Promote well-structured and integrated urban development

Sub Programme Objective: Objective: Increase access to adequate, safe and affordable shelter

Outcome 1: Increased access to adequate, safe, secure, quality and affordable housing								
Housing Sector Management	Output 1.1	Acquisition of Land Banks countrywide.	Acres of land banks acquired	Land bank sites (Fiankonya, Sege, Ojobi) inspected. Final payment for 769.63bacre land acquired at Ojobi completed	2,500	• 113 acres land at Fiankonya, Dangme West, Greater Accra Region sourced (identified) • 1,200 acres land at Kweiman, in the Ga-Dangme in the Eastern Region sourced (identified)	-	• Land documentation prepared. However, payment to finalized land acquisition process still pending • Management decision to acquire still pending

## Section Five: On-Going Projects

68. This section shows the details of the various physical projects being executed under MDAs across the country. The detailed information on the projects is based on the sectorial classification of the MDAs. In all, about 1,008 projects were implemented by the five broad sectors with a revised total contract sum of GH¢32,122,765,443.37. The initial total contract sum was GH¢31,773,013,784.87 representing 98.8 per cent of the revised contract sum. The total amount of GH¢349,751,658.50 was for the approved variations on the various contracts and this represent 1.1 per cent of the original contract sum. Total reported payment as at end-December 2019 amounted to GH¢7,166,355,005.05 (representing 22.3 per cent of the total).
69. In terms of the number of contracts being implemented, infrastructure sector is undertaking 624 projects (61.9%), social sector 117 projects (11.6%), public safety sector 101 projects (10.0%) administration sector 91 projects (9.0%), and economic sector 75 projects (7.4%).
70. Total reported payment as at end-December 2019 amounted to GH¢7,166,355,005.05, leaving outstanding commitments of GH¢ 24,956,410,438.33 of the revised contract sums for on-going projects.
71. Summary of the contracts by sectors is presented in **Table 8** while details by MDAs are attached as appendix.

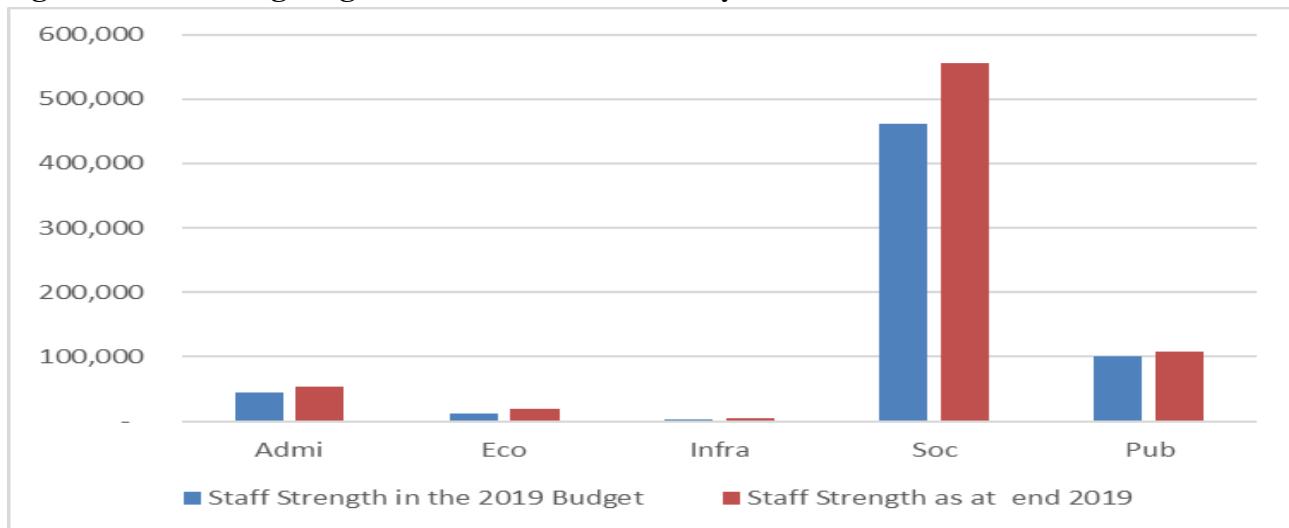

**Table 8: Summary on Government's On-going Projects**

Sn	MDAs	Number of Project	Contract Sum	Variations in Contract Sum	Total Revised Contract Sum	Actual Payments to Date	Balance
1	Administration	91	587,792,873.73	13,584,327.24	601,377,200.97	270,244,421.30	331,132,779.67
2	Economic	75	13,081,006,359.84	13,610,226.35	13,094,616,586.19	2,568,507,904.16	10,526,108,682.02
3	Infrastructure	624	17,635,493,165.37	176,986,275.95	17,812,479,441.32	4,073,025,239.10	13,739,454,202.22
4	Social	117	301,510,357.83	130,169,441.33	431,679,799.16	141,696,078.63	289,983,720.53
5	Public Safety	101	167,211,028.11	15,401,387.63	182,612,415.74	112,881,361.85	69,731,053.89
<b>Total Sectors</b>		<b>1,008</b>	<b>31,773,013,784.87</b>	<b>349,751,658.50</b>	<b>32,122,765,443.37</b>	<b>7,166,355,005.05</b>	<b>24,956,410,438.33</b>

## Section Six: Staff Strength of MDAs

72. This section undertakes a comparative analysis of the establishment ceiling provided in the 2019 Budget Statement for all MDAs vis-à-vis the actual staff strength as at end-December 2019. Staff strength at the end of the period under consideration was 623,366, against the establishment ceiling of 739,197. This shows potentially unfilled vacancies of 115,831 staff (representing 15.7% of the Ceiling) for the period under consideration. The sectorial breakdown is as depicted in Figure 2.

**Figure 2: Staff Strength against Staff Establishment by Sectors**

73. The total financial clearance granted to the various MDAs summed up to 50,862, of which 40,239 (80%) were granted to the Social Sector 4,730 (9%) to Public Safety Sector; 3,474 (7%) to Administration Sector; 2,117 (4%) to Economic Sector, and 53 (0.1%) to Infrastructure Sector.
74. The Administration, Economic, Social and Public Safety Sectors witnessed an increase in their establishment ceilings for the period under review. However, the Infrastructure Sector relatively witnessed a slight increase in their ceilings.
75. Analysis of individual MDAs under the Administration Sector indicated that Office of the Head of the Civil Service, Parliament of Ghana, Ghana Audit Service, and Electoral Commission exceeded their establishment ceilings. However, the Office of Government Machinery, Public Services Commission, Ministry of Foreign Affairs and Regional Integration, Ministry of Finance, Ministry of Local Government and Rural Development, National Media Commission, Ministry of Information, National Development Planning Commission, Ministry of Parliamentary Affairs, Ministry of Planning, Ministry of Regional Reorganization, and Ministry of Monitoring and Evaluation all recorded staff strength below their establishment ceilings.
76. All the Ministries under the Economic sector recorded a staff strength below the establishment levels for the year under review, with the exception of Ministry of Business Development which was within its ceiling.
77. Under the Infrastructure sector, the following Ministries exceeded their establishment ceiling: Ministry of Works and Housing; and Ministry of Special Development Initiatives, while the remaining MDAs recorded a low establishment level for the year under review.

78. Under the Social Sector, the Ministry of Health recorded a higher staff strength against the establishment ceiling. However, the remaining MDAs recorded lower establishment levels under the Social Sector.
79. Similarly, the Ministry of National Security and the Judicial Service recorded higher staff strength as against their established ceilings, while the remaining MDAs under Public Safety were below their establishment levels.
80. As at the beginning of 2019, total staff strength by non-established post was 79,575, but by end of the year the number had reduced by 872 to 78,703.

## **Section Seven: Actions Taken by MDAs on Parliament's Recommendations on the Auditor-General's Report**

81. As at end 2019, a total of three MDAs indicated in their Budget Performance report as having issues to address in relation to the Auditor General's report. They have also indicated to have carried out the recommendations by the Public Accounts Committee (PAC) of Parliament

**Table 9: Audit Recommendation and Actions by MDAs**

Sn.	MDAs	Audit Observation	Recommendation by Parliament	Action Taken
1	Electoral Commission	Allowances of temporary staff not paid through their banks	Payment of allowances to temporary staff should be by bank	Allowances paid through bank accounts
2	Ministry of Energy	Payment of Salaries to undeserving staff	Undertake measures to ensure that the unearned salaries are paid to chest	All concerned staff have paid the unearned salaries into the Government chest
3	Ministry of Food and Agriculture		Management was urged to refer to the findings of the Fire Audit Inspection Report and promptly adhere to the recommendations therein to avert imminent fire disaster.	The following recommendation are executed: <ul style="list-style-type: none"> <li>•Four additional Exit points were provided</li> <li>•Disable Ramp had been constructed.</li> <li>•Fire / Alarm systems are fixed in the new block.</li> <li>•Fire Extinguishers had been installed.</li> <li>•Call points had been identified and labelled.</li> <li>•Management had since been cleared by GNFS</li> </ul>
			The Estate Officer in collaboration with the Legal Unit should take appropriate measures to prevent further encroachment and recover all encroached lands of the Ministry	Encroached Lands: <ul style="list-style-type: none"> <li>a. AMRAHIA <ul style="list-style-type: none"> <li>•Management recovered about two (2) acres out of five (5) acres encroached area at Amrahaia Dairy Farm.</li> <li>•Other Developers on the land had been reported to the Police and a prosecution on -going at Kwabenya Circuit Court.</li> </ul> </li> <li>b. POKUASE <ul style="list-style-type: none"> <li>•Encroaches are squatters</li> <li>•MOFA had so far constructed 7 Residential Accommodations Units for Directors on the site to secure the land from further encroachment.</li> <li>•MOFA had planned to relocate some of its offices in Accra to Pokuase except that management do not have the funds to put the structures.</li> </ul> </li> <li>c. NUNGUA <ul style="list-style-type: none"> <li>•All the encroachment at Nungua farms are at the instance of leases issued by the Lands Commission.</li> <li>•MOFA confronted Lands Commission on several occasions and their response is that they are in charge of all Government Lands.</li> </ul> </li> </ul>
		Non-payment of rent by occupants.	Management should ensure that occupants pay rent, and also pursue the recovery of the outstanding GH¢13,665.93 to chest.	<ul style="list-style-type: none"> <li>•Management had taken steps to ensure that the rents of the tenants are deducted at source by Controller &amp; Accountant – General's Department (CAGD).</li> <li>•With regard to the rent arrears, Management had also taken steps to deduct them at sources through the CAGD.</li> </ul>
			Management should: <ul style="list-style-type: none"> <li>•Charge interest on the outstanding balances at the prevailing Bank of Ghana interest rate.</li> </ul>	Charging of interest on outstanding debts: <ul style="list-style-type: none"> <li>•Management referred to the purchase Agreement and there was no clause on interest payments on outstanding balances.</li> </ul>

<b>Sn.</b>	<b>MDAs</b>	<b>Audit Observation</b>	<b>Recommendation by Parliament</b>	<b>Action Taken</b>
			<ul style="list-style-type: none"> <li>• Publish the names of defaulters in the electronic and print media.</li> <li>• Institute legal action to recover the outstanding debts.</li> </ul>	<ul style="list-style-type: none"> <li>• To forestall such occurrences, management had instituted a new policy of Bank Guarantee for all credit purchases</li> <li>• Management effected the recommendation by publishing the defaulters in the National Dailies.</li> <li>• Auditor -General is pursuing the defaulters to pay the principal and the interest thereon</li> </ul>
			Management should desist from the practice and obtain Parliamentary approval before	<ul style="list-style-type: none"> <li>• Observation was noted, but the reality on the ground is that no Government releases were given to the farm during the period but the imported exotic animals (breeding stock) had to be fed. Meanwhile, steps have been taken to seek approval for the retention but approval for 2017 has since not been granted.</li> </ul>
			Utilizing any portion of revenue generated internally. Management was urged to strictly adhere to the provisions of the Procurement Act.	<ul style="list-style-type: none"> <li>• Director APD was to caution the Farm Manager to desist from such activities and adhere strictly to the provisions of the Procurement Act.</li> <li>• The Farm Manager was to be further cautioned to review all relevant documentation to ensure that they are genuine before processing them.</li> </ul>

## **Section Eight: Conclusion**

82. The 2019 Budget Statement heralded “**Mpongwo**”, “A Stronger Economy, for Jobs and Prosperity,” where it put in place the necessary measures to build a resilient economy. The economy achieved a 6.5 percent GDP growth rate, while headline inflation remained in single digits within the medium-term target band of 8±2% and ended the year 2019 at 7.9 percent.
83. Government’s job creation agenda in 2019 was facilitated by its industrialisation programme, infrastructure development, and agriculture modernisation. The industrialisation programme prioritised Government support to the development and evolution of indigenous Ghanaian businesses, amongst others.
84. Infrastructure development in 2019 was devoted to critical infrastructure in the country, with railway infrastructure seeing a considerable upgrade in the fiscal year, although there is still more to be done. The policy for agriculture modernization since 2017, which was to improve production efficiency, achieve food security, improve profitability margins of farmers, and create jobs, and increase exports, using agriculture as a springboard for Ghana’s industrialization, was continued in 2019, with particular emphasis on Government’s flagship programme of Planting for Food and Jobs.
85. Achievements in the Inner-Cities and Zongo Communities Programme, Private Sector and Entrepreneurship Development, and National Entrepreneurship Innovation Programme were geared towards achieving prosperity for all, and moving “Ghana Beyond Aid through Leaving No One Behind” as enshrined in agenda 2030 of the UN Sustainable Development Goals.
86. These achievements in 2019 are expected to serve as the catalyst for continued economic growth and development and drive Ghana towards achieving its objectives as a higher middle-income status.
87. God bless our homeland Ghana and make our nation great and strong.

REPUBLIC OF GHANA
