Glossary of Key Terms

Absorption: Funds spent by MDAs as a proportion of the funds released from Central Government.

Approved Budget: This is the appropriated budget by the Parliament of the Republic of Uganda, which is normally undertaken in May of the proceeding Financial Year.

Budget Outputs: These are strategically important services delivered by the Vote which contribute directly to the Vote's and indirectly to the Programme objectives, e.g. E-Learning, and innovation services which contributes to increasing access to education and to the wider programme objective of increasing literacy and numeracy rates.

Chart of Accounts: Is a critical element of the Public Financial Management (PFM) framework for classifying, recording and reporting information on cost plans, transactions and events in a systematic and consistent way. It plays a key role in government fiscal planning, financial management, accountability and financial reporting frameworks.

Expenditure: Actual spending by MDA's (recorded by EFT transfers) reported on the IFMS.

Grants and Subsidies (Outputs Funded): These are services funded by the Vote but delivered by another institution. They relate to expenditures on grants and transfers in the chart of accounts.

Interventions: These represent the results or sets of activities implemented by the Vote which contribute to the achievement of the Programme objectives. These are recurrent in nature, e.g. inspection of primary schools.

Investment (Capital Purchases): These relate to purchases of capital assets in the chart of accounts.

Item: This is the lowest operational level of the budget, and represents the resources necessary to carry out activities, e.g. staff salaries, travel inland, printing and stationery.

PIAP Output Indicators: These measure the performance of Budget Outputs, e.g. No. of classrooms constructed.

Non-Service delivery spending: This represents budget allocation and expenditure on outputs, usually recurrent in nature, which contribute indirectly to the provision of key public services, e.g. administration of payrolls enables the delivery of education services by teachers in schools.

Percentage of Budget Released: This is the percentage of the approved budget (excluding supplementary budgets appropriated in year) that is released by Central Government.

Percentage of Budget Spent: This is the percentage of the approved budget (excluding supplementary budgets appropriated in year) that is spent by MDAs through EFT transfers.

Projects: These represent the results or set of activities implemented by the Vote which contribute to the achievement of Programme objectives. They primarily involve capital purchases and may be financed by the Government of Uganda and/or Development Partners, e.g. Emergency Construction of Primary Schools Phase II.

Glossary of Key Terms

Release: Central Government transfer of funds to MDAs (including supplementary funds) from the consolidated fund.

Service delivery spending: This represents budget allocation and expenditure on outputs which deliver key public services on behalf of the Government, e.g. classroom construction which enables the delivery of education services.

Supplementary Budget: This is an in year addition to an MDAs approved budget. This budget is also appropriated by Parliament during the course of the following Financial Year.

Unspent balances: Funds that were released by Central Government but not spent by MDAs. This calculation does not include commitments (encumbrance) on the IFMS system.

Programmes: These are groups of related services and capital investments which contribute towards a common function e.g. Agro-industrialization.

Votes: These are institutions (Ministries, Departments, Agencies and Local Governments) which are the basis of the annual budget and appropriations made by Parliament, and the basis for accountability, e.g. Ministry of Education and Sports.

Executive Summary

INTRODUCTION

This Semi-Annual Budget Performance Report (SABPR) provides an analysis of Budget Execution during the first Half of FY 2022/23. This report has been prepared in line with Section 18 (1) of the Public Finance Management (PFM) Act 2015. It provides performance of revenues and expenditures together with an overview of Programme and Vote level physical achievements across Government. However, this report has been prepared excluding ten (10) Votes that have not submitted their Quarter Two FY 2022/23 Performance Reports.

FISCAL AND REVENUE PERFORMANCE

Overall Fiscal Performance for FY 2022/23

The fiscal policy for FY 2022/23 focused on promoting inclusive growth to increase household incomes and improve quality of life of Ugandans without compromising fiscal and debt sustainability.

Similar to the previous financial year (FY 2021/22), this particular year's (FY 2022/23) focus is on policy interventions to sustain recovery from the socioeconomic setbacks caused by the COVID-19 pandemic as well as the development objectives set out in the third National Development Plan (NDP III). As such, the theme for this year's budget is '***Full Monetization of the Ugandan Economy through Commercial Agriculture, Industrialization, Expanding and Broadening Services, Digital Transformation and Market Access***'.

The tax revenues at half year in FY 2022/23 stood at **Ushs 10,948.04 billion** against the URA target of **Ushs 11,218.34 billion**, resulting in a slight revenue shortfall of **Ushs 270.3 billion**. This performance was mainly because of low economic activity on account of adverse effects of COVID-19 and the supply chain disruptions caused by the Russia-Ukraine conflict.

Grants disbursements

Project Support in FY 2022/23 performed poorly at 49.2% mainly because of the adverse effects of COVID-19 and the Russia-Ukraine conflict on the economies worldwide. Total grants amounted to **Ushs 671.76 billion** which was lower than budget projection of **Ushs 1,404.35 billion**.

AGGREGATE EXPENDITURE PERFORMANCE

At an aggregate level, **Ushs 12,731.146 billion** of the GoU budget, amounting to **Ushs 25,339.883 billion** was released by the end of December 2022. This equates to 50.2% of the approved budget. Aggregate absorption (measured by expenditure as a proportion of releases) was 86.5%.

Wage and Non-Wage Releases performed at 55.3% and 56.4% respectively while GoU Development releases performed at 37.5% of the approved Budget. It should however be noted that External Financing performed at 35.1% only. Sustainable Energy Development and Mineral Development, Innovation, Technology Development and Transfer and Integrated Transport Infrastructure and Services Programmes had the lowest releases at 15.8%, 19.2%, 26.9% and 38.1% respectively.

The releases for the first half of FY 2022/23 were lower than expected. In the first Quarter, there were no releases under capital expenditure in the Quarter. This was done in order to coordinate fiscal and monetary policy, which was occasioned by inflation which had started to increase. However, expenditure releases for capital expenditure in the Second Quarter resumed.

Spending on Contingency Fund

Executive Summary

In line with Section 18 (1) (d) of the Public Finance Management (PFM) Act 2015, in FY 2022/23 the Contingency Fund was allocated **Ushs 62.07 billion** by Parliament and **Ushs 30.0 billion** was transferred to the Fund on 3rd August, 2022. Of this, **Ushs 20.0 billion** was spent on 4th August, 2022 by:

1. Office of the Prime Minister – **Ushs 20.0 billion** to cater for Governments interventions towards households at risk of food insecurity in Karamoja sub-region and other parts of the country.

Virement report:

In line with Section 18 (1) (e) of the Public Finance Management (PFM) Act 2015, a virements report has been prepared and is attached as Annex A1.6.

Executive Summary

PROGRAMME PERFORMANCE

AGRO-INDUSTRIALIZATION PROGRAMME

The Approved Budget for the programme for the FY 2022/23 inclusive of arrears and External financing is **Ushs 1,450.026 billion** of which **Ushs 563.344 billion** was released, representing 38.9% of the Approved budget and **Ushs 431.703 billion** about 29.8% was spent by the end of December, 2022. The low performance by the programme was mainly under the External Financing component with only 27.5% of the budget released (**Ushs 149.796 billion**) and 14.1% spent (**Ushs. 77.064billion**).

Physical Performance

Agricultural Production and Productivity

A total of 19,413 farming households were supplied with agriculture inputs against a target of 71,146 and NAADS Secretariat procured and distributed to out-grower farmers/associations 30,488 seedlings of Macadamia in 11 DLGs, 123,792 seedlings of Hass Avocado in 26 DLGs, 200,000 Kgs of maize seed, 74,971 Kgs of sunflower seed targeting 7 largescale farmers and 29 Farmer Cooperatives and 499,588 Kgs of soya bean targeting 24 largescale farmers and 23 farmer cooperatives.

MAAIF constructed 34 valley tanks each with a capacity ranging from 10,000m³ to 20,000m³ in the water-stricken districts of Sembabule, Amolatar, Kyenjojo, Kumi, and Bukedea to increase access to water for livestock production and ultimately control movement of animals. MAAIF also commenced rehabilitation of three (03) existing communal Valley Tanks in Napak, Kotido and Karenga Districts in Karamoja subregion using MWE equipment units. In addition, 35 valley tanks were constructed in the Karamoja, western, Eastern and Northern sub-regions; while construction of eight (8) Valley Tanks in the Districts of Ntungamo, Ntoroko, Kyotera, Kamwenge, Karenga, Kotido, Abim and Amudat using Equipment was ongoing by the end of December, 2022.

Under the Ministry of Water and Environment (MWE), two (2) valley tanks were constructed in Dokolo and Kitgum, thirteen (13) Solar powered Irrigation demonstration sites were constructed to different stages of progress in the Districts of Zombo (2), Nwoya (2), Gulu (1), Omoro (1), Pader (1), Arua (1), Oyam (1), Lira (1), Alebtong (2) and Pakwach (1) and farmer review meetings were held at solar powered irrigation schemes of Chembombai in Bukwo District, Opapa in Serere District, Mulwanda in Namayingo District, Apuwai in Tororo District, Opiyai in Soroti District and Limoto in Pallisa District.

Additionally, MWE completed the Construction of two (2) Solar powered Irrigation Demonstration Sites of Ateeta and Opapa in the Districts of Katakwi and Serere; and Aleles Valley tank in Katakwi leading to an increase in the cumulative water for production storage capacity by 65,000,000 litres.

NAGRIC&DB constructed and renovated a number of farm infrastructure including a bull isolation unit at Aswa animal breeding ranch, a farm access road (7kms) in Sanga field station and Kasolwe stock farm. The Vote also evacuated two (2) valley tanks of 16,000 cubic meters at Maruzi ranch to support livestock breeding and production initiatives and two submersible solar pumps to boost water for production at Kasolwe stock farm.

Storage, Agro-Processing and Value addition

Under the subprogramme, 265 tons of livestock feeds (poultry layer mash, chick and duck mash, pig feeds, bull breeding mash) were processed and distributed across government farms and ranches.

The Zonal Agricultural Research and Development Institutes (ZARDIs) under National Agricultural Research Organization (NARO) released one (1) new potato variety NAROPOT 6 and one (1) hybrid rice variety WDR 73, developed 3 research products and services suitable for food Nutrition and industry and submitted 7

Executive Summary

varieties (3 cassava, 2 sweet potato and 2 orange maize) and 5 new varieties (3-cassava & 2 sweet potato) to Variety Release Committee (VRC).

NARO also developed four (4) anti-tick vaccines including Brown ear tick, blue tick, bont tick and cocktail 1, 2, 3 and launched the anti-tick vaccine final trials in Mbarara. Additionally, construction of a Calf/heifer barn was completed at Nakyesasa, completion of the research bull-stud at Nakyesasa was at 80% and 4 research laboratories were equipped and supplied with consumables to support research.

NAADS established seven coffee huller structures, 2 fish handling structures, 5 grain stores, 4 agricultural markets in Kasese, Kabarole, Fort Portal and Bundibugyo, procured 12 milk coolers and 20 tractors with matching implements.

Agricultural Market Access and Competitiveness

Under the subprogramme, Uganda exported 2,907,107 (60kg) bags of coffee valued at USD 417,063,463 compared to 3,535,058 (60kg) bags of coffee valued at USD 419,365,353 for the same period in the FY 2021/22

In addition, 2,149 dairy farmers were trained on best dairy husbandry practices, 18 dairy farmer groups/cooperatives were trained in modern dairy farming practices and 3 cooperatives were supported with inputs (pasture seeds). In addition, 1,748 milk handling premises, equipment, processing plants and consignments were inspected country wide for compliance with quality standards, 2,558 milk and dairy product samples were tested for compliance with quality standards and assorted lab equipment and reagents were procured for the regional laboratories.

Over 3,500 training sessions were conducted at the demonstration gardens by Coffee Development Organization (CDO) and UGCEA extension teams; trained 209 UGCEA & 180 LG Extension Workers on cotton production technologies; and 12 UGCEA Extension Workers were deployed in 10 hard-to-reach districts.

Institutional Strengthening and Coordination

Under the subprogramme, draft regulations and guidelines of food safety and Quality management were finalized and submitted to Cabinet for approval.

Challenges

1. Land acquisition for infrastructure projects and demonstrations are lengthy and complex due to land tenure and ownership challenges.
2. Climate change and heavy dependence on rain-fed agriculture affected research activities at NARO as well as the procurement, delivery and distribution cycle under NAADS for agricultural inputs to farmers in various parts of the country.
3. Coordination challenges due to limited appreciation by Programme stakeholders to fully embrace the programme approach.

Recommendations

1. National Planning Authority (NPA) and MoFPED should undertake more awareness and sensitization campaigns i.e. trainings on PBB for all implementing agencies and work in collaboration with OPM to ensure effective implementation and harmonization of all Government interventions.
2. The program should work with the relevant stakeholders to fast-track the proposal for Government to obtain infrastructure corridors prior to project implementation to ensure that the land required is available in time.
3. The Program should prioritize irrigation interventions to mitigate against the effects of climate (unpredictable weather patterns) in order to secure and sustain crop and animal production and productivity as well as the research efforts under the program.

Executive Summary

MINERAL DEVELOPMENT PROGRAMME

The overall budget for the Mineral Development programme for FY2022/23 including External Financing, Arrears and AIA amounts to **Ushs 31.786 billion** of which **Ushs 6.107 billion** was released by end of December 2022 and **Ushs 3.045 billion** was spent representing 19.2% budget release, 9.6% budget spent and 49.9% budget absorption.

Physical Performance

Mineral Exploration, Development and Value Addition

Under the programme, to improve governance and promote best practices applied in the mining industry, 100 exploration licenses and 50 mining licenses were inspected and monitored and 10 iron ore mineral prospects were appraised and selected for drilling in collaboration with the EU.

In addition, the Mining and Minerals Act (2022) was enacted and gazetted.

Challenges

1. Illegal mining activities and operations affecting environment and revenues generated from mining operations.

Recommendations

1. MEMD should enforce the Minerals and Mining Act (2022) to minimize illegal mining activities.

Executive Summary

SUSTAINABLE DEVELOPMENT OF PETROLEUM RESOURCES PROGRAMME

The overall budget for the Sustainable Development of petroleum resources programme for FY2022/23 including External Financing, Arrears and AIA amounts to **Ushs 869.322 billion** of which **Ushs 743.756 billion** was released by end of December 2022 and **Ushs 493.753 billion** was spent representing 85.6% budget release, 56.8% budget spent and 66.4% budget absorption.

Physical Performance

Upstream Sub-Programme

Under the subprogramme, desk studies to evaluate the hydrocarbon potential for the Lake Kyoga and Hoima frontier basins were undertaken and a literature review and data analysis on existing geological and geophysical data from the Moroto Kadam basin is ongoing.

Mid-Stream Sub-Programme

Under the subprogramme, the licensing roadmap for EACOP was developed and the technical review process was completed, the technical review of the EACOP constriction license was finalized and the Ministry of Energy and Mineral Development undertook an internal review and negotiation with AGRC of the Refinery Implementation Agreement from 10th – 20th October 2022.

Additionally, 78% of the Project Affected Persons were paid for the refined products pipeline and storage terminal.

Down Stream Sub-Programme

Under the subprogramme, 300 retail facilities were monitored through inspections, 150 non-compliant retail facilities were enforced on and the Ministry of Energy and Mineral Development continues to conduct awareness campaigns in regard to quality and compliance.

Challenges

1. Continued negative publicity and misinformation by NGOs and CSOs causing anxiety in communities hosting oil and gas operations.

Recommendations

1. Government to set up sensitization campaigns and communication strategies to inform the communities on on-going activities in the petroleum sector.

Executive Summary

MANUFACTURING PROGRAMME

The Approved Budget for the Manufacturing Programme for FY 2022/23 inclusive of arrears and external financing amounts to **Ushs 419.743 billion** of which **Ushs 439.912 billion** was released by the end of December, 2022 and **Ushs.417.607billion** spent representing 104.8% budget release, 99.5% budget spent and 94.9% absorption.

During this period, the Ministry of Trade, Industry and Cooperatives received supplementary expenditure amounting to **Ushs 386.655 billion** for purchase of GOU shares in Atiak Sugar Factory and Abubaker Technical Services and General Supplies Limited as well as Government of Uganda (GOU) contribution to Munyonyo Commonwealth Resort for construction of a Convention Centre, in preparation for hosting of the Non-Alignment Movement (NAM) Conference in Uganda in 2023.

Physical Performance

Industrial and Technological Development

Under the sub-programme, the final draft industrial park guidelines were developed, eco-certification guidelines tabled, undertook business valuations and prepared draft valuation reports for Bukona Agro processor Ltd, Kaaro Agri producers Ltd, East Africa Medical Vitals, Abubaker Technical and General Supplies Ltd, also undertook feasibility studies for Proposed Cocoa Factory in Bundibugyo District and the packaging industry as well as finalized the business plan for setting up a convention centre, commenced its construction and acquired 50% shareholding in Speke Resort Convention Centre (SRCC).

During this period, Government also procured, delivered and installed 29 value addition machinery/equipment for 11 enterprises across the country and conducted a situation analysis for Community Agricultural Infrastructure Improvement Programme (CAIIP) Agro Processing Facilities in 42 districts across the country and appropriate actions to operationalize them were recommended

In addition, UDC partially acquired redeemable preference shares in Horyal Investment Holding Company Ltd (HIHC) following disbursement of funds as well as signing of an offer letter and a share subscription agreement for redeemable preference shares into Horyal Investment Holding Company Ltd.

Trade Development

During the first half of the FY, 51,425 import consignments were inspected out of the planned 48,125 of which 20,889 were PVOC while 30,536 were destination inspections, stakeholders of 16 clearing agents were engaged to enable compliance to UNBS imports inspection requirements and curb the importation of substandard products as well as supporting of 67 MSMEs to enroll for product certification in a bid to improve competitiveness of local products

Under the sub-programme, 46 stakeholders (clearing agents, Freight forwarders, Manufacturers and MSMEs) were sensitized on Digital Conformity Marking program and 154 manufacturers, millers, business association leaders, local leaders and farmers were sensitized in Mbale and Bulambuli districts to enable compliance to standards.

Enabling Environment

Under the sub-programme, Government in collaboration with six banks developed warehouse receipt financing products, a new warehouse management model was adopted by StarAgri, 45 bankers were trained in warehouse receipt financing and inter-operability of the e-wrs and Banking systems (e.g SWIFT) and Government supported Seven (7) Storage Facilities in refurbishment for certification (Bunyoro Growers, Tonga Investments Ltd, Afrique Commodities, YAHE International investments, Askar General Merchandise, Dokolo Community, Nature is Green).

Executive Summary

In addition, fifteen (15) warehouses were inspected under the standardization program (Pela Commodities in Soroti, Njojo in Kyenjojo, Benru Enterprises in Masindi, MASSGL in Masindi, ACILI farmers in Kiryandongo, Nyakatonzi Growers in Kasese, Acila in KUMI, UGAGrains in Buikwe, Britop in Kyegegwa, Busia LG, Kabale LG, Agroways in Jinja, Semliki CU and Bwamba Cocoa growers in Bundibugyo, Naburri in Moroto.

Challenges

1. The MSMEs in Uganda are largely informal therefore missing out on certain government programmes that target registered enterprises.
2. The district commercial office is not well facilitated and yet they are the focal business development personnel at the district level.
3. The spill-over effect of the Russia-Ukraine war also affected trade activities countrywide

Recommendations

1. MSMEs should join the formal sector by undertaking registration with the Uganda Registration Services Bureau (URSB) and in doing so will gain access to the various Government programmes;
2. The District Local Governments need to prioritise their budgets by allocating funding based in the NDP III and the identified yearly priorities to those areas that would deliver services efficiently and effectively to the population and as such bring about development in the different regions.

Executive Summary

TOURISM DEVELOPMENT PROGRAMME

The Approved Budget for the Tourism Programme for FY 2022/23 inclusive of arrears amounts to **Ushs 194.842 billion** of which **Ushs 95.568 billion** was released by the end of December, 2022 and **Ushs 76.467 billion** spent representing 49% budget release, 39.2% budget spent and 80% absorption.

Physical Performance

Marketing and Promotion

Under the sub-programme, the “Explore Uganda” brand was rolled out in 3 markets at 6 expos (Magical Kenya, United States Tour Operators Association (USTOA) Annual Conference and Marketplace, Kenya-Uganda Tourism Business Summit in Mombasa, IBTM Barcelona, World Travel Market London, Africa Hotel Investment Forum (AHIF) held in Morocco and this helped Uganda gain recognition as one of the top 23 destinations to visit in 2023 following increased visibility of the “Explore Uganda” brand on CNN, the “Explore Uganda” destination promotional video also won 3 film awards from prestigious world film festivals i.e. International Committee of Tourism Film Festivals (CIFT) 2022 in Valencia, Spain, Zagreb Tour Film Festival in Serbia and Cannes Media Film Festival in France.

In addition, a National History Exhibition Uganda at 60 was held on 5th October, 2022 at the Uganda Museum in which more than 10,000 visitors got to witness the design, construction and mounting of one mountain gorilla (Ndahura silverback),

Infrastructure, Product Development and Conservation

Under the sub-programme, a concept and terms of reference were developed and approved for a comprehensive masterplan and sites management plans for Bigo Byamugenyi and related sites, and one technical committee engagement was held on the restoration of Kasubi tombs in a bid to enlist it as a UNESCO World Heritage Site and at least 90% of the renovations are complete.

In addition, security was enhanced at sites and museums with the deployment of Uganda Police Force at Nyero rock (Kumi district), National Museum and Bigo-bya-Mugenyi cultural heritage sites and this facilitated undertaking of 5,960 patrols to combat wildlife crime in all the 10 National Parks and 12 Wildlife Reserves leading to arrest of 707 suspects, recovery of 8,633 assorted poaching implements and 3,395kgs of wildlife and wildlife products and a total of 16 sites, Museums and artifacts were preserved including Kabale, Wedelai, Partiko, Nyero, Kapir, Mukongoro ,Moroto , Dolwe, Barlonyo, Kakoro, Mugaba, Fort Thurston, Bigo-bya-Mugenyi and komuge.

Under tourism infrastructure and construction, Government procured and deployed a contractor for the establishment of Elena Camp Rwenzori, completed landscaping and beautification of Mugaba Palace, conducted a reconnaissance study on the sites that require promotional documentaries and brochures profiled and recorded by MTWA and UBC and a Memorandum of Understanding was drafted, developed and approved designs, plans and Bills of Quantities for the Kikorongo Equator Monument, Kitagata hot springs to transform it into an internationally competitive eco adventure tourism park.

Under wildlife conservation, a concept and terms of reference were finalized for the consultancy services to develop Community Wildlife Management Area, inspection of 14 conservation areas (Murchison Falls, Queen Elizabeth, Lake Mburo, Wildlife, Pian Up, Bugungu, Karuma, East Madi, Kyambura, Kigezi, Katonga) was undertaken to ensure compliance with policies and laws and 6 wildlife conservation policy coordination engagements were held on the implementation of infrastructure developments in protected areas.

UWA headquarters customer service center installed and operationalised a queuing machine and this has helped to reduce on customer complaints and waiting time, keeping the queues organized and improved reservations staff efficiency.

Executive Summary

Regulation and Skills Development

Under the sub-programme, Wildlife Sanctuary Regulations were developed for all communities to participate in conservation and promote sustainable use of the resources available to them, 868 new rangers were trained at Kaweweta Recruit Training School, conducted two conservation education programs on snakebite prevention and management, two seminars on regreening for 139 learners and 6 teachers as well as training of six schools i.e. 1,985 learners and 28 teachers on regreening.

In addition, 3,875 institutions of learning were engaged in general guided tours to enhance conservation education.

Challenges

1. Problem animal and vermin incidences have remained a challenge in all protected areas in addition to low staff numbers in Protected Areas (PAs) to respond to the cases and outcry of the people faced with Human Wildlife Conflict (HWC). This has led to increased crop raiding and decreasing animal populations of key species like elephants, giraffe and elands;
2. Hostility of communities around protected areas thus the demand for degazettement of parts of protected areas to minimise conflicts between the Park staff and communities who forcefully encroach on the PAs;
3. Inadequate manpower within the PAs and as such, illegal grazing remains common in most savannah protected areas across the country;
4. Inadequate tourism statistics to enable informed decision making. Due to resource constraints, there is still lack of important information on domestic tourism, accommodation facilities and other tourism services due to failure to conduct surveys and censuses;

Recommendations

1. Need to expedite measures of protecting humans from wild animals to reduce on the cases of Human Wildlife conflicts and poaching. Thus, it is necessary to continue responding to problem animal incidences through maintaining trenches, scarecrows, use of bee hives, promoting buffer crops near the park, sensitization of communities on the relevant methods among other interventions;
2. MoTWA should prioritise funding towards Product Development as an avenue to maintain Tourists longer. In addition, resources should equally be reprioritised for Information Management Systems to address the scarcity of the requisite/relevant information Data.

Executive Summary

NATURAL RESOURCE, ENVIRONMENT, CLIMATE CHANGE, LAND AND WATER RESOURCES MANAGEMENT (NRECCLWM) PROGRAMME

The approved programme budget for FY 2022/23 including arrears amounted to **Ushs 659.724 billion**. By the end of Quarter Two, **Ushs 271.911 billion** was released an equivalent of 41.2% and **Ushs 145.221 billion** was spent, representing an overall absorption rate of 53.4%.

Physical Performance

Environment and Natural Resources Management

Under this sub-programme, a Baseline on Climate Change Risk, Impact and Vulnerability (CRVA) was conducted for the 4 Local Government districts of Kasese, Nwoya, Zombo and Nebbi, National circumstances and institutional arrangements under the Third National Communication (TNC) were assessed, public spaces for the establishment of green belts were identified in 4 cities of FortPortal, Mbarara, Hoima and Masaka, and district Forestry Services staff were mentored in forestry initiatives including forest Landscape management in 5 districts including Yumbe, Madi-Okollo, Gulu, Omoro, and Agago. Wetland data was submitted to Ministry of Lands, Housing and Urban development to guide in title identification and final cancellation of titles in wetlands that led to cancelling of 330 titles as well as identification of another 300 titles for cancelation in the greater Kampala Metropolitan area.

National Environment Management Authority (NEMA) developed eight (08) regulations to provide the legal framework for a sound environment including express penalty scheme, the EPF Regulations, and the Chemicals Regulations, among others, reviewed the Wetlands Gazette Instrument, the Noise and Vibration Regulations and 926 projects out of 1845 submissions related to Environment Social Impact Assessment (ESIA), achieving a 50.2% performance rate.

Uganda National Meteorological Authority (UNMA) installed 3 Automatic Weather Stations at Soroti University, Lake Mburo and Kabaale Airport in Hoima, installed 9 weather buoys i.e. 6 on Lake Victoria, 2 on lake Albert and 1 on Lake Kyoga and upgraded Kachwekano ADCON Automatic Weather Station to standard heights. In addition, UNMA maintained 58 Automatic Weather Stations, 38 Manual Weather stations and 80 Rainfall stations to transmit data from the field station to the headquarters.

Under forestry management, 164.7km of forest boundary were resurveyed and demarcated with pillars, digitized 128km of Central Forest Reserves (CFRs) boundary plans, maintained 25km of fire lines, verified 103 illegal land titles in CFRs for cancelation established and maintained 523.4 ha of commercial tree plantations and maintained infrastructure for 12 Regional nurseries and 16 administration offices.

Land Management

Under the sub-programme, 6 district land boards for Gulu, Amuru, Oyam, Maracha, Kyankwanzi, and Apac were trained in land management, held 3 sensitization campaigns on land matters in the subregions of Acholi, West Nile and Lango for all groups especially women and the vulnerable, updated and disseminated 18 topographic maps for Luuka and Kiryandongo Districts, affirmed 35kms of National(inter district) boundaries in a bid to reduce border disputes, carried out and supervised 16,553 property valuations, reviewed and approved compensation rates for 4 districts i.e Mitooma, Mbarara, Kyenjojo, and Mukono and supervised 70 land acquisition cases for Government development projects.

Under Uganda Land Commission, 2,200,000 titles were processed for bona fide occupants. 2097.848ha of land were purchased, 30 parcels of land were subdivided and surveyed and 249 lease transactions were processed.

Water Resources Management

Under the Water Resources Management Sub-Programme, 11 feasibility reviews of hydrological reports (including environmental flow) were conducted for Kiira, Nalubaale, Kyambura, Kakaka, Nyamusasani, 109 permit applications (51 new, and 58 renewal) have been received and assessed for issuance, completed

Executive Summary

construction and certification for sea worthiness of a research vessel at Jinja Pier which is now pending delivery to Lake Albert, protected and restored 1.9 Kms of river bank areas within the river catchments of Sebwe in Kasese District, Tokwe in Bundibugyo District and Semliki in Ntoroko District and undertook construction of National Water Quality Reference Laboratory to 10% level of completion.

Challenges

1. Continued encroachment on wetlands and ecosystems for example on Oyitino, Pece-Tochi, Okole, Ayago and Nomuremu wetlands, which are facing artisanal stone quarrying, subsistence cultivation of crops, and human settlement;
2. Inadequate staff to implement activities due to delayed recruitment to fill the existing vacancies within the approved staffing structures;
3. High failure rates of boreholes and high costs of maintenance and repair of established systems, leading to low water yields;
4. High cost of operation and repair of the vandalised stations;
5. Poor solid waste disposal habits by the city residents and inadequate facilities for collection, transportation and disposal of solid waste;
6. Delayed procurements leading to slow implementation of development projects.

Recommendations

1. Procurement processes should be fast-tracked to avoid project delays, and for effective service delivery.
2. Survey and demarcation of wetland boundaries in addition to community sensitisations to stop encroachment;
3. MDAs should work closely with Ministry of Public Service to recruit and fill vacant positions within the approved Wage provisions;
4. An effective Operation and Maintenance system should be established to ensure full functionality of already established systems;

Executive Summary

SUSTAINABLE ENERGY DEVELOPMENT PROGRAMME

The overall budget for the Sustainable Energy Development programme for FY 2022/23 including External Financing, Arrears and AIA amounts to **Ushs 1,577.881 billion** of which **Ushs 249.142 billion** was released by end of December 2022 and **Ushs 216.582 billion** was spent representing 15.8% budget release, 13.7% budget spent and 86.9% budget absorption.

Physical Performance

Transmission and Distribution

Under the subprogramme, more rural areas have been added to the grid such as the Central North, Eastern and North-Eastern ST, Central ST and North-Western ST. Connection in the other areas progressed at 64% in Eastern ST, 55% in Rwenzori and Western ST, and 90% in North-North West ST

Under transmission, the Lira-Gulu-Agago transmission line at 75% completion, 75% of the RAP and settlement of remnant under this project have been completed, 76% of EPC works have been completed on the Mirama-Kabale 132kv transmission project and Resettlement of Affected Persons (RAP) implementation is at 91% for the Lira-Gulu-Nebbi transmission line with notable progress towards transmission line corridor acquisition, including Kole-Gulu at 98%, Gulu -Pakwach at 89%, Pakwach-Nebbi at 91%, and Nebbi-Arua at 82% completion.

Procurement is ongoing for the Kampala Metropolitan transmission system improvement project with RAP implementation at 87%, RAP implementation is 58% complete for the Masaka-Mbarara grid expansion line and the procurement of the EPC contractor was ongoing. Additionally, the project for bridging the gap through the accelerated rural electrification programme (TBEA) at 87% completion and the loan negotiations for the Kikagati-Nsongezi transmission line were ongoing and the RAP for the project was updated and is subsequently awaiting clearance by CGV.

Generation

Under the subprogramme, the 6.6 MW Nyagak III HPP is at 84.6% completion, the 600 MW Karuma HPP at 99.6% completion and commissioning tests were carried out for Karuma HPP. Additionally, the Electricity (Amendment) Act, 2022 was assented into law and is meant to support increased energy saving through promoting the use of energy efficient equipment for both industrial and residential consumers.

Challenges

1. Land Acquisition for government projects is taking a long time and has become costly due to demand for unreasonable compensation amounts from owners. Landowners have high expectations and engage in speculative practices when transmission line projects, petroleum and mineral projects are announced;
2. Vandalism on the transmission lines and other installations; and
3. Deemed energy costs arising from delayed completion of power transmission lines.

Recommendations

1. Government should work with the courts of law to ease some of the burden towards acquisition of wayleaves for projects especially UETCL projects;
2. MEMD should engage stakeholders in security of transmission lines, create awareness within communities about the cost of vandalism, as well as ensure strict enforcement of the penalty against vandalism as enshrined in the Electricity Act (Amended); and
3. In a bid to reduce deemed energy costs, MEMD needs to expedite development of transmission and distribution infrastructure in line with the generation capacity.

Executive Summary

INTEGRATED TRANSPORT AND INFRASTRUCTURE SERVICES PROGRAMME

Physical Performance

Transport Infrastructure and Services Development

Under the subprogramme, 88% of cumulative works of development Kabaale International Airport were completed and expansion of Entebbe Airport (passenger terminal building) was at 10% completion. Emergency repairs of 70km of the meter guage railway Kampala-Namanve, Port-Bell-Kampala, Kampala-Nalukolongo-Kyengera) and rehabilitated 15% of the Tororo - Gulu Railway line were undertaken.

UNRA upgraded 116.07km of the 400km target of national roads to paved bituminous standards, upgraded 24.39km under the 3 oil roads packages i.e. 7.43km under Package 1 (Masindi Kisanja-Park Junction and Tangi-Pakwach junction-Paraa-Buliisa and Wanseko-Bugungu Roads), 7.63km under Package 3 (Buhimba-Nalwendo-Bulamagi and Bulamagi-Igayaza-Kakumiro) and 9.33km under Package 5 (Masindi-Biiso, Hohwa-Nyairongo-Kyarusheesha-Butoole and Kabaale-Kiziranfumbi) road project.

In addition, obtained the NEMA certificate authorizing the construction of the MGR along Kampala Malaba.

Transport Regulation

Under the subprogramme, 140 of Inter Water Transport (IWT) vessels were inspected for registration against the annual target of 400 IWT and 106 IWT vessels were licensed. There was also inspection of seven aids to navigation for proper functionality, inspection of the dry-docking facilities at Port Bell and inspection of the new vessels under construction by Mahathi Infra Uganda Limited (i.e. BKK ferry and East African Marine Transport Company).

In addition, 42 driving schools and 242 bus operators were licensed, inspected Entebbe International Airport for conformity with ICAO, conducted 3 road safety inspections, 2 safety audit on rail level crossing in Central Region and one rail safety awareness campaign. Furthermore, inspected 59 driving schools, Gulu logistic hub, issued 162,321 driving licences and 56,658 learner driving licences.

Land Use and Transport Planning

The Ministry of Works and Transport finalized the development of the Draft principles to review the Uganda Railways Corporation Act, Cap. 331 of 1992 and these were presented to Cabinet and approved in September 2022. Over the same period, drafting Instructions to the First Parliamentary Counsel (FPC) were issued to draft the Uganda Railways Corporation (Amendment) Bill, 2022 and technical meetings to draft the Bill were held in December 2022.

UNRA acquired 209.752 Hectares of land and paid 1,566 Project Affected Persons (PAPs).

URC trained its staff (109 officers) in the areas of project planning, financial analysis using advanced excel, civil and mechanical engineering maintenance management. In addition, members of the Board of Directors in Corporate governance was undertaken.

Transport Asset Management

Under the subprogramme, Government insured MV Kalangala, 27,278 km of District Roads were routinely manually maintained, 6,216km were routinely mechanically maintained. For municipal councils, 527 km of roads were for routinely manually maintained and 500.6km were routinely mechanically maintained. For new cities, 525 km of roads were financed for routine manual maintenance, 225.7 km of roads were financed for routine mechanized maintenance and 86 culverts were installed on the roads of new cities.

During the same period, 59km of Community Access Roads in various Districts rehabilitated including 2km of Community Access roads in the pilot districts of the Parish Development Model (PDM), rehabilitation of 25km of District Roads in Adjumani, Kibale, Rakai, Moroto, Kamuli, Jinja, Buyende, Mbale, Kapchorwa,

Executive Summary

Sironko, Nebbi, Pakwach using the Force on Account and opened, graded and gravelled 9.5 km of District Roads.

Furthermore, UNRA carried out routine manual maintenance of 4,868km of paved roads, routine mechanized maintenance of 355.9km of paved roads, routine manual maintenance 14,557km unpaved national roads and routine mechanized maintenance of 2,717km of unpaved roads.

Executive Summary

SUSTAINABLE URBANIZATION SND HOUSING PROGRAMME

The total approved budget for FY 2022/23 for the programme, including arrears amounted to **Ushs 407.967 billion**. By the end of Quarter Two, a total of **Ushs 204.970 billion** had been released and **Ushs 150.572 billion** was spent. This represents an absorption rate of 73.5%

Physical Performance

Physical Planning and Urbanization

Under the sub-programme, 4 Rapid Physical Planning Appraisal (RAPPA) Plans were produced and disseminated in the districts of Oyam, Apac and Maracha, 5 physical development Plans reviewed and approved in Kamuli Municipal Council, Busia Municipal Council, Nakaseke District, Bududa District and Butebo Town Council. Physical development preparation and implementation monitoring was done in the districts of Yumbe, Obongi, Madi-Okollo and Amuru, capacity in urban development was built for 70 Urban Managers in Karamoja Sub Region from 4 Town Councils and rehabilitated 49.1 km of gravel roads in Kikuube District.

Housing Development

Under the housing development sub-programme, a cabinet memorandum was developed on the principles for the Real Estate Bill, vetting was undertaken for 11 condominium plans (151 units) and conducted a prefeasibility study for the project proposal on construction of 200 units for public servants in 6 hard to reach districts of Bundibugyo, Kanungu, Bukwo, Adjumani, Kaabong and Amuria.

In addition, Local Government staff were trained on the implementation of the National Housing Policy in 2 DLGs of Amuru and Nwoya.

Challenges

1. Procurement delays due to the reported challenges in the electronic government procurement system.

Recommendations

1. Procurement processes should be fast-tracked to avoid project delays, and for effective service delivery.

Executive Summary

HUMAN CAPITAL DEVELOPMENT PROGRAMME

The approved budget for FY 2022/23 is **Ushs 9,115.235 billion** of which **Ushs 3,594.405 billion** (39%) was released and **Ushs 2,647.239 billion** (74%) was spent.

Physical Performance

Population Health, Safety and Management

Under the subprogramme, operation and Maintenance structures were provided to Urban Water Supply schemes, 355.20km of water pipes and fittings were procured and laid in all NWSC Areas, Kambuga piped water system was handed over to NWSC for operation and maintenance, 80-point water sources were constructed (44 production wells in Kampala1, Moyo-2, Madi Okollo-1, Yumbe-1, Nakasongola-1, Luweero-6, Mukono-3, Nakaseke-3, Kazo-1, Kyeggegwaa-3, Lira-2, Nakaseke-1, Kyotera-1, Kamweng-1, Ntungamo-1, kabarole-1kiruhura-3, Mukono-1, Kitgum-3, Gulu-2, Pader-4, nakasongola-1, Kapelebyong-1, Omoro-1 and 36 hand pumped boreholes were put up in Mityana, Bukomansimbi-2, Mbarara-4, Bokedea-2, Soroti, Luwero-4, Serere-12, Kaberamaido-6, Namutumba-4). Under Rural Water Supply, Kahama II WSS in Ntungamo was constructed to 82% completion, the Highway Sanitation facility in Kiruhura is currently at 90% construction with sanitation facility lock ups and restaurant at 90% completion, attendants house at 95% completion and overall sites works at 76% completion level and Nyibuhikye Kikyenkye GFS- was constructed to 85% completion with intake structure at 90%.

By end of December 2022, out of the 22 million Ugandans planned for vaccination against Covid 19 Virus; 12,994,970 (29 %) had been fully Vaccinated, 19,217,309 (43%) received first doze; 6,670,336 (15%) received second doze and 463,494 (4%) received booster doze. In addition, ARVs worth **Ushs. 69.53 billion** and laboratory supplies worth **Ushs. 34.49 Billion** were procured and distributed to accredited Health Facilities across the Country.

1029 Emergency Cases were responded to during the first half of FY 2022/23. Of these, 589 were for Ebola Virus Disease related cases, 308 for Road Traffic Accident Cases and 132 for other Emergencies including medical, surgical and psychiatric cases.

Under the upgrade of Health Centre IIs to Health Centre IIIIs, 85% of the 8 staff houses in Napak were completed and 90% of 15 staff houses in Districts of Karenga, Kaabong, Kotido and Abim were completed.

Uganda Blood Transfusion Services collected 170,192 units of blood and distributed 145,419 units of safe blood to various health care facilities across the country.

Under cancer Services, 53,999 people (34,909 females, 19,090 males) were screened and educated on cancer, 12,431 females were screened for cervical, 2,443 for breast, 1,730 for prostate cancer and 158 people were suspected to have cancer.

The Uganda Heart Institute performed 28 open heart surgeries, 57 closed heart surgeries and 138 catheterization procedures.

Challenges

1. Weak monitoring and supervision occasioned by poor quality works, absenteeism of health workers and the entire health care service delivery processes;
2. Continuous delays in procurement with no action against systems and perpetrators continued to affect timely provision of services. Most of the construction projects including those funded under UgFIT and UMCHIP not attaining their targets;
3. High stock outs of both specialized and essential health supplies and commodities;
4. Inadequate staffing levels compared with approved structure and the WHO required standard of at least 65% and the national average of 68%;

Executive Summary

5. High frequency of equipment and machinery breakdown due to overuse compounding on maintenance and refurbishment costs; and
6. High patients' volumes and congestion in Hospitals.

Recommendations

1. Monitoring can be strengthened by involving all actors including the Directors of RRHs, CAOs/TCs, Local Government Leaders (RDCs, Councillors, GISOs etc) and Civil Society Organizations (CSOs) among others.
2. Additional funding should be provided specifically for procurement of Health commodities in the medium term.
3. Efforts to improve health service delivery should be made by all stakeholders. The Human Capital Working group should spearhead the efforts through coordinated planning, prioritisation of limited resources towards high yield outputs/ actions in stipulated timelines.
4. Deliberate efforts to amend recruitment guidelines should be undertaken with the MoPS, MoFPED and MoH working together.
5. The National Planning Authority, MoH and programme votes should enhance efforts to align indicators with annual planned targets to avoid mismatches, duplications and distortions.
6. PPDA should spearhead rewards and sanctions to entities that completed their procurement targets within the FY and apprehend those that fail to do so.

Executive Summary

COMMUNITY MOBILISATION AND MINDSET CHANGE PROGRAMME

The approved Programme budget for FY 2022/23 was **Ushs 42.564 billion** and by the end of the second quarter (Q2), **Ushs 28.906 billion** (67.9%) of the total approved budget was released, out of which **Ushs 25.586 billion** was spent, representing an absorption rate of 88.5% of the GoU resources.

Physical Performance

Community Sensitization and Empowerment

Under the sub programme, Parish Model community-based visioning and capacity building was undertaken in 34 Local Governments as well as capacity building for 1,680 (860 CDOs and 820 SIGs) stakeholders on the usage of Village Cluster Model to implement household mentorship and Visioning under the Parish Development Model (PDM). The programme also mapped 15 NGOs implementing Social Development related activities in the districts of Kamwenge, Ibanda, Isingiro from Western Region; Kole, Nebbi, Nwoya from Northern Region; Iganga, Bugiri, Namutumba from Eastern Region. They also commemorated the International Literacy Day on 8th September, 2022 by holding the literacy and reading promotion activities in Nyarushangye Community library.

In addition, one juveniles' Reading Tent was held by the National Library of Uganda at Naguru Children Remand Home and 14 Cultural Leaders were supported with monthly emoluments to mobilize communities for uptake of government programmes. Furthermore, 24 Local Governments were monitored and provided with technical support backstopping on the implementation of the National Culture priority interventions and family guidelines in the sub-regions and capacity building of 360 youths, women and religious leaders on parish development model was conducted in the districts of Masindi, Kiryandongo, Hoima, Namutumba, Bugiri and Bugweri.

Civic Education and Mindset Change

Under the sub programme, a media breakfast with media personnel of West Nile Region in Arua district was conducted, which brought together a total of 55 participants, conducted two sensitization meetings in Buyende and Katakwi districts and held a dialogue at Western Ankole University in Sheema district which brought together 42 participants.

Challenges

1. Delayed release of funds for the Senior Assistance Grant for Empowerment (SAGE) to support the elderly persons, which led to creation of arrears and demoralisation of the elderly fraternity.
2. The Programme is faced with infrastructure gaps notably lack of regional offices which limits accessibility to the services of the Equal Opportunities Commission as well as low staffing structures of some of the Agencies which affects service delivery;
3. Inadequate funding affected implementation of programmes like the Youth Livelihood Programme and the Uganda Women Entrepreneurship Programme (UWEP).

Recommendations

1. The Programme should prioritize funding for programmes like the Youth Livelihood Programme and the Uganda Women Entrepreneurship Programme (UWEP) given their immediate impact on economic empowerment.
2. The Programmes should fast track the recruitment process and fill up the existing staffing gaps under its agencies.
3. The Government should review the existing policies to avoid duplication of functions and mandates, especially the Community Mobilisation function which is scattered across various MDAs.

Executive Summary

GOVERNANCE AND SECURITY PROGRAMME

The total budget for FY 2022/23 (excluding Arrears) is **Ushs 7,167.315 billion**, of which **Ushs 1,476.633 billion** is for Wage, **Ushs 2,772.333 billion** is for Non-Wage recurrent, **Ushs 2,447.897 billion** is for GoU Development and **Ushs 470.453 billion for External Financing**. The Programme was also allocated **Ushs 127.585 billion** for arrears mainly under MoJCA for Compensations, Court Awards and other Domestic Arrears.

The Programme was also allocated a supplementary budget under State House, MoDVA and Uganda Police respectively to cover budget shortfalls and critical obligations. By the end of December 2022, 51.7% of the overall budget was released to the Programme and the funds absorption performance was at 89% of the released budget.

Physical Performance

Three regional e-passport enrollment centers of Gulu, Mbarara and Mbale are fully operational. Out of 238,660 passport applications received, 228,867 passports were issued reflecting a 96% performance of all eligible applicants, MoLG trained 2,186 local council court members in the districts of Terego, Yumbe and Madi-Okollo and URSB deployed the Online Business Registration System (OBRS).

In terms of registration of persons, NIRA's average time to produce a National ID Card (Days) was 30 days during the reporting year compared to the targeted 14 days. NIRA issued out National Identity Cards to 299,908 (59.98%) of citizens above 16 years of age against the targeted 500,000. They also registered 457,802 births against the annual target of 1,280,000 births during the reporting period. A total of 10,297 deaths were registered during the reporting period.

Under Office of the Prime Minister, 3 districts of Madi-Okollo, Adjumani and Lamwo were supported with funds for construction of 90 school infrastructure (classrooms, office block, stance latrines and ICT Library) expected to reach 250,560 beneficiaries.

In addition, OPM supported the construction/rehabilitation of 26 Km of roads benefiting 114,447 persons in Lamwo district, supported the construction of 1 bridge in Lamwo and 5 water supply systems in Obongi, Kyegegwa, Isingiro, Adjumani and Hoima expected to benefit a total of 280,463 beneficiaries and supported the construction of 2 market sheds (lock ups, stalls and fencing) in Adjumani district to benefit a total of 28,838 people.

Security

At Bilateral level, Uganda and Kenya signed a MoU on cooperation in Defence and Security in April 2022. In particular, the agreement provides for concurrent disarmament operations in both countries. Both Kenya and Uganda have deployed Liaison Officers with three (03) UPDF officers in Kacheriba, Lokichogio and Bungoma in Kenya while KDF Officers are in Moroto and Tororo in Uganda. Additionally, there are cross border peace committees which occasionally sit to resolve emerging border security issues.

There has been construction of 4 Brigade Headquarters in Moyo, Kolokolo (works at 90%), Acholi Pii (works at 95%), Kakiri (works at 85%) and Sango Bay (works at 85%).

During the first half of the FY 2022/23, Gulu Military Hospital was renovated and maintained with works having progressed to 80% of completion, construction of 148 housing units out of the planned 400 units for land forces under the UPDF soldiers at different locations, completion of 150 housing units for the Airforce and 150 units for Special Forces Command (SFC).

Uganda Police Force recovered 278 firearms, 1,054 rounds of ammunition in the Karamoja sub region, recruited 1,279 PPCs to mitigate attrition, trained 1,652(291F) on various police disciplines and specialized

Executive Summary

courses, conducted Operation USALAAMA VIII and recovered 5 Hybrid suspected stolen Motor Vehicles with a value of approximately Ushs 1 billion.

Construction of 182 low-cost staff housing units at Kitalya Mini-Max and other selected prisons is on-going using Force on Account. Fencing of Moroto, Soroti, Kaabong, Amita, Kotido, Kibaale and Pallisa prisons as well as phase III construction of the staff clinic at Luzira is ongoing.

Under Prisons production, planted and managed 632 acres of seed maize for season 2022B – 758.4 Metric Tonnes (MT) expected and 270.908MT of seed processed, treated and packaged. 5,442 acres of cotton planted and managed in season 2022 – 8,691.2 bales expected with 2,324.18 bales already harvested. Planted and managed 4,843 acres of maize grain in season 2022B – 5,197MT expected output.

In terms of Police accommodation, completed construction and commissioned 7 Blocks (420 housing units) of Naguru apartments, the construction of Kiira Division staff apartments (24 units) is at 80%, erected & installed 5,410 Double Occupancy Uniports out of 6,446 (84%) across the country and constructed 45 housing units (5 units each block) in Butebo, Bukwo, Namisindwa, Amudat, Alebtong, Nabilatuk, Karenga, Kwania & Obongi pending commissioning.

Policy and Legislation Processes

Under the sub programme, 1,814 (94%) were reviewed out of the 1,923 requests of contracts reviews received. Out of the 190 requests for Legal Opinions received, 169 (89%) were rendered. 322 MoUs were reviewed out of 339 (95%) requests. Out of the 28 requests by MDAs to draft Bills, 19 (68%) Bills were drafted and submitted to MDAs. Of the 20 Acts, 17 Bills were authorised for publication, and all were published. Out of 97 requests received to draft Statutory Instruments, 82 (85%) were drafted and submitted to MDAs for signature.

The Law Reform Commission is in final stages of preparing the 7th Revised Laws of Uganda; revised all the subsidiary laws that were made in 2020 and 2021; drafts of the Constitution as translated in the six languages prepared and validated; and the Constitution has been translated into Kupsabiny and Runyoro-Rutoro.

Monitored 868 NGOs and inspected 18 NGOs for compliance; issued 529 NGO permits out of which 270 were new permits; 241 are renewed permits; 17 are reviewed permits and 1 replacement;

Access to Justice

Under the sub programme, MoJCA represented Government in 1,324 cases in Courts, Tribunals and Commissions (of which 120 Constitutional Petitions, Appeals and Applications defended and 78 were Human Rights cases). Of these, 100 cases worth Ushs 94.321 billion were won while 30 cases lost worth Ushs 90.307 billion.

Under the ODPP, they registered 218 cases filed; The Regional Offices in Soroti and Mbale were roofed while the one in Mbarara is at roofing stage. The Procurement process for the construction of Jinja and Fort-Portal Regional Offices and Resident State Attorney's offices at Pallisa, Kira, Alebtong, Kamwenge and Amuria is in the advanced stage; Established and operationalized Luwero, Moroto and Tororo Regional Offices; 11 plea bargain high court sessions.

Contributed towards prevention of congestion in prisons by diverting petty offenders from custodial to non-custodial sentences. A total of 1,318 petty offenders were diverted from imprisonment through Community Service Orders management.

Anti-Corruption and Accountability

Under the sub programme, UHRC received 2,401 cases (754F) out of which 357 cases (87F) that met the UHRC human rights admissibility criteria were registered.

Executive Summary

In addition, UHRC conducted four mobile complaints handling clinics in the districts of Koboko and Yumbe reaching out to 316 people, conducted a total of 52 community baraza, 14 radio talks shows and 487 radio spot messages.

Refugee Protection & Migration Management

Under the programme, OPM conducted preparedness assessments that facilitated disaster response & 18 needs assessments which informed the disaster response & preparedness strategies, produced & disseminated 6 monthly early warning bulletins. The office provided relief food & non-food items to 142,025 disaster affected households in addition to receiving & settling 55,871 refugees on land in accordance with international law & processed 17,643 new asylum claims.

Conducted community policing outreach programs in the refugee settlements in West and North West Nile regions in Palorinya (Obongi District), Bidi Bidi (Yumbe District), Rhino (Terego District) and Imvepi (Terego District) for 1,334 refugees and host communities (548 males & 786 males) on the laws of the land.

In addition, 983 Conventional Travel Documents were issued to refugees.

Challenges

1. Increased security threats including Cattle rustling in Karamoja region, insecurity in Eastern DRC, isolated threats to security installations and encroachment of UPDF Land and Global Peace and Security challenges;
2. Increased Prisoners Population and Congestion in Prisons given that the current prisons carrying capacity is for a daily average of 20,036 prisoners while the population is 73,932 inmates (end December 2022) exceeding the holding capacity by 53,896 inmates – occupancy is 369%. The increasing prisoners' population puts pressure on housing, sanitation, Medicare, feeding, uniforms, staff numbers and delivery of prisoners to courts;
3. A total of 8,496 and 33,688 staff for Prisons and Police respectively lack housing. Due to gross inadequacy of accommodation facilities, many officers have been forced to stay in improvised houses and forced others to rent outside the barracks thus making mobilization exceedingly difficult;
4. Delay in administration of Justice as most prisoners & staff have to move a daily average of 10,241Km to access justice amidst high fuel prices & an old fleet leading to high costs of fuel & vehicle maintenance. The delayed production of prisoners to 246 courts has delayed access to justice, with the remand proportion standing at 48.3%.
5. Inherent creation of arrears, mainly under MoDVA, Police, Prisons which now stand at Ushs 429.82 billion and unpaid court awards arrears. This is mainly attributed to under budgeting on key expenditure items, such as utilities, feeding, fuel for operations and continuous accrual of interest on the Court Awards.

Recommendations

1. Government should prioritize welfare of Police and other security forces, for instance, pay, feeding and housing, among others, as Government's deliberate affirmative intervention.
2. There is need to holistically address the issues of under budgeting budgets for the Votes with a view to reduce the stock of domestic arrears.
3. There is need for improved coordination between MoJCA and MDAs in handling court cases including adequate notices and timely filing of information and instruction of state attorneys. In addition, the programme should prioritise and improve the position of Government in Courts of law to minimize loses and fines against Government.

Executive Summary

ADMINISTRATION OF JUSTICE PROGRAMME

The total budget for FY 2022/23 for the Administration of Justice Programme is **Ushs 400.524 billion**, which is higher than the allocation for FY 2021/22 by **Ushs 23.567 billion**. The increment is mainly attributed to additional funding for construction of Court buildings and admission of the Judicial Service Commission and Law Development Centre into the Programme, with their attendant budgets.

Physical Performance

The construction of the Supreme Court building is at 90% completion with the installation of air conditioning, door shutter fitting, plumbing fittings, and IT cabling while the Court of Appeal building is at 80% completion with the installation of air conditioning, shutter fittings and tiling.

The Construction of other Courts is as follows;

1. Soroti, Rukungiri and Tororo High Courts are at first floor slab casting, second floor slab casting and submission of bills of quantities respectively;
2. Chief Magistrate Courts at Alebtong, Lyantonde and Budaka are at Roofing Stage;
3. Expansion of Moroto Chief Magistrate Court is at tiling; and
4. Abim, Patongo and Karenga Magistrate Grade I Courts are at ground floor slab casting, plastering and walling respectively.

Civil and Criminal Justice

By the end of December 2022, the Courts disposed a total of 120,954 cases as compared to 77,712 cases disposed of in the same period during FY2021/22, resulting into a 55% increase in case disposal. This is attributed to the recruitment of more Judicial officers, operationalization of new Courts, uptake in the use of Alternative Dispute Resolution Mechanisms such as plea bargaining, mediation and improved supervision.

However, there was a decrease of 14.1 % in case disposal in the Second Quarter of FY 2022/23 compared to the First Quarter. The decline was attributed to the partial closure of the Supreme Court building arising out of the fire outbreak and the Court of Appeal and Constitutional Court not being fully constituted.

Under the Judicial Service Commission, 4 Disciplinary Committee (DC) meetings were held where 39 disciplinary complaints were considered. The Commission also conducted four Court inspections in Masaka High Court, Rakai Chief Magistrate and Grade One Courts; Ibanda, Kiruhura Chief Magistrates and Grade One Courts.

Legal Education, Training and Research

Under the Law Development Centre, admitted 1,815 students were admitted to the Bar Course and 338 on the Diploma in Law course (158 male and 180 female) respectively, 2020 judgments were digested for High Court Bulletins (HCB) and Uganda Law Reports (ULR) and printing is pending approval of the manuscripts by the Editorial Board.

In addition, the Judicial Service Commission conducted 13 Live talk shows in Hoima, Kiboga, Masindi, Lira and Kampala on the role of Judicial Service Commission, Gender based violence and Justice system in Uganda.

Challenges

1. The level of automation of Court processes stands low at 3.8% which slows the adjudication and disposal of cases. The manual method is time consuming and labour-intensive for Judicial Officers, affecting their efficiency and effectiveness;
2. Decline by 14.1% in case disposal as a result of the partial closure of the Supreme Court building arising out of the fire outbreak and the Court of Appeal and Constitutional Court not being fully constituted;

Executive Summary

3. The Judicial Service Commission could not conduct planned recruitment and disciplinary sittings due to lack of venue. The previous Offices for the Commission at Lotis Towers developed structural defects and were condemned by the Ministry of Works and Transport.

Recommendations

1. Increase automation of Court operations through procurement and installation of Video Conferencing System and Court Recording and Transcription equipment;
2. Fast-track the implementation of the Electronic Court Case Management Information System (ECCMIS) by rolling it out to most Courts across the country;
3. The Judiciary should use the available Wage budget to recruit more Judicial Officers and non-judicial Officers to reduce on the case backlog and improve on the case disposal rate.

Executive Summary

LEGISLATION, OVERSIGHT AND REPRESENTATION PROGRAMME

The total budget for FY 2022/23 for the Legislation, Oversight and Representation Programme is **Ushs 915.059 billion**, higher than the previous allocation by **Ushs 80.116 billion**. The increment is mainly attributed to additional funding to cater for shortfalls in the Parliamentary Commission budget and development of an Integrated Macro-Micro economic model to strengthen the Parliamentary Budget Office to undertake impact analysis of fiscal/budget decisions and undertake economic forecasting.

Physical Performance

The progress on the construction of Parliamentary chambers currently stands at 32%, which is below the planned progress. This is attributed to the cash flow challenges faced by the contractor that have led to delays in fabrication of steel materials for the structural frame of the new Chamber building.

Legislation

Under the sub-programme, nineteen (19) Bills were passed against the annual planned 40 Bills, 31 Committee Reports were debated and adopted by the House against the planned 50 and 43 Resolutions on various motions were passed against the 80 motions planned for the year.

Oversight

Under the sub-programme, a total of 59 Plenary sittings were held to handle oversight business before Parliament against the annual planned 109.

Representation

The Parliamentary Commission participated in twenty-five (25) international and regional engagements and activities, including the annual All Nations Global Christian Government Leaders summit in Israel, NCSL Legislative summit in USA, successfully held elections for the members to the East African Legislative Assembly (EALA) and attended the Commonwealth Games in Birmingham, among others.

Challenges

1. Delayed establishment of the Constitutional Review Commission which has led to an increase in the number of Private Members' Bills and as such increased pressure on the available resources;
2. The sessional committees of Parliament are still sector based and there is limited understanding of the new approach to Planning and Budgeting in line with the NDP III;
3. Inadequate institutional capacity of Parliament to effectively deliver its mandate;
4. Continued delays by the contractor in delivering the Chamber construction project has constrained the plans to improve the working environment for Members and Staff of Parliament.

Recommendations

1. MoJCA should expedite the process and Government should provide the required resources;
2. The Parliamentary Commission needs to build capacity of the Members of Parliament to fully understand the Programmatic Approach to Planning as well as realign the sessional committees to the 20 NDP III Programmes;
3. Strengthening of Parliamentary capabilities and oversight functions geared towards improved service delivery;
4. Devising ways of engaging the contractor to speed up the project of constructing the new chamber in line with the workplan.

Part 1: Overall Fiscal and Resource Performance

1. 1 Overall Fiscal Operations

FISCAL PERFORMANCE REPORT FY 2021/22

Overview

FY 2022/23 is the third year of implementation of the third National Development Plan (NDP III). It also marks the second year of the country's fiscal policy being underpinned by the Charter for Fiscal Responsibility (FY 2021/22-2025/26). The fiscal policy strategy for this financial year is to promote inclusive growth to increase household incomes and improve quality of life of Ugandans without compromising fiscal and debt sustainability. This will entail implementation of Domestic Revenue Mobilization Strategy (DRMS) to reduce the share of the budget that is financed through borrowing. The fiscal objectives stipulated in the charter over the medium term include a fiscal deficit including grants of no greater than 3 percent of GDP by FY 2025/26, and to maintain a gross public debt in net present value terms below 50 percent of GDP.

The FY 2022/23 budget was under the theme "***Full Monetization of the Ugandan Economy through Commercial Agriculture, Industrialization, Expanding and Broadening Services, Digital Transformation and Market Access***" which emphasised policy interventions to sustain recovery from socioeconomic setbacks caused by the COVID-19 pandemic as well as development objectives set out in the Third National Development Plan (NDP III). This was to be done through maintaining peace, security and stability, full implementation of the Parish Development Model (PDM) to accelerate the transition of the 39 percent of households still in the subsistence economy into the money economy, set up and implementation of the relief and recovery funds to support the recovery of business and restore the lost jobs and livelihoods, implementing appropriate fiscal and monetary policies to mitigate the impact of price shock on the wellbeing of ordinary Ugandans, without causing long-term distortions in the economy and enhancing investment in infrastructure to facilitate increased production, value addition and national and regional access and entry.

The planned overall fiscal deficit for the first half of FY 2022/23 was Ushs 5,069.48 billion. However, the overall deficit turned out to be Ushs 4,373.97 billion as total government expenditure performed at 90.8 percent of the projection thereby offsetting the shortfalls registered in total revenues and grants.

Revenue and grants

Revenues and grants in FY 2022/23 amounted to Ushs 12,366.14 billion, which was a performance of 92.4% of the annual budget of Ushs 13,376.09 billion. Domestic revenue collections were Ushs 11,694.38 billion, lower than the budget target of Ushs 11,971.75 billion.

The performance of domestic revenue during the half year led to a shortfall of Ushs 277.37 billion. Of which tax revenues registered a shortfall of Ushs 270.29 billion while NTR (collected by both URA and other MDAs) registered a shortfall of Ushs 7.07 billion. In spite of the shortfalls, total domestic revenue collections during the first half of FY 2022/23 represented a growth of 12.8% compared to the same period of last financial year. This is higher than the average growth of 10% registered for the last four Financial Years.

Total development assistance received by Government in form of grants amounted to Ushs 671.76 billion against the projected Ushs 1,404.35 billion. Of the amount received, Ushs 7.87 billion was to support budgetary activities while Ushs 663.89 billion was tied to support of particular projects. The performance of project support grants was at 49.2%, mainly because of the adverse effects of COVID-19 and the Russia-Ukraine war.

Tax revenue

Part 1: Overall Fiscal and Resource Performance

During the first half of FY 2022/23, All the major tax heads registered shortfalls against their respective targets for the half year as collections were affected by low economic activity on account of adverse effects of the COVID-19 as well as the Russia-Ukraine war.

In comparison with the set target of Ushs. 3,904.59 billion, direct domestic taxes performed at Ushs. 3,3989.33 billion, 2% above the target for the period. This was mainly due to higher than anticipated collections of pay as you earn, presumptive tax and rental income tax (higher of target by Ushs 225.85 billion, Ushs 0.66 billion, and Ushs 17.06 billion respectively). Specifically, rental income tax collections were affected by effective implementation of the rental income tax compliance system.

Government had projected to collect Ushs 4,563.9 billion from international trade transactions in the first half of the financial year. However, only Ushs 4,453.8 billion was collected in that period, culminating into a deficit of Ushs 110.1 billion. Shortfalls are mainly attributed to underperformance of petroleum duty (lower by Ushs 69.8 billion), excise duty on imports (lower by Ushs 22.0 billion), value added tax on imports (lower by Ushs 42.9 billion) and Withholding tax on imports (lower by Ushs 8.8 billion).

Indirect domestic taxes registered a shortfall of Ushs 211.92 billion against a target of Ushs 2,722.07 billion for FY 2022/23. The shortfall is attributed to low collections of Local Excise duty and Value Added Tax (VAT) resulting mainly from the manufacturing and construction sector. In addition, the low performance of excise duty was due to lower than anticipated sales of major products on which this duty is charged. These included cigarettes, sugar, cooking oil and cement among others as a result of the low economic activity on account of the adverse effects of COVID-19 and the Russia-Ukraine war.

Table 2 below shows the breakdown of domestic revenues in the first half of FY 2022/23:

Non Tax Revenue

Government collected **Ushs 746.34 billion** in form of NTR during the first six months of the Financial Year 2022/23. This is against the target of **Ushs 753.41 billion**, implying a shortfall **Ushs 7.07 billion** (0.9% of the target).

Grants

Project support grants performed below the program of **Ushs 1,348.10 billion** by **Ushs 684.21 billion**, as a result of the adverse effects of COVID-19 and the Russia-Ukraine war.

Budget support of **Ushs 56.25 billion** was projected during the first half of FY 2022/23 but only **Ushs 7.87 billion** was received.

Part 1: Overall Fiscal and Resource Performance

Financing

External financing net amounted to Ushs -21.58 billion which was lower than programmed by Ushs. 1,776.41 billion due to low disbursements on account of the adverse effects of the COVID-19 pandemic as well as the effects of the Russia-Ukraine war.

During the first half of FY 2022/23, Ushs. 3,626.53 billion was raised from the domestic market which is higher than the planned target of Ushs 3,293.07 billion by Ushs 333.46 billion.

This deficit was financed using borrowings from our external development partners as well borrowing from the domestic private sector.

In addition, during the first half of FY 2022/23, Government received loan disbursements worth Ushs 1,148.93 billion most of which was concessional in nature to fund various development projects.

Compliance with the Charter for Fiscal Responsibility

The Charter for Fiscal Responsibility (CFR) presents Government's strategy for operating a fiscal policy which is consistent with sustainable fiscal balances and the maintenance of prudent and sustainable levels of public debt over the medium term. In addition, a new unique feature of this Charter is that it also takes into consideration the start of commercial oil production in FY 2024/25, and is mindful of the existence of petroleum revenues in the medium-term fiscal framework, hence provides a sustainable mechanism for the spending and saving of these revenues.

FY 2022/23 is the second year of implementation of the five-year Charter for Fiscal Responsibility (CFR). The Charter aims to achieve an overall fiscal deficit including grants of no more than 3% of GDP and net present value of government debt below 50 percent by FY 2025/26. In addition, a maximum of Oil revenue worth 0.8 percent of the preceding year's estimated non-oil GDP outturn shall be transferred to the Consolidated Fund for budget operations. The balance shall be transferred to the Petroleum Revenue Investment Reserve (PRIR).

Part 2: Overview of Expenditure Performance

2.1 Highlights of Overall Expenditure Performance

This section reports on Budget performance of the Government expenditures in terms of Budget Releases against the approved GoU Budget for the first half of FY 2022/23, and the expenditures based on EFT transfers centrally from the Treasury and reported on by MDA's.

(i) Overall Expenditure Performance

Table 2.1 below shows the release and expenditure performance by Wage, Non-wage and Development classifications.

At an aggregate level, **Ushs 12,731.146 billion** of the GoU budget amounting to **Ushs 25,339.883 billion** was released by the end of December 2022. This equates to 50.2% of the approved budget. Aggregate absorption (measured by expenditure as a proportion of releases) was 86.5%.

Wage

Total wage releases performed at **Ushs 3,522.973 billion** (55.3%) of the Approved Budget and of this, Ushs 3,326.530 billion was spent which represents an absorption rate of 94.4%. The high release was on account of Supplementary budget to cater for the salary enhancement of the UPDF Senior Officers and scientists in FY 2022/23.

Non-Wage Recurrent

Non-wage recurrent releases were recorded at **Ushs 6,268.075 billion** which equates to 56.4% of the approved budget and absorption was at 83.3%. The high release was on account of Supplementary budget for State

Part 2: Overview of Expenditure Performance

House, funding to UDC for Atiak Sugar Factory, the conference facility at Munyonyo for the Non-Alignment Movement (NAM) conference, etc.

Domestic Development

Releases for the domestic development budget performed at **Ushs. 2,940.098 bn** which equates to 37.5% of the Approved Budget. **Ushs 2,466.621 bn** of this amount was spent, which represents absorption of 83.1%. The low releases to the GOU Development budget was due to Governments policy to slow down on expenditure and only provide funds for capital expenditure in the second quarter for FY 2022/23.

External Financing

The Releases for External Financing budget performed only at 35.1% and 56.2% absorption was realised.

Table 2.2 above illustrates the GoU Programme level Releases and Outturns. All the releases were above 40% of the Approved Budget except for Mineral Development, Integrated Transport Infrastructure and Services and Innovation, Technology Development and Transfer Programmes which performed at 25.0%, 38.4% and 32.1% respectively.

The Programme with the highest release was Manufacturing mainly on account of supplementary to cater for the construction of the Convention Centre at Speke Resort Munyonyo, Uganda Development Corporation purchase of shares in Atiak Sugar Factory and Abubaker Technical Services and General Supplies Limited.

Part 2: Overview of Expenditure Performance

The absorption across Programmes was above 80% with the exception of Mineral Development, Sustainable Petroleum Development, Natural Resources, environment, Climate Change, Land and Water and Private Sector Development Programmes, which performed at 49.9%, 66.4%, 64.8% and 62.2% respectively.

2.2 Central Government Expenditure

This section reports on the performance of Central Government expenditure by categories of GoU expenditure, External Financing and AIA.

(i) Overall Central Government Releases and Expenditure

Table 2.3 below details this information at the programme level. Consistent with the section above, Wage and Non-Wage Releases performed at 57.1% and 57.6% respectively. GoU Development releases at 38.5% of the approved Budget and External Financing performed at 35.2% only. Sustainable Energy Development and Mineral Development, Innovation, Technology Development and Transfer and Integrated Transport Infrastructure and Services Programmes had the lowest releases at 15.8%, 19.2%, 26.9% and 38.1% respectively.

Variances and Challenges

- Inadequate funds for Operation Wealth Creation (OWC) for undertaking the oversight function of the Parish Development Model (PDM).
- Inadequate funding intended to strengthen the participation of the Presidency in the Public Investment Management System (PIMS) and provide an effective forum for the Executive to review, reflect, learn and adopt recommendations for an effective PIMS regime.
- Inadequate funds for the purchase of medals in form of “Most Excellent Order of the Pearl of Arica”.
- Establishment of new administrative units that lead to new recruits and eventual suppression/encroachment on the limited resources for the Presidency to efficiently deliver service.
- Lack of funds for Monitoring of Cabinet Decisions and building the capacity of Cabinet and Permanent Secretaries.
- Inadequate Office accommodation for the RDCs, this affects their commitment to serve the wanainchi due to the ever-increasing rental fees that is unsustainable.
- Inadequate resources to maintain structures at the National Leadership Institute (NALI).

Performance highlights for the Quarter

State House provided the necessary logistical support for the efficient operations, welfare and security of H.E the President and Vice President and their immediate families. Consequently, over 800 scheduled programmes of the Principals were adequately facilitated and undertaken.

H.E the President and Vice President continued with their mobilization drives across the country urging leaders to dedicate their energies to income generating activities that will improve the livelihoods of the people. In these drives, H.E also highlighted the dangers of land fragmentation.

The Presidency continued its efforts of promoting regional and international relations emphasizing that regional integration and strategic security are pre-requisites for regional development and prosperity.

Promotion of trade, tourism and investment through mobilization of investors, commissioning of new investments as well as attending trade related meetings was undertaken by the Principals. H.E met various foreign dignitaries from select Arab countries who expressed interest in investing in Uganda. H.E the President commissioned a modern tiles factory in Buikwe as well as the new National Medical Stores pharmaceutical warehouse.

Under the Poverty Alleviation initiative, 09 Model Villages of Kikuusa, Naluvule, Kawumu, Kakoma, Kataka, Bugwerim Bwera, Ruharo and Olal were supported with agricultural and farm inputs.

12 of 19 industrial hubs in Mubende, Kyenjojo, Mbarara, Mbale, Kween, Napak, Kayunga, Masindi, Gulu, Zombo, Kasese and Lira were launched and 2,534 learners were due for graduation. 4,381 youth are undergoing training in these centres.

The Kawumu Leather Tannery is operational, operating at 50% capacity.

Comprehensive monitoring and inspection was carried out in 51 Health facilities in 05 districts; 03 ongoing infrastructure works were inspected; the ACU had 85 cases come up for mention in court, and 58 cases submitted to DPP for legal guidance.

Variances and Challenges

State House is ever faced with unforeseen emerging issues that require to be attended to by the Presidency. This normally calls for supplementary funding and in the period under review, State House had an approved supplementary budget of 166.8bn, out of which 20bn is for Kira Motors and 146.8bn for classified expenditure.

There was an under expenditure on the development budget (18.1%) due to pending procurement processes.

Performance highlights for the Quarter

In the 1st half of the FY 2022/23, the Ministry continued to fulfill its Constitutional Mandate of protecting and defending the people and their property. This was done through a number of outputs as guided by the third National Development Plan (NDP III) and Governance and Security (G&S) Program Implementation Action Plan (PIAP). It also achieved the set priorities in thematic areas such as consolidation of military capability generation, provisional logistical support to UPDF troops, Infrastructure development, training of Security personnel (UPDF), productive activities and Institutional Coordination. In addition to the priorities, the Ministry is engaged in a food and feed programme that aims at providing food security to the population.

Karamoja- The security situation in Karamoja Sub-region is under control. However, incidents of livestock thefts by Karimojong warriors and cross-border raids by the Turkana of Kenya and Langi of South Sudan persist. UPDF maintains anti-livestock theft and disarmament operations under the Operation “Usalama Kwa Wote”. In 2022, a total of 20,189 animals and 545 firearms with 3,008 rounds of ammunition were recovered.

At Bilateral level, Uganda and Kenya have a MoU on cooperation in Defence and Security signed in April 2022. In particular, the agreement provides for concurrent disarmament operations in both countries. Both Kenya and Uganda have deployed Liaison Officers with three (03) UPDF officers in Kacheriba, Lokichogio and Bungoma in Kenya while KDF Officers are in Moroto and Tororo in Uganda. Additionally, there are cross border peace committees which occasionally sit to resolve emerging border security issues.

Variances and Challenges

1. Underfunded and unfunded priorities- The Ministry continues to face perennial challenges of limited resource envelop, and general fluctuating prices of food and fuel that have strained the Ministry’s Budget.
2. Increased security threats;
 - a) Cattle rustling in Karamoja region.
 - b) Insecurity in Eastern DRC.
 - c) Isolated threats to security installations.
3. Encroachment of UPDF Land.
4. Global Peace and Security challenges

Performance highlights for the Quarter

DURING QUARTER TWO (Q2), FY 2022/23 THE MINISTRY REGISTERED THE FOLLOWING KEY ACHIEVEMENTS:

1. Participated in 03 Business forums to promote Uganda's investment and trade opportunities:
 - a. The 2nd EU-Uganda Business Forum held from 26th to 27th October 2022. The forum aimed to enhance Uganda's visibility as an investment and export destination of choice for EU Member States.
 - b. The Vietnam-Uganda Business Summit and Trade Exhibition at Vietnam National Convention Center (NCC)-Hanoi under the theme, 'unlocking investment opportunities during H.E the President visit to Vietnam, December 2022.
 - c. The Afro-India Business Summit that was held from 17th to 18th November 2022.
2. Coordinated and participated in the Uganda- Rwanda JPC Technical Committee Meeting held on 29th November 2022 aimed at enhancing bilateral political and economic relations between the Countries.
3. Coordinated a verification visit by a team from Algeria (3rd- 9th December 2022) to verify milk production standards in Uganda. Algeria has agreed to grant tax free access to Ugandan powdered milk.
4. Coordinated/concluded 02 negotiation engagements for Global framework protocols for market access of Ugandan goods (the increase of special tariff treatment framework (DF&QF) for export of Ugandan goods to China and the 2nd Africa High Level Forum on South – South and Triangular Cooperation).
5. Coordinated the admission of Ms. Doreen Katusiime, Permanent Secretary, Ministry of Tourism to the Africa World Heritage Board.
6. Countered 4 Negative information. They include an article published on infringement of human rights in Uganda; travel ban on Ugandans due to Ebola outbreak; Travel restrictions on Ugandans due to Covid-19 pandemic and on conflict in Eastern DRC.
7. Facilitated 20 remains of deceased Ugandans to return home (Saudi Arabia 10, UAE 04, South Africa 6).
8. Received and Processed 115 training offers for Ugandans (Japan 10 Malaysia 15, Turkey 10, Russia 30, India 50)

Variances and Challenges

VOTE: 006 Ministry of Foreign Affairs

1. Although the Ministry received 50.1% of the approved budget on wage, only 82.4% was spent. This was due to technical issues of the new Human Capital Management (HCM) system being used to process salary. These errors are now being resolved to have salaries of the affected staff paid. Additionally, there was no payment made to staff whose contracts had ended and were still pending renewal.
2. The low absorption of non-wage recurrent at 43.6% was largely on the account of the pending transfer of subventions to the newly created Missions of Angola (UGX. 1.5bn) and Cuba (UGX.1.5bn).
3. The development budget had not been expended by end of QUARTER TWO as the relevant procurement processes were still ongoing.

Reason: On funds for Printing and Stationery, the procurement process is ongoing and is at award level. There were delays because this was the first time we were using eGP and therefore a lot of learning.		
On the other funds, whereas the requisitions were raised and approved in the second Quarter, the payments were effected in January 2023 and therefore implementation can only take place in Q3.

Reason: There was still ongoing verification/ due diligence of the claimants to be paid the compensation

Due to limited Human resources; following the unavailability of the Senior Internal Auditor and the additional responsibility of verifying Northern War Debt Claimants, some of the activities had to be rescheduled to Third Quarter FY 2022/23.

The funds for printing, Maintenance of Transport Equipment and Maintenance of Buildings are not yet spent due to ongoing procurement processes.

Performance highlights for the Quarter

The Ministry exists to provide legal advice and legal services to Government, its Allied Institutions and the general public and to support the machinery that provides the legal framework for good governance.

In the second Quarter of FY 2022/23, the Ministry cumulatively received Wage of UGX 5.4525Bn (50.2%), Non-Wage Recurrent UGX 33.755Bn (29.2%), Development UGX 7.246Bn (33%) and Arrears of UGX 10.515Bn (100%).

The funds were used to carry out the following activities:

Represented Government in 1,324 cases in Courts, Tribunals and Commissions (of which 120 Constitutional Petitions, Appeals and Applications defended and 78 were Human Rights cases). Of these, 100 cases worth UGX. 94.321Bn were won while 30 cases lost worth UGX 90.307Bn.

Reviewed 1,814 (94%) out of the 1,923 requests of contracts reviews received. Out of the 190 requests for Legal Opinions received, 169 (89%) were rendered. Reviewed 322 MoUs out of 339(95%) requests. On meetings, 599 (78%) were attended out of 766

Out of the 28 requests by MDAs to draft Bills, 19 (68%) Bills were drafted and submitted to MDAs. All the 20 Acts, 17 Bills , were authorised for publication

and all were published. Out of 97 requests received to draft Statutory Instruments, 82 (85%) were drafted and submitted to MDAs for signature.

By the end of the second quarter, a total of 2,442 files were opened for estates of deceased persons and persons of unsound mind, 35 estates wound up, handled 130 family disputes through mediations and arbitration, issued 1648 certificates of No objection issues and granted 3 letters of administration.

Held 7 Law Council Meetings, 8 ordinary Disciplinary Committee meetings (handled 72 disciplinary cases filed against private advocates, 28 were disposed of), inspected 185 Advocates chambers out of which 159 (86%) were approved and issued with Certificates of approval.

Hon. Attorney General presented the second periodic report of Uganda to the Committee against torture.

Variances and Challenges

VOTE: 007 Ministry of Justice and Constitutional Affairs

During the Quarter, the Ministry faced the following Challenges:

1. Lack of approved budget for travel abroad that ended up necessitating preparation of virement whenever a travel abroad was inevitable such as in the case of Court attendance and other official duties.
2. Limited transport (vehicles) for Court Attendance, support supervision and monitoring. The Ministry has only 76 vehicles.
3. The Judiciary recruited more judicial officers hence increasing their capacity through increased number of magisterial areas hence leading to more cases being cause listed. and yet the staff structure of MoJCA has more or less remained the same.
4. Outstanding Court Award Arrears of UGX 227.101Bn and these keep attracting interest.
5. Lack of funding for travel abroad for Court attendance and other official duties..
6. Cattle compensations (phased compensation)- UGX 297.53Bn.
7. inadequate budget for activity implementation for example the training of Central and Local Governments on basic legislative drafting could not be undertaken.
8. Lengthy consultation processes with key stakeholders like Judiciary, Ministry of ICT; prior to the commencement of the procurement process for the Directorate of Civil Litigation System.
9. Some MDAs still make incomplete submissions making it impossible to complete review of the contract without referring it bac to the MDA for additional Documents. This does not only make it a lengthy process but also wastes resources (Time and manpower) to review the same document twice or more times.

Performance highlights for the Quarter

The National Budget Framework Paper for FY 2023/24 was finalised and submitted to Parliament on 30th December, 2022

Undertook stake holder consultations with the Energy and Water Sectors on the automation of business processes

Reviewed Project proposals for inclusion in the PIP and IBP. Monitored Government projects and raised issues of concern to management for redress.

Interim tax and NTR estimates for FY 2023/24 prepared

The annual Tax expenditure report was finalized and now published on the Ministry of Finance website.

Performance analysis for Half year 2022/23 completed with the following key issues of note: Overall revenue target FY 2022/23: Shs 25,551 billion, H1 target Shs. 11,971.75 billion, H1 actual Shs. 11,694.38 billion. Income taxes: H1 target Shs 3,904.59 billion, H1 actual Shs. 3,989.33 billion. Consumption taxes: H1 target Shs 2,722.07 billion, H1 actual Shs 2,510.15 billion

Provided connectivity to 301 votes through WAN links and ensured power stability, back ups, cooling for IFMS server rooms.

Held a series of trainings on dashboards for the various categories of IFMS users.

177 Local Governments have been trained on the guide to convening First General Meetings for registered PDM SACCOs and the key activities required to operationalize the Parish Revolving Funds.

The 1st Uganda EITI Report is available online. <https://eiti.org/documents/uganda-2019-2020-eiti-report>

Debt Sustainability Analysis (DSA) undertaken and sovereign debt risk report produced

Variances and Challenges

The Financial Sector Development Strategy is yet to be considered by Cabinet. However, some elements of the Strategy are under implementation such as the National Payments System, the reforms of the Financial sector legal and regulatory frameworks among others.

The variation in the financing of conventional and Islamic is attributed to migration to an automated loan processing system that delayed loan processing.

Delayed printing hard copies of the EITI report due to lack of funds.

Variances and Challenges

Variances in budget performance;

- The Ministry recorded the highest absorption in non-wage (97.4%) followed by wage (93.9%) and lastly in development (0.0%)
- The Ministry didn't spend any funds under the development budget category due to the delays in commencement of procurement for renovations of Ministry premises as well as procurement of motor vehicles, assorted furniture and ICT equipment required by Ministry staff.
- The unspent balances under non-wage were as a result of delays in the processing of gratuity payments of newly retired staff.
- The unspent balances under wage was due to the unfilled positions within the Ministry structure as the recruitment of Community service staff is still ongoing.

Challenges;

- Low release of Q2 funds which hindered implementation of Ministry programs such as supervision of community service orders, support to Trafficking in persons cases under investigation, carrying out alert inspections as well as conducting of inspections on the use of commercial explosives
- Implementation of the EGP system across government delayed the finalisation of most procurements due to the slow adoption and usage by service providers.

Variances and Challenges

Most of the departments and Projects were unable to implement planned activities due to under releases of funds in the first half year of the FY. Some of the notable challenges included pending contracts for the construction of 11 market sheds and livestock markets awaiting clearance from Solicitor General.

Other activities are still under procurement and will be implemented in Q3 and Q4

Performance highlights for the Quarter

Some of the key milestones attained and are contained in the report include: Trained sixty (60) Headteachers on general Early Grade Reading (EGR) methodology and pedagogical leadership in Kalaki district. Procured 6,052,100 copies of textbooks for Senior Three and Senior Four for the Lower Secondary Curriculum for both Private and Government Secondary Schools and 53,000 Practical Science Students Manuals books and 4,000 Teacher Practical Manual Guides. Established virtual laboratories in 25 secondary schools. Disbursed funds to facilitate the operations of Bunyoro University and Busoga University Taskforces. In addition, subvention was also provided to cater for operations of Uganda Petroleum Institute Kigumba (UPIK). Assessed, marked and graded 53,397 (31,445 Male and 21,952 Female) candidates under the modular and full UVQF 1-3 levels in 61 occupations. Conducted decentralized admissions across six (06) regional centers for Diploma awarding Institutions. Six (06) institutions signed Memoranda of Understanding (MoUs) with industries to promote Work-Based Learning. Rolled out the Teacher Effectiveness and Learners' Achievement (TELA) system to the Eastern part of the country covering all Government Primary, Secondary and Certificate Awarding Institutions. Rolled out the e-inspection system to all One Hundred Seventy-Seven (177) Local Governments. Commenced the national rollout of the Education Management Information System (EMIS) in November, 2022.

Variances and Challenges

For the second quarter, the overall release performance for the Ministry improved to 36% for the approved budget for FY 2022/23. Please note that the allocation for subventions remained inadequate performing at 31% instead of 50% as expected. MoFPED allocated a zero-expenditure limit on wage on the understanding that Ushs.30.779bn issued to the Ministry in the first quarter was sufficient to cater for the salary requirements beyond this quarter. This however didn't take the deficit for enhancement of scientists into consideration.

Performance highlights for the Quarter

Preparation of Bills of Quantities and designs for rehabilitation and construction of Abim, Bugiri, Kapchorwa, Masindi, Kambuga and Busolwe ongoing. 3,606,500 malaria RDT test kits were distributed in two cycles for 68 districts in 14 regions.

4 Oxygen plants procured and delivered to Mbarara, Lira, Hoima and Kabale RRHs

315 HWs trained for malaria in pregnancy in 34 districts in the regions of Bukedi, Bugisu, Sebei and Teso for better malaria management.

GOU co-financed vaccines procured and they include 1,833,000 doses for Diphtheria, Tetanus and Pertussis (DTP), 1,923,400 doses for HPV, 842,000 doses for MR, 3,751,200 doses for PCV, 2,746,500 doses for Rotavirus.

457 Ambulance teams trained in Extension of Community Health Outcomes (ECHO) 108 District Ambulance Management teams formed and trained in West Nile Sub Region

368 trained in Airway and Dysfunctional illness Behavior and 451 trained in shock management.

Responded to a total of 1029 Emergency Cases, 308 Road Traffic Accident Cases, 589 for Ebola Virus Disease related cases, and 132 for other Emergencies including medical, surgical and psychiatric cases.

Variances and Challenges

The overall GoU Budget against Release is 38.2% as of the end of Q2. The under performance was due to Development budget that was suppressed in Q1 and Q2. This suppression of the development budget delayed the implementation of the work plans for Construction activities within the financial year 2022/23.

20. Launched the MSMEs Leather Business Incubation Center at MTAC.
21. 30 SMES involved in leather products manufacturing were skilled in Footwear and Leather goods design, Export readiness etc.

Variances and Challenges

1. Inadequate budgetary provisions (MTEF). The budget shortfalls hinder implementation of Ministry activities. However, the Ministry ensured achievement of key priorities with the limited funds available.
2. The MSMEs in Uganda are largely informal therefore missing out on certain government programmes that target registered enterprises. The Ministry remains committed in training MSMEs in business formalisation amidst the financial constraints.
3. The district commercial office is not well facilitated and yet they are the focal business development personnel at the district level.
4. The spill-over effect of the Russia-Ukraine war also affected trade activities countrywide.

Variances and Challenges

a) At approval of the Budget for FY 2022-23, an additional budget was appropriated by Parliament for the Ministry as below:

- i. UGX 9bn for supporting capacity building for road construction in the country through MELTC;
- ii. UGX5.7bn and UGX5bn as additional funds for NBRB under Recurrent and Development respectively for monitoring building development and construction of Office premises.

The Ministry experienced challenges in having warrants related to the above and for the mentioned subvention agencies approved during the Quarter by Ministry of Finance Planning and Economic Development which affected activities in the two agencies.

b) Delayed payment of 926 URC pensioners due to deactivation of core FTP function by Ministry of Finance Planning and Economic Development.

Performance highlights for the Quarter

MINERAL DEVELOPMENT

- Progressed the airborne geophysical surveys and geological surveys of Karamoja to 80%
- Conducted evaluation of 10 iron ore prospects and quantification of graphite and uranium.
- Drilled eight (8) Temperature Gradient Holes at Panyimur, Pakwach District.
- 16,000 ASMs sensitized and trained and 200 ASM registered.
- Gazetted the Mineral Certification Regulations.
- Continued promotion of the Country's mining potential to both national and international fora

- Piloted 5 US Cents in industrial Parks of Kapeka and MMP industrial Parks and introduced a reducing block tariff.
- Commissioned 39 Solar PV mini-grids.
- Continued the promotion of new renewable energy solutions and held the Renewable Energy Conference and Expo 22.
- Developed the Bio-fuels regulations for the operationalization of the Biofuels Act 2020 in a bid to promote the use clean energy for transportation.
- Completed 2 feasibility studies for development of total 5MW of waste to energy plants in Kampala, conducted studies and established the potential of waste to energy in additional 4 cities
- Finalizing Studies for development of a framework for dissemination of cleaning cooking technologies in Uganda.

Petroleum

- Review on-going for an application for a gas conversion license for King Fisher Development Area by CNOC for LPG.
- Signed the Production Sharing Agreements and grant of Exploration Licences for Kasuruban and Turaco.
- Progressed Tilenga Industrial Area site development to 82.3% and Kingfisher progressed to 65.5%.
- Drafting of the new National Petroleum Policy is on-going.
- Completed the drafting of metering, decommissioning, third party regulations.
- Commenced negotiation for the Crude Supply Agreement.

Variances and Challenges

VOTE: 017 Ministry of Energy and Mineral Development

The key challenges faced by all the three (3) MEMD programmes are: -

- i. Land Acquisition for government projects is taking a long time and a considerable budget. The major constraints have been slow resolution of grievances regarding land acquisition for the project sites. Whereas government has endeavored to avail funding, the following issues have caused delays to project works.
 - Land/Property owners who demand for unreasonable compensation amounts, leading to protracted reviews. Some project valuation reports have had as many as six (6) reviews.
 - Speculation and High Expectations Landowners and public engage in speculative practices when transmission line projects, petroleum and mineral projects are announced.
 - Land acquisition delays have dire consequences that include cancellation of funding by development partners and failure to execute the much needed projects on time.
- ii. Vandalism on the transmission lines and other installations
- iii. Deemed energy costs arising from delayed completion of power transmission lines
- iv. Procurement bottlenecks especially lengthy bidding processes that require no-objections from the external financiers at each stage of execution.
- v. High power tariffs, which are not attractive to the manufacturing sector.
- vi. Illegal mining activities and operations affecting environment and revenues generated from mining operations
- vii. Lengthy and Protracted negotiations on taking the Final Investment Decisions for projects in the Oil and Gas sector.
- viii. Inadequate financing for development: investment in development projects such as Equity contribution in oil and gas investment projects.
- ix. The key emerging issues such as COVID-19 Pandemic.
- x. The limited character space in the PBS does not allow full explanation of the reported activities and hence a narrative that is lacking many facts.
- xi. There is need to review some of the PIAP indicators attached to different budget outputs as they seem irrelevant/meaningless

Variances and Challenges

In the second quarter the vote aspired to meet specific targets but was constrained by a number of outstanding challenges;

1. Unilateral/Blanket Policy on Budget cuts and suppression of seemingly consumptive items . This budget suppression affected the implementation of core programs and projects of the Ministry
2. Funding shortfalls. Except for wage and subvention categories of the budget other budget categories suffered funding shortfall hence key programmed activities could not be implemented
3. Lack of data and limited capacity to collect the necessary data to aid evidence generation, reporting and decision making. For Information for effective regulation of the creative industry is inadequate hence the potential of the sub sector remains untapped.

Performance highlights for the Quarter

Urban Water Supply and sewerage services: Construction is on-going for 34 Water supply systems; 5 Faecal Sludge Management (FSM) structures were constructed and 25 Institutional/public toilets were constructed in selected towns countrywide.

Rural water supply and sanitation: Constructed 40 Solar powered Mini-Piped Water schemes in the Central Region (14), in the south West (5), Mid-Western (3), and Northern Region (8), Eastern Region (10) to 92% completion; 5 Solar powered Irrigation and Water Supply Systems are under construction in Zombo -2, Obongi-1, Moyo-1 and Kwania-1:

Constructed Piped Water Supply systems in: Kahama II WSS (82%); Nyabuhikye Kikyenkye GFS (85%), Lukalu-Kabasanda WSS (97%), Kabuyanda WSS (97%); 80 point sources were constructed (44 production wells and 36 hand pumped boreholes in various districts). A highway Sanitation facility in Kiruhura is under construction at 90% completion.

Water for Production: Construction of Kyenshama earth dam – 65%; Nakayonza livestock watering facility in Nakasongola District - 80%; 1 medium scale Irrigation scheme in Namisindwa District - 15%; Completed construction of 2 Solar powered Irrigation Demonstration Sites in Katakwi and Serere. Preparation of Design manual for Water for Production infrastructure - 80% progress; National Irrigation Master plan for Uganda - 30% progress.

Environment and Natural Resource: 220.05 Km of wetlands were demarcated: 8,296 ha were restored in planned wetland systems. 32 km of protected areas (River banks) were demarcated in Kisizi Sub-county in Kamuli, Lake Kwania and River Wambanya in Hoima. Public spaces for the establishment of green belts were identified in 4 cities of Fort Portal, Mbarara, Hoima and Masaka.

Directorate of water resources management: 133 permits were issued. 4 catchment management plans were prepared; 1,389 energy saving cook stoves were produced in 4 catchments. 283 water samples collected and analyzed for compliance to National standards. 21 samples were c

VOTE: 019 Ministry of Water and Environment

- i) Land titling of critical wetlands and forest reserves.
- ii) Pressure from other entities to degazette and encroachment.
- iii) Lack of funds to implement the safe water source per village.
- iv) Lack of a fund to respond to disasters as stipulated by law
- v) Funds released are not enough to implement all the planned activities and erratic manner in which they are released.
- vi) Under funding compared to the ever-increasing demand for Water for Production facilities.
- vii) The Ministry construction Equipment sets deployed in the different Regions are worn out and maintenance costs are high.
- viii) Limitation of water sources in the cattle corridor and other areas affected by water stress
- ix) Refusal to offer land for construction of communal WfP facilities and in some cases land owners demanding for high prices for compensation of land.
- x) Land tenure system. Subsistence farmers with small farms do not have room to create water reservoirs.
- xi) Climate change; Prolonged drought watered down the Ministry Interventions.
- xii) Rapid increasing encroachment on wetlands and environmental degradation.
- xiii) Besides, there is limited uptake of weather and climate information because of lack of established operational structures at district level, where meteorologist would be in position to give technical support within easy reach of end users. Currently, UNMA uses intermediaries in dissemination of weather and climate information which sometimes distorts the released weather and climate information.
- xiv) Encroachment: Encroachment remains one of the most adverse risks for forest investments, development and management due to conversion of forests into agricultural and grazing land. Population of Uganda has been increasing at a rate of 3% per annum with the majority of the population practicing extensive agriculture, which creates a need for more agricultural land.

Performance highlights for the Quarter

ICT INFRASTRUCTURE DEVELOPMENT

- a) Developed Draft governance model for management of Intern Exchange Points (IXPs) in Uganda.
- b) Conducted Survey on Broadband over power lines (BPL) in Nakaseke District among selected institutions of learning.
- c) Provided technical support to various Government institutions (Ministry of Works and Transport, National Cultural Council)
- d) Proposition on operationalization of Uganda Communications Tribunal submitted to Cabinet.
- e) Drafting Instruction for the new Information & Communication law sent to Attorney General.
- f) Memorandum of Understanding between the Ministry and Monenco Iran Consulting Engineers signed off for provision of technical support in telecommunications and data governance in Uganda.
- g) Introduction to basic skills and tools acquired for data analysis, and visualization using AI and machine learning with support from UN global pulse lab.

E-SERVICES

- a) Setup of the taskforce to undertake the ratification process of the National Cybersecurity strategy for cooperation with International Agencies on cyber-crime skilling and technology transfer.
- b) 95% of the modules (data collection, Financial Information System, Citizen Participation, Monitoring and Evaluation) developed and User Acceptance Tests for three systems completed developed, data collection is ongoing. Data collection and analysis for 43% of 9.8million households and 17.2 million population.

ENABLING ENVIRONMENT

- a) Drafted schemes of Service and Norms of ICT cadres across government.
- b) National ICT Policy draft update ongoing.
- c) BPO Bill drafted
- d) Transfer of all assets and liabilities of the old UTL to the new Uganda Telecommunications Corporation Limited (UTCL) where all digital infrastructure is going to be managed
- e) Improved visibility of Government programmes through various communication channels - talk shows, social media engagements, press statements etc.
- f) Built strong partnerships and coordination with various stakeholders.

Variances and Challenges

The vote was not able to fully implement the approved plan due to;

- 1) Inadequate budget associated budget cuts and inadequate releases.
- 2) Low ICT Uptake across the Country. The broadband policy should be updated to introduce a component of internet price caps and ICT products/Devices to improve on ICT Uptake.
- 3) Data collection for the Parish Development model stalled due to insufficient funding. This is a critical activity if the PDM is to succeed, hence need for special attention.

Variances and Challenges

Variances and Challenges

Tourism sites received more than the projected number of tourists and 59% of these were domestic tourists.

The Tour and travel industry is recovering at a faster than projected rate. The tourism mobilization and promotional efforts done by Government and several other actors are paying off.

Challenges.

Human Wildlife Conflicts, Invasive species, encroachment in conservation areas and increased intensity of problem animals.

Invasive Species: A number of areas are clogged with invasive species such as dichrostachys cinerea that require conscious effort to manage.

Land conflicts and encroachment of the cultural heritage sites such as Nyero, Bweyoyere Capital site, Ntusi and Kasonko.

Political instabilities within the neighbouring countries especially DRC.

Performance highlights for the Quarter

1) Court Performance

A total of 55,874 cases were disposed of in quarter 2 FY 2022/23, compared to 65,080 cases in quarter 1 resulting into a 14.1 % decrease in case disposal as follows;

- a) 4 cases were disposed of at Supreme Court
- b) 250 cases were disposed of at the Court of Appeal
- c) 4,220 cases were disposed of at High Court Divisions
- d) 4969 cases were disposed of at High Court Circuits
- e) 46,170 cases were disposed of at Magistrate Courts
- f) Through innovations, 5,349 cases were disposed as follows 1,755 cases using plea bargaining, 3,230 cases using Small Claims Procedure and 364 cases using mediation).

2) Construction of Courts

a) The construction of the Supreme Court building is at 90% completion with the installation of air conditioning, door shutter fitting, plumbing fittings, and IT cabling going on while the Court of Appeal building is at 80% completion with the installation of air conditioning, shutter fittings and tiling going on;

b) Construction of the High Courts is as follows; Soroti High Court at first floor slab casting; Rukungiri High Court is at second floor slab casting. and Tororo High Court at submission of bills of quantities

c) Construction of Chief Magistrates Courts is as follows; Alebtong, Lyantonde and Budaka are at roofing stage

d) Construction of the Magistrate Grade 1 Courts is as follows;

Abim court at ground floor slab casting, Patongo at plastering level, Karenga at superstructure walling

e) The rehabilitation of Nabilatuk Magistrate Grade 1 court is ongoing at finishing stage

f) The expansion of Moroto Chief Magistrate Court is ongoing at tiling

4) Retooling of the Judiciary

a) 46 vehicles procured for Judges of the High Court (31), Justice of Court of Appeal (1) and Magistrates (10) and 4 vehicles procured for field supervision

b) 52 Motorcycles procured for process service

Variances and Challenges

a) The decline of 14.1% in case disposal is as a result of the partial closure of the Supreme Court building arising out of the fire outbreak and the Court of Appeal and Constitutional Court not being fully constituted.

b) The level of automation of Court processes stands low at 2.3%. The manual method is time consuming and labour intensive for Judicial Officers which affects efficiency and effectiveness in the adjudication and disposal of Cases.

c) The performance of wage stood at 71.2%. This is as a result of the pending recruitment of staff and salary enhancement for non-Judicial officers which Cabinet did not approve.

d) The performance for Non-wage and Development is at 92.4 % and 44.2% respectively. The delay in procurement affected the utilization of funds for both Non-wage and Development.

Variances and Challenges

VOTE: 102 Electoral Commission (EC)

In the period under review, the total budget release was 68.105 representing 46.6 % of the total budget. out of this 18.833 was for wage and 45.8 % was for non-wage.

For wage 50% was released and 96.8 % was spent. There was variance because some positions were vacant and the Commission lost also lost some staff due to death.

Non-wage, 22.3% was released, out which 18.7% was spent. There was under expenditure due to a number of reasons and this include the lengthy procurement process, some activities cut across quarters whereas some requisitions were still being verified before payments could be effected.

The main challenges the commission faced in the quarter was the inadequate releases which affected a number of planned activities such as the election of women committees and councils countrywide. In addition, the funds for Political Parties was released late which caused a lot of tension

Performance highlights for the Quarter

Some of the key achievements registered by IG during Quarter two (02) FY 2022/23 included the following:

- 1) Registered 517 complaints, of which 277 were registered at HQ while 240 were registered in the various regional offices.
- 2) The above cases were from; - 349 males, 65 females, 14 groups, and 89 anonymous sources. 485 of these were sanctioned during the quarter, 13 were referred to other institutions while decisions were yet to be made on 19 others.
- 3) The IG prosecuted 16 cases in Quarter two. This is in addition to the 14 cases prosecuted during the first Quarter, making a cumulative total of 30 by half year.
- 4) Conviction rate has improved from 35% at end of last financial to 53% by half year of the current financial year.
- 5) The amount of funds recovered has increased. UGX 2,105,146,378 was recovered by half year compared to the UGX 1,486,391,325 that had been recovered by half year of the previous financial year.
- 6) Verified 46 Public Officials and investigated 111 breaches into the Leadership Code Act. By implication, the number of investigations into breach of the code has greatly improved, however the number of verifications is still low.

Variances and Challenges

1. Out of approved Budget FY 2022/23 (UGX.79.368Bn), the IG received UGX 35.624 Bn (44.9%) and UGX 31.137 Bn (87.4%) was spent by end of Q2,
2. The unspent balance of UGX 4.487 Bn was due to pending certificates on the IG building (UGX2.204Bn) which were due for clearance in January 2023, Staff resignations for which staff are yet to be replaced (UGX. 0.674Bn), and unpaid supplier invoices (UGX. 1.774Bn) for activities such as the anti-corruption campaign.

Performance highlights for the Quarter

The Parliamentary Commission received UGX.444.339bn by end of quarter two of FY 2022/23 against the expected release of UGX.497.232bn as –per the submitted expenditure plan for the for the same period. The variation in releases and expenditure by end of quarter is majorly attributed to the unreleased development budget for Q1. The total amount spent against the released budget was UGX.385.4999bn, reflecting 87% overall budget performance by end of December,2022

The above released budget was utilized as follows;

- i) UGX.54.463bn was spent on wage against the released budget of UGX.56.318bn accounting for 97% wage performance.
- ii) UGX.329.060bn was spent on non-wage recurrent activities against the released budget of UGX.365.524bn representing 91.% budget absorption and
- iii) FinallyUGX.1.976bn was spent against the released UGX.22.497bn for development activities.

The observed slow progress on the construction of the new Chamber, which currently stands at 32%, is attributed to cashflow challenges the contractor was facing which led to ,.

- i) Delays in fabrication of Heavy Steel Materials in Dubai for the structural frame of the new Chamber Building.
- ii) Non-Payment of materials, Suppliers and Sub- Contractors hence affecting the supply and delivery of construction materials to the site which adversely affects the physical progress of work on site.
- iii) Delays in payment of wages to both salaried and labour workers which affects the morale of workers

However, over the last three (3) months, it has been noted that the Contractor's cashflow is improving and the above –mentioned challenges are being managed by the contractor with an improvement in the Overall Progress (including procurement) of the works from 55% in September, 2022 to 57% in October 2022 and 59% in November, 2022.

The unspent funds are attributed to restrictions on movements due to Ebola outbreak thus affecting Parliamentary oversight activities

Variances and Challenges

The following were activities delivered during the first half of FY 2022/23, as aligned to the four objectives of the Legislative Oversight and Representation (LO R) programme under the NDPIII. ;

- i) A total of 59 against the annual planned 109 Plenary sittings were held during the first half of the year to handle the legislative and oversight business before Parliament.
 - ii) Nineteen (19) bills were passed against the annual planned 40 Bills for r. The Bills passed include The Public Health (Amendment) Bill, 2021, The Mining and Minerals Bill, 2022, The Kampala Capital City (Amendment) Bill, 2021, The Anti-Terrorism (Amendment) Bill, 2022, The Cooperatives Societies (Amendment) Bill, 2022, The Anti-Money Laundering (Amendment) Bill, 2022, among others.
 - iii) Through the Accountability committees, Parliament debated 15 reports of the Auditor General
 - iv) Held 722 committee meetings which are open to the public against the annual planned 1,600, 31 out of the annual planned 50 Committee reports were debated and adopted by the House and 51 Committee oversight field visits were undertaken against the planned 140 for the year.
 - v) 387 questions were responded to by the Executive out of the planned 500 questions in order to address the concerns of the citizenry.
 - vi) 53 Ministerial and other Statements on various sectoral issues were presented and debated by Parliament against the annual planned 80 and 43 resolutions on various motions were passed by the House against the 80 motions planned for the year.
 - vii) At regional and international levels, Parliament participated in 25 (Twenty Five) international and regional Parliamentary engagements and activities as highlighted below
- Held successful the elections for the Members to the East African Legislative Assembly (EALA), attended the Commonwealth Games in Birmingham-London, the Annual All Nations Global Christian Government. Leaders Summit in Israel, USA for the NCSL Legislative Summit, among others

Performance highlights for the Quarter

- Trained 35(32M-3F) staff in Communications Skills and Performance Management
- Conducted a total of 52 community baraza were within 10 regional offices attracting 6,682 (3,954Male, 2,728 Female) participants and 59 PWDs participated.
- A total of 14 radio talks shows with various human rights thematic areas were aired out through 8 regional offices. The talk shows were aired out in different languages and radio stations. These attracted 109 (69Male, 26 Female) callers from across the country
- A total of 32 civic education road shows and village stop overs were conducted within 8 UHRC regional offices attracting 2,084 (1,304 Male and 780 Female) registered participants.
- Conducted 33 community meetings/barazas attracting 4468 participants (2615male, 1853 female) and reached 29 trading centers through road shows
- Trained 272 Community Development Officers (154 Male, 118 female) on HRBA. Majority of the CDOs (192) belonged to the age group of 31- 59 and only 41 were youth (18-30)
- Built the capacity of 231 (173 males 58 females) frontline JLOS actors on human rights and HRBA to service delivery as a means of enhancing access to justice for refugees and refugee communities.

Received a total of 1,197 (810 male, 387 female) complaints of alleged human rights violations of which 172 (125 male, 47 female) were registered and 1,025 (684 male, 341 female) referred to other institutions best suited to handle them.

- Complaints management monitored in 5 regional offices of Masaka, Kabale, soroti, Hoima and Jinja regional Offices
- Conducted a total of 8 mediations (6 Male, 2 female) were conducted with MoUs signed
- Fully investigated a total of 84 complaints of alleged human rights violations whereas 58 were partially investigated
- One meeting to develop the UHRC Referral pathway chart conducted
- Inspected 45 places of detention for human rights compliance (9 prisons, 25 police stations, 9 police posts and 2 military detentions)

Variances and Challenges

An old fleet of motor vehicles prone to breakdown and require a lot of funds for maintenance affecting efficiency in activity implementation

Old and inadequate office furniture in regional and field offices

A system technicality where the Commission was unable to justify reason for unspent balances for guard and security services and allowances because they did not appear as balances at the point of data entry but appear in the preview of the report.

Daily forecasts disseminated to 3 media houses of UBC TV, Star TV AND Bukedde 1 T.V after the newscasts.

December-February seasonal forecast was issued on for central, eastern, northern and western regions with advisories to particular climatological zones

Conducted radio talk shows in Gulu (1), Kabale (1), Mbarara (1), Kabarole (1), Hoima (1), Gulu (1), Kamwenge (1), Arua(1), Zombo (1), Koboko (1), Adjumani(1), and Television stations of NBS, Family Tv, NTV and UBC TV to disseminate the issued seasonal forecast and generate feedback on utilisation of meteorological forecasts.

Data analysis is ongoing for production of the Annual State of the Climate report for Uganda for 2022.

Utilised the website, email, social media and acquired the USSD code to access climate information for the general public.

Staff at aeronautical stations of Entebbe, Jinja, Soroti, Gulu, Kasese and Arua were trained on how to generate take off information and conduct pilot briefing.

Variances and Challenges

The following are the major reasons for variance in the quarter:

Installed weather stations were procured in the previous financial year hence the cost is only the installation cost.

Buoys were installed with support from the Ministry of Works and Transport.

1. Paid staff salaries and benefits in time
2. Payment of staff medical insurance
3. Paid utility bills which included water and electricity
4. Purchased product standards from UNBS which are used for testing reference products

Research and Development

1. 300 samples were analysed by chemistry, micro-biology and textile laboratories
2. Developed samples of lotions from chicken feathers and are still being analysed in chemistry laboratories
3. Mapped and collected different textile fibres to develop textile products from locally available fibres

Technology Development, Transfer and Diffusion

1. Trained communities in briquette production from agricultural wastes
skilling and production centre operationalized
1. 240 students from higher institutions have been trained in science and engineering

Infrastructure Development and management

1. started Procurement of accessories, tools and consumables

Variances and Challenges

VOTE: 110 Uganda Industrial Research Institute (UIRI)

1. Inadequate funding which has been the bane of UIRI's progress
2. Limited community entrepreneurial skills which hamper development of business incubation program
3. Quarterly budget cuts which affects UIRI's critical activities
4. Lack of funding to acquire modern technologies for trainings and production
5. Limited funding for operationalization of namanve project

VOTE: 111 National Curriculum Development Centre (NCDC)

Performance highlights for the Quarter

- (i) Draft A'level Curriculum Framework developed;
- (ii) 2,546 teachers and Master Trainers from Wakiso and Kampala Districts oriented on the S.4 content and assessment modalities.
- (iii) 590 Center Co-ordinating Tutors (CCTs) in charge of Kiswahili and Deputy Principals oriented on the revised Kiswahili curriculum.
- (iv) the outstanding debt on the printery cleared.

Variances and Challenges

As at end of Q2, the Centre had received UGX 9.664 billion out of the expected UGX. 11.982 billion representing 80.6% of cash flow projections and 43.67% of approved budget. Out of total releases, UGX. 4.277 Bn was wage, UGX. 4.753 billion was non-wage and UGX. 0.633 billion was Capital Development. During the period, the Centre spent UGX. 9.174 billion representing 95% of budget released.

Challenges in budget Implementation were delays in the start of some activities because the Centre receive non-wage funding in Q1.

Performance highlights for the Quarter

- 1) A meeting of the Executive heads of IAF institutions was conducted. The emphasis was to work together and build synergy. A road map to prosecute cases of corruption from the joint Interagency forum (IAF) Inspection in Rwenzori was developed.
- 2) A meeting of the IAF Legal Task Force was held to implement instructions from the Solicitor General to reconcile the proposed Proceeds of Crime Law with other pending Bills that were recently passed by Cabinet. MDAs were assigned to identify the gaps in asset recovery and management in the Laws which they implement, and submit reports to DEI.
- 3) Three meetings of Select Committees of MDAs were conducted to study 10 specific Laws and identify the gaps. Meetings involved MoFPED & FIA, & BOU,ODPP, IG, ACD, MoIA, UWA , URA and NFA.
- 4) Training of Integrity Focal Persons (IFPs) from 48 MDAs was conducted in November 2022 at Hotel Africana. They were trained in Work Ethics. The IFPs also elected their Chairperson and Vice Chairperson, who will chair their Technical Working Group which meets at least quarterly or more often if necessary, to receive reports on any integrity matters handled within the MDAs, exchange knowledge and build capacity. The IFPs will undertake the professional Corruption Risk Assessment Certified Course, which is a flagship project of the United Nations Office on Drugs & Crime (UNODC), and will be conducted, by the Chartered Institute of Public Finance and Accountancy (CIPFA) in April 2023.
- 5) Twelve (12) cases were adjudicated, ten (10) were concluded and two (2) pending decision by the Leadership Code Tribunal.
- 6) Under publicity, the Leadership Code Tribunal (LCT) had five (5) media engagements aimed at creating awareness of LCT Mandate.

Variances and Challenges

Inadequate funding affected DEI's performance during the Quarter.

Variances and Challenges

VOTE: 113 Uganda National Roads Authority (UNRA)

1. Recurrent: Wage.

Only 3% (UGX 1.076Bn) of the released recurrent wage bill (UGX 35.553Bn) was unspent by close of the second quarter (Q2) of FY 2022/23. UNRA did not absorb 100% of the releases because the 5% NSSF for the period of November and December had not yet been processed by end of the quarter.

2. Recurrent: Non-Wage.

25% (UGX 3.715Bn) of the released recurrent non-wage budget (UGX 14.793Bn) was unspent by close of the second quarter (Q2) of FY 2022/23. The failure to absorb the recurrent non-wage is attributed to;

- 2.455Bn unspent funds on feasibility studies and detailed engineering designs. A number of invoices for the different suppliers were still in approval process before the end the quarter.
- 903.55m unspent funds under NSSF. The 10% NSSF employer contribution had not yet been processed for the period of November and December.

3. Arrears- Recurrent non-wage-100% of the funds amounting to UGX 7.94Bn released towards payment of arrears was paid.

4. Development Budget

4.1 Performance of Development - GoU Financed Budget.

4.2% (UGX 21.242Bn) of the released GoU Development budget (507.483Bn) was unspent by the close of the second quarter (Q2) of FY 2022/23. Note that the released budget represents 33.4% of the appropriated Budget released. The failure to absorb 100% of the releases is attributed to;

- 6.127Bn unspent funds for the upgrade of Entebbe Paediatric hospital road. The payment for National Enterprise Corporation (NEC) for the upgrade of the road project was ongoing by end of the quarter. The final process was concluded in January, 2023.
- 5.792Bn unspent funds under rehabilitation of Mityana Mubende. The IPC6 for the Energo was still in approval process by end of the quarter.

4.2 Performance of Development Externally Financed Budget.

4.6% (UGX 23.047Bn) of the released Development External budget (500.355Bn) was unspent by the close of the second quarter (Q2) of FY 2022/23.

Performance highlights for the Quarter

Construction of the regional oncology center in Northern Uganda was completed by the contractor. Certificate of Handing Over of Construction Works "COHO Construction" was signed on 13.09.2022 and thus the hospital building was handed over to UCI. All medical equipment items according to contract was delivered to Site. All medical equipment has been installed step by step by the local partners of the manufacturers

Variances and Challenges

Construction of phase II of the auxiliary building was behind schedule. This was attributed no release of funds in the first quarter of the financial year. Construction of the multipurpose building stagnated substantially owing to the pending resolution of Contract formalization. The weighted Construction works progress was at 69%. In September 2022, the Bank guided that a direct procurement of SMS Construction Ltd be effected, urgently, to finalize the construction works. The process is in advanced stages and will be concluded at the earliest by UCI

Performance highlights for the Quarter

Over performance of the cardiac interventions is due to the increasing demand for the service. However, due to budget constraints, some of the services provided at UHI are affected.

Variances and Challenges

The Institute's non-wage budget was affected by the budget cut of UGX 5 billion. Hence, some of the services were constrained by the limited funds such as maintenance of the UHI Catheterization Laboratory, operationalization of Ward 1C, among others.

Performance highlights for the Quarter

NMS received Shs. 255.5 bn and spent Shs 251.8 billion by the end of Quarter 2 of the FY 2022/23 representing 98.5 percent overall performance.

The release and expenditure was in accordance to levels of care i.e. Health centre II 7.22 bn, Health centre III 16.6 bn, Health centre IV 11.95 bn, General hospitals 11.7 bn, Regional Referrals 8.2 bn, National Referral hospitals 9 bn, Anti TB drugs 6.51 bn, Specialized units 19.2 bn, Emergency and donated items 2.58 bn, Laboratory items 34.49 bn, 8.7 bn and 26.8 bn for Administrative support and Corporate services respectively.

The expenditure on Essential Medicines and Health Supplies was 99.8 percent of the released funds, 95.9 percent for other corporate support services and 8.3 percent on development.

Shs 10.5 bn was spent on reproductive health items, family planning and safe delivery kits MAMA KITS, to all women during child birth spread across the entire Country including the hard to reach and hard to stay in places like Kaabong, Abim, Ntoroko, Zombo and the Islands of Kalangala, Buvuma and Namayingo.

Shs. 69.5 bn was spent on ARVs that were equitably distributed to all government treatment centres spread across the entire Country ranging from Health Centre IIs, IIIIs, and IVs up to the National Referral hospitals. These were accessible to all categories of the population including women, men, girls, boys, persons with disabilities, the poor, orphans, prisoners and ethnic minorities like the Batwa and Bamba in Bwindi and Ntoroko.

Shs. 1.9 bn worth of anti-malarial medicines and supplies were equitably delivered to all public health facilities spread across the entire Country including the hard to reach, hard to stay in places and the rural residents.

Shs 6.78 bn was spent on vaccines and Immunization supplies meant for children below 5 years against the published list of killer diseases, girls above 10 years for prevention of cervical cancer, women of child bearing ages for prevention against transmission.

Variances and Challenges

VOTE: 116 Uganda National Medical Stores

There has been no substantial and proportionate increase in the past for funding for Medicines and Health Supplies despite increase in population for Regional Referral Hospital.

The increase in the number and cases of Non communicable Diseases infections especially among the elderly has not been matched with an increase in funding.

The Appropriations Act restricts expenditure of a vote to funds appropriated for the year. Whereas NMS is mandated to procure, store and distribute Essential Medicines and Health Supplies EMHSs on behalf of Government, funds for procurement of EMHSs are sometimes appropriated to the other votes posing challenges of implementation and accountability.

Limited storage space for Essential Medicines and Health Supplies EMHSs which affects the volume of stock that can be received and stored at the warehouse at any one time.

Access challenges to some of the Islands like Kalangala, Buvuma and Namayingo and other hard to reach areas like Kisoro and Buvuma islands especially during the rainy seasons which causes delays in delivery of the essential medicines and health supplies.

The outbreak of the Ebola crisis with no additional funding to the Corporation for the increased work load that resulted from clearing, warehousing and distribution of supplies with separate distribution lead times, following instructions from the Ministry of Health.

The increase in operational costs due to the increase in prices of fuel. The increase in prices for fuel due to the volatility of the foreign currencies against the Uganda shilling has caused an increase in the costs and constrains the approved budget which may be depleted before the end of the Financial Year.

Performance highlights for the Quarter

- i. "Explore Uganda" destination promotional video won 3 film awards from prestigious world film festivals i.e. International Committee of Tourism Film Festivals (CIFFT) 2022 in Valencia Spain, Zagreb Tourfilm Festival in Serbia and Cannes Media Film Festival in France
- ii. "Explore Uganda" brand gained international visibility on CNN where Uganda was recognised as one of the top 23 destinations to visit in 2023
- Sensitisation media campaign on enforcement of tourism hospitality standards was produced and aired on broadcast channels (radio, TV, print) in various local languages
- iii. "Explore Uganda" brand was rolled out in 3 markets at 6 expos (Magical Kenya, United States Tour Operators Association (USTOA) Annual Conference and Marketplace, Kenya-Uganda Tourism Business Summit in Mombasa, IBTM Barcelona, World Travel Market London, Africa Hotel Investment Forum (AHIF) held in Morocco
- iv. Registered 77 new tour and travel operators, inspected 128 and licensed 74
- v. Registered 10 tourist guides, assessed 112 tourist guides in preparation for licensing and licensed 65
- vi. Registered 12 accommodation facilities, inspected 35 and licensed 13 from Eastern and Western Uganda
- vii. Positive travel content and media advisories produced during the Ebola outbreak in partnership with Ministry of Health to maintain Uganda's image as a medically sound and safe destinations

Variances and Challenges

- i. The 2022 Ebola outbreak and its global media coverage led to tourist booking cancellations hence loss of revenue and forex earnings for the economy.
- ii. Inadequate budget to facilitate global destination brand rollout, maintain Market Destination Representation in key source markets and replace old fleet used to undertake domestic campaigns and conduct inspection of tourism facilities

Performance highlights for the Quarter

In Q2 the Fund received 27.74% of the annual budget amounting to UGX133.574bn out of which DUCAR (District, Urban and Community Access Roads) maintenance was allocated UGX 33.51bn (19% of DUCAR annual budget) and UNRA (Uganda National Roads Authority) UGX 100bn representing 32.55% of its annual budget. Cumulatively the fund has received and allocated UGX197.559bn towards roads maintenance apportioned between UNRA, UGX124.105bn (40.37% of IPF) and DUCAR, UGX73.454bn representing 42.2% of its IPF.

All these funds were disbursed to the designated agencies within one week of release.

Cumulatively these translated into the following physical performance under various road maintenance interventions by end of quarter:

National Roads:

Routine Manual Maintenance of 4,868km of paved roads and 14,557km unpaved national roads; Routine Mechanized Maintenance of 355.9km of paved roads and 2,717km of unpaved roads; Routine Maintenance (Framework) of 99km paved and 186km unpaved; periodic maintenance of 3km of paved roads; maintenance and operation of 10No. ferries, and enforcement of axle load control on 11no. fixed and 6no. mobile weigh bridges.

District, Urban and Community Access Roads:

Financed Routine Manual Maintenance of 27,278km, Routine Mechanized Maintenance of 6,216km; and Periodic Maintenance of 1,044km of district roads;

KCCA:

Financed Routine Mechanized Maintenance of 97km paved and 421km unpaved roads;

Municipal Council:

Financed Routine Manual Maintenance of 1,527km; Routine Mechanized Maintenance of 500.6km, Periodic Maintenance of 88.57km; and installation of 312no. culverts on Municipal council Roads.

New Cities:

Financed Routine Manual Maintenance of 525km, Routine Mechanized Maintenance of 225.7km, Periodic Maintenance of 19.86km, installation of 86no. culverts and repair of 2no. bridges.

Since Q1 release was made late, most output that were planned in Q1 were delivered in Q2.

Variances and Challenges

Whereas funds were disbursed early, most Districts and Municipalities still have challenge in implementation due to lack of adequate equipment and high maintenance cost. this has resulted in road maintenance always lagging behind schedule

Variances and Challenges

VOTE: 119 Uganda Registration Services Bureau (URSB)

URSB was appropriated a total budget of UGX 34.217Bn for the FY2022/23 Out of the approved wage budget of UGX 13.393bn, UGX 6.696 bn was released and UGX 6.369 bn spent. Out of total Non-wage budget of UGX19.854bn, UGX 9.912 bn was released and UGX 6.621 bn was spent. Out of UGX 0.970bn development budget, UGX 0.323 bn was released and UGX0.001 bn was spent. The overall total of UGX16.931bn was released constituting 49.5% of the budget approved and 12.991 bn was spent constituting 77.2% of the released funds

Private Sector Development, a total of 6.673bn was appropriated 3.418 bn was released representing 51.2% of the budget approved. 77.2% of the released budget for Private sector development was spent

Innovation, Technology Development and Transfer, a total of 1.112bn was appropriated for FY2022/23. 0.559 bn was released representing 50.3% of the budget approved. 92.8% of the released budget was spent

Community mobilization and Mindset Change, a total of 0.685 bn was appropriated. 0.397 bn was released representing 58% of the budget approved. 64% of the released budget was spent

Governance and Security, a total of 25.747bn was appropriated. 12.556 bn was released representing 48.8% of the budget approved. 76.3% of the released budget was spent

The variation was mainly due to procurements that are ongoing

The challenges faced includes;

1. Low budget MTEF budget allocation worsened by majorly funding gaps;
 - To implement the mass business registration 4year strategy worth UGX 6.430 Bn aimed at increasing the formalization
 - Of UGX 6.3 Bn for the implementation of the human resource structure which was revised by the Ministry of Public Service.
2. Rent arrears of UGX 5.04 Bn caused by the delay to relocate to the Uganda Business Facilitation Centre owing to COVID -19 disruptions
3. Limited decentralization of URSB services in all districts and regions in a bid to bring registration services closer to all citizens.

Performance highlights for the Quarter

Budget Performance:

- a) Wage Expenditure: UGX 0.684bn in wages remained unspent at end of the quarter. Not all the 80 promoted immigration officers have fully accessed their new salaries. However, there also exists vacant positions in the Directorate that are yet to be filled.
 - b) Non-Wage Recurrent expenditure: UGX 6.477bn remained unspent under this category as a result of delays in the procurement process for I.T Systems consumables of UGX 3bn; some planned activities are also still under implementation.
 - c) Development: UGX 1.527bn in capital development budget remained unspent due to the delayed procurement of cars
 - d) Non Tax Revenue (NTR): The NTR projection for the FY 2022/23 is UGX 360.2bn, and cumulatively at the end of Q2, NTR generated was UGX 178.526bn was collected, a 49.5% of the annual projection.
- d) Other Physical Performance:
- i) 3,407 Immigrants were investigated, 124 regularized their stay, and 269 were removed
 - ii) 106 suspects arraigned in court and 92 were convicted and fined, 14 cases are still in court
 - iii) 105 appeal cases verified/investigated and processed for the Hon. Ministers action.
 - iv) 100% clearance of all travelers at all gazette border entry/exit points (a total of 2,101,650 travelers comprised of 966,014 arrivals and 1,135,636 departures
 - v) 404 snap checks carried out in which 1,246 irregular immigrants were intercepted, some forwarded to courts for prosecution and others returned to their countries
 - vi) 42 border surveillance operations conducted; intelligence gathered informed patrols/snapcheck
 - vii) 100% of applicants for immigration facilities processed. (Work permits-11,670 Dependent pass-3752, Student passes-6,295, Certificate of residence-691).
 - viii) 98.6% of applications for dual citizenship processed -941 granted
 - ix) 238,660 passport applications received, 228,867 citizens issued passports
 - xi) 240,000 e-passports were procured and delivered.
 - xii) 983 eligible refugees issued Conventional Travel Documents

Variances and Challenges

VOTE: 120 National Citizenship and Immigration Control (NCIC)

1. The Directorate of Citizenship and Immigration Control received the second quarter expenditure limit to carry out its planned activities. However, as noted, the cash limits were insufficient and the most affected expenditure line was the payment for passport booklets already supplied. An earlier formal request to the Ministry of Finance to frontload all the balances of the budget for procurement of passports worth UGX 25.8bn for Q2 was not honored.
2. However, demands for travel documents such as passports, certificate of identity and temporary movement permits continue to rise amidst supply constraints. Given the trend, the Directorate again requested for a supplementary budget of UGX 46.78bn to procure additional 260,000 passports, given that the 240,000 passports procured would run out by end of Q2. So far, 238,660 passport applications were received by end of Q2 and a total 228,867 citizens were served passports.
3. During the quarter, an additional 80 immigration officers were appointed and deployed to boost service delivery. This is a drop in the ocean, given the huge mandate of border control and surveillance and countrywide inspections to curtail illegal immigration.
4. The Directorate has delayed operationalization of the regional e-passport enrollment centers of Arua and Jinja occasioned by the delayed delivery of systems and equipment by the service provider.
5. The insecurity in the Democratic Republic of the Congo/Uganda borderline and parts of Karamoja continued to negatively affect immigration surveillance and patrols.

Registered an increase in dairy exports from UGX. 45.3Billion in the previous quarter to UGX.120.9

CORPORATE SERVICES

Paid salaries, gratuity and NSSF for 92 staff and retainer fees for board members

Conducted one(1) Board meeting

Prepared and submitted quarter one performance report to MoFPED

Conducted budget conference for FY 2023/24 and prepared a Budget Framework Paper for the same

Conducted media engagements on dairy on TV and print media

Variances and Challenges

The biggest challenge in budget execution in the half-year is the dismal budget releases to the Vote. Cumulatively over the budget execution period, the vote received a sum of UGX.4.875 Billion at the end of the quarter representing 28.3 per cent annual budget revenue performance. The cumulative budget expenditure performance was 16.1 per cent while the release expenditure performance stood at 92.0 per cent only.

The quarterly revenue releases continue to perform poorly against the budget. During the quarter, only UGX.2.647 Billion was released against the quarterly budget of UGX.4.267 Billion representing 62 percent. This dismal performance is attributed to the release of only 11.3 percent of the development budget for the quarter against 100 percent and less than 3 percent of the annual development budget.

The poor revenue performance has delayed the implementation of critical planned economic investments in the dairy industry, especially the rehabilitation and equipping of the Mbale Milk processing factory and other Milk Collection Centers. The poor releases have created huge variances in the attainment of planned outputs and related targets.

Performance highlights for the Quarter

1. Annual assessment on National Budget and Budget Framework Paper (BFP) on gender and equity planning & budgeting was carried out and the national average score fell drastically from 67.6% in FY2022/23 to 54.35% FY2023/24 due to post COVID-19 effects and International global recess
2. The Gender and Equity Management Information System(GEMIS) updated and maintained
3. Technical backstopping in MDA & LGs on Gender and Equity mainstreaming conducted
4. EOC Pre-Tribunal sessions conducted
5. Tribunal Hearings conducted
6. Undertaken complaints investigation
7. Mobile Legal Aid Clinics in the four regions of the country conducted
8. Periodic tracking of G&E practices, programmes and projects in selected public and private enterprises conducted
9. Bills, laws and policies for compliance with Equal Opportunities assessed and reviewed
10. Research in thematic areas on the State of Equal Opportunities in Uganda conducted
11. Administration support services provided and Institutional capacity building undertaken
12. Developed conducted and managed educational programmes to facilitate and promote public awareness, understanding and acceptance of equal opportunities and treatment in employment, occupation, education and all social services

Variances and Challenges

1. Limited furniture and computers for staff
2. Low staffing - limited coverage in scope our interventions , partnership , follow up
3. There are usually high expectations from some sister Government agencies and other stakeholders for EOC to make financial contributions towards the organization and celebration of national/international days.
4. There is increasing demand from the MDAs and Local government to conduct training in gender and equity and also from the private's sector and faith based /cultural institutions.

Performance highlights for the Quarter

1. The entity registered some progress in the area of animal feed production. Focusing on the Presidential directive to ensure food and animal feed security, the entity bush cleared 19 square miles and planted 13 squares of soya, maize and napier in Aswa, Maruzi, Nshaara, Rubona, Got Apwoyo, Ruhengere, Kasolwe and Lusenke Government animal breeding and production ranches/farms. This constituted season one of the food and animal feed security programme being implemented by NAGRC&DB and other selected Government agencies.
2. Kasolwe feed mill at Kasolwe Government animal breeding and production ranch in Kamuli District is also currently processing animal feeds though on small scale given the fact that it's not yet into full scale processing due to limited resources. A total of 265 tons of livestock feeds (poultry layer mash, chick and duck mash, pig feeds, bull breeding mash) were processed and distributed across government farms and ranches. Plan is to increase processing capacity to meet both internal and external demand for livestock and poultry feeds.

Variances and Challenges

The entity continued to experience severe shortage of funds. This has made it very difficult to implement critical planned activities that are deemed to be instrumental in spearheading the Parish Development Model commitments. For instance, NAGRC&DB had planned to do mass restocking of superior breeding stock on Government farms and ranches for breeding, multiplication and availing to farmers countrywide, comprehensive community breeding, establishment of the National Pig Breeding Centre among others but funds available were not enabling.

By half year, the entity had only received UGX 6.49 bn out of the expected UGX49.03 bn. This excluded the UGX46.55bn that was released separately to specifically address the Presidential directive on food and animal feed security.

VOTE: 126 National Information Technologies Authority

Performance highlights for the Quarter

ICT INFRASTRUCTURE

1. additional three (3) MDAs and target user sites had been connected to the NBI bringing the total number of sites connected to twelve (12) MDA/LG sites.
2. Additional twenty-eight (28) applications had been hosted at the National Data Centre (NDC) bringing the total number of applications hosted within the half-year period to forty-four (44) applications.
3. Service uptime on the NBI was recorded at 99.8%, this was due to the maintenance and relocation works carried out in six (6) sections of the infrastructure.

E-SERVICES

1. By the end of Q2, thirty-one (31) entities had been onboarded onto the platform bringing the cumulative number of entities integrated and using services on the platform to one hundred two (102).
2. UMCS had been further rolled out to ten additional Government entities bringing the total number to one hundred thirty-eight (138) MDAs/LGs with a cumulative total of twenty-five thousand six hundred thirteen (25,613) users onboarded onto the platform.
3. Four (4) additional entities were recorded utilizing the SMS gateway services from the total of thirty-three (33) entities on-boarded.

CYBER SECURITY

1. By the end of the first half of the financial year, seven (7) MDAs had been assessed against the implementation of the NISF.
2. Fourteen (14) Information Security Awareness sessions were conducted to improve the public's information security hygiene.
3. Technical support was provided to a total of eight (8) MDAs in a range of areas including malware prevention, network vulnerability management as well as spam handling.

ENABLING ENVIRONMENT

1. During this reporting period, the budget framework paper for FY 2023/24 was prepared and submitted to MoFPED.
2. Four (4) standards were developed, reviewed, and submitted to the National Technical Standards Committee under the National Bureau of Standards.
3. Seventy-one (71) IT Service providers were certified.

Variances and Challenges

1. Inadequate budget to fully operationalize the Personal Data Protection Office.
2. For some of the MDA systems to be integrated into the Integration and Data sharing Platform do not have Applications Programming Interfaces developed.
3. Delayed approval of UDAP which greatly hindered the early commencement of the planned activity.

Performance highlights for the Quarter

*The vote paid salaries, pensions, gratuity, utility bills and funds for continued surveillance of Covid, measles and other viral diseases.

*Conducted a budget retreat, compiled and consolidated the BFP for next FY 2023/24.

*Paid long outstanding payables.

*Emergency response to the Ebola outbreak in the country.

*Laboratory and Field Evaluation of the National HIV Rapid Testing Algorithm carried out and a Revised Algorithm is in placeTesting SARS-COV-2 diagnostics.

*Prepared SARS-CoV-2 Pseudo viruses and Bulking up of pseudo viruses continued depending on the need.

*Received shipment of viruses from Nexcelis. All follow-ups have been completed and samples for end point assays (binding antibody ELISA, ELISPOT, Neutralisation and B-cell ELISPOT) transferred to Entebbe.

*Preparation of SARS-CoV-2 Pseudo viruses continued with production of SARS-CoV2 pseudoviruses for assays as needed.

Continued studies of COVID-19 vaccine development and therapeutics.

Variances and Challenges

The vote received 4.376 billion by the end of quarter two, which was only 43.2% of the institute's annual budget against an anticipated 5.066 billion, and spent only 2.691 billion (26.6%) of the received funds. The variances in expenditure are attributed to several hick-ups; One of them being lack of verified and approved gratuity files to warrant payment. The biggest variance is attributed to the long and tedious procurement process for both reagents under non-wage and infrastructure development under development. As a result, some of these activities can not be implemented.

Performance highlights for the Quarter

- 1) FIA Completed a Typology study on Internal Fraud in the Financial Sector.
- 2) FIA completed the Tax crimes vulnerability assessment as part of the tax crimes assessment.
- 3) FIA participated in the Centenary Bank AML/CFT Joint Inspection with the team from Bank of Uganda AML/CFT Unit. Additionally, FIA commenced the inspection of Airtel Mobile Commerce Uganda Limited and World Vision Uganda Limited.
- 4) 165 Accountable Persons were registered, 179 certificates of registration were issued and 116 Accountable Persons requested for their certificates to be certified.
- 5) Receipt of information. 580 suspicious transaction, 104 suspicious activity reports and 1,337 large cash transaction reports were received.
- 6) 17 intelligence reports were disseminated to law enforcement agencies and competent authorities for further management.
- 7) FIA received 29 requests for information from different LEAs and competent authorities, and responded to 27.
- 8) FIA received a total of 7 requests for conducting financial due diligence (background and credibility checks) from the MoFPED and UIA on companies that wished to partner with the GOU on certain projects. Of the 7 requests received, 4 were conducted and the respective reports were sent to responsible agencies
- 9) Uganda's ICRG progress report was prepared in preparation for the Face-to-Face meetings to be held in January 2023 in Rabat, Morocco.
- 10) The goAML electronic platform continued to be enhanced and as a result, 3,142 reports were received via the goAML platform from various accountable persons relating to different transaction reports.
- 11) FIA digitized the process of issuance of certificates of registration to enhance efficiency and effectiveness. Application and issuance of registration certificates are now conducted via the FIA website portal.
- 12) FIA participated in the National Anti-Corruption week activities, the Annual Bankers Sports Gala, and the 2022 CEO Forum. It also published articles in various publications.

Variances and Challenges

1. The main challenge faced by FIA was a release shortfall during Q2. This affected implementation of many preplanned activities.
2. Insufficient budgetary allocations. The budget for FIA for the FY 2022/23 is Ugx 26.651 Billion. However, this is not sufficient to implement the FIA mandate.
3. Lack of budget allocation to travel abroad. This was as a results of votes not being allowed to allocate funds on travel abroad in the FY 2022/23. However, there are critical commitments FIA undertakes that require travel abroad that include attending ESAAMLG meetings to justify and elaborate on progress reports Uganda submits on addressing the deficiencies relating to 9 recommendations where Uganda is rated Partially compliant and 7 recommendations where Uganda is rated Non-Compliant.

Performance highlights for the Quarter

Updated the DMFAS with loans and grants disbursements for the period amounting to UGX 474.087bn and UGX 596.511bn respectively. 66% of the loan disbursements were from multilateral creditors while 34% was from bilateral creditors.

Provided support to the Statutory Audits for Treasury Operations Vote 130 and the Contingencies Fund. Both Audits were concluded with unqualified opinions.

Prepared and presented the Budget Framework Paper for Vote 130 for FY 2023/24.

Processed payment of external debt principal obligations due amounting to UGX 429.950bn out of which 170.582bn (39.7%) was due to Multilateral creditors, 166.851bn (38.9%) to Commercial Banks and 91.837bn (21.4%) to Bilateral creditors.

Processed domestic debt re-imbursements to Bank of Uganda (BoU) amounting to UGX 3.612tn. Included in this figure is UGX 3.088tn that remained outstanding from the previous FY 2021/2022.

Updated DMFAS with new issuances for domestic debt amounting to UGX 5.479tn at cost (58.43% relates to T-Bills and 41.57% to T-Bills). Contrary to the practice, this strategy has temporarily been adopted to prevent locking in high interest rates for longer periods.

Updated DMFAS with redemptions for the year amounting to UGX 2.498tn and coupon and discount payments of UGX 1.115tn.

Variances and Challenges

Some creditors take long to confirm disbursements (Saudi Fund, BADEA and IDB). This affects timely update of the loan ledgers

A number of applications worth USD 64.57m (Approximately UGX 242.013bn) are still pending clearance by China Exim Bank

Budget cuts on key items during appropriation for Domestic Interest and Bank Charges

Ever Increasing cost of borrowing arising from a shift from concessional borrowing to market based loans which are costly in terms of interest and arrangement fees

--------------	--------	---

Reason: The variation in expenditure is attributed to delayed restoration of Quarter Two release shortfalls which was done by issuance of additional cash limits. Owing to the timing of this which happened towards the end of the quarter, payments remained pending and some activities remained in progress at the time of reporting. These balances are a reflection of that and shall be spent in subsequent quarters.

Performance highlights for the Quarter

The Annual Report of the Auditor General for the Financial Year ended 30th June, 2022 was produced and submitted to Parliament by 31st December 2022 in compliance with the Public Financial Management Act, 2015 and the National Audit Act, 2008.

During the period, audit reports were produced for: 186 MDAs, 83 Statutory Bodies, 153 Projects, 6 funds, 699 Higher and Lower local governments, 15 Value For Money audits, 23 Special Audits/Forensic investigations, 3 IT Audits, 10 audits of classified expenditure, Engineering audits on 102 infrastructure projects, 10 PSA Audits, 14 Treasury Memoranda audits and 633 schools/tertiary institutions.

In addition 4 compliance audit thematic area reports were produced and the Office participated in 3 regional international audits.

Variances and Challenges

Overall variance in budget execution is attributed to under releases in the second quarter and delayed restoration of these shortfalls. This implied that commencement of planned activities was delayed, leading to several activities remaining in progress at the time of reporting.

Variances and Challenges

VOTE: 133 Directorate of Public Prosecution (DPP)

By end of Quarter two, the office of Director of Public Prosecutions had received Ugx. 36.392 billion which represents 38.3%. Out of the received funds, Ugx.26.740 billion was spent representing a budget absorption rate of 73.5%.

The Wage performance of release against expenditure in quarter one FY 2022/23 was 99.7% while the non-Wage performance of release against expenditure in FY 2022/23 was 82.7%. The vote received Ugx. 6.645 billion under capital development but was not spent since procurement process for acquisition of capital items was on-going.

During the quarter, the vote had a virement of Shs 2,090,944,807 (shillings two billion, ninety million, nine hundred forty-four thousand eight hundred seven only) from different budget items to the budget of general staff salaries under field operations department to cater for the wage shortfall arising from the revision of salaries for the legal staff.

Due to the fact that procurement process for the acquisition of capital items was still on-going, the budget work plan for the Development category was not implemented and this affected a number of outputs some of which are; Stations connected to information and communication services, facilitation, renovation and construction of Regional Offices, supply of furniture to ODPP offices, procurement of Transport and ICT equipment. These outputs were thus reported as zero performance.

The vote faces a challenge of staffing gap with no presence in 45 districts and not in more than 101 courts and thus there is a critical need for recruitment of prosecutors to enable adequate deployment in the districts to extend criminal prosecution services nearer to the people.

Performance highlights for the Quarter

1. One hundred and four (104) health workers recruited.
2. One hundred and fifteen (115) Human Resource for Health decisions made.
3. Ran the Advert on the e-Recruitment system.
4. e-Recruitment system users trained.
5. Support supervision carried out in 3 Cities and 32 DLGs.
6. Technical support was provided to two (2) DLGs. .
7. A Quarterly performance report produced and submitted to MoFPED.
8. Administrative support Services (Salaries, Rent, Pension, utilities & others) paid.

Variances and Challenges

1. Delay to release the development budget to the Commission meant for purchase of vehicles for members of the Commission to facilitate support supervision activities.
2. Inadequate budget release of only 35% of the expected release for the quarter which affected the implementation of the planned activities.
3. Inadequate office space for the Members and staff of the Commission..
4. Delayed submissions from the Institutions to fill vacant positions. This has resulted from inadequate wage caused by salary enhancement.
5. Inadequate Office space especially due to the need for the Commission to develop infrastructure for aptitude tests and social distancing while conducting oral interviews.
6. Poor running state of vehicles for the Members of the Commission makes it difficult to facilitate the Members.

Performance highlights for the Quarter

- 359 backlog cases forensic cases analysed and reported of the 300 cases target. 119.6% of the target achieved.
- 545 new forensic cases of the 640 received analysed and reported. 85.1% of the target achieved.
- 32 cases analysed and reported of the 24 backlog cases received of forensic monitoring to support safe guards for public health, food and environmental safety.
- 218 cases analysed of the 220 new cases received of forensic monitoring to support safeguards for public health, food and environmental safety analysed.
- 259 new cases of commercial, consumer and illicit products analysed and verified of the 228 cases target for the quarter.
- 23 court summons of the 28 court summons received were attended. 82.1% of the target achieved.
- UGX 192,000,000 was collected as Non-Tax Revenue in the quarter.

Variances and Challenges

1. Construction of the National DNA Databank Infrastructure Building. A separate Land Title for DGAL was processed by the Uganda Land Commission and the architectural designs of the building were approved by KCCA and the procurement process was undertaken and the site was handed over to the developer for construction. However, there are no funds that have been released to DGAL this FY regarding the construction. PACODIA recommended that DGAL is allocated funds in the FY 2022/2023 for the Construction of the National DNA Databank and the equipping of the Regional Laboratories. UGX 16Bn was allocated to DGAL by the Parliamentary Committee on the Budget for the two activities for FY 2022/2023 and these funds were misallocated to the Non-wage Recurrent Budget rather than the Development Budget. DGAL has communicated to the Clerk of Parliament and the Ministry of Finance but there has been no redress for this issue.

2. Inadequate number of staff to deploy in Regional Laboratories. The regional laboratories are grossly understaffed and this affects the laboratory analysis and exhibit collection at the regional laboratories. Out of the approved structure of 124 positions, only 68 are filled and there are 56 vacant positions. The Wage budget for DGAL was further increased from UGX 2.66 Bn in FY 2021/2022 to UGX 3.318 Bn in FY 2022/2023 to recruit and fully fill the approved DGAL structure. DGAL has requested for clearance to recruit in FY 2021/2022 to fill the Approved structure through the Ministry of Internal Affairs. However with the salary increment of scientists across board in Government, the adequate wage budget is now UGX 4.92Bn leaving a shortfall of UGX 1.602Bn to fully fill the approved DGAL structure.

3. The laboratories at DGAL headquarters lack adequate office space since the laboratory space is used for both laboratory analysis and as office space. This creates an un conducive work environment whereby the staff inhale the chemicals and fumes in the laborato
