Performance highlights for the Quarter

In the reporting period, Uganda Export Promotion Board was able to carry out the following activities;
Held 1 quarterly National Export Coordination Committee meeting.

Participated in a Diaspora convention held on 29th - 30th October 2022 in UAE.

Participated in the 5th China International Import Expo 2022 in Shanghai China through the Ugandan Embassy.

50 women along the cheer butter value chain were trained with support from Uganda Women Entrepreneurs Association Limited.

Export Readiness self-checker done by 33 companies from the UMA trade fair.

Participated in the Sheema District Show 2022 where 300 MSMEs who participated were engaged on Export Readiness.

Participated in the EU-Uganda business forum where 9 companies were registered for export readiness.

Participated in the EAC Jua-Kali Expo with over 360 participants.

Did capacity building for Uganda Medical Association where 60 doctors were trained on medical services exports.

Variances and Challenges

By end of quarter two, Uganda Export Promotion Board received Ugx 2.235 billion against the approved budget of Ugx. 8.428 billion which represents 26.5%. Out of the received funds, Ugx. 1.594 billion was spent representing a budget absorption rate of 18.9% and 71.3% of the released funds. The low absorption is attributed to non-utilization of wage since planned recruitment did not take place and non-utilization of development funds of Ugx. 0.01 billion awaiting more releases.

For Wage, Ugx. 1.281 billion was received against the approved of Ugx. 2.561 billion which represents 50%. Out of the received funds, Ugx. 0.740 billion was spent representing a budget absorption rate of 57.8%. This was due to non-recruitment of planned staff.

For Non-Wage, Uganda Export Promotion Board received very low release of Ugx. 0.943 billion against the budget of Ugx. 5.833 billion which represents 16.2% and 14.6% of the released funds. Out of the received funds, Ugx. 0.854 billion was spent representing a budget absorption rate of 90.6%.

During the quarter the vote had a virement of Shs. 556,288,000 (Five hundred fifty six thousand, two hundred eighty eight thousand shillings only) from different budget items to Travel Abroad budget item to cater for critical activities abroad.

The vote faces a challenge of staffing gap with no presence in the regions and thus there is a critical need for recruitment to enable adequate deployment in the regions to extend export promotion services and the development budget provision is low to do any meaningful activity.

- 12). 19,514,789 cards have been printed since inception up to the end of Q2 FY 2022-2023
- 13). 16,564,270 cards have cumulatively been issued by close of Q2.

Variances and Challenges

VOTE: 137 National Identification and Registration Authority (NIRA)

- 1). Lack of NIRA home resulting into continuous disruption of NIRA operations at the Headquarters due to National Ceremonies at the Kololo independence ground
- 2). Inadequate capacity to register 39.7% (17.2 million) of Ugandans because of the temporary ban by Ministry of Public service on recruitment of staff making the available staff overwhelmed.
- 3). Inadequate infrastructure to facilitate service delivery up to Sub-County level – NIRA services are present in 111 out of 146 districts only.
- 4). Inadequate staff: NIRA is operating at a 50% HR capacity. This has hindered effective service delivery especially in the districts where on average NIRA has only two staff serving a whole district and less than five in urban centers receiving up to 600 walk-ins daily. Data Processing of 60,000 to 105,000 weekly records and backlog of over 1 million is done by 10 people.
- 5). Fragmented obsolete equipment and Technology: The Identification system frequently requires manual intervention for every process; this is prone to errors and wastes a lot of time, compromises accuracy of information during processing and reporting
- 6). Inadequate release of funds continued to affect the implementation of key activities such as outreaches on registration and issuance of National ID Cards which was planned to take place at Parish level in a bid to support the Parish Development Model

Variances and Challenges

VOTE: 139 Petroleum Authority of Uganda (PAU)

Financial Performance

- a) The PAU commenced the Financial Year with an approved annual budget of UGX 63.720 billion. During Q2, the PAU received a supplementary budget of UGX 11 billion and thus the revised PAU budget has risen to UGX 74.720 billion.
- b) Cumulatively, the Ministry of Finance has released UGX 26.557 billion for the PAU out of the revised annual budget of UGX 74.720 billion. The release represents 41.7% of the original approved annual budget and 35.5% of the revised annual budget.
- c) For the half year ending 31st December 2022, the PAU absorbed UGX 22.034 billion of the released funds thus the absorption of 83%. The inability to absorb 100% of the releases is attributed to balances under gratuity for staff who were not due to receive gratuity, balances under wage due to ongoing recruitment and balances under ICT Equipment where there were delays in delivery of procured items by the suppliers.

Challenges

- a) Inadequate funding: For the period July 2022 to December 2022, Out of 74.720 billion, a total of UGX. 26.564 billion (35.54%) was released. UGX 22.094 billion (Wage UGX 11.649 billion, Non-wage UGX 7.550, GoU UGX. 2.895 billion) was spent during the period. This affected the procurement of ICT software and hardware equipment for effective monitoring and regulation of the petroleum industry in Uganda.
- b) Continued negative publicity and misinformation by NGOs and CSOs causing anxiety in communities hosting oil and gas operations.
- c) Delayed compensation for the Project Affected Persons (PAPs) for the Tilenga and EACOP projects. This affected the timely implementation of oil and gas activities.

- Received applications for approval - Tolea Exchange Traded Funds based on equities and fixed income which we are still reviewing this.
- Received New application for licensing; Utilis dealer, Utilis investment adviser these await board approval.
- Financial analysis conducted for: 8 fund managers: Britam, UAP, GenAfirica, ICEA, Sanlam, Xeno, PCP, INUA; 6 brokers: Crested Capital, BIK Securities, UAP, SBG Securities, Dyer & Blair, chipper Technologies. 6-unit trust managers including; SBG, Xeno, ICEA, Britam, Sanlam an UAP. All this to make sure that licensed funds and schemes meet and maintain the minimum capital requirements.

Variances and Challenges

- During Q2, we were unable to conduct inspections owing to the fact that we are constrained by human resources. it is expected that inspections will be conducted in quarter 3.
- Government cuts in budgetary allocations given to the vote necessitated foregoing some planned Q2 activities or reschedule into future quarters. For example 7 radio shows were not carried out

Performance highlights for the Quarter

During the first half of FY 2022/23, URA collected net revenues (gross revenue less refunds) of UGX 11,670.03 billion representing 46.40 percent of the annual net target. A substantial growth in revenue of 14.83 percent (UGX 1,506.83 billion) was registered compared to the same period in the FY 2021/22. However, the net target for the first half of the FY 2022/23 was UGX 11,764.83 billion, therefore, a slight shortfall of UGX 99.19 billion was realised. The total tax refunds were UGX 253.84 billion against a target of UGX 249.82 billion, hence, the actual refunds were more than the projected refunds in the period by UGX 4.02 billion.

Gross Domestic revenue collections were UGX 7,470.03 billion against a target of UGX 7,450.71 billion registering a surplus of UGX 19.32 billion. Subsequently, a growth of UGX 1,240.35 billion (19.91 percent) was realised as compared to the same period in FY 2021/22.

Gross International taxes collections were UGX 4,453.85 billion against a target of UGX 4,563.95 billion registering a shortfall of UGX 110.10 billion. Subsequently, a growth of UGX 377.73 billion (9.27 percent) compared to the same period last year.

Variances and Challenges

By the end of the first half of the FY 2022/23, UGX 269.92 billion had been released, out of which UGX 251.56 billion was spent hence registering a budget absorption level of 93.20 percent against a target of 100.00 percent. The variance is accounted for in ongoing committed procurements for example e-tax2 and e-seals for goods tracking.

Performance highlights for the Quarter

The National Agricultural Research Organisation (NARO), developed four anti-tick vaccines which are Brown ear tick, blue tick, bont tick and cocktail 1, 2, 3. During the reporting period, NARO launched an anti-tick vaccine final trials in Mbarara . The vaccine has the solutions to farmers' problems regarding tick problem affecting farmers livestock. The development of four anti-tick vaccines is a breakthrough which is expected to give a long-lasting solution to ticks in farmers livestock.

NARO has been strengthening partnerships which included Nile Breweries in industry, seed companies among others.

NARO has just published the final impact assessment report on the maize and beans technologies in Uganda. The report highlights the contribution of the two commodities to the economy of Uganda. NARO has initiated another impact assessment study on sorghum technologies.

Variances and Challenges

On station research is heavily dependent on rain-fed agriculture. There is need for NARO to strengthen the institutes with irrigation facilities to mitigate the effects of drought.

Transport facilities are such a huge challenge which impend work and partnership engagements requiring movement and are in tough rural terrain.

Performance highlights for the Quarter

The Bureau compiled and published the annual GDP estimates for FY 2021_2022 where the size of the economy is estimated to have expanded by 4.7 percent during the year, up from the 3.5 percent (revised) in FY2020_2021.

Report on the Quarterly GDP for the 1st quarter of FY2022/23 was published, the economy registered a growth of 7.5 percent compared to the growth of 2.7 in quarter1, of the FY2021/22.

The Bureau continued with the implementation of the Uganda Harmonized Integrated Survey (UHIS) integrating the activities of Uganda National Panel Survey (UNPS), and the Annual Agricultural Survey (AAS) with support from WB, FAO and GOU.

Report on the completion of data processing and analysis of the fifth National Service Delivery Survey during the quarter. Findings of the NSDS were disseminated in September 2022.

Report for the completion of the NLFS 2021. Review of the same and validation of findings by ILO was completed. Findings of the NLFS 2021 were disseminated in November 2022.

Report on the implementation of the 7th round of UDHS, The sample for the UDHS is 700 EAs with a total of about 20,000 households. The UDHS will provide up-to-date information on demographic, health, and family planning status and trends in the country.

Report on the mapping exercise that is currently ongoing in 45 districts

During the period 32 districts of ; Bukedea, Mbale, Mbale city, Kumi, Ngora, Serere, Kalaki, Pakwach, Terego, Koboko, Yumbe, Obongi, Moyo, Ibanda, Rwampara, Lwengo, Kaliro, Iganga, Buyende, Budaka, Butebo, Isingiro, Kitagwenda, Maracha, Madi-Okollo,

Rakai, Bukomansimbi, Kalungu, Mityana, Bugiri, Bugweri, Buhweju districts were completed

The Bureau continued with preparations for the 2023 National Population and Housing Census. Population and Housing Censuses are the main source of demographic and socio-economic data in Uganda, necessary for policy formulation and implementation, monitoring and evaluation of national development programmes.

Variances and Challenges

Procurement processes and delayed clearance of funds has had serious impact on the operations of the Bureau activities.

The upload on the PBS system do not include the advances to staff (Prepayments being used to pay on the new IFMS system) and this has greatly affected the budget performance reported in this report.

Variances and Challenges

- i. Effects of inflation leading to increased commodity prices and high cost of logistical supplies- Thus affecting policing operations, welfare of police officers and general police service delivery.
- ii. Insufficient funds for Utilities (Electricity & Water) leave many personnel without water and electricity
- iii. Inadequate number of drivers. Most police drivers have been taken by other government agencies. There is need for urgent recruitment of more drivers per operational vehicle.
- iv. High rate of attrition resulting from desertions, dismissals, deaths, massive retirements at an average of 1,000 annually affects the Force composition, command & control, Police: population ratio
- v. Delays/late deliveries of procurements particularly the transport & specialized equipment due to exogenous global factors which affects service delivery
- vi. Effects of climate change on policing – drought, flooding, land/mud slides, hunger, damage to infrastructure-roads, buildings, schools, displacement and death in the affected communities etc
- vii. Influx of refugees due to instability/conflict in Eastern DRC
- viii. Enforcement of lockdown in Mubende and Kasanda to avert the spread of Ebola

Uganda Prisons Industries strengthened its partnerships with government Agencies - Non Tax Revenue worth shs. 1.172bn generated through production of furniture

Variances and Challenges

VOTE: 145 Uganda Prisons Service

Vote Performance Challenges During the Financial Year

- a) Prisoners' population is the major cost driver of prisons budget. It exerts pressure on housing, sanitation, Medicare, feeding, uniforms, staff numbers and delivery of prisoners to courts. Currently prisoner growth rate of 8.0% per year compared to 3.0% of national population rate
- b) Delay in administration of Justice: Prisoners & staff have to move a daily average of 10,241Km to access justice amidst high fuel prices & an old fleet leading to high costs of fuel & vehicle maintenance; delayed production of prisoners to 246 courts hence delayed access to justice, with the remand proportion standing at 48.3%
- c) Use of commitment control system amidst inadequate budget provision for basic necessities of food utilities and clothing whose consumption can't be postponed hence over commitment
- d) Provision of utilities on prepaid system amidst the inadequate budget allocation leading to requests for postpaid hence accumulation of arrears
- e) Inadequate & inappropriate physical infrastructure to enhance safety & security of offenders, staff & public; undertake rehabilitation programs; promote the rights of prisoners and separate different categories
- f) Prison Congestion: Current prisons carrying capacity is for a daily average of 20,036 prisoners while the population is 73,932 inmates at the end of December 2022 exceeding the holding capacity by 53,896 inmates - occupancy is 369%
- g) Staff Accommodation: 8,496 staff not properly housed. They stay in improvised houses.
- h) Security: Changing profiles of offenders with global increase in terrorism; Change in sentencing regime -imprisonment for life; 60 years & above
- i) Drought & Absence of Irrigation Infrastructure: UPS is generally dependent of rainfall yet its patterns are unreliable hence low production
- j) Overstay on Remand: Capital offenders - 20.1 months; Petty offenders - 3.4 months on average

Performance highlights for the Quarter

Negotiations between LGs and Program Lead Institutions with decentralized services were organized and facilitated and Conditional grants agreements for the various Ministries were signed and disseminated. The outputs informed the budget grant guidelines to local governments
Commenced research on Financing Gaps in land management and Physical planning function at the local government level.
Continued with automation of revenue collection and administration for 27 LG as at half year (9 MC and 18LGs)Analyzed challenges in the implementation of revenue administration system

Variances and Challenges

In the First quarter only operational expenses were funded. Commission received less release for the quarter and most of the planned activities were not carried out. The activities were carried forward to quarter two fully funded hence overwhelming quarter 2.

VOTE: 148 Judicial Service Commission (JSC)

Performance highlights for the Quarter

The Commission placed Recruitment adverts for the vacant positions declared by Judiciary and shortlisted candidates.

The Commission relocated its offices from Lotis towers to Kingdom kampala because Lotis towers that hosted its offices was condemned due to bulging of its pillars and visible cracks.

13 Live talk shows were conducted in Hoima, Kiboga, Masindi, Lira and Kampala on the role of Judicial Service Commission, Gender based violence and Justice system in Uganda.

The Commission held 4 Disciplinary Committee (DC) meetings where 39 disciplinary complaints where considered.

The Commission conducted Four Court inspections in Masaka High Court ,Rakai Chief Magistrate and Grade One Courts; Ibanda, Kiruhura Chief Magistrates and Grade One Courts.

JSC Budget Framework Paper(BFP) for FY 2023-24 was prepared and submitted.

Variances and Challenges

Due to bulging of pillars and visible cracks of Lotis towers building that hosted the JSC offices, the building was condemned and the Commission was guided by Ministry of works and Transport to immediately vacate the premises for safety of staff which greatly affected the operations of the Commission. The Commission could not conduct planned recruitment and disciplinary sittings as planned due to lack of venue.

Performance highlights for the Quarter

439 ESIA-related documents, including scoping reports, terms of reference, environmental and social impact statements, and project briefings, were submitted in total. Comparatively, project proponents submitted a total of 629 documents to NEMA for review throughout the Q1 (July–September 2022 period).

As a result, there has been a roughly 30.5% decrease in submissions. Twenty –four (24) compliance inspections were undertaken during the quarter to ensure they complied with environmental standards.

Performance highlights for the Quarter

79,919 units of blood collected against a target of 75,000 units. This was due to partnership with the Kabaka Foundation and increased donor mobilization by the blood donor recruiters. Similarly safe blood issued to health care facilities were 73,892 units against a target of 67,500 units.

Variances and Challenges

The main challenges were: (1) Frequent break down of blood collection vehicles; (2) Delays in the procurement system; (3) Inadequate operational funds for blood collection; (4) Inadequate staff. There is over reliance on volunteers who are unreliable and uneconomical; and (5) Increased wastage of blood due to lack of component preparatory centrifuges

Performance highlights for the Quarter

Sub Program 02 Agricultural Production and Productivity

- Completed the delivery and distribution of 30,488 seedlings of Macadamia to establish 304 acres for 50 farmer out growers/associations in 11 DLGs under the NAADS-Nucleus farmer partnership strategy for promotion and scaling up macadamia.
- Completed the delivery and distribution of 123,792 Hass Avocado seedlings to 201 farmer out growers to establish 773 acres in 26 DLGs under the NAADS-Nucleus farmer partnership strategy for promotion and scaling up Hass Avocado.
- Paid UGX 12,000,000,000 to offset arrears on tea seedlings distributed and planted by tea nursery bed operators in districts of Kigezi and Ankole-Court consent agreement.

Subprogram 03: Storage, Agro-Processing and Value addition

- Procured 20 tractors with matching implements – contract issued to supplier and pre- delivery inspection and actual delivery expected during Q3.
- Conducted two field assessments exercises on potential beneficiaries of Twenty-eight (28) sets of maize milling equipment; Three (3) sets of rice milling equipment; and Three (3) sets of oil milling equipment
- Facilitated services of One (1) Consultant- Agricultural Engineer Technical support services for value addition and agro processing interventions to provide technical support on value chain development.
- Recruited 10 clerks of works for day- to- day supervision of Agricultural markets under Agri-led strategic intervention
- Carried out Identification and compilation of a list of potential beneficiaries prior to assessment of potential sites for establishment of and installation of 25 sets of solar water pumping equipment
- Conducted six technical supervision and inspection exercises for ongoing interventions under AGRILED i.e., one mini-irrigation scheme at Kamwenge; 12 milk coolers; seven coffee huller structures; UHT Milk processing equipment for Tooro Dairy; 5 grain stores.
- Conducted four stakeholder engagement meetings and site handover for 5 agricultural markets

Variances and Challenges

Major variances

- In line with policy guidance, part of the funds earlier budgeted for Macadamia and Hass Avocado seedlings were utilised to address the food security situation in Karamoja sub region for procurement of seed i.e., cowpeas, simsim, terperry beans, green gram, and Maize seed for farmer groups supported by the Regional Farm Service centre in Nakaseke in season 2022B; Additionally, sorghum and maize seed will be delivered in season 2023A in line with the agricultural season rain patterns to address food security situation in Karamoja.
- The budget estimates and targets for sunflower seed distribution were revised downwards to cater for additional soya bean seed arising out of increased farmer demand.

Key challenges during Budget execution

- Inability to meet the emerging and ever-increasing demands and expectations by farmers due to declining funding to the organization; this has resulted into procurement and distribution of limited quantities of seed and seedlings & to farmers.
- Climate change, which has come with unpredictable weather patterns for instance delayed and erratic onset of rains for Season 2022B hence affecting the procurement, delivery and distribution cycle for agricultural inputs to farmers in various parts of the country
- Reluctance of some targeted beneficiary farmers to contribute/ co-fund 30% of the seed cost for the seed and seedlings provided for sunflower, soyabean, macadamia and Hass Avocado.

Performance highlights for the Quarter

PPDA issued 15 performance Audits, 17 contract Audits, and 25 compliance audit reports in quarter two of FY 22/23. 10.8% of the sampled procurements were high risk, 25.5% were medium risk and (30.77% were low risk while 43.8% were satisfactory.

PPDA conducted 10 bid preparatory audits aimed at ensuring that public procurement planning and requisition is conducted in a manner which promotes transparency, accountability and fairness and to establish whether the solicitation document issued to bidders is prepared in accordance with the provisions of the PPDA Act 2003.

PPDA conducted eleven (11) investigations and issued nine (9) reports. The average investigation lead-time was 26 working days.

PPDA received and rejected one request for deviation from the NSSF to sign the Order Form with Wolters Kluwer Tax and Accounting Ltd for the provision of a continuous auditing and analytical tool.

PPDA handled 4 applications for accreditation of alternative procurement procedures from PPDA, Uganda Prisons Service, New Vision Printing & Publishing Company Limited and Uganda National Oil Company.

PPDA conducted a survey to update the list and prices of commonly procured goods. The study was concluded and the report issued.

744 participants against a planned 900 were trained in various aspects of the procurement and disposal system targeting contracts committee members, Accounting Officers, providers, students, Procurement Department Units (PDUs) and User Departments (UD) and CSOs.

PPDA conducted trainings on the use of the Electronic Government Procurement (EGP) system. The major objective of the trainings was to sensitize and build capacities of women led SMEs and use of e-GP with the purpose of increasing the private sector enrolment on the e-GP.

The PPDA developed the Contract Monitoring System (CMS), to aid contract monitoring by Civil Society Organizations (CSOs), partners and their community monitors. The system was rolled out to 12 CSOs

Variances and Challenges

1. Limited audit coverage. The Authority currently conducts audits on a sample and risk basis. The current audit coverage is only 35% and this position is continuously being worsened by the ever increasing number of both central and Local Government Entities and the poor releases from the consolidated fund.
2. Delays in amendments to the PPDA Regulations: The amendment process of the (PPDA) Regulations has not been completed despite the coming into force of the amended act which limits the implementation of the revised Act.
3. Old fleet of vehicles yet most of the PPDA activities are field based. This implies that the Authority is not able to send multiple teams to the field to implement the planned activities.

Performance highlights for the Quarter

- 1) Product/system Certification. 1221 product certification permits and 7 system certification permits were issued during the period under review. 35 MSMEs were registered to help them produce products that meet the standard requirements.
- 2) National Metrology Laboratory: 1,157 industrial equipment were calibrated during the period under review. The calibrations offered has enabled a number of large, medium, small and micro firms to effectively control manufacturing processes and meet certification requirements in support of SME development and export promotion.
- 3) Product Testing: 6,413 samples were tested in the UNBS testing laboratories in the period under review. 3,180 product samples were tested in the chemistry laboratory, 138 product samples in the Electrical Laboratory, 2,140 product samples in the Microbiology laboratory and 955 product samples in the Materials Laboratory.
- 4) Standards development. 272 Final Draft Uganda Standards were approved by the National Standards Council
- 5) Imports inspection: 51,425 import consignments were inspected. 20,889 were PVOC while 30,536 were destination inspections. This as a result prevented substandard goods from entering the country that would have otherwise been detrimental to the health and safety of Ugandans and to environment.
- 6) Market surveillance: 1,547 inspections were conducted out in Super markets , Shops and Distribution Outlets , Hardware Shops, Manufacturing Premises and Distribution Vans& Trucks during the period under review.
- 7) Legal metrology: 237,056 equipment used in trade were verified

Variances and Challenges

Gratuity Obligations of UGX 7 Billion was omitted in the current Budget FY 2022/23 which exposes the Bureau to breach of employment contracts for its staff.

The reduction of the Bureau's Budget UGX 65.05 Billion to UGX 41.28 Billion (37% reduction) has grounded the Bureau's operations and therefore it cannot execute its planned activities and meet its statutory obligations.

The Bureau is not able to support the Local Enterprises and Industries to improve the Quality of their Products which is critical for access of Exports Market.

The Bureau is not able to enforce quality standards for products on the Market in order to protect the safety of consumers and promote fair trade
The Bureau cannot continue to implement its decentralization Agenda of taking services nearer to the Regional Offices planned for Northern, Western, Eastern, West Nile, Rwenzori and Albertine Regions in order to reduce the cost of doing business.

The Bureau cannot deploy the newly recruited 53 Staff due to lack operational funds to execute the planned activities.

The Bureau cannot effectively implement the NRM manifesto aimed at accelerating industrialization agenda(section 2.2.1) by stamping out substandard products(local and imported) and advisory to start-ups on how to improve standards due to lack of budget allocation for quality assurance activities

The Bureau is equally constrained to participate in implementation of Parish Development Model (Pillar 1) due to lack of budget allocation for quality assurance activities.

Uganda Land Commission compensated and acquired 5,244.25 Acres by the end of Quarter two from absentee Landlords both Male and Female from Bunyoro, Buganda, Ankole and Toro Regions.

Uganda Land Commission Collected Uganda Shillings 2.624 billion by the end of Quarter two from Leasehold holders from across the Country in Land Fees of Premium and Ground Rent.

Uganda Land Commission processed 332 lease transactions by the end of Quarter two from across the country of both male and female leaseholders and Companies.

Uganda Land Commission processed 33 certificates of title of different Ministries, Departments and Agencies.

Uganda Land Commission processed 2,200 Certificates of Title of Lawful and Bonafide occupants.

Uganda Land Commission carried out 6 sensitizations and consultative meetings in Bunyoro, Buganda, Ankole and Toro sub regions.

Uganda Land Commission prepared and submitted all the required statutory Reports to the responsible Authorities.

Variances and Challenges

Inadequate funds were received by end of Quarter Two (34%), this impacted the full implementation of the approved Workplan for the year.

Performance highlights for the Quarter

1.183mha (94%) of the 1.265m hectares of 506 CFRs were protected from illegal activities and encroachment across the country 3,003ha of CFRs were freed from encroachment and protected. 164.7km of forest boundary were resurveyed and demarcated with pillars and 128km of CFRs boundary plans were digitized. 25km of fire lines were maintained, 103 illegal land titles in CFRs were verified for cancellation and 339 (75%-male-253 and 25% female-86) staff were paid salary, social security, medical and forest-work accident group insurance.

468ha of forest inventory and biomass plots and 13,086ha under Central Forest Reserves (CFRs) land use were assessed. 433ha of maturing tree stock was inventoried. The Environmental and Social Impact Assessment (ESIA) for the proposed Muko Forest Lodge in Muko CFR Rubanda district was reviewed for biodiversity monitoring and evaluation critical in mitigating climate change through carbon sequestration. 132 ha of CFRs were managed under 7 ecotourism sites.

523.4 ha of commercial tree plantations were established and maintained (20.4ha by NFA and 503ha by Private tree planters). 2,776ha of tree plantations were weeded, 604ha of tree plantations were thinned and pruned and 20,928ha of tree plantations were prevented from fires. 691.49kg of tree seeds were collected and procured. 2,340,300 assorted seedlings were raised and supplied. Infrastructure for 12 Regional nurseries and 16 administration offices were maintained. NFA vote 157 Budget Frame work Paper FY 2023/24 was approved by NFA BOD, and consolidated in the Program. Mid-term review of NFA Strategic Plan and NDP III Program Implementation was contracted to ADROIT consulting company with USAID support. 6-ArcGIS online License was installed to support ArcGIS PRO from ARCMAP ; Global Information System soft ware application Migrations.

Variances and Challenges

Due to the uncertainty of mainstreaming of the National Forestry Authority (NFA) forest management functions to the Ministry there was reduced productivity and staff morale. The process is already experiencing high encroachment levels on gazetted Central Forest Reserves (CFRs) including forest land use change, illegal land titles in gazette CFRs and land grabbing. Increased court cases and court injunctions. 2.304bn of the cumulative 5.342 bn (31%) of the annual projected Non-Tax Revenue (NTR) was realized during quarter two. 11.728bn of the approved budget 29.242bn (40.1%) was released to NFA vote 157. However, only 1.884bn of the release (16.1%) was released for forestry development activities, 4.662 (39.8%) was non-wage and 35.2% of the release was towards wage.

Performance highlights for the Quarter

- i. Timely response to operational emergencies
- ii. Collected, analyzed and disseminated timely intelligence reports.
- iii. Procured 38 double cabin pick-up and 2 station wagons
- iv. Enhanced border surveillance with more deployments thus enhanced border security.
- v. Enhanced employees' capacity through skilling, re-training and re-tooling
- vi. Supported the operations of the Organization's SACCO thus improving the welfare of the employee.
- vii. Contributed towards monitoring of government programmes and projects

Variances and Challenges

ISO spent 99.6% of its released budget in the period under review, the variation was due to system delays and incomplete Pension & Gratuity files.

Performance highlights for the Quarter

Timely and reliable intelligence collected to ensure National Security for all Ugandans.

Continued to detect and counter emerging external security threats and political subversive activities.

Trained and re-trained staff in basic, advanced and specialized courses.

ESO has continued to monitor the diaspora activities, including encouraging investors and tourists to come to Uganda.

Analyzed foreign intelligence.

Produced and disseminated intelligence reports.

Continued to pay salaries and pensions to ESO staff and pensioners respectively.

ESO Continued to deploy and re-deploy staff in field stations, foreign missions and strategic areas of interest.

Continued to extend medical support to staff and their immediate family at Jumbo medical facility.

Provided food rations to staff and their family.

Prepared Budget Framework Papers, Quarter 4 reports FY 2021/22 and financial statements.

Made provisions at the workplace to curb the spread of Ebola and Covid-19, these include constant alerts to raise awareness and ways of prevention, provision of face masks and hand washing points.

Variances and Challenges

Inadequate releases during the quarter has led to the accumulation of Classified and Domestic arrears, which include transport equipment, acquisition of advanced technical equipment, advanced foreign intelligence trainings for staff and funding for operations and deployments in foreign missions, field stations and strategic areas of interest including monitoring the exported labour which the organisation cannot do without..

Constrained development budget to undertake different projects such as enhancing Katonga International Centre, purchase of modern technical equipment and construction of new headquarters.

Freezing ESO's Travel Abroad budget whose requirement is 1.2 Bn has forced the organization to accumulate arrears yet it is a very crucial component ESO's operations. These arrears have been further escalated by high fuel prices as travel expenses are higher which all negatively impact on budget execution.

Transnational and National organized crimes hinder maintenance, management and coordination of intelligence both in foreign and field stations and it requires even higher expenditure to curtail them.

Performance highlights for the Quarter

COFFEE EXPORT PERFORMANCE

During Quarter two FY2022/23, a total of 1.321 (60kg) million bags valued at USD 190,414,371 were exported compared to 1.548(60kg) million bags valued at USD 207,673,857 representing a decrease in export by 14.7% and in value by 8.3% compared to the same period previous FY2021/22. The reduction was mainly due to drought in some parts of the country which affected production.

COFFEE PRODUCTION ESTIMATE

The Authority carried out coffee production survey in 8 districts in Central Region and gross coffee production from the region was estimated at 1.1 million (60kg) bags on account of severe drought.

KEY OUTPUT PERFORMANCE HIGHLIGHTS

- 11,483,582 CWD-r plantlets, 15,992,706 Arabica & 284,940 Robusta seedlings were procured & distributed in 6 regions under cabinet directives
- Inspected 1,359,111 bags of coffee (60 kg) for export
- Conducted 223 farmer trainings for 6667 (5134M,1533F,746Y) farmers on GAPS and 1148 farm visits reaching 5075 (3767M,1308F,492Y) farmers to advise them on GAPS
- Conducted 36 radio talk shows on various radio stations to create awareness on sensitization on coffee regulations, the National coffee act, distribution of CWD-r plantlets, proper harvesting, post harvest handling and soil conservation measures.
- Registered 49 factories & 148 coffee traders across all coffee growing regions
- 400 CWD-r nurseries monitored to ensure multiplication of good quality planting materials
- 46 Soil samples collected & analysed to examine soil fertility status in Northern
- Distributed 653 pruning saws & 844 bow saws to coffee farmers in Central, Western & Eastern
- Stumped 16680 old & unproductive coffee trees in Western
- Conducted 1 sensitization training on quality compliance & National Coffee Act 2021 in Mubende and 3 Sensitization meetings on the same Act for 32 CIID Police officers in Elgon.
- Stock verification done at processor level, Stock level stood at 2940MT of clean coffee
- Promoted domestic coffee consumption at 10 local events

Variances and Challenges

Coffee Production & productivity challenge

There are increased incidences of Coffee mealy bugs, black coffee twig borer, aphids, scales, tailed caterpillars, coffee leaf rust, coffee berry disease, coffee wilt disease & red blister in Western, Northern, Greater Masaka, Eastern, South-west & Rwenzori regions. However, farmers were advised to intensify sanitation to eliminate weeds in the garden, drench with Dimethoate pesticides for Root Mealy bugs, stump old fields for Antestia bugs and Stem borers, embrace communal approaches towards management of prevalent pests and diseases and as a last resort, spray their coffee with Imidachloprid and Tebuconazole to control BCTB.

Uncertainty in coffee plantlets distribution for Aug– Nov 2022 season

Generally, there was an overwhelming pressure and demand from coffee farmers who were mobilized earlier to prepare for the August - November 2022 coffee planting season and the Government of Uganda changed strategy of providing coffee seedlings to farmers through the Parish Development Models. Despite short notice when the directive was given, seedlings were distributed but amidst serious logistical challenges, limited time frame to verify dug holes and delayed delivery of documents.

Coffee Quality, Value Addition & market Promotion challenges

- i) Shortage of containers is presenting a logistical challenge for export business of coffee in regards to coffee movement
- ii) Limited space of Lugogo laboratories to handle increased export samples
- iii) Inadequate funding for key activities and budget cuts on the approved budget
- iv) Travel restrictions for China Representative Office staff

Limited funds disbursements: The current economic situation compelled government to re-prioritize and cut down expenditure and less funds were released for the quarter which greatly affected implementation of field operations and hence productivity.

Performance highlights for the Quarter

- I. Reviewed 834 Applications for licensing from Tier 4 Institutions.
- II. Carried out on-site premise inspections for new boarded 150 institutions to verify the physical locations submitted.
- III. Complaints resolved were 38 from the licensed institutions which ensured a fair treatment of customers and redemption of borrowers' property.
- IV. Licensed institutions after fulfilling the requirements (659 MLs, 105 NDTs, 65 SACCOs) who have continuously contributed to financial inclusion and Social Economic Transformation.
- V. Registry updated regularly for all units of MLs, NDTs and SACCOs.
- VI. 200 reports for money lenders, NDT and SACCOs were reviewed as part of off-site supervision to assess the performance of institutions and their resilience in the economic shocks.
- VII. Data collected from 210 money lenders, NDT and SACCOs analyzed to ascertain the performance of the institutions.
- VIII. A Quarterly report prepared on licensing status and on performance of the Authority.
- IX. Through field monitoring, 53 Money lending institutions were identified from western, Eastern and Northern region operating with no licenses and these were instructed to comply.
- X. Inspected 65 branches after verification of head office compliance to authorize their operations.
- XI. Conducted meetings on compliance requirements and licensing which targeted 150 institutions.
- XII. Conducted media campaigns in all regions of the country at Signal FM in Mbale, Rainbow FM in Nebbi, Voice of Toro, Hope FM Kabale, Endigo FM in Mbarara, Mega FM in Gulu, Unity FM in Lira, Voice of Lango in Lira, Crane Radio in Ishaka, Tropical FM in Mubende, and Liberty radio in Hoima District.

Variances and Challenges

- i. Limited funding for UMRA's operations.
- ii. Limited financial and human resource capacity to effectively regulate, license and supervise MFIs.
- iii. Inadequate transport – the Authority only has two motor vehicles of which one is for EDs use.
- iv. Low visibility and awareness of UMRA's mandate by its customers and the public.
- v. Emerging MFIs such as Islamic MFIs, which will require specialist skills to regulate, license and supervise.
- vi. High defaults and loan provisions across the sector because of multiple borrowing by MFI clients.
- vii. Competing mandates of institutions such as UMRA and MTIC, UCA and UCUSCU.
- viii. High cost of borrowing for MFIs leading to interest rates charged on loans.
- ix. No comprehensive database of MFIs in Uganda making it difficult for UMRA to effectively regulate licenses and supervise MFIs.
- x. Unprecedented events and unpredictability of future events due to the COVID-19 pandemic and EBOLA.

Performance highlights for the Quarter

- 1) Finalized the pre-user acceptance testing for the Risk Based Supervision system modules.
- 2) District liaison visits conducted in West Nile districts of Moyo, Nebbi and Arua, on complaints management and as part of the onsite inspection on the Public Service Pension Scheme.
- 3) Handled 54 complaints (14 new and 40 carried from Q1 FY2022/23), resolved 7, and 47 complaints were still undergoing resolution efforts as at the end of Q2 FY2022/23.
- 4) Outreach to 4 prospective sponsors, and 2 prospective custodians, with a view to foster sector development.
- 5) Implemented the licensing plan. As of end quarter, Sector comprised of 65 schemes, 10 Administrators, 5 custodians, and 6 fund managers, 4 corporate & 204 individual trustees.
- 6) 4 targeted scheme onsite inspections, and 3 due diligence inspections on 3 service providers (to validate implementation of supervisory directives, soundness of internal controls, etc) were concluded.
- 7) Offsite analysis on all statutory returns (on contributions and investments) for end September 2022, risk rating for all 41 end December 2021 Schemes, and analysis of all 20 end June 2022 Audited Annual Reports, to assess compliance, financial soundness and inform supervisory actions.
- 8) Enhanced capacity of 12 Trustees through training under the Trustee Certification Program.
- 9) UGX1.1 billion legacy outstanding scheme contributions were remitted by respective sponsors, resulting from the Authority's investigations, recommendations and supervisory directives.
- 10) 35 (20 male, 15 female) business journalists trained on the peculiarities of the Retirement Benefits Sector with a view to enhance sector media coverage.
- 11) Public engagements: 6 TV talk shows, 3 radio stories, 2 supplements, 7 opinions, online newsletter, 2 high-level stakeholder engagements, commemoration of the International Day of Older Persons, social media reach of 59404, and over 532 members of the general public sensitized on retirement planning.

Variances and Challenges

In reference to the URBRA Circular 3 of 2022 dated 24th March, 2022, the collection of the annual compulsory levy from all licensed schemes was halted effective 23rd November, 2021, in accordance with the President's directive. This explains the huge negative variance since compulsory levies were the major source of NTR for the Authority.

Performance highlights for the Quarter

QUARTER TWO PERFORMANCE HIGHLIGHTS

1. 40 Monitoring of institutions
2. 285 programmes were accredited.
3. Reviewed and approved the NCHE Human Resource Policies and Procedure Manual.
4. The Council and Committees met and considered Council business for Quarter one and Quarter two. This included the budget performance for the second quarter.
5. NCHE reviewed and approved the new Performance Appraisal Tool for staff.
6. An M&E Officer was recruited to strengthen the M&E function at NCHE.
7. NCHE issued a request for expression of interest for consultancy service for design and construction supervision of its proposed H/Q Building. Accordingly, a consultant was appointed to kick start the project and we are waiting for release of funds.
8. 233 Assessors trained.
9. 5 Institutional facilities accredited.
10. The Annual Higher Education Conference was held at Hotel Africana, Kampala.
11. The Annual Higher Education Exhibition was conducted at UMA Show ground, Kampala.
12. Data collection on the State of Higher Education in Uganda for 2020/21 academic year was concluded.
13. 24 Minimum Standards for programmes were developed.
14. 16 Minimum standards for programmes were reviewed.
15. 60 Local qualifications were equated.
16. 223 foreign qualifications were equated.

Variances and Challenges

QUARTER TWO CHALLENGES

1. Non-release of funds for retooling and capital development. Whereas the budget provides for Ugx. 5.00bn for retooling and capital development, the funds have not been released to NCHE. The retooling of NCHE was allocated Ugx. 1.00bn (One billion shillings only) and capital development Ugx. 4.00bn (Four billion shillings only) in FY 2022/23. NCHE needs retooling funds, being a new vote, to cater for office equipment, ICT equipment, office furniture and fittings, purchase of two vehicles and office maintenance. Without these essential/basic items, executing the NCHE mandates becomes difficult. Ever since NCHE transited to vote status it has never procured a single computer/laptop, vehicle, furniture and equipment (office and ICT).
2. Lack of funding to support recruitment of additional staff. During the budget preparation processes for FY 2022/2023, NCHE appealed for additional resources to be provided to facilitate recruitment of additional staff. Subsequently, Ugx. 2.00bn was allocated to cater for the recruitment of 16 staff during the F/Y 2022/2023. Accordingly, NCHE embarked on the processes to recruit the additional staff. However, the recruitment process could not be completed because the additional 2.00bn was not reflected in PBS.
3. Inadequate staffing levels despite the huge mandate. NCHE has an approved establishment of 125 positions, out of which 54 are filled. This represents only 43.2% of the approved establishment which is below the recommended staffing level of at least 65%.
4. Inadequate transport to facilitate field activities. NCHE has five (5) vehicles for fieldwork to oversee 252 Higher Education Institutions. Three (3) of the vehicles are beyond 5 years already and are due for disposal. This accordingly leaves NCHE with only two (2) vehicles for field activities.
5. Inadequate releases of funds. Inadequate and intermittent budget cuts resulting into non implementation of planned activities.

VOTE: 301 Makerere University

Performance highlights for the Quarter

With continued Government support, the university managed to go through the half FY during which it ensured timely payment of staff salaries; held 6 regular meetings of University Council and 44 meetings of the sub-committees at which it approved 7 policies and one affiliation. In order to ensure better connectivity services, subscribed to NREN for the provision of Internet bandwidth currently at 2Gbps. Facilitated the maintenance and reorganization of Makerere University e-Learning Environment (MUELE). Settled the university Utility bills and property management expenses.

Recruited 183 staff, renewed contracts for 30 staff and Awarded Post retirement employment Contracts to 2 Professors, 13 Associate Professors and 1 Chief Technician while 90 staff were confirmed. Promoted 101 members of staff and dismissed 10 staff.

Admitted 9,350 (35%F, 65%M) students of which 5,607 are undergraduates (2007 govt & 3,600 private) and 3,743 are graduate students. Facilitated 46 staff involved in PUJAB activities & 96 staff involved in Bachelor of Laws pre-entry exams for 2022/23.

Held 15 Senate and its sub-committee meetings and recommended 9 new and 6 revised policies, re-instatement of 3 academic programmes, revised 8 academic programmes and approved 8 new academic programmes, award of 2 professor emeritus and 1 honorary Doctor of science. Held an Academic Public Fair at which 4,649 academic transcripts & certificates were issued & 1,990 certified.

Under MakRIF, 865 Projects have been supported, 457 have closed out of which 40 projects, 137 projects had products, 292 policy briefs. 408 projects are ongoing.

The university continued with the construction of school of law building; the main campus perimeter wall; finalized renovations at Physics Department building and Toilets at Livingstone Hall. Renovated two blocks in Mitchell Hall (at 98% complete. Continued with the re-construction of the main administration building up tentatively on the second floor.

Variances and Challenges

The approved Budget for FY 2022/23 was UGX366.345Bn, out of which Wage was UGX208,970bn, Non-Wage-UGX144.311bn & Development-UGX13.064bn). Included in there, is Non-Tax Revenue estimate of UGX107bn.

By half-FY (Q1&Q2), the University had received UGX 185.221Bn (51% of approved budget), out of this, UGX104.485Bn was Wage (50% of approved budget), UGX77.881Bn was Non-Wage (54% of approved budget), UGX2.855Bn for Development (21.9% of approved budget) and UGX3Bn as Arrears. The total release is inclusive of Non-Tax (NTR) collections of UGX47.795Bn (44.7% of expected revenue of UGX107Bn).

By end of Q2, the university had spent UGX 165.183Bn (44.7% of approved budget), UGX100.989Bn (48.3.4%) of approved Wage, UGX63.164Bn (43.8%) of approved Non-wage, UGX0.352Bn (2.7%) of approved development funding and UGX0.678Bn (22.6%) of arrears released. Overall, the absorptive capacity of released funds was 88.8% (including 96.7% for Wage, 81.1% for Non-Wage and 12.3% for development).

The bulk of unspent balances was largely for scholarship and related costs, settlement of on-going civil works on non-residential building facilities being constructed and renovated which had not been verified and certified and acquisitions of ICT equipment & supplies, office equipment, medical laboratory and research appliances under the retooling project.

While the other major unspent balances were college-based expenses whose processing had not been concluded by the end of Q2. These included provisions for teaching allowances, staff training, research expenses, ICT supplies and equipment, welfare and entertainment, educational materials, maintenance of buildings, transport equipment and other assets, office equipment, printing, stationery, photocopying and bidding, guard and security services, maintenance of other fixed assets and property management expenses.

Variances and Challenges

The major variances in budget execution were due to IFMS system challenges in processing of payments like NSSF and a number of Local Purchase orders (LPOs) which were yet to be serviced or paid. These affected the resource absorption rate.

There were delays experienced in approval of payments at the level of Accountant General for sometimes up to three weeks or one month.

The university faced a challenge of inadequate of Capital development funding which affected the implementation of planned and ongoing projects like Payments for works completed at the Faculty of Computing and Informatics; Renovation of Facilities at Mbarara city campus namely: Pathology Block & Expatriate Quarters and Completion of construction of the main Gate at Kihumuro Campus (External tiling). Inadequate capital release also affected the entire planned retooling activities including Feasibility Study for the infrastructure success project

Performance highlights for the Quarter

For the period July to December 2022, Shs 51.124bn has been released as follows: Wage Shs31.32bn Non-Wage Shs 18.12bn; Subvention Shs 1.22bn; Gratuity Shs 0.240bn; and Retooling Shs 0.209bn (5.7%). Shs 49.061bn has been spent as at end of quarter two 2022/23. A total of 12780 students were registered for semester one 2022/23 as at end of December 2022. This was affected to having no first year students from high school as there were no exams done in 2021. The school supervised 3630 number of internship with different entities which were both public and private. Offered MUBS Scholarships to by tuition waiver to 10 first class students and 2 disabled persons. Paid living out allowances to 73 year one 2022/23 Government sponsored students. Facilitated 83 members on School staff development programmes (60 Academic & 23 Admin. staff). Reviewed the MUBS Human Resource Manual for better service delivery. Conducted 6 Council/Board meetings including sub-committees. Had a Retreat for Appointments Committee to finalize the manual review exercise. Recruited 155 staff in school service. Paid condolences to 16 who lost their dear ones and extended medical refund to 21 staff. Paid emoluments to 1390 members of staff. These include 20 members with disabilities. The School Health Center conducted 9 tests for COVID-19. Collected 152 Units of blood during blood donation exercise. Held 3 zoom lectures on mental health and carried out HIV/AIDS tests and medical examination to 809 first year students. Supplied drugs to all Campuses equivalent to Shs 14m. Procured an Autoclave machine for the Health Centre. Procurement of 165 chairs is on-going.

Variances and Challenges

The variance in releases especially Retooling where only Shs 0.209bn (5.8%) was released out of the Appropriated budget of Shs 3.629billion. This creates a challenge by failing to offer students a conducive environment for teaching and learning. Due to the upgrades on IFMS, these funds were still encumbered as at the close of quarter two 2022/23. Non-wage was also released less by Shs 1.62bn (11%) of expected. Failure to allocate recruitment funds has affected staff on person to holder who are not paid the right salary. Failure by Government to allocate funds on the verified arrears has affected the budget of 2022/23 where by, in order to avoid litigation, the school had to offset some crucial outstanding payments to get more services. This indicates that arrears will be a recurring item if not addressed. A total of Shs 5.09bn bills is still outstanding.

Variances and Challenges

Variances

1. The variances existing were caused by the failure by the ministry to release planned funds such as retooling

challenges

1. Outbreak of the Ebola. This led to disruption of some planned activities and as such most planned outputs could not be implemented
2. The University is faced with challenges of inadequate staff especially in academic and technical staff, whereas the new structure was approved, it did not have a corresponding wage budgetary provision
3. failure to release retooling funds have disrupted planned outputs and budget execution

Variances and Challenges

The University total budget was UGX 60.058 billion, The total release for second quarter stood at UGX 25.882 billion, this was 43.1% budget release as a whole.

Wage release was UGX 16.829 billion but the spent amount was UGX 16.487 billion giving 98% of release spent. Non wage release was UGX 7.397 billion ,The university spent 5.954 billion representing 80.5 % release spent.

The university also received staff salary arrears worth UGX 1.488 billion and spent UGX 1.420 billion representing 95.4% release spent. In the second Quarter the University received capital release of UGX 1.656 against a budget of UGX 11.968 representing 13.8 % of the budget. Of the released capital funds, only UGX 305 million was spent but the funds have been ear marked and will be spent in the subsequent quarters .This in effect had negative and slow progress in the implementation of ongoing constructions in the Faculty of Health Sciences and the Institute of Marine in Namasagali. The University has been however trying to implement the planned capital outputs within the available resources.

4 Top Management Meetings held

Construction Of Administration Block Annex - on going at 21%

Completion Of Health Science Laboratory Building- on going at 41%

Variances and Challenges

Inadequate release of development budget affected planned basic laboratory and ICT equipment procurement.

There was also delays in approval of payment in the IFMS affecting timely absorption of some line items and activities.

Some Vote Controllers still have challenges in processing payments using the new system (IFMS) affecting fund absorption and activity implementation

Variances and Challenges

The University received UGX 26.495bn of the approved budget for the FY 2022/2023 reflecting 41.9% performance of which 78% was spend during the quarter. The total NTR collection was UGX 6,413,198,000 of the planned revenue during the financial year 2022/2023 reflecting 52% performance. The budget implementation challenges include;

- i) The domestic development budget release is only UGX 0.544bn for the two quarters of the FY 2022/2023 in relation to UGX 9.631Bn approved allocation despite of limited teaching & learning and research & innovations space.
- ii) Master data on the procurement system not yet updated to allow generation of Local Purchase Order (LPOs) and finally expenditure performance.
- iii) The inadequate funding of government-sponsored students. This has continuously affected the recurrent expenditure of the University to meet the core mandate.

Variances and Challenges

Whereas there was sufficient release along the Wage, Gratuity and Domestic Arrears components, there were short falls along the Non-Wage Recurrent, Subvention and development components.

The above shortfalls and no release affected among others:

1. Payment of the pending Interim Payment Certificates totalling UGX 2,606,848,239 (IPC No. 2 of UGX. 1,195,945,532 and IPC No. 3 of UGX. 1,410,902,707) to enable resumption of construction works on the Business and Development Center;
2. Payment of Invoice No.04 of UGX. 175,320,600 for the supervision of the Construction of the Business and Development Center;
3. Completion of compensation of Project Affected Persons (PAPs) totaling to UGX. 4,187,723,422 (to date UGX. 2,351,671,768 has been paid out of the total valuation of UGX. 6,539,395,190). Continued non-release of approved budgets will delay the fulfilment of the Presidential Pledge for establishment of a Constituent College of Agriculture in Moroto for Karamoja Region;
4. Remodeling and equipping of the molecular laboratory, a compliance requirement by the Medical and Dental Practitioners Council which if not honored may result into temporary closure of Gulu University Faculty of Medicine – UGX. 1,700,000,000 (Remodeling works: UGX. 1,161,500,000; and Equipping: UGX. 538,500,000);
5. Transfer of Title of Land from Leasehold to Freehold to enable completion of the degazettement of the 70 acres of land part of the Central Forest Land located in Pece-Laroo Division, Gulu City allocated to Gulu University for expansion – UGX. 800,000,000;
6. Financing of Research and Innovation within the University following allocation of research funds to each Public University – UGX. 1,000,000,000; and,
7. Installation of additional chemistry and physics laboratory equipment to enhance science training - UGX: 251,000,000.

Variances and Challenges

Lira University budgeted for a total of UShs. 27.021 billion only during FY 2022/2023. By the end of quarter two however, the total release was UShs 16.548 billion only, comprising of Wages (UShs. 8.369 billion), Non-wage (UShs. 3.765 billion), GoU Development of UShs.4.370 billion only; and arrears of UShs. 0.044 billion only.

Out of the cumulative releases, UShs 11.576 billion was cumulatively spent by the end of the quarter (comprising UShs 7.658 billion on Wages, UShs 3.072 billion on non wage and UShs 0.846 billion was spent on GoU Development).

In a nutshell therefore, 61.2 % of the Budget was Released, 42.8 % of the Budget was Spent and 70.0 % of the Releases was Spent by the end of the quarter.

The following challenges should however be noted since they affected budget execution:

1. Inconsistent release of expenditure limits by the Ministry of Finance affects budget execution.
2. Lira University has a staffing level of 26.9% only. The University continues to experience low number of Academic staff and Technicians which do not match with the increasing number of academic programmes driven by the ever-increasing demand for quality higher education.
3. The Ministry of Finance, Planning & Economic Development and other relevant authorities should create and incorporate additional/ new cost centres into the Programme Budgeting System (PBS), and fund them in the subsequent budget to facilitate the smooth running of newly accredited academic programmes.
4. Lira University is still lacking research and innovation grant, yet this is very critical in execution of the university's mandates.
5. There is great need to execute a Covid-19 and Ebola responsive budget through mainstreaming pandemics as a cross-cutting issue whose interventions should be fully funded including comprehensive vaccination and adherence to the Standard Operating Procedures (SoPs) amidst other measures aimed at curbing these pandemics

Variances and Challenges

1. Inability to recruit new staff and to promote deserving members of staff. This inturn hinders running of new programmes which greatly impacts on UMI's contribution towards achievement of the National Development Plan III
2. Limited funding under the Capital development grant which will greatly affect undertaking of TEL and ODEL that is currently dictated by the COVID pandemic and the resultant new normal coupled with reduced infrastructural development in the medium term; and
3. Limited funding to fulfil pursuit of a research and innovations led institution

Performance highlights for the Quarter

The key performance highlights of Q2 were payment of salaries and NSSF 183 staff, printing of 749 transcripts & Certificates, 749 students graduated. There was also an upgrade of RENU Band width from 75 MBPS to 130 MBPS and also two meetings held of the Committee of graduate studies and research.

Teaching, learning and assessment of 2152 (Male 1186, female 966) students was done, Council and Council Committee formed and oriented. 2 Council 2 Appointments Board 1 Audit 2 Finance, Planning and Investment 1 Student Affairs 1 ICT, gender committee meetings held, 2 policies & guidelines disseminated to university staff & other stakeholders.

Administrative departments efficiently and effectively coordinated, accounting officer was facilitated to attend meetings with MDAs.

University Budget framework paper 2023-24 was prepared and submitted then 1 budget conference workshops to present Budget guidelines and documents for 2023-24 held for 36 participants

Variances and Challenges

The Variance and challenges for implementation of Q2 planned activities were mainly due to the ongoing recruitment exercise up to the end of Q2 which affected expenditure on salaries and NSSF. Additionally, the procurement process was still on going and thus affected the implementation of planned activities.

Performance highlights for the Quarter

1. New staff structure approved; a reviewed draft structure has been submitted to the MoH for onward submission to MoPS for review.
2. 1,350 employees and 569 pensioners have been physically validated by November 2022.
3. Range of specialized services increased to include Pediatric nephrology, endocrinology, Laparscopic surgeries, etc
4. Inclusive patient centered tertiary healthcare services provided with the following patient statistics;
59,928 Specialized outpatients reached.
11,768 Admissions,
2,863 dialysis sessions,
303,356 Clinical laboratory services,
2,478 Pathology services,
7,007 Imaging and radiology services,
687 Mortuary services

Variances and Challenges

1. The increased trauma cases that require emergency surgery has led to shortage of theatre space in the casualty theatre and pressure the existing infrastructure and equipment.
2. High stockouts of both specialised and essential health supplies and commodities in all units.
3. Hb electropheris and MRI machines Non-functional.
4. The incomplete renovation and remodelling of Nuclear Medicine department has delayed reopening of the Nuclear Medicine services.
5. The pending organ and tissue transplant bill has affected the inception of such services..
6. Very low budget releases affected the patterns of services

Performance highlights for the Quarter

We were able to overcome the Ebola challenge through strict screening and surveillance. The Hospital outputs were generally achieved despite the funding challenges.

Variances and Challenges

The releases from Ministry of Finance for recurrent expenses were less than what was expected and approved in the Hospital budget and workplan. As a result, a number of suppliers are not paid. The Hospital Bed Occupancy Rate has gone up to 180 percent, and yet the funding is inadequate, we are therefore struggling to keep the Hospital running. The Hospital had started on the construction of a perimeter wall but this has now stalled because of lack of a Development budget and as a result many patients are escaping. The retooling outputs which were supposed to be handled in quarter one were instead pushed to quarter two because funds were not released by MOFPED. We hope funds for all the planned retooling outputs will finally be released to enable the Hospital pay the various Suppliers.

Facilities Maintenance:

Equipment & Furniture needs identified and specifications drafted.

Variances and Challenges

The following challenges affected services delivery by the hospital.

1. Service delivery continued to be affected by inadequate staffing levels, a number of staff having retired, transferred or died and the process of recruitment to fill the gaps takes longer than expected.

2. The high number of refugees receiving medical services from the hospital: about 4% of the total inpatient admissions and total OPD attendance were non nationals and refugees. This has had implications on the hospital plan and budget.

3. Supply of medicines & supplies and specialist equipment could not match the demand most of the time in the quarter and this affected performance of hospital planned outputs like immunization, outpatient attendance, and diagnostics among others.

4. Unstable power supply from the provider (WENRECO). Intermittent power supply affected provision of services including surgical procedures, investigations etc. and the budget for fuel for generator can not cope with the power needs of the hospital.

5. Wage short falls affected prompt payment of salaries and pensions for the month of September.

Variances and Challenges

VOTE: 404 Fort Portal Hospital

-
1. There was delayed supplies of essential medicines and medical supplies by National Medical Stores and this caused near chronic stockouts. Additionally, the quantities of medicines ordered were not supplied as requested thus under utilizing the available budget.
 2. The hospital has serious IFMS system challenges which frustrate the payment processes. This has resulted into delayed payments since the hospital team always has to go to Kabarole district local government to make payments. Finance need to fix this challenge.
 3. There is a general delay in the procurement processes of good, supplies, and services. This lead to delayed supplies and thus causing frustration of the service beneficiaries.
 4. There is serious shortage of working space in the current outpatients department.. Specifically, there is no accident and emergency unit and when accidents occur, management becomes a nightmare since the unit is allocated only one room in OPD. A deliberate funding for this unit is required.
 5. The community has failed to respond to the vaccination against Covid 19 pandemic. The vaccines are bound to expire due to the low uptake.
 6. The threat of Ebola is still real despite the declaration of Ebola free country. Community education is ongoing despite the lack of adequate resources for mobilization.
 7. The delay in remunerating the staff who participated in the management of Ebola and Covid 19 is causing frustration. It might be difficult to convince staff in future to manage similar epidemics. Their pay could be expedited.
 8. The contractor for the perimeter wall fence around the hospital seems to have no capacity to finish the work which should have been completed last financial year. Many engagements have been made with him but not much has been achieved. The contract has been extended to the end of April 2023.
 9. The funding the hospital receives is generally inadequate to finance all its activities. There is need to increase the budget.

Variances and Challenges

Health talks and sensitization were given.

Daily health education is given to patients to encourage testing and initiation.

Availability of laboratory reagents which made all tests be done and the figures shoot up.

Human resource challenges in some units.

An increase in the number of referrals.

The general reduction in attendance due to festivity.

Stockouts of some drugs and supplies.

Poor documentation leads to loss of data.

The digitization that is not stable makes some clients to be lost.

Community outreaches and school visits led to a high increase in the number of children immunized.

Performance highlights for the Quarter

Budget execution was overall good with a number of achievements within the vote planned targets. The vote started construction of regional blood bank project which has its foundation works completed and about to begin the super structure.

Financial under performances was mainly noted in areas of retooling where funds were received but not utilized, underperformance was also observed in output performance of out patient, delayed payments were in areas of pension and gratuity, and other service providers. Unpaid gratuity was due insufficient funds, contributing to the delayed payments and resulting into unspent funds for a number of vote items.

Variances and Challenges

Vote had major challenges during this budget execution due to insufficient funds allocated for staff salaries, pension, gratuity, water, cleaning, and maintenance of equipment, medical stationery, vehicle repairs and other utilities.

The frequent power outages have contributed a lot in increased fuel consumption and maintenance cost of equipment coupled with increased fuel pump price, the old water and sewage systems have increased water bills due to both under ground and above the ground leakages. Amidst this the dry season has also affected water supply from NWSC leading to inadequate water supply and challenges in general infection control management in the hospital.

The additional service units and infrastructure without additional operational budget coupled with increased inflation have generally increased cost of operation and management of the hospital contributing to out of stock of a number of supplies, and failure to repair a number of buildings and equipment. The insufficient budget funding has contributed accumulation of domestic arrears in essential services like water, cleaning, maintenance of equipment, medical stationery, vehicle repairs , and even threat of court suits. Vote could not start the retooling and capital development projects of construction of maternal and child health complex.

Performance highlights for the Quarter

Quality of Services: The hospital continued to be the best performing in Quality improvement activities and patient safety. It emerged as best in 2022 as the outstanding Adolescent friendly and responsive services. The hospital also emerged the outstanding facility towards Quality Improvement Implementation in the country.

Internal Audit: The Hospital Risk management strategy document was approved by the board and will continue to be implemented in the course of the year.

Management and support services: User training on medical equipment maintenance was conducted to 50 staff (19.1%) in the quarter to enable practical skills in managing equipment.

The oxygen Plant donated by UNICEF was installed and its transformer was installed by the hospital.

The Hospital board was able to sign agreement with the neighbors encroaching on the Hospital land to vacate. Planting of trees on the entire Hospital boundary as a natural boundary began and still ongoing with the available rains.

Human Resource: Total staff salary paid was 3.4m/= (99%) was spent in the half year and 106,829,895/= paid to 96% pensioners who were also validated. 86% staff were appraised by end of 30th July 2022 and 11.5% were trained (phased approach) in performance management in the quarter.

Outpatients registered a 2% increase in referrals to the hospital as well as attendance at the specialized clinics with support from Kabale University specialist's team.

Diagnostics: an increase of 4% in planned Ultrasound scans and laboratory services were achieved due to machines functionality, availability of supplies and reagents. The CT Scan machine was installed, and its building completed. Only remaining is its printer and commissioning.

Variances and Challenges

Outpatients: registered only 30% of the patients are referred to the hospital which show that the Referral systems in the region is still poor.

Diagnostics registered only 21% patients due to malfunction of the X-Ray machine whose service contract with supplier is over and the model no longer supported by the manufacturer.

Immunizations: registered 40% performance due to the Outreach services immunizations now done at lower facility.

Human Resource: The Hospital had inadequate wage for the staff in post and needs to recruit more staff including specialists as per the Recruitment Plan.

Under Management and Support Services: The hospital land need to be secured from land grabbers (19hectares) by wadding off with permanent fencing

Hospital Staff accommodation is still inadequate to improve staff retention as well as their motivation. The Hospital needs a Standard Isolation Unit: There is none in the region. ICU construction has not yet begun yet Equipment's are available but no proper building. Staff Transport is needed to ensure easy movements in the region.

Frequent power outages require a solar power system for entire hospital for lighting.

Performance highlights for the Quarter

Irrespective of the highlighted challenges the entity continues to deliver most of the services as planned and most of the outputs are within the targets. The hospital accesses the life saving commodity of oxygen from NMS as a result of the breakdown of the oxygen plant though there are delays and inconveniences. The entity was able to have its Management Board reappointed and runs with proper leadership in place. With the release of capital development funds the MCH building and senior staff quarters projects were able to resume. The entity managed to overcome the Ebola pandemic with support of partners and the Ministry of Health headquarters.

Variances and Challenges

National medical stores has not delivered medical supplies as scheduled since the 8th of October meaning that we have missed two cycles since then. This has led to breakdown of service delivery affecting some of the outputs and emergency services like accident & emergency, labor suit and theater are at the blink of shutdown. Break down of the oxygen plant continues to become an inconvenience as we rely on NMS to supply to supply oxygen. The ICU project continues to delay due to shortage of funding by MOH and staff quarters continue to suffer delays due to inadequate funding.

VOTE: 410 Mbale Hospital

Performance highlights for the Quarter

Inadequate funding for capital development projects – Surgical complex, medical equipment, Renovation of dilapidated wards and staff quarters.

Variances and Challenges

The Hospital is overwhelmed by the number of inpatients which is due to poor management of referral system in the Mt. Elgon Region. The available resources cannot adequately handle these patients. The drugs and sundries are inadequate and yet most of our patients cannot afford to procure from private drug shops. The water budget cannot handle the consumption and yet our patients use a lot of water. The Immigration of payroll management from IPPS to HCM affected payroll management.

Delay between MOF and BOU to clear payments on IFMS

Performance highlights for the Quarter

- 1) The Oxygen plant broke down and repairs were done by Silverbacks the company that installed it. For its continued maintenance, UNICEF is taking over the repairs of the Oxygen plant. The team is already on ground and a new plant is to be installed by UPDF.
- 2) As management continues to improve on data management through digitalization and using the clinic master, more IT equipment keeps being procured and installed but internet connections, power fluctuations and skill gaps still challenge the process.
- 3) Medicines and supplies were received in the quarter but some stock outs occurred due to the high number of patients treated.
- 4) The main causes of morbidity and mortality in the hospital include trauma, malnutrition and maternal cases and the hospital has a big patient load especially in Paediatrics and maternity.
- 5) The looming scare and outbreak of Ebola was a threat during the quarter but no case was received in the hospital. However, arrangements were in place to manage if any case were received. (An isolation unit, the respective supplies and various committees including the case management were set up).

Variances and Challenges

- 1) Management continued to improve on data management through digitalization using the Clinic Master. Computer Installations were made, staff trained, internet connectivity extended and burglar proofing for safety was done. This was done to improve data management for proper reporting and decision-making.
- 2) 12 positions were declared vacant and submitted to Ministry of Public Service for recruitment clearance by Health Service commission to fill the human resource gaps. 4 new staff were received (one specialist and 3 senior management staff). This has helped improved on management and administration in the hospital. Gratuity and all pensioners were paid with no arrears accruing.
- 3) The hospital received new equipment for Specialised services including the CT-Scan and the dialysis machine. This saw new services started in the hospital.
- 4) Renovation of the children's ward was completed and the ward is functional. This helped to reduce on the overcrowding and space challenges for children.
- 5) Under G2G activity, most of the re-reimbursable milestones were met and the hospital received re-reimbursable funds that have been planned to do carry out renovations on identified old structures including the one to host the private wing and procurement of furniture. Other planned renovation works are for the TB ward and the therapeutic children's ward.
- 6) The hospital held the end of year staff party where best performing staff and departments were recognized as a way of improving staff morale and staff motivation.

Performance highlights for the Quarter

- 1). Regarding infrastructure, construction of the two (2) staff housing units each containing sixteen (16) units is ongoing. Work done during the quarter was not much and it included plastering as more materials were being waited for to continue with the project.
- 2). For the retooling project, the process was on to procure 15 patient monitors. The evaluation report was ready waiting for Contracts Committee approval. The hospital was also waiting for the delivery of portable theatre operating lights.
- 3).The Medical Equipment Maintenance Workshop though in infancy is working hard. It has three (3) staff running it by doing routine maintenance of equipment, trainings, inventory and calibration. Inventory was done and update in the NOMAD. Th workshop needs specific funding in order for it to attain full functionalization, which will include support to the lower health facilities.
- 4). Regarding Support Supervision, internal supervisions were carried out more compared to the external ones. This was due to lack of funds.

Variances and Challenges

There was a challenge of not having drugs and other health supplies to use in the hospital. The supply was expected in December but it was yet to be delivered by National Medical Stores.

Performance highlights for the Quarter

Performance was largely affected by the sudden outbreak of Ebola Virus Disease (EVD). The Total number of cases admitted: 111 of whom 7 of them were Health Workers. 109 were managed from Mubende Regional Referral Hospital ETU and 2 from Kaweeri ETU ; Of these, 67 (60.4 %) were male & 44 (39.6%) were female; Total Number of survivors/recoveries: 62; Total Number of Death: 42; There are 68 EVD survivors attending MRRH survivors clinic; Under IPC we acquired 12 moblets, (10,000 ltr) water tanks, the old incinerator was repaired, 2 washing machines, and now a regional incinerator is started construction.; Laboratory Equipment , Acquisition of a mobile laboratory equipped with EVD testing systems, Chemistry machine to handle EVD clients; Acquired a Generator ; Training of staff in EVD management; Setting up of EVD survivors clinic.

MRRH was supported by a number of implementing partners; MSF, WHO, CDC, WFP, BAYLOR lay, UNICEF MILD MAY. They supported in case management, medical supplies, data entry, internet connectivity, lab reagents and social package for survivors.

Inpatients-4222 admissions against the quarterly target of 4500; Bed occupancy was 150 % against the quarterly target of 75%; ; Average Length of stay was 3 days against the target of 4 days; 675 Major operations against the quarterly target of 1500.

Outpatients were -14,564 specialized outpatients against the quarterly target of 21,000; general outpatients were 14,282 seen against the quarterly target of 3719; While Referrals in were 229 against the target of 98

Diagnostics -29,298 Laboratory contacts against the quarterly target of 20,000; X-rays conducted were 406 against the quarterly target of 875; Ultrasound contacts were 169 against the quarterly target of 750 and 481 Transfusions done.

Medicines and Related supplies: One order (Cycle one) worth UGX 170, 190,785 was submitted to NMS during Q2and One delivery worth UGX 161, 401,847 was received on the 25th November 2022.

Variances and Challenges

1. Disease outbreaks such as Ebola Virus disease (EVD) distorted and disrupted service delivery throughout the quarter (September to December). This led to low achievement of targets in all areas.
2. The procurement process for the retooling projects were slow due delays in disbursing of funds hence entity could not fully commit itself.

Performance highlights for the Quarter

- Budget performance at end of Q2 was at 93.4% of the released funds
- The vote was able to meet most of its performance targets in most of the output areas.
- Procurement of Assorted medical equipment for theatre procured and pending delivery (0.200M)

Variances and Challenges

- The following are the 4 Major reasons for under expenditure(85%) in wage
 - 1. E-registration system for the supplier #s. 4 staffs in the scale of U5 affected
 - 2. Wrong bank account details for 3 staffs in the U4 scale.
 - 3. Expected new staff recruitment and promotion of 8 staffs to senior positions but appointments delayed. Their payments were already budgeted &
 - 4. Retired officer (4) shifted to Non-wage
- Low health seeking behavior of the community leading to Low utilization
- Under performance of the lower health facilities leading to lower referrals
- Low staffing level especially for the specialist. The available specialists are 6/25.
- Lack of accommodation both in the hospital and town for rent
- Old and dilapidated infrastructure de-motivated the practitioners
- irregular power supply to the Grid hence increased dependence on generator
- Insecurity in the region contributes to low attraction and retention and service delivery
- Under performance was due to delays by the user departments in raising requests. Secondly by end of the quarter the LOP had been signed.
- Contractor for retooling had not delivered the Assorted items.

Performance highlights for the Quarter

Maternal and Pediatric wards continue to receive an overwhelming number patients with a bed occupancy rate of 208% and 220% respectively. This implies the hospital still experiences patient floor cases, in other words, many patients were admitted when no beds were available for them.

There has been an increasing need for ultra sound scan services by most of the clinicians and this has improved the quality of diagnosis.

During this quarter, the hospital was able to pay domestic arrears worth 41m.

Salary and Pension were also paid in time.

Variances and Challenges

Underfunding - The hospital could not undertake key activities of building, machine and vehicle maintenance, lacked sundries, patient linen, food etc.

Very high water bills arising from old pipes which keep bursting.

Under staffing

Ebola outbreak deterred patients from turning up in expected numbers

Performance highlights for the Quarter

The Performance of the quarter two FY 2022/23 under review was as follows:

- Financial performance was 83 % in terms of expenditure. This was because of pending procurements and delay to deliver invoices for the month of September. Going forward we shall ensure proactive actions to ensure that payments for routine services commence earlier
- The Hospital performed as follows:
 - 3,825 (71%) patients were admitted
 - 342 (61%) major surgeries performed
 - 4,304 (115% 0 dialysis sessions conducted
 - 102 % bed occupancy rate
 - 5 days of average length of stay
 - 11,433 (107%) patients treated by specialists
 - 4,429 (89%) immunizations doses
 - 14,229 (127%) RFTS carried out
 - 14,124(127%) LFTs carried out
 - Underperformance was in the endoscopy examinations because of machine breakdown

Variances and Challenges

The Government of Uganda released a cumulative total of UGX 12,720 Billion (47%) to facilitate delivery of health services at Kiruddu National Referral Hospital. The breakdown was for wage it I 5,546. For non-wage recurrent expenses it is 6,682 and 0.500 for Retooling Activities. The cumulative expenditure is 10.308 Billion representing (82%)

The recurrent expenses included paying for utilities, property management expenses, purchase of medicines and health supplies, paying for Gratuity and pension, motor vehicle repairs and maintenance, paying for fuel for generators and vehicles. Facilitating committees and Hospital board among others. Retooling activities include procurement of furniture, renovation of hospital buildings, procurement of medical equipment, procurement of computers and CCTV cameras and attendant accessories, fencing off hospital land and procuring vehicle for Hospital Director

The challenges encountered in the quarter under review were:

1. Retooling funds released for Q2 were 500M as opposed to 900M Cumulative causing shortfall of 400M. This means that implementation of major activities will be delayed. There is balance of 1Billion.
2. The released wage could not meet the payment obligations for wages since the salaries had been enhanced. Therefore this impacted also on the recruitment. The recruitment plan could not be implemented because of shortfall.
3. The persistent load shedding impacted on high utilization nod dependency on generators to power the medical equipment, which include production and distribution of oxygen to all ports on the wards, laboratory equipment, radiological equipment
4. Post covid-19 poverty have impacted on performance and collections of Non Tax Revenue. The collection of NTR IS 205Mbelow expected 400M cumulatively for 2 quarters.
5. Poor Road network has affected the performance of the ambulances. Causing frequent breakdowns of the ambulances which has proved costly
6. Increasing inflation

Performance highlights for the Quarter

INPATIENT SERVICES

The Hospital achieved the following:-13,398 inpatient admissions, 9,470 inpatient referrals to the Hospital, 5,201 deliveries, 2,341 were by cesarean section, 1,112 GYN emergency admissions, 807 Pediatric ward admissions, 1,778 NICU ward admissions.

OUTPATIENT SERVICES

The Hospital attended to:- 23,693 outpatients, 5,856 Antenatal attendances, 2,153 Family planning attendances, 537 Physiotherapy patients, 435 occupational therapy patients, 14,578 specialized clinics, 9,114 children immunized.

HOSPITAL ADMINISTRATION AND SUPPORT SERVICES

The Hospital facilities were well maintained, utility bills were paid, service providers for cleaning, security and oxygen were paid on time, and equipment was maintained. The Hospital Human Resource unit prepared three payrolls, paid salaries on time, trained staff, managed and appraised staff performance. Prepared and submitted the Quarterly Internal Audit Reports, and Quarterly Budget Performance Reports.

Variances and Challenges

1. Inadequate staffing levels of 330 visa-vi the approved structure of 934 thus giving a 35% staffing level as opposed to the WHO required standard of at least 65% and the national average of 68%.
2. High utility bills due to the installation of several equipment like CT Scan, Fluoroscopy, X-Ray, Ultrasound machines, Oxygen plants, Laundry, CSSD, and Lab equipment.
3. High frequency of equipment & Machinery breakdown due to overuse
4. High patients volumes and congestion in the Hospital
5. Inadequate funding for both non-wage and capital development budget allocation

Performance highlights for the Quarter

Overall performance is at 78.8%, staff salaries and allowances were timely paid, targets were met and in some instances were surpassed. 9796 specialized outpatients, ANC 3219 , 1418 specialized admissions, 751 deliveries and 657 surgeries, these were far above the targets and projections

Variances and Challenges

Limited wage budget to cater for in post staff
Limited budget for facilities and equipment management
Inadequate budget to cater for specialized medical trainings
Limited and lack of land for construction of specialized staff houses

Performance highlights for the Quarter

1. Forty One (41) resolutions on economic and financial matters. The resolutions relate to issues that contribute to the acceleration of the implementation of the 2030 Agenda for Sustainable Development during the recovery from the COVID-19 Pandemic and realization of Uganda Vision 2040. These include international trade and development; external debt sustainability and development; international financial system and development; combating illicit financial flows; financing for development; Least Developed Countries; Landlocked Developing Countries; Industrial development cooperation; sustainable development and eradication of poverty, human resources, and housing. In addition, the resolutions address operational activities for development through South-South Cooperation; biodiversity preservation; climate change; agriculture development, food security and nutrition; international migration and development information and communications technologies for development;
2. Draft Doha Political Declaration, which calls upon the international community to provide targeted support to Least Developed Countries to fully implement the Programme of Action for the Least Developed Countries for 2022-2031. This Political Declaration will be adopted at the second part of the Fifth UN Conference on Least Developed Countries to be held in Doha, Qatar from 5th to 9th March, 2023.
3. Drafted and delivered a statement on behalf of the African Group during the adoption of the draft resolution on UNAFRI tabled under agenda item 109: Crime Prevention and Criminal Justice.
4. Initiated the shipment of Uganda Waragi to New York with the intention to introduce it to the diplomatic shop.
5. Uganda House & Town house building properly Maintained.
6. Collected USD 572,657.56 as rental income from Uganda house buildings

Variances and Challenges

- Lack of access to E-Visa Application system continues to pose a big challenge to the mission.
- Geo- political dynamics at the United Nations and from other member states.
- Covid-19 Pandemic continues to be a challenge to staff of the mission and client.
- Lack of timely feedback continues to pose a big challenge yet the working environment require urgent responses.
- The Mission continues to face a problem of a restricted structure that can not afford us to have enough staff to cover all UN agencies.

Performance highlights for the Quarter

Processed the renewal of 100 Passport Applications for Ugandans in Area of accreditation

Processed 1,960 Visa Applications for travelers to Uganda

Processed and Issued 4 Certificates of Identity to Ugandans travelling back home

Processed 26 Dual Citizenship Applications for Ugandans in the Quarter

Issued 22 National IDs to Ugandans in Ontario and Alberta

Authenticated 25 Drivers permits for Ugandans in Canada

Variances and Challenges

The Mission faced challenges in over all budget execution resulting from effects of Covid 19 Restrictions on movement

Payment for Passports online is still a challenge as Applicants have been asked to ask their relatives back home to pay for them

Underfunding for the Mission given the Vastness of the Area of accreditation

Freezing of Travel Abroad has also affected the execution of Mission Mandate

Attended meeting with leaders of diaspora to discuss diaspora event on 5/10/22

Participated in training of Registration with NIRA officials

Participated in diaspora event at the Radix hotel on 7and 8/10/22

Variances and Challenges

- i) Ceiling put in the system at the beginning of the process hinders one to budget for the funds required in the mission even on fixed costs like salary, Foreign service allowance.
- ii) Funds allocated to the mission are not sufficient enough to carry out all planned activities.
- iii) Cost of living in Nairobi is higher than in other countries in the East African region and commodity prices for items required is high.
- iv) Nairobi is Accredited to UNEP and UN habitat for Humanity but the Mission cannot attend to most of the meeting outside the country due to limited and even activities outside Nairobi.
- v) Funds allocated to the Mission Keep on reducing every financial year where as inflation continues to raise.
- vi) Funds are released by annually but there activities which need to be paid at the beginning of the financial year like medical insurance.
- vii) Funds reach the Mission towards the end of the first month of the quarter and service providers need to be paid at the beginning of the month.

Performance highlights for the Quarter

HOM attended the official Swearing-in ceremony of the 5th Assembly of the East African Legislative Assembly (EALA). The newly-elected Members were officially sworn-in on 19th December 2022 in Arusha, Tanzania

Attended the Meeting of the Finalization of the Uganda-Tanzania MoU on Prevention and Control of Animal Diseases and Zoonoses.

Attended the 9th East Africa Internet Governance Forum held at the EAC Headquarters in Arusha. The Meeting considered National ICT policies, and ongoing efforts geared towards the harmonisation of ICT policies in the EAC region

The High Commission hosted a Reception on the occasion of Uganda's 60th Independence Anniversary at Serena Hotel Dar es Salaam on 21st October 2022

Attended the Meeting of the Sectoral Council on Trade, Industry, Finance and Investment (SCITIF), which took place in Arusha, Tanzania

The Mission presented a Concept note on how to link the railway network to Uganda from Dar es salaam port to ease the movement of cargo and have an alternative gateway to the Indian ocean on 3rd November

Carried out the EACOP Familiarization Tour in Kahama, Tanzania Ports Authority in Mwanza, Tanzania Railway Corporation in Benaco and Isaka

The mission participated in the 2nd Meeting of The Intergovernmental Security Committee for the East African Crude Oil Pipeline Project (EACOP) Project from 12th to 13th October 2022.

Attended several meeting -The Sectoral Council on Finance and Economic Affairs, Meeting of the Committee on Trade and the Meeting of the Committee on Customs.

Variances and Challenges

It is also important to note that the Mission has not yet received the Development funds of UGX.3.5bn that were approved in FY 2022/2023 for Construction of the Chancery in Dodoma and UGX 1.5 bn to enhance economic and commercial diplomacy as well as facilitate relocation expenses to Dodoma the new Capital City of the United Republic of Tanzania

Limited resources on travel inland due to the frequent travels to Dodoma where the mission was allocated land for construction of the chancery

Freeze on travel abroad that constraints operation in the 6 countries of accreditation

High cost of living in Dar es salaam especially rental costs for housing of mission staff and other employee costs.

Inadequate funding for the cross cutting issues HIV/AIDS, Gender, Environment and Covid 19.

Delays in the release of fund that also delays programme implementation

Performance highlights for the Quarter

- > Presented Abuja Mission BFP to parliament
- > Attended the bi weekly site meetings at the construction site for the Abuja Chancery Project. Noted the good progress of the construction works.
- > Facilitated the visit of the Minister of aviation of Nigeria to Uganda to hold meetings with Ugandan counterparts regarding operationalization of Lagos route for Uganda Airlines.
- > Facilitated process of appointment of Ugandan Honorary consuls in Ghana and Ivory Coast

Variances and Challenges

The delayed release of the funds for the development expenditure has resulted in unwanted strains in the relations of the mission and the Contractor carrying out the construction of the Abuja Chancery and apartments due to breach of contractual obligations on the side of the Mission. The limited funds availed (the mission being the least funded amongst all uganda missions abroad) vis a vis the rising costs of living have made it difficult for the mission to efficiently execute its mandate as an oversee in the large area of accreditation of 16 countries

Performance highlights for the Quarter

- The Mission participated in the international conference of the Africa oil week in Cape Town during Africa's potential to harness its rich energy resources were discussed by governments and international players. The platform offers countries a great opportunity to market their energy sectors to key players in the sector.
- The Mission in collaboration with Villa Africa boutiques proprietorship organised and hosted Diplomats and Ugandans in Diaspora at Villa Africa Boutique Hotel to Uganda's 60th Independence Day Anniversary. During the function Uganda Airlines offered free tickets in a Raffle Draw to lucky attendees.
- The Mission participated in the 60th Independence Day Celebrations organised by the Ugandans in Mpumalanga Province during which a friendly a match between the Ugandans in Mpumalanga Community played for the independence cup against the Ugandans in Johannesburg who took the day.
- The Mission assisted Uganda Airlines & Uganda Civil Aviation Authority to solve an impasse with South Africa Airports Authority, which had led to the suspension of Uganda Airlines landing slots at OR Tambo Airport starting 29th October 2022. The intervention led to reinstating the landing slots, uninterrupted flights, and operations of Uganda's national carrier as solutions to issues raised were provided.
- The Mission held two consultative meetings with Mr Basil O'Hagan regarding the possibility /investing of establishing Mr. O'Hagan's Irish Pub and Grill in Uganda.
- The Mission attended a follow-up meeting with the Chief Director East Africa Region regarding the status of implementation of the agreed positions of the July 2022 Kampala JCC, Planned State Visit of and Business Summit of Feb 2023.
- The Mission sent a NV to DIRCO enclosing a progress report on implementation of the South Africa JCC on Cooperation in Public Works and Infrastructure Development and Cooperation in Transport related matters.
- The Mission Sent out communication to DIRCo, the various chamber

Variances and Challenges

- Low budget ceiling coupled with budget cuts in key budget line items has continued to hamper the Mission's activities in the fulfillment of its mandate.

- Participated in the 145th Inter-Parliamentary Union Assembly
- Held a meeting with EALA members of parliament on issues relating to regional peace and security, trade and investment and Northern Corridor Integration Projects
- Organized a concert to celebrate Uganda @ 60 themed "a declaration of African interdependence and our destiny".
- Organized Uganda -Rwanda joint permanent commission technical meeting in Kampala on 29th November 2022 to prepare for the next JPC in March 2023.
- Responded to the audit management letter and addressed the management recommendations therein
- Organized familiarization tours/ Border meetings (Mirama Hills, Cyanika and Katuna) for the High Commissioner
- The Mission issued 2 Gratis (2 male) visas to travelers to travel to Uganda
- Issued Emergency Travel documents to 519 Ugandans in Rwanda. These included 335 males and 184 females who had their documents expired or lost. These were facilitated to return home.
- The Mission certified 10 (9 male 1 female) legal documents of Ugandans to facilitate work and marriage purposes thus facilitating deeper regional integration.
- Processed 12 (10 male, 2 Female) requests for passport renewals handled.
- Collected USD 2139.62 from the issue of Visas, Certificates of Identity, certification of documents and Emergency travel documents to be remitted to the Consolidated Fund.
- Consular consultations were done by 519 people who visited and made phone calls as well as inquiries through social media networks to the Mission on different issues.
- The Mission supported 1 (1 Male) stranded Ugandan with transport to go back to Uganda.

Variances and Challenges

Unexpected budget cut which have affected some of the Missions planned activities in FY 22/23 i.e. tourism expos (during Africa day, Uganda @60 Independence, Consular Visits & Diaspora meetings among others.

- Fluctuating exchange causing loss on poundage.
- High cost of living in Kigali, the Mission should be reclassified as Grade A.
- High rental costs for example the Embassy has been notified by landlord of the Official Residence that Rent will be increased from \$63,600 p.a to \$ 96,000 effective January 2022. The Embassy does not have the funds to cater for the rent increments. The Mission requested for supplementary funding from Ministry of Finance. However, no positive response.
- The government should prioritize construction of Chancery building in Kigali to reduce on rental costs.
- The mission this FY 2022/2023 has facilitated 2 outgoing and incoming staff who were recalled & posted respectively yet this was not budgeted for therefore, this further increased pressure on the meagre budget and it has resulted to cancellation of some planned activities.
- Lack of travel abroad budget allocations which might lead to challenges of mischarges

Other challenges

- Lack of Commercial diplomacy budget limiting the Mission's activities to boost trade and tourism
- Coordination with other institutions in Uganda is difficult as there's slow response and sometimes none at all.
- Big number of stranded Ugandans whom the Mission has to financially facilitate to return home to save Uganda's image yet the mission does not have a particular budget allocated for such incidences.

Variances and Challenges

VOTE: 510 Uganda Embassy in the United States, Washington

The Mission experienced a general budget shortfall in the Q1-Q2 release of UGX2.413bn. Whereas the expected Q1 and Q2 releases amounted to UGX 6.86 bn (which included 100% expected release on development expenditure of UGX2.62bn) , the Mission received UGX 4.453 bn only. This led to shortfalls in critical areas as follows:

1. Delays in preparation for the arrival of the new Head of Mission
2. Emergency repairs and remedial works on the official residence and the Chancery buildings
3. Furniture and fixture replacements
4. Representational Vehicle replacement

It is hoped that all balance especially on the capital expenditure budget will be released to allow for critical activities like building repairs to take place.

The Budget items for travel abroad and Workshops remained frozen, severely hampering the work of the Mission and crucial activities like postings and recalls.

The over expenditure showing on the items of allowances and Travel inland as at end of Q2 is a system.

Performance highlights for the Quarter

- Participated in the fourth ordinary session of the African Union specialized technical committee on public service, local government, urban development and decentralization in Uganda was elected as the chairperson.
- Participated in the 27th Conference (COP27) of the Parties to the United Nations Framework Convention on Climate Change (UNFCCC), that was held from 6 to 20 November 2022 in Sharm El-Sheikh, Egypt.
- Provided protocol services to the following officials:
 - 04 delegates from the Ministry of Defense and Veteran Affairs who attended a military cooperation Committee meeting with the Egyptian Armed Forces from 30th October to 3rd November 2022.
 - His Lordship Alfonse Chigamoy Owiny Dollo, the Chief Justice who was attending the 6th Cairo High Level meeting of the Chief Justices and Presidents of the African Constitutional Supreme Courts and Constitutional Councils 10-12 September 2022.
 - 02 Uganda Peoples Defense Forces officials who participated as observers in the Egyptian-American joint training exercise themed “Bright Star 2023”.
 - The Parliamentary Committee on Foreign Affairs that was in Cairo for an oversight visit in October 2022.
 - The Budget Directorate team from Ministry of Finance that was in Cairo to carry out Program Based system of Budgeting (PBS) upgrade training from 18-21st October 2022.
 - Rt. Hon. Rebecca Alitwala Kadaga, Hon. Sam Cheptoris, Hon. Beatrice Anywar, Hon. Ruth Nankabirwa , Hon. Mary Goretti Kitutu, Hon. Bright Rwanmirama and Hon. Judith Nabakoobawho were in Cairo and Sharm El Sheikh respectively for the COP 27.
 - Gen. Katumba Wamala and team who attended the feasibility study phase 2 of VICMED from 12-14th December.
- Certified 27 documents, issued 12 emergency travel documents and 13 diplomatic visas.
- Timely payment of embassy obligations such as salaries, FSA, rents and utilities.

Variances and Challenges

- Continuous supplementary funding requests make budgeting difficult since the resource envelop cannot be determined until the MOFPED approves of the request. The Mission submitted a request to the MOFPED for a budget ceiling enhancement to enable seamless execution of its mandate. The embassy has not received feedback on this request.
- The unexpected posting and recall of home-based staff puts a strain on the allowances line item. Although postings and recalls are inevitable, cross transfers in the middle of the Financial year disrupt budget execution. Because of the resource envelope, the Mission usually budgets for carriage and haulage when an officer is on recall but when officers are cross transferred at short notice, it creates a budgeting challenge.
- Ugandans resident in Egypt have not been registered by the NIRA for national identity cards. The embassy formally requested the NIRA through MOFA in September 2021 to undertake the registration exercise but has not received feedback to date. Mobilization becomes very difficult when the Diaspora are disgruntled. They keep complaining about the lack of national identity cards and the status of the MOU on externalization of labour that could change their immigration status .
- Failure to tap into the trade and investment potential of Egypt and Israel due to lack of economic and commercial diplomacy funding.

Performance highlights for the Quarter

- The Embassy facilitated the participation of a Ugandan delegation in the East Africa Culture and Arts Festival that was organized by the Ethiopian Ministry of Culture in June, 2022. Eight countries participated in the Festival. The Ugandan delegation was composed of twenty people who included Journalists, Musicians, Film Makers, Play writers and exhibitors of cultural products. The Head of Mission, H.E. Rebecca Amuge Otengo made a presentation on Uganda during a Symposium that was organised as part of the Festival.
- The Embassy is working with Ethiopian Airlines, under their Ethiopian Holiday Product to promote tour packages for exchange visits between Uganda and Ethiopia. One tour comprising 22 people has so far been organized to Uganda. The purpose of the tour packages and exchange visits is to promote the tourist destinations in both Uganda and Ethiopia and encourage people to visit them.
- The Embassy together with Pollant Limited and the Uganda Tourism Board organized an event in Addis Ababa with the objective of unveiling the Explore Uganda Brand in Ethiopia; tourism product knowledge training for Ugandan and Ethiopian Tour Operators; as well as business to business matchmaking. At least 50 tour operators participated in the event. Pollant Limited is a Kenyan Company that was hired by the Uganda Tourism Board as Uganda's Market Destination Representative for Ethiopia, Kenya, Egypt, Nigeria and South Africa.
- Ms. Caroline Nalwanga Magambo, from Uganda, was endorsed for re-election as a Member of the UN Advisory Committee on Administrative and Budgetary Questions for the period 2024-2026.
- During the period under review, we coordinated issues related to Defence, Peace and Security which included Liaising and coordinating with the AU regarding Logistical, financial and other support to Ugandan contingents under AMISOM/ATMIS

Variances and Challenges

- i. Unlike some other Missions, the Embassy does not have specifically dedicated funds for Commercial and Economic Diplomacy. Therefore, activities in this area compete for funding under the general budgetary allocation.
- ii. When Uganda got elected to the Peace and Security Council, Cabinet directed the Ministry of Finance, Planning and Economic Development to provide the Mission with an enhanced funding allocation of 1bn Ugx (One Billion Ugx Only). The money was intended to cater for the new and enhanced role of Uganda on the continental stage, and the volume of work involved in engaging in the Peace and Security Council matters. This money has not yet been provided. We have continued to engage the Ministry of Finance, Planning and Economic Development on the same.
- iii. Limited number of human resources to deliver on the Mission's Mandate. The current structure of the Mission provides for 1 plus 4, i.e, namely: Ambassador/Head of Mission plus Four Foreign Service Officers; and an Administrative Attaché. However, the current staffing is one plus three. Given the concurrent mandate of the Mission as being both a multilateral and bilateral station, the staffing level of the Mission is not commensurate with the amount of work that the mission is mandated to cover .
- iv. Inadequate budget allocation and budget cuts particularly and the zero funding on travel abroad which makes it difficult for the Mission to participate in meetings of the different organisations, and activities organised by the Mission
- v. Deplorable living Conditions for the Head of Mission and the State of the chancery
- vi. Limited coordination and inadequate sharing of information between the Mission and the respective government MDAs.
- vii. Clashes in scheduling of activities and meetings which often results in non-participation by the Mission and/or the relevant MDA
- viii. Delays in implementation of commitments and preparation of country reports

Performance highlights for the Quarter

1. Represented and defended Uganda's human rights record and regime at the 51st ordinary session of the Human Rights Council in October 2022, and made statements calling for capacity and technical support to LDCs.
2. Ably presented Uganda's 2nd and 3rd National Periodic Reports to the Committee against torture during the 75th Session of the Committee against Torture held on 7-8 November 2022 in Geneva.
3. Ably represented Uganda at the Refugee Executive Committee and call for addition and continued funding to the Uganda's refugee program in October;
4. Represented Government at the UNHCR High Commissioner's dialogue in December 2022 on the protection of refugees, and officially enable Uganda to be announced as the co-Convenor of the 2nd Global Refugee Forum schedule for December 2023.
5. Negotiated a UN omnibus resolution on refugees in October- November 2022 and ensured inclusion of provisions to reduce pressure of hosting refugees on Uganda, including support from donors in the areas of clean energy, education and health;
6. Lobbied the WTO and facilitated the application for a project with the International Trade Centre worth 8 million US titled 'Trade and Investment Development.'
7. Facilitated the nomination of Ugandan candidates for the WTO workshop technical cooperation/capacity building activities sponsored and held in Geneva by the WTO Secretariat in 23-25 November 2022 and 14 – 17 March 2023.
8. Negotiated the draft legal instrument on protection of Traditional Knowledge and Traditional Cultural Expressions through the Committee on IP Genetic Resources, Traditional Knowledge from 5-9 December 2022
9. Participated and delivered country statements in the 29th session of the WIPO Committee on Intellectual Property (CDIP) held from 17-21 October 2022.
10. Represented Uganda at the31st Session of the Standing Committee on Programmes and Finance, 113th Session of the IOM Council, Working Group on IOM Partnerships, Governance and Organizational Priorities.

Variances and Challenges

1. The thin staff structure that does not enable full participation in meetings that often run concurrently.
2. The low MTEF that grossly affects budgeting to execute all our function and mandate to all international organizations
3. Our request for funds to cater for revised rates of minimum wage for local staff worth UGX 328,459,077 was not honored. This has put us at cross roads with the local laws.
4. Budget cuts, and release cuts has directly and grossly affected our ability to honor our contractual obligations that include compulsory medical insurance expected to be paid on time, rent arrears expected to be paid on time.

Performance highlights for the Quarter

The Mission and the United Nations Industrial Development Organization - Investment and Technology Promotion Office (UNIDO ITPO), Tokyo organized jointly the Uganda-Japan Business Forum held in December 2022 in Shibuya with the theme, "Boosting Economic Recovery and Enterprise Resilience through Sustainable Business Linkages" to promote business and investment in Japan Uganda. The Rt. Hon. Prime Minister of the Republic of Uganda, graced the occasion with a keynote address and panel discussion. Key outcomes include:

- Yokogawa Electric Corporation, leading provider of Industrial Automation and Test and Measurement solutions in Japan and beyond has shown interest in setting foot in Uganda. Yokogawa intends to solve social issues by contributing to the development of a wide range of industries with its distributed control systems for the monitoring and control of plant production facilities. Discussions with UIA are in advanced stages.
- Assentia Holdings Inc., which supports Japanese service businesses to expand their franchise globally as well as being a business accelerator that partners with entrepreneurs from all over the world who are interested in Japanese service businesses, is in initial stages of entering Uganda's free zone. They have successfully supported the opening of over 160 stores in 17 countries. UFZA is handling their application.

Facilitated the visit of the Ugandan delegation to Japanese companies in Tokyo and Osaka in the following industries: medical, agricultural equipment, food processing, as well as the Japan Association for 2025 Kansai Expo Osaka and the Osaka Chamber of Commerce and Industry. Outcomes include:

- State of Uganda's preparedness for the World Expo 2025 in Kansai is being closely monitored by the Office of Rt. Hon. Prime Minister and MOFA.
- An MOU between Osaka Chamber of Commerce and Industry (OCCI) and Uganda National Chamber of Commerce and Industry (UNCCI) has been proposed with a view to conclude it by March 2023.

Variances and Challenges

- The shortfall in Q1 was released in Q2 thereby completing the budget for half year of FY 2022/23
- No funds for Travel Abroad which is needed to conduct activities in areas of accreditation outside Japan
- No funding has been allocated to the Mission to carry out Commercial and Economic Diplomacy activities in both Japan and South Korea as the Mission is not among the piloted Embassies
- Lack of a property owned by the Mission, hence spending highly on rental expenses that absorb more than 30 percent of the budget

Performance highlights for the Quarter

Organised and coordinated the joint technical meetings between Uganda and Saudi Arabia to review the implementation mechanisms and address the gaps in the existing bilateral labour agreements with a view of improving on the working conditions of all parties concerned.

Provided shelter, medical care and other basic needs to 83 distressed Ugandans in the Kingdom of Saudi Arabia.

Aided repatriation of 26 dead bodies from countries of accreditation.

Aided repatriation of more than 2,000 Ugandans under distress and issued 1,895 Emergency Travel Documents.

Visited 797 prisoners and deportees to provide them with consular support to aid repatriation.

Carried out inspection and vetting visits of 168 Recruitment Agencies deploying Ugandan migrant workers in Saudi Arabia to monitor compliance of set guidelines and standards.

Provided protocol services to 2 official delegations from the Parliament of Uganda.

Participated in 10 meetings of the Organization of Islamic Cooperation and affiliated organs and institutions to advance Uganda's position on key strategic issues.

Secured commitment from the Islamic Center for Development of Trade (ICDT) and affiliate organ of the Organisation of Islamic Cooperation (OIC) for Uganda to host a Coffee meeting from 6th – 7th March 2023.

Engaged the Honorary Consul of Uganda in Jeddah to identify investment, trade and tourism opportunities for Uganda.

Sensitized the Ugandan diaspora in the Sultanate of Oman on the investment opportunities available to them.

Facilitated forex inflow worth \$1.946 million to Uganda through identifying and processing job opportunities for migrant workers in the Kingdom of Saudi Arabia.

Variances and Challenges

Limited staff at the embassy to handle the ever increasing number of distressed Ugandan migrant workers in Saudi Arabia and the countries of accreditation

Inadequate financial resources and untimely release of the funds to respond to the distress calls and monitor the relevant parties for compliance during the Financial Year. The activities related to consular services have taken up the largest share of the budget in the recent years and these costs continue to increase as deployments increase.

Centralization and consequent delays of issuing visas in the Ministry of Internal Affairs has negatively affected the mission effort to attract business travelers and tourists to Uganda.

Delay in issuance of passports for the diaspora in countries of accreditation.

Lack of the Investment Protection and Promotion Agreements and Double Taxation Agreements with countries of accreditation.

The mission is inadequately facilitated to handle all the distressed calls and yet pressure is usually mounted from different authorities to handle and resolve individual cases as soon as possible.

Critical but unplanned activities that need to be carried out during the budget execution

Lack of vehicles to facilitate the embassy in execution of its mandate and duties.

Failure to hold regular Joint Technical Committee meetings with the Kingdom of Saudi Arabia to review the implementation mechanisms and address the gaps in the existing bilateral labour agreements

Posting of new home based staff at the embassy during the FY yet the new appointments were not considered at budget preparation

Performance highlights for the Quarter

Investment promotion: Visiting companies and attracting them to invest in Uganda eg Koudijs-de Heus in The Netherlands for Agro Industrialisation, BRIDGIN Foundation for infrastructural projects for Ministry of Education, Energy and Health in particular.

Official opening of the chancery officiated by the Minister of Foreign Affairs with staff and other invited guests.

Mission participated in many security conferences of OPCW, ICC, ASP, OACPS.

HOM also visited convicted Dominic Ongwen in the ICC upon request and had an engagement concerning his legal status.

Participated in many business forum for Trade and Commerce eg Ignite now(NL) for energy, 2nd Uganda EU business Forum in Uganda, IT Mission from Belgium for young IT professionals, Uganda Netherlands Business Convention(UNBC), Deroose plants Belgium, OVO Entrepreneur meetings, EU elections.

Trainings: Interplast Holland Training Uganda surgeons on reconstructive surgery.

Promotion of Ugandans image through provision of various services eg Visa personalisation, Visa Pre-processing National ID registration, legalisation of documents.

Provision of consular services, counselling and guidance , guidance on back home investment , Education counselling and guidance to Uganda students and the Diaspora

Variances and Challenges

Challenges: Too many opportunities and activities but limited funds yet they can be of benefit to our country's economy. These are mainly Commercial and Economic Diplomacy activities, Tourism potential exploration, limited or no contribution to Diaspora events and activities , constraints in facilitation of recalled staff and incoming staff .

An additional officer and Presidential appointee at the rank of Second Secretary was posted to the Brussels Mission effectively from 1st January 2022.

However despite verbal commitment to the Head of Mission, no supplementary budget was provided for the FY 2021/22 nor additional funding for FY 2022/23. This has resulted in a budget deficit of Euro 96,609.32 to provide for the entitlements of the officer.

Inflation, Wage Indexation, Increased Rent Cost. Due to the prevailing inflation and increased cost of living, 8% indexation has been applied on rent for residences of officers. Hike in Energy Costs, Increased Fuel Prices,9.0. Maintenance Costs

The Embassy has a newly renovated Chancery building, an Official Residence, four official vehicles and an empty plot. Requisite funding is required to ensure appropriate maintenance of the newly renovated Chancery building and installations (air conditioning, ventilation, heating system, fire safety, security system and elevator). Funding is also required for renovation works at the Official residence, maintenance of the official vehicles and development of the empty plot.

Variances: Some activities are scheduled in a way that they carried out throughout the four quarters, delays in submission of bills by service providers for payment, Belgium laws must be adhered to when it comes to consumption of some services here eg rent, heating and electricity , fuel etc regardless of your budget position.

- 2.Overflight Presidential Clearance for H.E the president official visit to UK and USA in December 2022 managed .

Variances and Challenges

The Mission received Shs 472,256,918 for Quarter two of which Shs 78,666,6667 was development release for purchase of furniture.No funds were received for Agro-industrialization(Shs 68,200,000).Also part of the development funds(total being Shs 236,000,000) was release.as budgeted).

Challenges in budget execution included but no limited to;

1. Inadequate funds to undertake Mission activities. budget cuts for Travel Abroad and Inland has constrained travels to execute the objectives of the Mission in Italy and eleven (11) Countries of accreditation and three UN Agencies.
- 2.Rising costs of living ie increase in gas,electricity ,fuel bills and other necessities not foreseen at budgeting process hence putting strain on the Embassy budget.
- 3.Loss of poundage.fluctuations in the euro affected releases leading to loss and as a result put strain on the already meager Mission budget.
- 4.No development budget for purchase of Utility Car since the current is old and expensive to maintain in terms of repair and servicing.
- 5.Promotion and transfer of officers in the Mission without accompanying budget.this posed a challenge in meeting statutory obligations of officers.

Performance highlights for the Quarter

- 1)Coordinated and participated in survey of 2 UG procurement companies operating in the health sector-Bajo African Investments Ltd & Uganda JMS
 - 2)Held two meetings in Goma to discuss on ways to invest in Agricultural sector in Uganda and DRC.
 - 3)Held two meetings to follow up with relevant DRC Authorities on the signing of the Search and Rescue Agreement and extending the Uganda Airlines connectivity to Goma
 - 4)Coordinated two exchanges of correspondences on Key export products between Uganda and DRC and conclusion of the MOU on Plants and Animals sanitation.
 - 5)Coordinated one cross border meeting between Uganda and DRC during the opening of the Mpundwe/Kasindi one stop Border post.
 - 6)One Updated list of 10 Ugandans in Congo Brazzaville.
 - 7)Issued 134 Visas and 4 Certificates of Identity
 - 8)Held one end of year diaspora engagement with Ugandans in DRC on 11th December 2022.
 - 9)Collected UGX205,751,381 detailed as;Rent collections from Tenants at Uganda House-UGX164,923,578,Visa collections-UGX39,877,658 and Miscellaneous income-UGX.950,145.
 - 10)Held three meetings with the Governor of North Kivu, director Immigration in En.DRC and Chief of Protocol,MOFA regarding the establishment of Goma consulate.
 - 11)Coordinated and participated in two consular visits to 11 Ugandans in Makala prison and 14 Ugandans in Munzenze prison
 - 12)Held two meetings with the Director General of ANR and Minister of National Defence and Veterans regarding consular access to 6 Ugandan Nationals who are held in their custody and rampant arrests of Ugandan nationals living and working in DRC
 - 13)Participated in one meeting of African Group of Ambassadors, Diplomatic Corps in Kinshasa, the Chairperson of the Sanctions Committee of the Security Council and Governor of North Kivu on DRC on peace and security concerns.
- Celebrated Independence day
- 14)Payment of Fee Note 6 for the Consultant amounting to 8,000 and Reimbursables of \$2,006. Partial payment of IPC 5 to the Contractor amounting to \$216,858.90

Variances and Challenges

- 1) Negative anti-Uganda propaganda from Congolese opposition and civil society wrongly alleging that Uganda was fueling insecurity in Eastern DRC put the DRC Government under tough pressure.
- 2) Continuous high political turmoil in Eastern DRC hindered the holding of regular Cross border meetings
- 3) DRC postponed the 8th JPC Session which was proposed to be held from 25th-28th October 2022 citing late confirmation by the Ugandan side as the reason.
- 4)The Head of Mission, H.E Al Hajji Farid Kaliisa has not yet presented his credentials to the President of DRC, the host country and hence cannot be authorized to present credentials to other areas of accreditation.
- 5) Ministry of Finance released only 33.3% of the Embassy's Development budget. This was not sufficient to pay the entire Interim Payment Certificate No.5 for the Contractor (\$305,529.95).
- 6) Ministry of Finance has not honored the Embassy's request for Rent Supplementary for the Chancery premises despite the numerous reminders for the same. Hence the Embassy is using the funds available to cater for rent which hinders execution of other planned activities.

- 2.Coordinated Uganda's participation in the 2022 Annual Meeting of the Organisation for Economic Co-operation and Development (OECD) Forest Seed and Plant Scheme Meeting
- 3.Coordinated Uganda's participation in the 31st Edition of the Sommet de L'élevage (Livestock Trade Show)
- 4.Coordinated payment of Uganda's arrears and statutory contributions for 2023 to the World Organisation for Animal Health (WOAH)/Office International Des Epizooties, amounting to 28,777 EUR
- 5.Coordinated Uganda's participation in the 65th Meeting of the UNWTO Regional Commission for Africa held in Arusha Tanzania
- 6.Coordinated Uganda's participation in the Portugal Smart Cities Summit 2022, held in Lisbon
- 7.Coordinated Uganda's International Assistance Request for the project on "Developing Guidelines for the Tombs of Buganda Kings' Buffer Zone"
- 8.Had a Courtesy visit by the Ambassador of France to Uganda at the Official Residence
- 9.Coordinated Uganda's participation in the 5th Paris Peace Forum
- 10.Held a meeting with the TOTAL Energies Senior Vice President Africa on 13 December 2022 to discuss progress regarding the East African Crude Oil Pipeline (EACOP) Project
- 11.Participated in engagement meetings with the leadership of MEDEF (a body of over 250,000 companies in France) to introduce investment opportunities in Uganda for their members, where the Head of Mission invited the members to participate in the Uganda-EU Business Forum
- 12.Engaged with TF1, a French Television Company, to coordinate their visit to Uganda to do television cover for their French audience. Target area being Queen Elizabeth National Park and Murchison Falls.
- 13.Coordinated Uganda's participation in the 2022 Annual Meeting of the Organisation for Economic Co-operation and Development (OECD) Forest Seed and Plant Scheme Meeting
- 14.Participated in the Women Count Roundtable on Financing for Gender Data

Variances and Challenges

- 1.Failure to attend some critical meetings as a result non payment of subscription fees by Uganda to some of the multilateral organisations such as UNWTO, OECD-Seed Scheme.
2. Lack of funding for travel of activities at the Multilateral organisations.
3. Variation in funding as releases differ from the cashflow plan amounts which affects the implementation of the approved work plans
- 4.Delayed resumption of the renovation works which has increased other related costs such as rent for current Chancery premises and warehouse.
5. Delayed receipt of releases which eats into approved budgets as fines are incurred on certain line items especially utility bills.

Reason:

- 1) The low absorption of non-wage recurrent at 76.5 % was largely on the account of the fact that Quarter 2 release was made in two batches the second batch was received on 15th December 2022 (towards the end of Q2) thus the low absorption.
- 2) Although the Mission received 53.5% of the approved budget on wage, only 91.6% was spent. This was due to the fact that the Q2 release included a partial front load from Q3 release to offset persistent shortfalls on wage. Additionally the late receipt of the funds the second batch being released on 15th December 2022 explains the low absorption.

Performance highlights for the Quarter

- 1) The Deputy Head of Mission held a meeting with COMEX Waste management to discuss potential engagement with KCCA and national water on waste management.
- 2)The Mission participated in a Roundtable meeting with the EAC delegation from Arusha, EAC Missions in Berlin and about 40 Germany firms interested in Investing in East Africa.
- 3)The Mission held meetings with SIEMENS for development of the SGR in Uganda. Negotiations have already commenced with SGR Project Team in Kampala for good rail solutions with attractive financing options.
- 4)The Mission hosted the 60th Independence Anniversary of Uganda.
- 5) The Mission participated in the bilateral negotiations between Germany and Uganda on development cooperation. On 12th October 2022, the parties signed an agreement giving development assistance of 68.8 million euros to Uganda for the 2022-24.
- 6)The Mission facilitated the official visit of the Rt. Hon Thomas Tayebwa, the Deputy Speaker of Parliament to Hamburg, Germany from 16th to 23rd December 2022.
- 7)The Head of Mission paid a visit to the Honorary Consul of Uganda in Munich to discuss arrangements for the Uganda-Germany business convention.
- 8)The Mission held a meeting with the Network of African Diaspora Supporting Third Country Nationals for consolidated efforts to assist Ugandans in distress who fled from Ukraine.
- 9)The Mission participated in the Ugandan Multi-sectoral visit to Munich led by PS Ministry of Internal Affairs to conduct a due diligence on Veridos a prospective German Firm for joint venture with Uganda government.
- 10)The Deputy Head of Mission held a meeting with KFW-IPEX bank in Frankfurt to discuss financing for the Iganga Buloba Kamuli road and e mobility project on 11th November 2022.
- 11)The Mission supported 3 Ugandans to secure training fellowships under the International Atomic Energy Agency.

Variances and Challenges

VOTE: 523 Uganda Embassy in Germany, Berlin

- 1) Balance of Quarter 2 release was received on 15th December 2022 which was too late to absorb released funds.
- 2) The Mission was not able to recruit any staff due to shortage of funds on local staff salaries
- 3) The development budget had not been expended by end of QUARTER TWO due to the fact that the development releases for both Quarter 1 and Quarter 2 have not been effected by GOU.

Hosted the third Deputy Prime Minister, Rt. Hon Rukia Nakadama & delegation in Tehran. They participated in the Iran International Trade Exhibition and the World Women Conference where MOU'S were signed on trade and investment

Variances and Challenges

The recent protests in Iran curtailed some of our planned outputs

Budget cuts by MoFPED means embassy planned objectives cannot be fully achieved.

Embassy's plans to open up liaison offices in Iraq to bring consular services to our people in Iraq have been affected by limited funding

Performance highlights for the Quarter

During the Quarter two FY 2022/23, the Mission registered the following key achievements:

1. Participated in IMBRICS + Forum which took place in St. Petersburg with the bid to establish and strengthen relations with the dignitaries from the BRICS.
2. Visited Kirov and Volgograd Regions, met the Governors, the Presidents and members of the Chambers of Commerce and Industry and visited several companies and factories to promote Uganda's trade, investment and tourism opportunities. A delegation from a fertilizer company called Kirovo-Chepetsk chemical company agreed to visit Uganda in January 2023 to explore the possibility of establishing a plant.
3. Hosted the 60th Independence Anniversary and 60th anniversary of diplomatic relations between Uganda and the Russian Federation with the bid to strengthen bilateral relations and promote the image of Uganda. The event was attended by more than three hundred guests including government officials of the Government of the Russian Federation, Diplomats, representatives of business companies, Ugandans in the diaspora among others.
4. Hosted the Diaspora event with the bid to welcome the new students and mobilize Ugandans for development.
5. Attended one security briefing in Moscow hosted by the Government of the Russian Federation.
6. Attended a briefing meeting about the upcoming Russia- Africa Summit hosted by the Ministry of Foreign Affairs of the Russian Federation.
7. Participated in the ATOMEXPO which is an International Forum and a key exhibition event in Russian nuclear industry. Uganda and Russia signed an agreement on nuclear development and this was a platform to source partnership.
8. The Embassy issued 141 visas to visitors travelling to Uganda.

Variances and Challenges

1. The ongoing special operation in Ukraine continues to impact implementation of the planned activities in some countries accreditation.
2. The deactivation of the SWIFT system in the Russian Federation as a result of the special operation in Ukraine increases cost of operation through additional costs in travel abroad and increased exchange losses due to high rates.
3. The special operations in Ukraine which have affected movement to certain parts of the Russian Federation and some countries of accreditation.

- Insufficient Budget to undertake activities as per plan
- The sheer size of the area to which the Mission is accredited
- A very high cost of living making it difficult for us to operate with limited resources
- Inadequate and untimely response by some MDAs to our correspondences and enquiries
- Lack of a clear Diaspora policy
- Visa issuance delays and discrepancies in visa durations for members of the same family
- On and off online visa application system.
- Costly Hotels in Uganda and inadequate facilities in tourist destinations
- Sanitary and Phyto Sanitary and other non-tariff restrictions to our products

Performance highlights for the Quarter

1. 3 meeting were held by the Embassy official and the Authorities of South Sudan to address the compensation issue of the Ugandan traders who lost their property during the war; 1 of the meetings was attended by the Hon. Minister of Finance in November 2022
2. The Mission did not organize out any State outreach program to the potential investors in areas of Agribusiness but rather did reach out they all the guests of the South Sudan MDA and investor who were invited to the Uganda independence celebration in which the Head of Mission promoted the Agro-industrialization, manufacturing, tourism, education, health amongst other and welcomed potential investors in the areas and more; The Head of Mission also encouraged the female gender to actively be involved of the nation's investment for the betterment of the nation.
3. The Embassy held 2 meetings with the Private Sector of South Sudan to foggy way on how the sister countries can mutually from manufacturing sector. the meetings are still going on and will result into signing of MOUs between Uganda and South Sudan.
4. Facilitated and coordinated the members of Uganda parliament to participate in the Parliamentary Games that were held in Juba – South Sudan.
5. The Embassy did disseminate information about Uganda's tourism investment opportunities to the Nationals in South Sudan through the aid of radios, to the guests who to the Embassy for meetings and assistance and the Ministry of tourism of South Sudan.
6. The Embassy did make follow ups on the trade and Economic agreements that were discussed about during the Uganda - South Sudan Business Forum that was held in July 2022. However, it needs support from the Uganda - MDAs to see all is concluded as planned.
7. The Embassy made arrangements a Ugandan owned clinic in South Sudan to help in the counselling of Uganda who are affected by the HIV/ADIS. out of that 13 Ugandans were counselled by the facility.
8. The Embassy did facilitate the Ugandan community lead

Variances and Challenges

VOTE: 527 Uganda Embassy in South Sudan, Juba

- Spiraling inflation in the Republic of South Sudan has distorted the spending targets and reduced the real value of funds released to the Embassy.
 - The high loss on poundage the Mission has incurred in the first half of the F/Yr.
 - Insecurity in the Host country still curtails the Mission's efforts of extending services to the Uganda Diaspora Community in South Sudan.
 - Un stable security in the entire Country (South Sudan). The efforts of the Mission to offer consular services as one of its functions are often hampered by widespread insecurity in South Sudan.
 - External factors like the reluctance by our Host Government to respond on the requests made. This makes the Mission appear as if it does not perform yet actually the cause is from another Government.
 - High rental costs for the Chancery and staff accommodation.
 - The Mission is underfunded hence unable to fulfill its mandate and planned activities.
 - Under funding to enable the Embassy operate smoothly. i.e The Deputy Head Mission budget has not yet been incorporated in the Mission ceiling. So the Mission has continuously written to Ministry of Finance Planning and Economic Development for a supplementary budget and ceiling enhancement but all in vain. (extract of the supplementary request herein attached.)
 - Short fall for rent since the construction of the chancery building and the two staff apartments are not yet completed as planned.
 - Consular out-reaches to the Ugandan's in the different states of South Sudan is underfunded
 - The high demand for Certificated of Identity by the Ugandans in South Sudan Vs the supply from the Ministry of Internal Affairs affects the Mission operation.
- The scrapping of the Travel Abroad from the Embassy budget is a big to the Mission because affects its movement from Uganda to South Sudan and other Regional countries for meeting that concern the Country's national interest.

Variances and Challenges

VOTE: 528 Uganda Embassy in United Arab Emirates, Abudhabi

1. Delayed release of funds. Quarter two funds were partially released in August and the balance in October. This delay affected activities that would have been implemented earlier.
2. Capital development funds were also partially released and the balance released in December which affected the procurement timelines of the Representational vehicle.
3. The half year rent allocation was not enough to cater for the annual rent obligations since most landlords require a one off payment for rent.
4. Dubai is a transit station and therefore the embassy spends a lot of funds on offering protocol services to entitled government officials.
5. The embassy was overwhelmed by the number of Ugandans to be deported in Q2. There was limited number of certificates of identity to be issued on gratis plus limited financial resources to offer consular services.
6. Limited funds required by the embassy to realize its full potential and to exploit all the opportunities in line with its core mandate of promoting Economic and Commercial Diplomacy.
7. Funds allocated to mission staff salaries are not enough hence constraining other budget items.
8. Insufficient space to accommodate distressed maids. There is need to acquire or rent a rescue accommodation in Dubai and also rent a bigger one in Abu Dhabi.
9. No operational funds for the rescue accommodation. Funds are required for meals, electricity and a wages for the care taker.
10. The transportation fleet is constrained since the consulate has no utility van and the ones at the embassy have outlived their useful life and the embassy is incurring a high cost on the repair and maintenance.
11. Unlimited funds to fully cater for mandatory benefits for local staff like housing and medical care.
12. Deployment of staff without corresponding increase in the embassy budget.

Organized a Ugandan Diaspora Business Conference/ Forum themed "My Investment and Partnership Journey " in which various business experts shared their business experiences and insights with the Ugandan Diaspora

Uganda National Day Celebrations were held on 7th October 2022 to commemorate Uganda's attainment of Independence.

One media campaign was organized to articulate Uganda Foreign Positions and also celebrate the 60th Anniversary of the Establishment of Diplomatic Relations with China

Held telephone calls to follow up on 68 Prisoners and their relatives regarding their welfare as visits are suspended

Variances and Challenges

Limited funding has stalled the project of construction of Official Residence and Chancery. The average initial deposit for most construction companies to commence construction works is 30% (Approx. Ugx.6 billion) which the Consulate is yet to secure.

The strict Covid 19 related travel restrictions still being enforced have limited the Consulates capacity to deliver on a number of its outputs e.g. coordinating of a Chinese delegation to Uganda and visiting Ugandan Prisoners among others. This has also affected full absorption of the released funds

Variances and Challenges

- Lack of funds for promoting Commercial & Economic Diplomacy. The Mission submitted to Ministry of Foreign Affairs a Concept Note that requested a budget of at least UGX 2bn be released to the Mission to be able to carry out Commercial Diplomacy activities across the ASEAN region.
- High Operational costs, over 80% of the Mission Budget is spent on Fixed costs; Rent (UGX 1.2Bn), Foreign Service Allowance & Entitlements (UGX 0.883Bn), Staff Salaries (UGX 0.580Bn), Medical Expenses (UGX 0.173Bn), & Utilities (UGX 0.416Bn). However, with the current economic crisis, prices have continued to shoot-up and yet the Mission continues to operate on the same fixed budget ceiling for the last three years.
- High Cost of living index in Kuala Lumpur (Mission has been advocating for elevation to at least group A to mitigate the cost of living.), The under grading of the Mission has led to Inadequate Foreign service allowance and education allowance for children.
- Loss on poundage in terms of foreign exchange losses due to translation differences.
- Unplanned mid-year postings that affect budget execution.
- Challenges in travel abroad. The budget for travel abroad was removed yet the Mission handles 9 countries.

TOURISM PROMOTION

The Consulate, in conjunction with key partners in the tourism sector, organized a tourism conference and exhibition in Mombasa, this was immediately followed by a familiarization trip to Uganda, in November 2022. The conference was held under the theme: "Strengthening Networks, Synergies and Diversity to Maximize the Tourism Potential between Uganda and the Kenya Coast."

These events enabled the tourism operators to experience first-hand the attractions/products in the two countries, after which joint-promotion partnerships were developed. The expectation was that the tourists who visit the Coast could extend their tours to Uganda, and vice versa, to have wider and more interesting experiences.

CONSULAR

- 1)Facilitated the reparation of six (06) victims of human trafficking back to Uganda who were successfully reunited with their families.
- 2)Conducted six (06) visits to Prisons and Police stations and established the presence of three (03) sentenced to jail terms over illegal stay in the country.
- 3)Issued five (05) Emergency Travel Documents (ETD) to a Ugandans and collected KES 2500 in NTR.
- 4)Registered additional thirty (30) Ugandans on the database.
- 5)Continuous engagement with Kenya Immigration through physical and phone calls to regularise legal statuses of Ugandans in Mombasa.
- 6)Received and provided over thirty (30) consular correspondences through calls and emails.
- 7)Continuous encouragement of Ugandans diaspora to register with the Consulate and to provide information and enlighten them of investment opportunities available in Uganda.
- 8)Provided seven (07) protocol services to Government officials from Uganda who had official engagements in Mombasa.
- 10)The Mission organized and celebrated Independence day with the Ugandan Diaspora in Mombasa.
- 11)The Mission, led by the Consul General visited the new Governor of Mombasa His Excellency Nasil Abulswamad to discuss matters of mutual interest between Uganda and the Coastal region.

Variances and Challenges

- 1)Loss on Poundage
- 2)Unpredicted Budget cuts.
- 3)Old utility vehicle which is very costly to maintain.
- 4)The Mission was appropriated UGX1.2Bn additional funds by Parliament. However, the Mission has not received these funds from MOFPED during the half of the Financial Year hence affecting the implementation of planned activities.

10. Additional 27 storage (4,560MT) were established by farmer organisations, bringing the total established storage facilities to 287 with a total capacity of 52,920 MT.Increasing market access and competitiveness
11. Construction of National Metrology Lab at UNBS is at 80% level of completion.Construction of the Zonal Animal Disease Control Centre in Nwoya district at 83% level of completion.
12. Strengthening agriculture sector institutional capacities.

Variances and Challenges

The following are the major challenges;

1. Increased emergence of pests, vectors, and diseases that affect the production and productivity of agricultural enterprises.
2. Lack of adequate agriculture financing framework makes it difficult for most of the farmers to access credit
3. Predominance of unstable and low-value agricultural markets
4. Unstable production volumes due to reliance on rainfed agriculture

Performance highlights for the Quarter

Completed the rehabilitation of 104 boreholes ,drilling of 30 new boreholes, construction of 1 protected spring and 2 Rain Water Harvesting Tanks. Construction works commenced on 4 piped water systems and 1 sanitation facility. Design of 7 piped water systems is on going.

Each of the 6 umbrella Organisations supported the operation and Maintenance of at least 6 piped water systems in their area of jurisdictions during the quarter bringing the total number of schemes worked on to 70 systems.

A total of 376 New Water User Committees established, 267 Non Functional Water User committees reactivated, 167 Water User committees replaced and retrained on Operation and Maintenance all these as part of software steps. conducted 129 District Water and Sanitation Coordination Committee meetings.

135 Districts Environment teams monitored and the Environment and natural Resources in their respective Local Governments and held Environment and Natural Resources coordination meeting with their sub county staff

Variances and Challenges

Due to the non release of Quarter one funds for development, most of the construction works delayed to commence and even the funds that were requisitioned early got to the activity holders late. this cut off some of the planned activities.

1. Shs 2.895 Billion transferred to LGs as Social Development grant
2. Community Mobilization and Mindset Pillar of PDM rolled out in 176 LGs across the Country
3. Simplified handbook on household mentorship and visioning finalized and disseminated in selected districts across the country

Variances and Challenges

The total budget for the LG Sector under the Social Development sub component amounted to Shs. 7.76 Billion i FY 2022/23. During the second quarter, the total allocation amounted to shillings 1.940 Billion. Cumulatively, over the two quarters, the total transfers amounted to shs 2.895 Billion.

The key outstanding challenge is a short fall in resources amidst increasing demand at the local Government as this grant caters for all the special interest groups that include, women, youths, PWDs, Older Persons, Children, among others
